## J. F. FORD

(Evangelist)

Of Des Moines, Iowa, writes under date March 23, 1892:

S. B. MED. Mfg. Co., Dufer, Oregon.

On arriving home last week, I found all well and anxiously waiting. Our little girl, eight and one-half years old, who had wasted away 200 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Med. Cure has done its work well. Your S. B. Med. Cure has cured and kept my all boys from me. So give to every one, with greetings for all, wishing you prosperity, we are yours, Mr. and Mrs. J. F. Ford.

You will feel fresh and cheerful, and that the Spring work, because the system is being purified and cleared, by taking three doses a week.

Send a postal note guaranteeing you 30 cents per bottle by all druggists.

## TUESDAY, JUNE 9.

Several showers today. Splendid growing weather.

The grass on the U of O campus is being mowed.

The cigar store in the Hale block has been closed up.

Al Auten was out after the fly trout today. He got 0.

Congress will probably adjourn in two or three days.

The largest receipts of gate money at Independence was \$23.50.

A ladies gold watch was found on the streets a few days ago.

E. H. Hughes shipped a carload of oats to California yesterday.

Several more immigrant trains passed through town today.

Such puny roosters as the one produced by Salem are not in it.

Republican national convention at St. Louis one week from today.

Commencement of Drain Normal school from June 19 to 25 inclusive.

Many immigrant trains are passing through this city bound southward.

The Hanson residence, Sixth and Oak streets, is receiving a coat of white paint.

The Union power house at Portland burned yesterday. Loss, \$75,000; insurance, \$60,000.

Albert Grainger and Wm E. Wire have applied for the rights of American citizenship.

The GUARD job office printed the Fourth of July posters for the Eugene celebration today.

The district convention of the Woodmen of the world will convene in Eugene June 17th.

Lamberty, the baker, is building the furnace for his bakery in the room recently vacated by Elwegren's book store.

Joe Sanford of Big Prairie informs us that one man crossed the mountains over the military road the other day. He reported plenty of snow.

The hotels in St. Louis refuse to lodge or feed negro delegates to the republican national convention, and the colored man feels badly over the same.

Geo B. Dorris has instituted suit against Amariah Rogers in the circuit court to recover money on promissory notes in the sum of \$65.

Saturday Dad Luckey, Charlie Davis and Percy Patterson fished down the Willamette from Jasper in a boat, catching 67 trout on the way.

The Florence West raised its roster to the head of its columns Friday, in honor of the "victory" of Vandenberg for congress. A little previous.

Lola, a Chippewa squaw, runs 100 yards in 91 seconds, by expert timing and it is believed can do it in 1 second less. She also runs any distance up to ten miles, and is declared to be the fastest runner in the world. She is 19 years old and weighs 117 pounds. Her home is at Burdickville, Miss.

These elections are very uncertain affairs. Down in Astoria Mr. Fratenburg led \$100 to \$20 that Frank Cook would be elected sheriff, so absolute was his confidence in what he was talking about. Instead of Cook being elected he was defeated by J. W. Hare by 462 plurality.

Coquille, Coos county, is jubilant. It has received a clear majority of 214 over all competitors for the county seat. The change will make the county seat more accessible to the majority of the people than Empire, the present place of county business.

Claude and Charley Davis, of this city, and Will Rice, of Harrisburg, left here early this morning in a wagon for the scene of the Brownsville pioneer picnic, which opens tomorrow and continues until Thursday. They took with them supplies for a refreshment stand, which they expect to conduct.

Salem Statesman: Curry county must have that harbor and refuge, sure. And Coos and Douglas, Lane Lincoln and Tillamook must have their very beneficial public works continued. These people saved the day.

It is not expected that teams can cross the mountains for two or three weeks yet. Some gentlemen who came across the McKenzie route on horseback last Friday report the snow about 20 miles across and from 4 to 15 feet deep, and that they had a very hard trip.

Capt Nelson who has been at the head of the Salvation Army movement in this city since its organization, left this morning for Astoria, where he has been assigned to the work of the army. Lieutenant Moss will leave in about a week. No new appointments have been announced for this city yet.

Wm Staats of Bend, Crook county, arrived here a few days ago, having come by the McKenzie route. Mr Staats expects to take back with him 250 head of cattle belonging to Z N Brown. He will return later on and take out another drove for Mr. Brown. He reports 20 feet of snow on the east side of the lava beds.

Oregonian: In 1892 Harrison received 35,000 votes, whereas Judge Bean's vote last week, with several small counties incomplete or wholly unrepresented, was 26,000. At this same stage of the count, Burnett's vote was 17,790, against 14,243 for Cleveland in 1892, and Gaston's 22,393, against Weaver's 20,965 in 1892.

