March 23, 1896:
S. B. MED. MFG. CO.,
Dufur, Oregon.
GENTLEMEN: On arriving home last
week, I found all well and anxiously
waiting. Our little girl, eight and one-
half years old, who had wasted away
to 38 pounds, is now well, strong and
vigorous, and well fleshed up. S. B.
Cough Cure has done its work well.
Both of the children like it. Your S. B.
Cough Cure has cured and kept
my all heartiness from me. So give
it to every one, with greetings for all.
Wishing you prosperity, we are,
Yours, MR. AND MRS. J. F. FORD.
If you wish to feel fresh and cheerful, and
ready for the spring work, cleanse the system
with the Henshake and Liver Cure, by taking
two or three doses a week.

Portland Telegram: "Louis Tannhauser, a hattermaker of North Front Street, has been made defendant in a \$50,000 damage suit for breach of promise. The plaintiff is Mary Waters, whose valuable affections have in some manner been trifled with by the defendant. The complaint in the case was filed and immediately withdrawn by the counsel, for the purpose of preventing it being made public." Mr. Tannhauser was at one time a resident of this city.

Daily Guard March 23.
HORSE IDENTIFIED.—It now turns out that the stray horse which was taken up by I. L. Flint, and advertised in yesterday's GUARD, is the property of John G. Pugh, county commissioner from Shedd and the residence here. The horse, saddle and bridle was taken from Mr. Pugh's farm last Friday night and on Saturday it was found with the saddle and bridle still on by Mr. Flint, who resides a short distance south of this city. The animal had evidently been ridden here from Shedd and then turned loose. A complete, is suspected of having ridden the horse here. He was not stoned about town Saturday, but has not been seen since then. When Mr. Pugh missed his horse he mistrusted that it had come this way and telegraphed Sheriff Johnson to keep a lookout for it. One of Mr. Pugh's sons arrived here to try in search of the horse and as soon as he saw the animal taken up by Mr. Flint identified it as the one he was hunting for.

Daily Guard, March 23.
A NEW CHURCH.—Rev. J. E. Snyder and Mr. H. Archibald, of Brownsville, have been in Eugene since yesterday. The congregation of the First Presbyterian church of Brownsville, of which Rev. Snyder is pastor, has decided to erect a new and handsome church building. Mr. Archibald has been employed to draw up the plans for the building and, accompanied by Rev. Snyder, came to Eugene to examine the U. B. church, as it is desired in some respects to copy after it.

Daily Guard, March 23.
FEMALE PUGILISTS.—A pair of young women fought it out in regular pugilistic style near Long Creek last Saturday night. They both were in love with a farm hand, and went to see who should have the right to possess him. They scratched and tore each other's faces and hair and dashed with mud, until they were a sight to behold. The farm laborer, who has some sense, now refuses to have anything to do with either of the women.

Daily Guard, March 23.

Resolutions on Yaquina Bay.
The Eugene Board of Trade memorializes congress in the following words:
To Oregon's Honorable Senators and Representatives in Congress:—
WHEREAS: Representative Hermann has introduced a bill in Congress for the purpose of securing aid to complete the work now in progress at Yaquina Bay, on the plan of continuous contract and,
WHEREAS: It is of the utmost importance to the people of Eugene and Lane county, and the Willamette valley in general, that such work should be completed for the purpose of enabling our merchants and producers to have a short and cheap route for transportation to and from this section, it is,
RESOLVED, By the Board of Trade of Eugene, Oregon, and in view of the fact that it is the duty of Congress to immediately pass and bill and thus afford the relief the people of this part of the state have been originally working for ever since the government commenced said work.
Adopted March 21, 1896.
Attest: F. M. WILKINS, President.
E. J. FRASER, Secretary.

A STATEMENT.
EDITOR GUARD: In justice to myself I desire to state through the columns of your valuable paper, that never was a partnership with the firm of Chase & Co. The firm of Chase & Co. consisted of J. L. Chase and J. E. Maczins. Dana's Commission Agency will substitute my statement. I was employed by Chase & Co. in securing business and to receive a certain share of the profits and have been unable to secure a settlement with them. I am at present, and have been for some time past, employed by Charles Jacobson & Co., of San Francisco, as their solicitor and representative, and am prepared to purchase and advance on consignment any part of \$20,000 for the above firm.
Sincerely yours,
W. N. PARKER.

