MILLIONS OF GOLD OFFERED.

Subtreasuries Cannot Meet the Demand for Currency.

Washington, Nov. 9.-Information received at the treasury department shows that large amounts of gold are being offered at the several subtreasuries in exchange for currency, stipulation being made as to legal tenders. One million in goll was offered in Boston. The subtreasurer telegrapized the secretary for instructions, stating that the current working force was somewhat behind owing to the flurry, and the payment of this amount of currency would leave the subtreasury inconveniently scort. Instructions were issued authorizing the acceptance of half the amount offered. The New York subtreasury, it is un-

derstood, have given notice that they would receive gold today in exchange for currency. There are 6,400,000 assay office checks outstanding, which are now being deposited for currency. The demand for currency, especially for small bills, in anticipation of a revival of business, is exceptionally heavy. THE BATTLE IS OVER

Republican National Ticket Has Been Victorious.

M'KINLEY AND HOBART CHOSEN

Washington Is For Bryan and Oregon For McKinley-The Southern Vote Is Divided.

With three states yet in doubt, it is known that the Republican national ticket is elected by a majority of nearly 100 in the electoral college, and of 1,000,000 plurality of the popular vote. New York, Pennsylvania, Illinois, Massachusetts and Ohio have rolled up unprecedentedly tremendous majorities, from 100,000 to 300,000. The rest is detail, to be settled by complete returns.

There are now three states in the doubtful column-Kentucky, Wyoming and South Dakota. In Kentucky it will require the official count to determine the result, owing to irregularities. In Wyoming, the uncretainty is due to the slow returns. The latest reports, however, indicate that Bryan will get two of the three votes. South Dakota's vote on presidential electors is tied, and an official count will be required to determine the result. Republican managers have closed their office with the above declaration.

The Republican candidate is now sure of 260 electoral votes. The other states that were considered doubtful-Kansas, North Carolina, Tennessee and Virginia-have gone for Bryan. His vote is 167, and with Kentucky. Wyoming and South Dakota would be 187.