Junetion City Times: "With the esteem and confidence of our home friends and neighbors, defeat loses its sting. The populists having only two candidates for the legislature, centered the third vote on Mr. Bilyeu. Hence our defeat." Mr. Hodgson was induced by the populists. Mr. Bilyeu got plenty of votes from all three parties.

In Eugene, as elsewhere, the bicycle seems to be the sutor of the hour. It is as much as your life is worth to say you don't like the wheel, and the closest friendships have been severed by an expressed preference for that make which you side over that which the other fellow rides.

Baker City Republican: (Rain! rain! rain!) The rainy weather continues unabated, a remarkable phenomenon for this country. The oldest inhabitant fails to recollect such an abundance of rain at this time of the year, except one old gent who was here in '63. He confidentially confided in us that

## A Salem Lie.

Daily Guard, June 10.

The following is taken from yesterday's Salem Journal: "It occurred in the judge's stand Saturday afternoon during the mile walk. Two members of the Eugene sporting fraternity were very much interested in the walk and in their excitement did not perceive a Salem gentleman standing a few feet distant. The following conversation took place between the Eugene men: 'Why that man is not walking.' 'He will win if he can only hold out,' said one of the men. 'Well but he won't hold out,' responded the other. 'We have the referee thought off if Sonemann should keep the lead.' 'continued the first speaker, 'and should Byars take this lead he will also be ruled off by the referee.' Their prophecy seems to have proven true to the letter. The State University appears to be a model political training school. The points recorded in favor of Willamette University however were fairly made and our athletes are to be respected and honored for not stooping to such disgraceful proceedings in order to obtain a silver cup.

## THE LOST ARTICLES.

Found in the Students Excursion Car and Advertised by the R. R. Company.

After the U of O delegation to the field day meet at Salem had returned home Saturday night, the excursion car used by the delegation was cleaned out and during the renovating process a large number of articles, presumably lost by the students, were brought to light. As it is the desire of the railroad company to safely return all lost property found by its employees, to the owners, a list of the articles found in this car is published below and the owners can get their property by calling at the R. R. depot in this city. The collection was brought up today and left in charge of Agent Adair. Following is the list: 1 postage stamp (unused). 1 bottle Almy beer (three fourths full). A portion of a box of crackers. The same of peanuts. 1 dozen lace handkerchiefs. 1 dozen ordinary hairpins. 1 penny. 1 safety pin. 1 Fedora hat (almost new). 3 lead pencils. 3 buttons (different styles). 1 suspender holder. 1 package chewing gum. 1 box headache cure. 1 umbrella ferrule. 1 Portland Athletic club badge. 1 brass screw. A collection of waxed candles. A various assortment of pins.

## More Field Day Comment.

Daily Guard, June 9.

We take the following items from the Salem Journal and Post of yesterday:

The Eugene delegation brought money as well as "sass" with them.

One of the Eugene wheelmen made a pretty spurt on the last quarter of the second mile in the bicycle race, but Willamette's three men proved too speedy for him.

The U of O boys were backed by all kinds of people with all kinds of money. They had all kinds of athletes too, except wheelmen. No one has accused them of being in the bicycle race.

The Eugene delegation cheered with considerable vim every time a point was recorded in favor of the U of O. The Eugene girls certainly did their part in winning the cup.

Salem has one consolation anyway. In having Eugene win the cup, and that is, that Coleman and Bishop, who won first place in the 440 and 880-yard dashes respectively, are Salem boys.

Willamette University boys did well and did their best, and it must be remembered that many of the points taken from them was accomplished by lads who belong here, and received much of their athletic training here.

## AN ILLUSTRATED CIRCULAR.

The management of the University of Oregon have just recently issued an illustrated circular, descriptive of the various buildings and departments of the university and the different branches of study taught therein. The book is of study taught therein. The book is of study taught therein. The book is of study taught therein.

The finance committee was instructed to correspond with bond and loan associations to ascertain upon what terms they would refund \$5,000 sewer bonds. The bonds will be due in short time and it will be necessary to get a continuance of the bonds.

The light question did not receive any consideration last night, as no more contracts will expire before July 10.

## GETS THERE BY 74.

Daily Guard, June 9.

BACK TO TEXAS WE GO.—Three public schooners passed through this afternoon. On the side of one of them was the inscription, "Everett, Wash, April 26, 1896; back to Texas we go." Another one said, "Texas, home, sweet home." The wagons were drawn by horses with the sign "Oats wanted within," plainly evident, and the entire outfit did not have the appearance of very much thrift. This makes 19 or 15 of these outfits that have passed south through this city within the past three days. The question arises, will these poor deluded people be any better off after they reach Texas.