THE X RAYS.—The Advancement Club was addressed by Prof. Chas. Friedel, of the University, who gave a description of the manner in which the cathode rays, and subsequently the X rays, were discovered and an account of the history of the development of the latter for the past ten years until the desired result had been obtained. He also gave a review and exhibited samples of the work accomplished through the experiments made at the University by himself and the C. L. Winter Photo Company. A number of the work were published from time to time as the results were obtained. Prof. Friedel also illustrated his talk by exhibiting a Crook's tube. His description of Prof. Roentgen's method of photographing objects through solid matter was very plain and thorough and was eagerly listened to by many who have become interested in this latest discovery in photography.

Daily Guard, March 24.
BOUND OVER.—Will Hamersley, the 15-year-old boy who was examined in Justice Butler's court at Junction yesterday on the charge of larceny of pocket knives and a hat from the store of J. E. Butler, was held to answer to the charge and bound over to appear before the grand jury. He has been held in obedience by the officers at Junction, until his father, who is away, can be sent for when an effort will be made to send him to the state reform school.

Daily Guard, March 24.
LABOR.—The Rev. Will Hamersley, from Junction, bound over for stealing the pocket knives and a hat, was today brought to this city by Constable Miller of Junction, and this afternoon examined before Judge Fisk and Deputy Prosecuting Attorney J. Saw Mill Sold.—L. Beebe has sold his saw mill near Thurston to John Deadmond who will move it to a location near Robt. Millican's.

IN THE TOILS.

James Nixon was Getting About 811 Per Dozen For His Chickens.
Daily Guard, March 23.
Constable Dan Linton and W. N. Parker returned from Harrisburg by team at 6 o'clock last evening, having in custody James Nixon, who is wanted by the authorities for crooked work in shipping chickens to Chas. Jacobson & Co. of San Francisco. Mr. Parker and Mr. Mark V. Katz, of the San Francisco firm, drove to Corvallis Saturday but failed to find their man and returning to this city had a warrant sworn out yesterday morning for his arrest. In the meanwhile Nixon had returned to his home near Harrisburg and was captured there yesterday by Constable Linton. His examination has been set for 2 p. m. tomorrow in Justice Wheeler's court.
The crime of which he is accused is as follows: On March 16, while acting in the capacity of agent for Chas. Jacobson & Co, he consigned 12 coops, containing 128 chickens, to the above named firm, and represented to Mr. W. N. Parker, of this city, the company's agent, from whom he was to draw his pay, that he had shipped 45 dozen chickens. His shipping receipt showed that he had shipped 12 coops, and as each coop should have contained about four dozen chickens he was paid \$112.50, the price being \$2.50 per dozen. The express charges on this lot of chickens was \$22.50—twice as much as the chickens were worth. The next day, March 17, Nixon made another shipment of 11 coops, containing 118 chickens. He sent his shipping receipt to Mr. Parker of this city as evidence that he had shipped the poultry and demanded pay for a larger number than he had actually shipped. Mr. Parker delayed in sending him a check and he became alarmed and shipped before getting the money. The San Francisco firm paid him \$112.50 on the first lot of chickens and also \$22.50 express on the second lot, so that they are out \$238.65, for which they have received 201 dozen chickens, worth, at the cost price, \$51.25, and leaving a deficiency of \$159.65.

The Public Schools.
Below is the report of the public schools of Eugene for the month ending March 23, 1896:

TOTALS.
For both schools: No. of days taught, 23; new pupils entered during the month, 27; total number enrolled to date this term, 703; average number belonging, 654; average daily attendance, 620; per cent of attendance, 94.8.
D. V. REID, Superintendent.

A Communication.
EUGENE, March 25, 1896.
EDITOR REGISTER:—A communication appeared in the Register of this date in reference to my attitude toward the state university. I desire to emphatically verify that statement. I have always, do now, and shall in the future, remain loyal to the best interests of that and all other institutions of learning throughout the state, from the common public schools up to the higher grade. These institutions, controlled by the state, and relying upon state aid to maintain their high grade of efficiency, need have no fear of antagonism on my part. I do not previously know that there was any question of my position upon this question.
C. H. BAKER.

The above communication was handed to the editors of the Daily Register with a request for its publication but was refused.
C. H. BAKER.

