At the beginning of this season, the football outlook for the University was decidedly gloomy. The athletic club was nearly \$200 in debt and some of the best players did not want to go to school. However the business men and students made a subscription of over \$400, and four heavy men; Edmunson, Eastland, Stuart and Herbold decided to enter the university. Frick was secured, costing over \$300. The first game was with Corvallis, 2 to 0. The day was miserable and the club went behind \$35. The outlook became rather discouraging, but again Corvallis was played, 10 to 4, and the club went into the hole \$48. However there was no time for bewailing. Salem's team had a quarrel and they gave us the Oregon intercollegiate championship without a struggle. Then came Multnomah—the great game of the season. From a football standpoint it was an unlucky day. It was acknowledged by Portland authorities that we had the better team, but everything was against us. The officials probably tried to be fair but they were both enthusiastic Multnomah men. The ground was frozen and the boys were not at their best. But financially the game was a success. U of O's share of the receipts was \$309.75. Every debt contracted this year has been paid and the season will end with clear books. The game for the intercollegiate championship of Oregon and Washington was declared off by the Seattle team and so we can claim the intercollegiate championship of two states. Multnomahs do not want a return game and so the first team is through upon the season. The second team will probably have a game with Ashland in two weeks. Our team will go and receive only expenses, so we cannot go behind. The Stanford Glee Club has been secured to be here Jan 2, under auspices of the football team. There is no chance to lose, and a good chance to make money. The business men of Eugene may expect a part if not all of payments due on last year's debts. Every effort will be made to clean up all dues from the athletic club. LEE M TRAVIS, Manager.

Marvelous Results. From a letter written by Rev Sunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr King's New Discovery as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with pneumonia succeeding a gripple. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at Henderson & Linn's drug store. Regular size 50c and \$1.

AN INTERESTING GAME.—Should Rescue team accept the challenge of the Cyclone team for a match game of football on Christmas day a very interesting game may be looked for. The winner of the Christmas game will probably be challenged by one of the other teams next year. CYCLONE HOSE TEAM MEETING.—Last night the Cyclone hose team met in regular session at Firemen's hall. Among other business the team issued a challenge to the Rescue team for a football game to be played on Christmas day. The team endorsed Will Hodes for chief of the fire department to be elected next Monday. Two new members were taken in at the meeting last night. Tom and Dick have a Request to Make. At Harry's request several of the ladies laid aside their hats at the opera Monday night, for which we were truly thankful, yet we are sorry to say many did not, and a big black hat persisted in obstructing our view of the "Queen of Love." Our eyes were so strained in consequence, that we have been seriously thinking of consulting an oculist. Hence, we add our petition to his and earnestly implore all the handsome ladies and all those who are not taid headed or whose heads are not deformed, please for our sakes, and for the sake of humanity at large, remove your hats Friday night, and we will ever be Most sincerely your devoted admirers.
