A WONDERFUL MACHINE.

Heppner Gazette: Most of our people have seen the shearing machine in which Mr. D. A. Herren, of this place is interested, or in other words, the clipper that takes the place of shears. Recently Mr. Herren was summoned up to Soda most affable and approachable man. Springs, Idaho, by Mr. Holliday, He is the best of hosts and makes from June 6, 1896, to June 6, 1897. the general agent, to witness its

work. Mr. Herren was present at one day's shearing. The plant could shear twenty five sheep at once and the day's work was 1,600 head, but nearly all of the shearers were inexperienced men who had never sheared at all. One Montana shearer of much experience in the old way, "sheared out" 120 head. The sheep when finished looked like sheep when finished looked like lumber. they had been turned out of wood, Eugene Lumber Company lumthere was no cut sheep and no cut fibre. Wool sheared by machine JR Job viewer to assess damages commands 1 cents per pound more H C Huston viewer to assess than that sheared by Fand, and damages Yoder road.....there is a saving of at least 14 E Bostwick viewer to assess worth considering.

chine because it is not opposed to A Yeates bounty on cougar labor. It takes just as many men as the old plan of shearing, it is CF Croner team on road. easier work and the shearers get M E Bollman & Co supplies for the same price per head as when Day & Henderson coffins, etc, shearing by hand. They are under no expense for buying shears, oil Robt Johnston care of paupers. stones, files, oil, etc.

The plant at Soda springs is J G Stevenson teachers' exami-owned by a merchant. He charges nation May..... the sheepmen 7 cents per head for J M Williams teachers' examishearing, 5 cents goes to the shearer nation May and two cents to the machine. Mary E McCornack teachers' Considering the saving of wool the examination May better condition of the wool when C M Young stock inspector for sheared and its greater value owing to the fact that no fibre is injured Dan Hinton viewer Turnbow in shearing, the shearing machine is bound to become popular. One Chris Strome viewer Turnbow or more plants may be established in Morrow county by next season.

It is estimated that the total cost Frank Parrish chainman Turnof the St. Louis convention was near \$4,000,000 and the democratic W H Turnbow chainman Turnconvention at Chicago will cost as

The democrats, of the great states of Illinois, Ohio, Indiana and Iowa C M Collier surveyor Haway have practically unanimously de-clared in favor of the white metal. It is a regular tidal wave.

All nickel-in the-slot machines, all card machines and all devices David Baker viewer Hawley wherein nickels or dimes are deposited, have been prohibited by the chief of police of Seattle.