CONCERNING INSTITUTES.—It will not be definitely settled whether or not a teachers' institute will be held in this county this year until after the June election. At that time a new county school superintendent will be elected, and Superintendent Stevenson, the present incumbent, does not wish to make any arrangements for an institute until he has consulted the wishes of the superintendent-elect in regard to the matter. If whoever is elected is desirous of holding a county institute Superintendent Stevenson will commence arranging for one immediately after the election, and it will be held some time in July or August. Superintendent Stevenson is very anxious to have the state teachers' institute meet in Eugene this year and with the assistance of educators of this city will work to that end. The last two state institutes have been held respectively at Oregon City and Portland. The next one will be held some time during the coming summer and if held here a county institute could be had in conjunction with it. Eugene is a very suitable point for the state institute. The additional cost to Eastern Oregon delegates would be slight and what would be lost by them would be gained by the Southern Oregon delegates who, heretofore have had to go to the extreme northern side of the state. No more ample means for entertaining the institute can be found in the state than are here, and the state university ought to add greatly to its interest.

FROM QUARTZVILLE.—Salem Journal: "S. Annet of Rosedale returned from Quartzville today. He has been in there since Tuesday, and reports times lively there and at Gates. The latter town is building up very fast. A new road has been surveyed from Quartzville to the Silver Dollar mine. A petition will be in the county court to open the road. He says they make a cleanup at the Lawler mine every 24 hours, and at the rate of \$50 a ton, and grind 60 tons of quartz a day. Another mill will get up on Canal creek when Mr. Lawler returns."
See the Griffin Hardwares Co's. new ad. Some very low prices are quoted.

GOOD NEWS FOR ALL.

Representative Hermann Secures the Bill for Improvement of the Willamette.
Daily Guard, March 23.
Hon. F. M. Wilkins, president of the board of trade, today received telegrams from Hon. Binger Hermann, representative in Congress from this district, who holds second place on the river and harbor committee stating that the bill for the improvement of the Willamette river from Portland to Eugene and the continuation of the work on the Siuslaw harbor, had been reported upon favorably by the committee and that their passage had been secured. This means good news for the entire Willamette valley.
The telegrams read as follows:
WASHINGTON, D. C.,
April 6, 1896, March 23, 1896.
To Hon. F. M. WILKINS,
Eugene, Oregon.
I have succeeded in securing the great project for immediately and permanently improving the Willamette river from Eugene to Portland. The improvement work will be contracted. BINGER HERMANN.
WASHINGTON, D. C.,
April 6, 1896, March 23, 1896.
To Hon. F. M. WILKINS,
Eugene, Oregon.
I have secured a large allowance for the Siuslaw jetty work. An early adjournment of congress is assured and will make money for the appropriation available at an early date, which will make it possible to resume work on the jetty in the near future.
Yours truly,
BINGER HERMANN.

In securing the passage of these bills Mr. Hermann has secured a point of victory for Oregon. The improvement of the Willamette and the completion of the work now partly finished at Siuslaw will derive great benefits for this section and Lane county in particular will rejoice over the success of Mr. Hermann. The improvement of the Willamette is just now a point of most vital interest to the people of this section. The plans for its improvement between this city and Harrisburg, as reported by the government engineers is as follows, the work to be commenced at this city and continue down the river as far as Portland:
At Skinner's bar, a dam to be constructed.
At Gillespie bar, lower down, the Davis chute is to be closed by a deflecting dike, and a bank revetment is to be made.
At Scatter bar another dam is to be made.
At Brown's Island the channels leading to the left of the island are to be closed by dams 2700 feet in length.
At 160, 156, 156 and 154-mile points dams and deflecting dikes are to be made.

These are the chief works of a permanent nature, besides dredging that is to be done between Eugene and Harrisburg, and the cost for the permanent works alone will be \$21,600.
The project is to secure at low water to Eugene 2 1/2 feet at lowest water. To assist the work and to keep the river cleared by snagging and dredging, a new boat larger and stronger than the snagboat Corvallis must be built, which shall have new appliances for snagging and dredging and scraping of bars. The sum of \$10,000 is estimated for this boat, and it forms a part of the gross estimate of the work from Portland to Eugene.

The fact that the snagboat, Corvallis is now a craft of the past, will make the demand for a new boat imperative.
The bill provides that the improvements of the Willamette shall be done by contract, which means that all the red tape of government work will be done away with and the work commenced immediately and pushed to a speedy completion.
The improvement of Siuslaw bay, Lane county's harbor, is a subject also of special interest. The jetty work is now only partly finished and as it now stands is of but little use, but a few more appropriations will complete the improvements which will make it one of the best harbors on the coast.

