It Has Been Definitely Decided to Erect a New County Building.

The Old Shack Deserves a Pension.

At last it has been definitely ascertained that a new and commodious building in which to transact the business of Lane county will be erected to take the place of the old building which has seen a much service and is now entirely inadequate for the needs of a county like Lane. In conversation with a reporter today County Judge Potter stated that this was the aim of the present county board. Last week at their request Delos D. Neer, the well known architect of Portland, who made the designs of the jail, came up and laid before them plans of a new building, and they now have the same under consideration. He further stated that the work might not commence until next spring, but that the contract would be drawn up plans accepted, etc., this summer. Lane county is to be congratulated on the prospect of soon having a modern and needed public building.

A GAYNE ROBBERED.

The Remains of Millionaire Ladd Missing—Likely Held for a Reward.

The Telegram of yesterday evening says the body of William S. Ladd, the Portland millionaire, who died in that city in January, 1893, has been taken from its resting place in Riverview cemetery, and is now in the hands of unknown ghouls, who are doubtless holding it for the sole purpose of securing a reward for its restoration. The discovery was made Tuesday morning by an employee of the cemetery association. In making his usual rounds he discovered that the grave of the deceased millionaire had been disturbed, and indications pointed to the fact that perhaps the body had been exhumed. He at once reported the matter to the sexton, who notified the sons of the deceased. No time was lost in making an examination of the grave. The suspicions of the man who made the discovery were realized, for upon opening the grave and examining the casket the body was found to have been taken. Thus far no clue has been obtained as to the identity of the grave robbers, and the only motive that can be assigned for the deed is the hope of obtaining money for the return of the corpse. As in all probability, however no reward will be offered, the energetic ghouls may have only their labor for their pains. There had been placed over the grave only a temporary monument, consisting of the usual board with the initials W. S. L. thereupon, as the marble monument ordered by the family had not yet been completed.

Big Cattle Sale.

Prineville Review: The Sichel Cattle Company last Saturday drove through Prineville 1000 head of cows, calves and heifers. This rodeo will gather about 5000 head of steers, from 2-year-olds up which have been contracted to various Eastern buyers. They will all be delivered at Huntington about June 25th. The distance from the finish of the rodeo, which will be the starting point of the drive, is about 225 miles and will require 20 days to make it. The prices for the steers included in these contracts range from \$17.50 to \$20 for 2-year-olds and from \$23 to \$25 for 3-year-olds.

Traveling is Extra-Hazardous.

If the tourist is unprovided with some medicinal resource. Changes of temperature, food and water an unaccustomed or an unwholesome quality, and a route that lies in the tropics of other regions where malaria exists, are each and all fraught with danger to one who has been improvident enough to neglect a remedial safeguard. The concurrent testimony of many voyagers by land and sea establishes the fact that Hockett's Stomach Bitters cures those who use it to encounter hazards of the nature referred to with impunity; and that as a medicine adapted to sudden and unexpected exigencies, it is peculiarly valuable. Disorders of the liver, the bowels and the stomach; fever and acute rheumatism and nervous ailments, brought on by exposure, are among the maladies to which emigrants, travelers and others yield to the action of the bitters promptly and completely.

Tax Collections.

For the week ending Tuesday night, May 18, there had been collected by Sheriff Johnson \$11,362.25, making a total to date of \$93,775.31, leaving to be collected \$26,510.46. Sheriff Johnson has stated that the books will be open until Saturday night, but nothing officially has been given out to show that they will remain open any longer.

Justice's Courts.

In Justice T. J. Duckworth's court of Elmira precinct, F. B. Wilson has been bound over to the grand jury for pointing a gun at G. Porter in \$100 bond. In Justice G. S. Millers court of Creswell precinct, S. S. Moss was fined \$25 for unlawfully catching mountain trout in a trap. The papers in both cases were filed in Clerk Jennings' office today.

Today's Albany Herald: Messrs Harvey Somerville and Walter Brown, of Harrisburg, were in Albany yesterday, on their way to gather in the rest of a herd of cattle they had purchased in Polk county. Their intention is to take the cattle to Eastern Oregon, driving them by the way of the McKenzie route.

