DISTRICT NO 27 ROAD WORK.

Another Assessment Needed—Eugene
the Center of a System of
Good Road

An item appeared in the GUARD Saturday stating that it was the opinion of Dr H F McCormack, supervisor of road district No 27, that only one assessment would be needed in his district.

The attention of Dr McCormack being called to the statement he informs us that another assessment is necessary to put the road in good condition for winter travel. The roads in some places in that district were very bad last winter, so bad in fact on the Bailey hill at one time that fences were torn down and travel went through the fields.

It has been the policy of the county court for several years past to keep extending the Eugene districts farther into the country as the roads are made first class, hence this district, which extends from Willamette street several miles westward, and north and south about three miles, has a large mileage of road within its boundaries, and one assessment of road work cannot make necessary extensions and keep roads already built in proper repair.

Our people want good roads and so long as the policy inaugurated by ex-Judge Flisk, and worthily carried out by Judge Potter, is followed no complaint will be made about double assessments. Give us intelligent road work and good roads and no complaint will be heard. It is the useless frittering away of resources that provokes complaint.

Eugene is the center of a system of good roads and our citizens without dissent support the county authorities in improving and extending the roads that converge here. It is business for the town and business men. It is business for the farmer who must haul his produce to the market at a railroad station. Our roads cannot be made too good and the supervisor who puts them in the best possible condition is entitled not only to thanks but the hearty support of the entire community.

BUILDING PURCHASED.

The Kays Store Building Sold For \$4,200.

This afternoon F M Wilkins sold to Frank L Chambers the one story brick building, now occupied by the J W Kays Furniture Co., for the sum of \$4,200. The lot is 25x100 feet.

We are glad to see real estate commerce moving, even if the prices are low.

Resolutions of Condolence.

WHEREAS, The Supreme Commander of the Universe, who doeth all things well has, in his wisdom, called from our ranks, our esteemed and honored comrade, John C Church, who has answered to the last roll call on earth to have his name entered on the Roster above; and

WHEREAS, In the death of comrade John C Church, J W Geary Post No 7, Grand Army of the Republic, has lost the counsel and comradeship of a useful and worthy member; his family, a devoted husband and father; our community a loyal, upright and enterprising citizen, who went forth at his country's call in the dark days of 1861, and did his duty as a soldier nobly and well. Therefore be it

RESOLVED, By J W Geary Post No 7, G A R, that while we deeply deplore the sudden death of our comrade, John C Church, we bow submissively to the orders of our Supreme Commander, and hereby extend our most earnest sympathy, to his bereaved wife and children in their great and irreparable loss.

RESOLVED, That these resolutions be spread upon the journal of the Post and a copy sent under the seal of the Post to the bereaved family, and a copy also furnished to the press of the county for publication.

Freight Train Schedules.

Agent L G Adair gives us the following information as to the movement of freight trains on the Southern Pacific. Commencing August 9th, a through tri-weekly extra freight will be put on to leave Portland Monday, Wednesday and Fridays at 8 p. m. It will leave Ashland Wednesdays, Fridays and Sundays at 7:30 a. m. This train will handle only through full loads and will pick up such loads at local stations.

Local freights will continue to run daily north of Junction City. South of Junction City they will run tri-weekly, leaving Junction City Sundays, Wednesdays and Fridays, and Ashland Mondays, Wednesdays and Fridays.

A GOOD YIELD.—We understand that A J Zumwalt's crop of fall wheat, near Irving, averaged thirty bushels per acre. The quality is excellent.

Miss Elsie Schwarzschild arrived home this afternoon from a visit of several months at San Francisco. Her brother Julius accompanied her up from Portland.

Mrs S E Brown started this morning on the 419 overland for Illinois, where she will make an extended visit to her mother, near Streeter, and with sisters and other relatives in various other parts of the state.

Dr L M Davis' residence at Albina, which was consumed by fire the other night cost several years ago \$12,000. It was insured for \$5,000. A piano and a few household goods were saved.

Mrs W E Loughmiller and mother, Mrs C F Peter, start on the morning overland tomorrow for Portland, where they take the steamer State of California, outward bound for San Francisco.

Prof D V S Reid and his most estimable family left for Athena, Umattilla county, their future home on the morning local. Their many friends in Eugene wish them much success in their new field of labor.

Mrs Wm Warren and Miss Sayre, of Astoria, nieces of Mrs S E Brown, stopped at Eugene yesterday, on their way home from a California trip. They accompanied the Brown-Meyer-Staley party as far as Portland on the 419 overland this morning.

Thomas Kay, owner of the Salem and Waterloo Woolen mills, was in the city today looking after his interest in this city in connection with his agents, Howe & Rice. His company is making heavy mackinaws and blankets to fill Clondyke orders.

TUESDAY, AUGUST 10

Weinhard's ice factory shipped a car of ice to Roseburg today.

Large quantities of wheat are being received by the Eugene flouring mill.

The Eugene Soda Works is now occupying quarters in the old Winter's gallery building on Willamette street.