BRIDGE COMPLETED.—The last stage up the McKenzie route crossed the new bridge across Horse creek, about a mile south of McKenzie Bridge. This was the first through mail by stage to Foley Springs since the bridge washed out last winter. The Horse creek bridge is a 116 foot span and eight feet above the water. It is a substantial structure and will stand for many years.

RECORDS BROKEN.—As a result of Saturday's events three Northwest records were broken in the following events: 440 yard run, 220 yard run and 220 yard hurdle. The 440 yard race was won by Coleman, U of O in 55 seconds that reducing the Northwest record 3.5 of a second. Colvin, O A C, now holds the Northwest record for the 220 yard run having reduced the time from 24:35 seconds to 23:55. Kaykendall, U of O, will hold the Northwest record for the 220 yard hurdle until someone beats 29:25 seconds, such time having been made by the State University man. The former record was 27:25 held by E E Morgan of the M A A C, of Portland.

DISTRICT S. S. CONVENTION.—The district Sunday School convention for the Springfield district will be held at Thurston Sunday, June 28. A good program has been prepared and the exercises of the day will be held in shady grove. A banquet will be given at 4 o'clock. It is expected that a large number of people will be in attendance.

DEATH EXPECTED.—Hosca Brown, of Wilderville, Josephine county, the oldest pensioner in the United States, being 104 years of age, is reported to be failing rapidly. His death is expected at any time. He was a resident of Lane county for a number of years.

## Jasper Items.

Mrs D P Burton, of Springfield was in our vicinity Saturday.

Mrs S Handsaker, of Eugene, visited relatives at this place last week.

Road work is now the occupation. J S Hills and F L Morehouse left here Monday morning for the mountains.

Miss Goldie Scott visited at home last week.

Mr Sias Russell is cooking for the loggers on Fall Creek.

Jasper will be represented on the excursion Sunday.

The Children's day exercises will be held the 3rd Sunday of this month at this place. Also a basket dinner and a sermon by R G Callison. Come one and all.

## A Card.

EUGENE, June 9, 1896.

To Morton L. Rose, pastor, and the choir of the Christian church: We desire to express an appreciation and thanks to you for the excellent sermon and music so kindly furnished by you for the memorial services of the Woodmen of the World on June 7th, 1896.

L O BECKWITH, R M DAV, C H HALE, Committee.

DAILY GUARD, June 9.

INSANE.—J A Letellier, a resident of Junetion City was examined before County Judge Flek, Deputy Prosecuting Attorney J M Williams and Dr Lee of Junetion, medical examiner, this afternoon on complaint of J H Miller and adjudged insane. The cause of insanity is given as business matters and this is the second attack, the subject having spent two months in the asylum in 1888. He is 44 years of age, is married and is a farmer and merchant by occupation. He will probably be taken to the asylum at Salem on the No 17 tomorrow.

DAILY GUARD, June 9.

IN READINESS.—Co. C, of this city anticipate an order to go to Astoria to assist in quelling the fishermen's strike and accordingly stands in readiness to go at a moment's notice. The company has been divided up into squads and each squad placed in charge of a sergeant. Should the company receive orders to go, each sergeant knows where to find his men and could get them together in a short space of time.

DAILY GUARD, June 9.

OFFICERS ELECTED.—The grand chapter of the Royal Arch Masons, yesterday at Portland, elected the following officers: John Irvine, grand high priest; N Honey, deputy high priest; H S Strang, grand king; W T Wright, grand scribe; D P Mason, grand treasurer (re-elected); J F Robinson, grand secretary (re-elected); J P Galbraith, captain of host; Seth L Pope, grand lecturer (re-elected).

## A HORRIBLE CRIME.

Eight Hobos Who Need the Sereest Penalty the Law Can Give Them.

Daily Guard, June 10.

Yesterday evening a most disgusting and outrageous crime was perpetrated upon the person of a young boy in a hobo's camp in the river bottom a short distance beyond the Eugene bridge. The crime committed was that of sodomy and the beast who did it compelled the helpless boy to force to their demands by using force. He was badly bruised and beaten by the fiends in human flesh, who were in a drunken condition at the time the act was committed.

A lot of hobos have been loitering around in that vicinity for two or three days. Among the crowd was a boy who was working his way south. Yesterday these outcasts from society and the respect of their fellow men procured enough whisky with which to pass themselves in an intoxicated condition. It was while in this condition that the crime was committed. As soon as the boy could escape from the horrible attacks made upon him he ran toward town screaming for help.