Today's Albany Herald: P. P. Huntington, president of the Southern Pacific Co., accompanied by his family, H. E. Huntington, General Manager Kruttschnitt and other officers of the company will arrive in Portland this evening on their way to Albany. It is expected they will stop several hours and perhaps over night.

F. J. Cabot, of Chicago, is in the city. Salem has a very bad attack of diphtheria fever. Dr. C. H. Chapman made a trip to Albany today. J. R. Campbell went to Springfield this forenoon. A. E. Wheeler has been commissioned a notary public. The Bartlett pear crop in California will be short this year. Mrs. Thomas Aubrey returned today to her home at Cottage Grove. J. O. Watts is having his jewelry store repainted and papered. John Weber and G. Hodges, of Coquille, were in Eugene last evening. The workmen will finish the cementing on the front of the Hotel Eugene today. Salem has passed a strict and stringent dog ordinance. Grain growers are happy. C. E. Brown of the United Pacific and J. H. O'Neill of the O. R. & N. Co. were in the city today. Buggies, carts, loads, and wagons new and second hand. Prices away down at F. L. Chambers. The little town of Halsey has passed an ordinance prohibiting bicyclists from riding on sidewalks. Mrs. Anna Harris, of San Antonio, Texas, is in Eugene visiting with her cousin Mrs. G. R. Christian. The household goods of F. E. Goodman are being shipped to Cottage Grove where he has a candy store. Albany will celebrate the Fourth of July if sufficient collateral can be raised. It takes money to celebrate. A delegation of Goshen Mechanics paid the Eugene lodge a fraternal visit last evening. A very pleasant time was had. R. E. Wrenn, at one time a resident of Eugene is now buying cattle in Eastern Oregon for a rich Montana syndicate. The weather bureau at Portland predicted a thunder storm today. It had not materialized up to the hour of going to press. Dean E. C. Sanderson of the Divinity School left for Astoria this morning to attend a district convention of the Christian church. Ray Logan, a U. O. student, leaves for his home in Portland on tomorrow's overland, owing to illness. He expects to return next year. F. W. Taylor, of Coquille, today presented this office with an egg, laid by a large white Leghorn hen that weighs less than one eighth of an ounce. Vin Cook, of Portland, spent last evening as the guest of H. E. Ankeny in this city. He left for the Sterling mines in Jackson county on the 11:28 o'clock train. Now is the time to fix up your lawns. First get a Victoria lawn mower to smooth it down, then 50 lbs worth of Gypsum and sprinkle on it. F. F. Chambers has both. Dell Kuykendall went to Salem today to attend a meeting of the executive committee of the inter-collegiate athletic association, to decide on recent protests in base ball games. Charles Knoche, who is now employed in the St. Paul office of the Chicago, Milwaukee & St. Paul railway, arrived last night for a visit with his mother, Mrs. Elwgen. Geo. W. Martin, who went to San Jose, California, about two months ago, is having his household goods shipped there, having decided to locate in that city. This is the way the Albany Democrat smites an unsuccessful fishing party: "Roaring River will continue to roar. The party returned with twelve small trout and a large amount of unused bait." Pass the good word along the line. Piles can be quickly cured without an operation by simply applying DeWitt's Witch Hazel Salve. Corner Drug Store, Vincent & Walton Proprietors. A Union correspondent of the Oregon Senator, a Pythian publication, says: "Bro Bushnell, a photographer, formerly of Eugene, who holds his membership in Ellensburg, Wash., has located in our city." Mr. Bushnell is a son of J. C. Bushnell, whose farm lies across the river from Eugene. E. K. Henderson, Green Zornwalt and Howard Dunlap leave in the morning for a month's trip to Lake county. They go via the Military road. No travel has crossed that route this season so far as known, but it is thought no trouble will be experienced from snow. Two old Indian women, one blind with age, the other decrepit and tottering, were burned to death early Thursday morning last week on Williamson river in Klamath county. They were asleep in their hut at the time. The fire is thought to be the work of an incendiary.

