HOP PILLOWS.

A hop pillow has become a sort of society favorite. It goes on the longest jaunts, acting as a soothing agent when over-fatigue drives

deep from beauty's eyes.
Once having owned this sleepy hollow treasure, you would be very loth to part with it. Some ladies have their maids prepare an ordi-nary piece of ticking. This is filled just as you would pack in feathers

Fastidious souls use something more delicate. The sheerest and finest of linens make a captivatingly cool case and allows the pleasant antidote a chance to work its spell. One need not belong to the beau-

monde to possess a hop pillow. This restful fad is quite within the reach of all women who suffer from insomnia.

A case of any material will house the blossoms. I saw a passe gown of pale pink lawn converted into a cover only last week. After it had been filled it furnished a really enjoyable as well as a very pretty looking head rest. The old city officers have been reappointed. This was the correct

At first the odour of the hops is just a trifle objectionable, but in a very little while one gets used to it and then it loses all unpleas antness.

Have a hop pillow by all means. It is the quickest way to slumbertown.

FATALLY WOUNDED.

Halsey the Scene of a Shooting Scrape This Forenoon.

Special to the GUAND.

HALSEY, Or. April 15 —This city was the scene of a shooting scrape this morning, and the result will probably be a death. A Mr Bond and Mr Pearl, of the old firm of Black & Pearl, in the butcher shop, at about 11 o'clock this forenoon got into a dispute and hot words followed. Then Bond pulled out a revolver and shot at Pearl, but the bullet went wide of its mark and hit a bystander, Mr Stroud, an Albany cattle buyer, In the abdomen. Dr Masten was immediately sent for and he is of the opinion that the wound will result fatally. Bond the wound will result fatally. Bond is said to be of a quarrelsome nature.

TWENTY MILES ON A LITTER. Rough Trip of a Little Sufferer Over the Mountains.

Frank Stevens, Brick Balding, Nick Anderson, Riley Frazer, T Fanning, A Anderson, Frank Knox and George Knox arrived in town Thursday even ing, with Banna Knox, the 6 year old log, with Banna Knox, the 6 year-old daughter of Mr and Mrs Geo Knox, that was so dreadfully burned at their home in Lost Valley three weeks ago, says the Fossil Journal. The child was too badly burned to ride in a vehicle of any kind, and these men carried her from Lost Valley to Fossil, 20 miles on a litter constructed for the purpose. The road is rough and mountainous, and they is rough and mountainous, and they were two days in making the trip through the snow and mud and rain and over swollen creeks. A canvas cover was built over the litter and under this the little sufferer was kept perfectly dry. The weight all told, including the rain that seaked into the canvas, was about 200 pounds, and this was carried by two squads of four, one at each end of two poles The child stood the trip remarkably well, and Dr. Howard thinks he can 12 for free silver and one go- pull her through by skin-grafting.

I therefore recommend that we reduce the expenses of the city for the ensuing year at least \$1500. I think by careful and prudent management this can be easily reached. If this reduc-tion is not accomplished we will be compelled on account of the decreased value of property to raise our levy inclemency of the weather yesterday from 5 to 7 mills, a burder that should the prospects for Kathleen Mayourneen not be imposed upon the taxpayers at

ANNUAL MESSAGE.

The health of the people harbeen excellent. We have had two cases of diphtheria, but the prompt action of the health officers in strictly quarantining, prevented the disease from spreading to other families. Two deaths have occurred, one in each of the families afflicted. No other cases have been reported to the health officers.

The total indebtedness of the city is apparatus, this is an excellent showing; thus it will be seen that the expense of running the city government has been \$1695.31 less than last year. But the assessed valuation of the property of the city is \$2421.19 less than last year, thereby decreasing the income of the city \$1110.59. Consequently you will perceive as above stated that the t-tal indebtedness of the city is \$19,513.37. For more detailed information I refer you to re-
