

Eugene City Guard.

SATURDAY, JUNE 6. FREE SILVER AT CHICAGO.

The overthrow of Carlisle and sound money in Kentucky is complete, says Julius Chambers, the reliable Washington correspondent of the S. F. Examiner, under date of May 31.

Secretary Carlisle confesses overwhelming defeat. He will not talk for publication, but it is known he is disappointed and humiliated.

The administration fully realizes the extent of its defeat. With the downfall of Carlisle even the President concedes further struggle against the silverites is futile.

"The result in Kentucky gives the democratic party over to free silver. They will nominate a silver candidate and adopt an unequivocal free coinage platform at Chicago.

The exercises of the evening began with an address by Prof Hall on "The Power of Vital Magnetism as a Curative Agent." The speaker began with the discovery of animal magnetism in the twelfth century and closely followed it down to the present day.

The first case of the evening was that of W J Parkerson, who was suffering from fever which had settled in his back.

The second cure was without doubt the most complete one of the evening. The patient was John Jordan, who has been until recently in the employ of Fisher & Watkins of this city.

The patient was John Jordan, who has been until recently in the employ of Fisher & Watkins of this city. Mr Jordan was suffering from inflammatory rheumatism of 3 months standing.

It is said that Sears, the defeated republican candidate for sheriff at Portland, spent \$5,000 on the campaign. That is a pretty good sum for election expenses when it is considered the legal salary is but \$4,500 a year.

A Chinese theatrical company of thirty people is playing at Salem. Eugene may be favored with this company. For ear splitting music they can discount our Salvation Army, and that is saying a great deal.

The price of silver bullion is advancing. This is attributed to the agitation of free coinage of silver. If public sentiment causes an advance, favorable legislation would put it on an equality with gold.

The favored residents of the Pacific coast know nothing of cyclones such as the awful one that swept St. Louis Wednesday evening. Man is powerless in the face of this mighty destroying element.

At the Methodist conference at Cleveland last week the committee on church extension, after a long debate, adopted a plan for the creation of an insurance department. The plan is to write all of the churches and parsonages on the mutual insurance plan.

The legal salary of the mayor of Portland is \$5,000 per year. Pen- nance announcements, since his election,

wily old politician still has an eye on that seat in the United States senate? No one ever heard of him, when governor, refusing thousands of dollars paid to him in excess of his constitutional salary.

The Register asks the loan of a rooster cut. The only one appropriate for that paper would be a sick rooster and a very sick one at that. Think of a strong republican state like Oregon losing both republican congressmen, with a legislature, that two years ago was practically solid republican, in doubt.

AT THE OPERA HOUSE.

Marvelous Cures Performed by Herrmann the Healer.

During the past few days a large amount of dodgers have been distributed through this city, while no less newspaper advertising has been done, announcing that Herrmann the Healer, whose magnetic hands effect marvelous cures, would appear at the opera house Wednesday and Thursday evenings.

Although a large number of the people were skeptics, long before the doors of the opera house opened last evening scores of people, some on crutches, some walking with canes, while others were blind or deaf, thronged the sidewalk in front of the building and by 8 o'clock the house was packed to its utmost.

The exercises of the evening began with an address by Prof Hall on "The Power of Vital Magnetism as a Curative Agent." The speaker began with the discovery of animal magnetism in the twelfth century and closely followed it down to the present day.

The first case of the evening was that of W J Parkerson, who was suffering from fever which had settled in his back. After a few strokes by Herrmann the Healer the gentleman left the stage with a smiling countenance, showing that he experienced no pain whatever.

The second cure was without doubt the most complete one of the evening. The patient was John Jordan, who has been until recently in the employ of Fisher & Watkins of this city. Mr Jordan was suffering from inflammatory rheumatism of 3 months standing.