Today's Albany Herald: Messrs Harvey Somerville and Walter Brown, of Harrisburg, were in Albany yesterday, on their way to gather in the rest of a herd of cattle they had purchased in Polk county. Their intention is to take the cattle to Eastern Oregon, driving them by the way of the McKenzie route.

Today's Albany Herald: P. P. Huntington, president of the Southern Pacific Co., accompanied by his family, H. E. Huntington, General Manager Kruttschnitt and other officers of the company will arrive in Portland this evening on their way to Albany. It is expected they will stop several hours and perhaps over night.

An Executive Committee of Seven Appointed to Arrange Details.

Will go to Work at Once.

At 8 o'clock last evening, pursuant to call, a number of the citizens and business men met at the court house to make the necessary preliminary arrangements for celebrating the coming anniversary of national independence. Upon motion Mayor Kuykendall was selected chairman of the meeting and Wm. Mayer was named as secretary. After a short discussion upon the necessity of the proper observance of the day and the duty the county owed to the residents of the county in this regard, an executive committee of seven was selected by the house to proceed with the preliminary details, all future meetings to be subject to the call of the committee, which is composed as follows: L. T. Harris, Geo. Fisher, Drew Griffin, L. S. Roney, H. W. Rowland, R. M. Day. Mayor Kuykendall was named as ex-officio member of this committee and all other committees that may hereafter be appointed. July 4th this year comes on Saturday, and it seems to be the wish of all that the day be celebrated on July 3—Saturday. In doing so we would only be following a precedent laid down by the other towns of the state who have already made their arrangements for the day. The last of this week or the first of next week the committee will be around to interview the business men to secure the finances necessary to make the affair a success, and from what has been heard and expressed by those interested it is not believed the committee will meet with difficulty in securing what they need to make it a complete success. Several of the committee are experienced and untiring workers in this line, and the people of the surrounding towns and country can rest assured that an attractive program and pleasant time will be given to all.

A Bondsman Not Satisfied.

Today's Oregonian: "V. Hemenway, one of the bondsmen of Postmaster Craig, of Eugene, is very much dissatisfied with the action of the federal grand jury in his case. He writes a letter to the Oregonian, in the course of which he says: "Craig embezzled \$2100. Inspector Gordon stated in the presence of the five bondsmen, and in the presence and hearing of Postmaster Craig, that the postmaster had embezzled about \$2100, and that he (Craig) had admitted it to him; also that Craig perjured himself in swearing to his quarterly reports to the United States government that he had turned over to the government the money due from his office, which he had never turned over, or any part of it. Mr. Gordon, in speaking of the bondsmen, said: 'Gentlemen, you can walk up and pay over the little \$2100. That will be all that you will have to do. Uncle Sam will attend to Craig later on.' "Now this Postmaster Craig is brought before the United States grand jury, charged with embezzling about \$2100, by the United States Inspector. The crime is admitted by United States Postmaster Craig, and denied by the United States grand jury, and now this same grand jury is dismissed, and thanks for the intelligent manner in which they had performed their duties, and the public congratulated on the excellent class of men who had been drawn on the jury."

The Grandest Remedy.

Mr. R. B. Greeve, merchant of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by the use of two bottles. For the past three years has been attending to business, and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It don't fail. Trial bottles free at Henderson & Lund's Drug store.

ON PLEASURE BENT.—Last evening there rode into the city three bicyclists from afar, and whose destination was still further. Arthur W. Whalley, Wm. Ewing and Arnot Johnson, the former an insurance man and the two latter employees of the Post-Intelligencer of Seattle, are the names and occupations of the young men. They are bound from their home city to San Francisco, are out for a pleasure trip, and do not expect to break any records. They left Seattle last Friday and will be between two and three weeks on the road.

WELL LOCATED.—Claude Davis, who recently left here for Eastern Oregon, writes from Baker City that he is located there, and is employed in an iron p. floor.

Ex-Mayor Matlock Writes a Letter and Gives Figures on Eugene's Financial Condition.