Marshal Day, Policeman Pratt and Sheriff Johnson last evening located the camp and arrested eight of the hobos. They were placed in jail and the matter brought before the grand jury today.

The town has been thrown into a fever of excitement over the horrible crime of the night and will not be far from a woman's chance to pass that way at that time, what might have happened to her at the hands of these drunken fiends is too awful to be thought of.

Attempts to commit crimes similar to this one were made in this vicinity by hobos last spring and in view of this fact no money should be shown the culprits now in jail.

The grand jury has been working on the case all afternoon and at the time of going to press had not yet rendered an indictment, although a large number of witnesses had been examined.

The sentiment of the people and their protection from such bruties as these demand that quick justice be meted out in this case.

## Unity Items.

Sunshine and showers.

Rev McClain, of Grant's Pass Sunday I, preached at this place Sunday evening to a fair audience.

Mr E C Smith, of Eugene, is in this vicinity on a fishing trip.

Rev Miller and P T Carter and family have gone to Philomath to attend the annual U B conference.

The supervisor has placed timber in the creek and obstructed it from running logs. This is likely to cause trouble unless he removes the same.

R C Edwards is attending court this week as a juror.

J W Cox is visiting in Eugene this week.

The Eugene Lumber Co's logs are being run to the mouth of Fall Creek, where they will be run on to Eugene at the proper stage of the river.

J I Barbe went to Eugene for a load of supplies this week.

There will probably be a Fourth of July celebration at this place.

## CON.

DAILY GUARD, June 9.

A DEPARTMENT TEAM.—A petition has been circulated and liberally signed by city firemen. The petition asks for the employment of a competent trainer who is to select such men as he may see fit from the first, third and fourth of July. The required number of petitioners having been secured, W O Trine was last evening selected as trainer. At the meeting of the department team tonight an effort will be made to pick the men who are to form the racing team. Corvallis, Junetion City and other towns that expect to contest for the prizes in this city have selected a team of the best men from their departments, and Eugene must do the same if she would be able to compete with them.

CONDUCTORS' EXCURSION TICKETS.—People who desire to reach some other point in the state on a conductor's railway excursion ticket to Salem and return this year will be disappointed. Last year the tickets sold were good on any of the excursion trains and a person, had they so desired, could have purchased a ticket here which would have carried them to Salem on the morning train and in the evening they could have boarded the Portland train, making the trip from this city to Portland for the sum of one dollar. This year the tickets have printed upon them in substance: "Good from — to Salem and return." These tickets will only be recognized on trains between Salem and the station named on the ticket.

DAILY GUARD, June 9.

AN EVENING WITH RILEY.—An evening was had with Jas Whitcomb Riley, the popular comic writer, at the M E church last evening. The entertainment was given under the auspices of the Epworth League. Among those on the program were Prof M L Barlight of the university, Misses Theresa Friendly, Lena Holt, Maud Wilkins and Maud Kerns. The program was full of amusing numbers and ended with one or two comedy farces, which, judging from the vociferous applause of the audience, were greatly enjoyed. It was truly an evening of fun.

BOHEMIA OR Bust.—Roseburg Philharmonic: "Word comes from Oakland this (Saturday) morning that thirty men and five teams have started from that place to work on the Bohemia road, and that on Monday thirty more men will follow. This is a move in the right direction and good results will surely follow. It is a great pity that all interested could not have gotten up steam last year and pushed the road through, thus getting in ahead of the Cottage Grove crowd."

CARDS OUT.—Cards are out announcing the engagement of Mr W H Powell, principal of the Cottage Grove public schools, to Miss Edie Younger, a prominent young lady of Cottage Grove. The marriage will take place on the 24th inst.

## SIMMONS

THE BEST SPRING MEDICINE

Is SIMMONS LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malady, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated.

You get THE BEST BLOOD when your system is in Al condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS LIVER REGULATOR—it is SIMMONS LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea with the powder and take SIMMONS LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

J. H. Zettlin & Co., Philadelphia, Pa.

Salem's Rooster.

The Willamette University prong of the Interscholastic Association of Amateur Athletes of Oregon had programs printed for the second annual field day contest, held in that city last Saturday, at the expense of the intercollegiate association.

This, of course, was all right, but being blessed with an over due amount of confidence in their ability to carry all the points of the day, or being struck with a foolish desire to be sarcastic, they had printed, among other advertisements on the program, the following menu, which it was alleged would be served at Strong's restaurant where most of the visitors dined. The menu read:

Forest Grove, Toast.

Eugene, Sauce.
