An exchange pensively remarks that "the days are passing away one by one." Come to think about it, that is so, when they begin to pass away two by two, it is to be hoped that the penitive editor will let us know.
The Leader: We learn that the plant of the S. P. company will commence a 70 days' run in Barnetizing ties right away at Lathium. There are 222,000 ties there now and still they are cutting.
The Gilliam county populists have nominated W. J. Edwards, well known in Lane county, for representative. Geo. W. Rindhart, formerly of Creswell, is named on the "same ticket for treasurer. Both gentlemen have many friends in this county.
We have received the Stevens county, Wash. Index, containing the delinquent tax list of that county. It makes 43 columns, and will cost the taxpayers probably \$1,000. The county had 1139 voters in 1894.
The Leader: There will be dozens of new dwelling houses required in Cottage Grove and Lennett to accommodate the great flow of immigration to South Lane this year. The demand for houses the last year has been great and the supply largely inadequate to meet it.
The Odd Fellows' lodges of Portland have combined to celebrate the 77th anniversary of the introduction of Odd Fellowship into America on Monday, April 27, the anniversary falling on Sunday, the 26th. Judge J. J. Walton, of this city, past grand master, will deliver the address.
It seems that a 25 cent piece is about the most unlucky article a man can carry. On the American quarter dollar there are 13 stars, 13 letters in the scroll held in the eagle's beak, 13 marginal feathers in each wing, 13 tail feathers, 13 horizontal bars, 13 arrow heads, and 13 letters in the words quarter dollar. These 25 cent pieces, unlucky and curse laden as they are, are gratefully received by newspaper men.
Browsville Times: N. B. Standish started for the Blue River mines last Saturday evening to assist Messrs. Dyon and Moore in the development work being done on the Lucky Boy mine. No man on earth can conceive N. B. Standish, that millions are not hidden within those grand old mountains, that only requires the application of modern machinery to gauge the circulating medium to swell to great proportions.
Daily Guard, April 18.
MORE U. O. BOYS.—Yesterday we mentioned A. E. Reams being nominated on the Portland democratic ticket for representative. On the same ticket for the same office we find the names of Robert C. Johnson, who graduated from the U. O. in the class of 1887 and is a nephew of Prof. J. W. Johnson of this city, and Cecil H. Bauer, who graduated from the law department in 1891, and Austin F. Flegal, a like graduate of 1892. These young gentlemen are worthy and fully skilled to make excellent representatives of the leading county in the state. On account of the split in the republican party they will probably be elected. They are fast friends of the State University.
Daily Guard, April 18.
CLOTHING STORES.—Some one yesterday afternoon entered the premises of Martin Hoffman in the eastern part of town and stole a suit of clothes and an overcoat. Four hobs were arrested on suspicion of having been the guilty parties, and have been confined in jail, but as yet nothing has been found to throw the guilt upon them.

Deputy assessors are busy at work and several precincts have been finished. There is considerable kicking this year about assessments and taxes. One individual said he had paid taxes for 25 years in this county and had never cost it a cent yet and didn't propose to pay taxes any longer.
Hon. John Barrett, the minister to sustain from the United States, sends a copy of The Siam Observer, published at Bangkok. It is printed in both the English and Siamese languages. Mr. Barrett will be remembered by many Eugene people as he has delivered two or three speeches here.
Albany Democrat: An Albany man this forenoon offered to pay a free

silver farmer \$217 all in silver. Of course the farmer did not want it. It was done for an argument. The poorest argument it would be possible to present. Had he offered him silver certificates they would have been taken promptly.
Prineville Review: From Wm. W. W. we learn that Joseph Claypool has again come out from Fish Lake to Sisters and he reports all of the new snow gone, but on the other side of the lake there is some 4 feet of snow and on this side it is all of 8 feet deep, so it will be some time before the mountains are open.
The Leader: It is said that a Eugene girl sent fifty cents to an Eastern firm who advertised to sell a beauty recipe for 50 cents. The recipe read: "Send your mother, and stay home nights." This would certainly make a divine soul and, pure heart, and outward beauty would surely follow.
Albany Democrat: Our people have not yet gotten used to the new woman. One arrived in Albany on the Yaguna train this noon, dressed in a knee dress, leggings, man's coat, man's hat, etc. Men said, "What is it?" but the young woman seemed decidedly at home and paid no attention to the numerous stares.
These are the days when the festive candidate assumes his pleasant expression, grasps you by the hand and inquires about the condition of your business, the health of your family and that of all your wife's relations, and the weather is most "favorable for this season." Nature is indeed kind in furnishing such balmy days at the opening of the campaign.

