WORK OF THE SLEET. fected-McKenzie Ferry

Stopped. Daily Guard January 15. Reports of the sleet and storm of the past 36 hours coming from different sources bear news of more or less damage and blockades.

A cold rain and sleet during the fore part of night and froze to the already of last comulated lee on trees, buildings and

Local telegraph and state lines have seen affected, but so far trains have been running on regular schedule The Fostal telegraph line was down

placed in working order again early and this morning between this city and Junction. The lines through to San Francisco were unaffected and

had via San Francisco and the Eastern and Northern lines. affected by the storm. The Siuslaw 50c and \$1. stage, due her last evening, failed to arrive and had not been heard from yet this morning. Another stage was started out from Bangs' stables this

morning to meet the delayed stage.

The McKenzie stage, also due here last evening, got only as far as the McKenzie free ferry, twelve miles east of here where it was compelled to stop owing to the ferry not being run now- The river is quite high and is very rapid at that point and the boat was not considered safe until some repairs were made on it. It will require perhaps a week's time to make these repairs. Another stage was started out from this city this morning and will meet the McKenzie stage at the ferry, where they will transfer passen-gers and the US mail, small boats being used to transport them across the

This is the worst kind of weather fire in the parlor stove. There was a for stock, but as yet no bad reports have come from that source. Farmers throughout the valley are well supplied with feed and will be able to winter their stock through even if the storm should continue several weeks. The worst feature is the lack of shelter on the part of a great many

farmers. As yet there has been no delay in trains, but the north bound train tolight will probably be several hours late, caused by a big landslide 110 feet feet long and 50 feet wide at Tunnel No 2 in Cow Creek canyon. It will take from 40 to 50 hours to clear this slide away from the track and until this is done a transfer will be made at that point.

Up to the time of going to press all of the Western Union and Southern Pacific telegraph lines north of this city are still broken.

the city and Junction since last night. The city electric light company has experienced considerable trouble with vy lines, and at 5 o'clock this mornng the incandescent lights went out. caused by a broken wire at the resithree promissory notes issued October dence of G. R. Chrisman. The river 31, 1892, by Henry E Carey, aggregatis raising and now registers about 12 PROBATE.—In the probate court in cannot be used, and the light company will use their engines tonight

The stage which left here this morn-

ing met the belated Sittslaw, stage 10 miles west of the city, where passengers and mail were transferred and the regular stage returned to Siuslaw, while the other came back to this city.

with many trees acress it. The stage which went out this morning to meet the McKenzie ttage returned here at 2:30 o'clock this afternoon, reporting the river to be rising rapidly and heavy rain and snow on the McKenzie.
