J. H. Zeibn & Co., Philadelphia, Pa. TEACHERS INSTITUTE.

An Interesting Program.

Announcements concerning the Teachers Institute, which meets in Villard Hall, July 28, and continues in session for two works are now out.

This is the annual meeting which all teachers are required to ettend. Super. 25 per cent off. Call intendent Hard annuaries that he will follow the law strictly in regard to this matter. It is confidently expected that the attendance at this institute will be larger than at any previous meeting of the kind,

One new feature of the institute is that it will be divided into two grades, one being for those who have never taught or who hold second or third grade certificates, the other for those who hold first grade certificates, state certificates or diplomas.

Besides giving the best obtainable instruction in methods of teaching, the institute will give a most excellent review for any one who is preparing to take any teachers examination. There will be no charge for tuition and consequently the expense will be very

Something of Prof Ackerman's popularity as an instructor may be seen in the fact that all his time is employed. in institute work from the time his school closes in Partland in June until it reopens in September. Prof Friedel, of the U of O, is well