Some time after convening yesterday was spent in perfecting the organization of the convention.

U. work in Lane county, in behalf of the Eugene delegation. The remarks throughout showed good taste and were replete with excellent thought and advice along the lines of work so precious to a W. C. T. U. worker.
The response was made by Mrs. N. D. Harp, of Junction City, who, in a few touching words, gave a brief review of the common cause of the organization, stating its object and its accomplishments. In behalf of the visiting delegates, she expressed heartfelt gratitude at the cordial welcome extended to them. Her remarks were highly appreciated by every active W. C. T. U. woman.
Reports of the county officers were then heard, showing the county union to be in a prosperous condition.
Reports of local officers of delegates were heard. The condition of the various unions in the county were shown by these reports.
A paper, "Does W. C. T. U. work hinder church work?" was read by Mrs. C. J. Condon, of Eugene, and proved a very interesting article. It was followed by some interesting discussions having for their theme "Non-alcoholics in medicine," was read by Mrs. J. S. McKenney, of Eugene. This paper showed a great deal of study and brought out some profitable discussion.
On motion the convention adjourned until today at 9 a. m.

FRIENDS OF HERMANN TALK.

Universal Regret at Washington Over His Defeat.
WASHINGTON, April 8.—News of the defeat of Congressman Hermann of Oregon for re-nomination was received today with universal regret. Congressman Hill, chairman of the committee on foreign affairs, said today: "I sat next to Mr. Hermann for six years and I look upon him as one of the most faithful men in the house. He has accomplished more for his state in the way of appropriations than any man who ever sat in congress. His defeat is one of those political phenomena which mortal man can't comprehend."
Delegate Murphy of Arizona inclines to the belief that some evil influence has been at work in Oregon to blind the people against their best interests. "Mr. Hermann is the wonder of the lower house, and has been ever since he took his seat," said Murphy. "If all the appropriations he has secured for Oregon were summed up they would equal almost one half of the total value of the state. Every state and territory on the Pacific coast will suffer by the loss of Hermann from congress."
Congressman Barium received the news as he would the death of a close friend. Said he: "Such a blow as has been displayed by the Oregon republicans passes all understanding. Oregon can see no man to fill the place as Hermann has filled it, and as for the Pacific coast in general, it could have better lost any half dozen congressmen than Hermann."
These sentiments are shared by all of the California delegation. It was largely to his efforts that California got what she did on the river and her bill just reported. Nor do the Californians forget the helping hand which he invariably extended to them in all their fights in previous years. If Hermann had had any doubts as to his popularity they would have been dispelled today. He was kept busy hearing regrets which came from representatives from every part of the country.

TAX MONEY.—Taxes is the all absorbing question with a great many just now and an item along that line is always of interest. Sheriff Johnson and his deputies up to last night had collected in \$38,144.02 of the 1895 tax money. There is yet over \$71,000 to collect, so that less than one half of the tax money has yet been paid in, though only a few more days of grace are left. However, the S. P. railroad company and several other corporations have not paid yet, but will do so just before the books close, which will materially decrease the sum now delinquent by law. Sheriff Johnson today paid \$13,288.59 over to County Treasurer J. G. Gray. Mr. Gray will tomorrow pay the balance of the state tax due from Lane county, which is a little over \$5,000 and a call for warrants will doubtless be made in a few days. Lane county's portion of the state tax this year was in the neighborhood of \$31,000, of which \$26,000 has already been paid.
AN ARRANGEMENT.—Rev. I. D. Driver, who is running for state senator in his county has been lecturing at Roseburg. The Roseburg Plaindealer of yesterday reports one of his lectures as follows: "Dr. Driver said no infidel's progeny descends to the fifth generation. God Almighty had determined they should not extend the curse so far. Four noble infidels, who came to this coast in a early day, viz, Sam Culver, Jesse Applegate, Penrose and Senator Nesmith all died insane, after 63 years of age. Christians, on the contrary, die sane."
Daily Guard, April 21.
POPULISTS ADDRESS.—Rev. Harry Watkins of McMinnville addressed a populist meeting at the court house last evening. Mr. Watkins is quite well known here, having been pastor of the Christian church in this city a number of years ago. He spoke on the issues of the day from a populist point of view, illustrating his argument and keeping his audience in a good humor by reciting numerous humorous stories.
W. N. Luckey, of Ashland, is an independent candidate for the office of justice of the peace. Nels was formerly a resident of this city.