Daily Guard, March 23.
OF REVOLUTIONARY ANCESTRY.—Charles Cornelius Tennessee (forthright, of revolutionary ancestry, and an intimate friend of Governor Jim Budd of California, according to his own story, imbibed too much of the forbidden juice yesterday evening and rushed out into street shouting, "Hi, bring on your marshal and let him gaze on old Tennessee!" The marshal was near at hand and after gazing on old "Tennessee" for a few minutes, escorted him to the cooler. After he had been inside a little while he became tired of his lot and making his appearance at one of the windows commenced a series of most unearthly yells that roused the natives for blocks around and soon brought him a good audience among the crowd being the marshal, who finally succeeded in quieting him down. Today he was taken before Recorder Dorris and, owing to his extremely nervous and exhausted condition from the effects of his spree, was given four days in which to recuperate and quiet his shattered nerves at the rock pile.

ORANGE BOXES.—The Grande Ronde Lumber Company, at Perry, Oregon county, has shipped 35 carloads of orange boxes in shooks to Southern California during the present season. The company has plenty of blue lumber, suitable for such boxes. The lumber is sawed to the required thickness and length, and the pieces put together when they reach the orange orchards. It seems a long way to go from Pasadena up over the Blue mountains for orange boxes, but it must be all right or there would never have been 35 carloads shipped from there, says the Oregonian.

To BE SOLD.—The stock of goods and one Decker piano, belonging to Ed Baum, is advertised to be sold by the sheriff, on Monday, April 6, 1896, at 1 p. m. in this city. The judgments amount to \$1,600.
Daily Guard, March 24.
CONTRACT LET.—Mr. P. Frank today let the contract to Geo. N. Frazer of the Eugene Foundry for the iron furnishings for the new brick building to be built on Ninth street.

SIMMONS LIVER REGULATOR
THE BEST SPRING MEDICINE
Is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up with the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in AI condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But, take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder; but take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

Another Bicycle Accident.
Daily Guard, March 25.
Late yesterday afternoon Judge D. M. Risdon was run into by a bicycle, propelled by T. W. Poole, at the Peters corner, Willamette and Eighth streets. The rider was going west on the south side of Eighth street at a good rate of speed. Just as he started across Willamette street Judge Risdon who was walking north on the east side of Willamette street stepped in front of the wheel and he was hurled to the ground. Of course it was impossible for Risdon to see Poole or Poole to see Risdon, only when the accident could not be averted. Several similar accidents have happened in this city, and a serious one will yet occur if bicycles are thus permitted to be ridden, and then it will cost the city a large amount for damages. Judge Risdon received a severe bruise on his left side and his legs and arms are somewhat bruised and his nose is black and blue, and he is feeling quite badly today.

Young Poole is not to blame in the matter; it is the laws of the municipality. Mr. Poole was taken before the recorder and fined \$5 and costs, which he paid.

MRS. HOFFMAN ENTERTAINS.—Mrs. W. H. Hoffman entertained a number of her friends at a very pleasant tea party at her home in the Pickett block yesterday afternoon. The guests were given the freedom of the elegant furnished rooms and spent a most delightful afternoon. Progressive whist formed an interesting feature of the afternoon. Mrs. Dr. W. Lowe won the first prize, Mrs. Wm. Mayer the second and Mrs. L. G. Adair carried away the booty. Dancing was engaged in for a while, and recitations by Misses Edythe Hoffman and Marie Ware and instrumental music by Miss Jessie Gilstrap were greatly enjoyed by those present. At the close of the music a delightful tea was served. Misses Hoffman and Ware assisted the hostess in serving the tea. The party, though an informal affair, was one of the most pleasant that has been given for many days. Those present were: Mesdames W. H. Hoffman, James Hoffman, C. W. Lowe, L. G. Adair, J. S. Luckey, T. W. Harris, George Smith, S. E. Brown, James Loyer, Joel Ware, Wm. Mayer, and Misses Edythe Hoffman, Marie Ware and Jessie Gilstrap.

CAPTAIN ELECTED.—The U. of O. football team held a meeting this afternoon and elected E. P. Shattuck captain. This an excellent selection. Mr. Shattuck is considered among the very first players in Oregon and will captain the home boys to victory this year. Harry Tompkins captained the team last year and did good service.