DEAR MAYOR KUYKENDALL:—In your recent message you say "there was a reported reduction of \$2,000 in the indebtedness of the city, but a careful investigation shows this was apparent, and not real." The recorder's report shows that the true indebtedness April 1, 1896, was \$14,513.37, and April 1, 1897, was \$17,491.53. Subtract and we have \$2,978.16. This leaves the true debt of the city \$2,022.84, less April 1, 1897, than it was April 1, 1896. Is this real or apparent? I know if I had this sum I would call it real, and not apparent. The above figures are from the annual reports of the recorder and are for one year. Each is, I believe, just as correct as any ever made, and includes all the city owes except three months interest on \$15,000 sewer bonds and interest on city warrants, and could not have been included in the report without doing it violence; because the income could not be counted for more than a year, and to calculate the expense for more than that time would not show how much the city was reducing its debt per annum. But in order to show the indebtedness of the city you produce the following figures: Sewer bonds \$15,000. Accrued interest on same \$262.50. Outstanding warrants \$13,330.73. Accrued interest on same \$797.65. Bills for current expenses for which warrants were not drawn \$746.85, making a total of \$30,137.73. I could not find the treasurer's report, although I searched diligently for it. I then went to the treasurer, and found the above figures misleading in every respect. The unpaid outstanding warrants on the first of April, 1897, was \$13,145.95 instead of \$13,330.73, error of \$184.78. Interest on same as calculated is \$788.79 and not \$797.65, error \$8.89. Warrants \$646.85 quoted above at \$746.85, error \$100. Look and reflect on the above; it needs no comment. Now, if I had added to the \$15,000 sewer bonds \$262.50, I would have paid the interest on the sewer bonds for 15 months instead of 12 months as your report shows, and by this mode of calculation interest on \$13,145.78 for 21 months, and the general expenses of the city for 13 months. I was making an annual report and not a mixed up report, as this would have been, it would have been neither sensible or instructive. You say "that the revenues of the city are as follows:" Taxes estimated by the recorder..... \$7,650.00 Licenses, estimated..... 2,750.00 Fines, estimated..... 150.00 Cash on hand..... 388.96 \$10,938.96 You also mention in litigation..... 2,300.00 Total..... \$13,238.96 You say: "Out of this the current expenses must be paid, and no part of it can be considered an asset available for payment on the debt." The law compels the city treasurer to pay the oldest recorded warrants first, (the city must do its business on time until its debts are paid), and already nearly \$5,000 of this debt has been paid, and there are about \$1,900 sewer funds in the treasurer's hands which, if the mayor had been as curious to inform himself about, as he was to know by what means the city had been able to reduce its debt \$2,022.84, you could have applied this sum on the debt the sewer fund owes the general fund. Thus you could have had about \$2,000 more of the outstanding warrants redeemed, and interest stopped on the same. Thus the taxpayers would have been relieved of paying interest on nearly \$7,000, and all out of this fund which you say can not be considered as assets available for payment of debts; but as it is, and in face of the mayor's opinion, the law has compelled the treasurer to redeem nearly \$5,000 of the city warrants. Well, Mr. Mayor, I think that the recorder's and treasurer's books are well and ably kept, and I am willing to take them as correct, and when they show that the city's debts have been reduced \$2,022.84 in the past year, I did quote them, and was then and am yet very proud of their showing. You say "that the city has reduced its debt about \$250 in the past year, and that you consider this a very creditable showing." But dear Mayor, that instead of guessing at it, and calling it about \$250, you had better leave it as the recorder's books show, \$2,022.84, and is it not a better showing, and more correct. I would have not written this letter to you had you made the statement you promised me, namely that you did not intend to do me injustice. Then I should have left the matter between you and the recorder, but I have given you ample time, and you have failed to keep your word. Yours truly, J. D. MATLOCK.

ONLY SIX MONTHS BACK.—The last call for warrants by the county treasurer will bring in all warrants registered up to Sept. 28, 1896. This leaves Lane county only a little over six months back in her payments, and her warrants are selling at 2 per cent premium.