A Umattilla farmer raised 50 bushels per acre of Russian Red wheat, 15 bushels more than the ordinary varieties.

The foundation of the new Christian church is being built, and the framework of the building will go up at once.

A few drops of rain fell here about 10:30 o'clock this forenoon. At Fairmount quite a heavy shower prevailed.

The hop growers of Polk county will pay 30 cents per box for picking. This will also likely be the price in Lane county.

A bicycle, they say, can be bought at Seattle for almost nothing. The price is low because the machine can't be ridden to Klondyke.

H C Miller, junior editor of the Independent, of Woodburn, with his wife are visiting their parents, Mr and Mrs B H Miller of this city.

W C Yoran, who has been employed as a deputy sheriff during the tax collecting season, is now acting as reporter on the Register.

Did Juman that Yacon boy 12 1/2 cent wash dress goods at 5 cents per yard and \$1 and \$1.50 shirt waists for 50 and 75 at S H Friendly's.

The Riddle Mile is no more. It might have been but for a lack of financial support. It takes money as well as cheek to run a newspaper.

John P Ward of Portland, has gone to Alaska, where he has an appointment as a customs inspector, and he will probably be stationed at Oumaska.

The large smokestack for the new plant of the Eugene Electric Light Co has arrived and is now at the S P yards, from whence it will be moved to its new home.

Portland Welcome: A business block adjoining that occupied by Hazeltine & Co, near Second and Pine streets, which, a few years ago, cost \$25,000, was sold during the week for \$14,500.

Fred Withrow last evening had one of his right hands cut by an accident. He was shoved against a person who had a knife open, and the above was the result. He is carrying the injured member in a sling today.

The Harrisburg Review notes that the Labor Exchange organized in that city is erecting a fruit dryer next to the Douglas Flour Mill and will engage in the fruit drying business this season in an experimental way.

Baker City Republican: Miss Eula Palmer returned to our city yesterday from Eugene, Oregon. The young lady has been attending the State University in that city for about two years, and her record as a student is a credit to her parents and the people here.

In speaking of a probable suit against the S P R R, by Miss Jennie Smoot, of Springfield, the Albany Democrat says that the principal witnesses for the railroad are W B Guisness and Ed Mills, of Albany. Mr Mills was just behind Miss Smoot when she stepped or fell from the cars.

Effectual work in exterminating the hop disease is being done in Washington county by the yellow jackets in some of the yards of that county. An owner of a yard at Laurel reports that on the vines where the vermin are abundant are also to be found a swarm of yellow jackets, and with the hot weather he thinks not much damage will result.

Geo A Whitmore of Klamath county, is visiting his nephew, Volney Hemenway, in Eugene. Mr Whitmore resided in Douglas county in the late fifties and early sixties, and occasionally took a hand in pioneer sporting events on the turf when a track was maintained on the Blair farm adjoining Eugene. The actors in those scenes have, with few exceptions, laid down the burdens of life.

Oregon City Enterprise: Prof McClure gave a lecture during Chautauqua on the acetylene light on Thursday afternoon, July 16, at the Round table, which he demonstrated with apparatus. He was a great favorite among the students at the state university and universally esteemed for his many sterling qualities. His death comes as a personal bereavement to hundreds of persons throughout the state.

THE STATE PAID UP.

Treasurer Patterson Today Sent the Balance of Lane's Taxes to Treasurer Metcahan.

County Treasurer A S Patterson today sent to State Treasurer Metcahan \$1548.42, which completes the amount of taxes owed by this county to the state.

The delinquent tax rolls will be published in about two weeks and the remainder of taxes will then be collected which will be applied to county uses.

SAD NEWS.

Hon. C. K. Wilkinson Reported in An Advanced Stage of Consumption.

Portland, August 10
We take the following from yesterday's Portland Evening Tribune:
"A E Reames, of Jacksonville, is in the city to raise funds for the purpose of sending Hon C K Wilkinson to the hospital at Ashville, N C. Mr Wilkinson is in an advanced stage of consumption. At Ashville is an institution for the treatment of the disease whose hopeless cases are said to have been cured. There is a possible chance of saving the young man. He was for a couple of years connected with the custom house in this city and about a year ago went to Phoenix, Arizona, to live. He was elected to the legislature from Lane county about six years ago, when he was 21 years of age, being then the youngest man ever elected to the Oregon legislature. He is one of the finest gentlemen ever met. It is deplorable that he should be stricken with the dread disease."

Mr Wilkinson's many friends in Lane county will read the above with many regrets. It was hoped that the climate of Arizona would restore him to good health.

To Mr Wilkinson is due the credit for the appropriation for building the University of Oregon's dormitory. If a subscription paper was circulated in Eugene to raise funds for him it ought to be subscribed to by our leading citizens.

Frank Wilkins, Chas Stiles and Mr Callias leave tonight in charge of the Thompson train-load of cattle, bound for Chicago.

W H Abrams and wife, employees of the state at Salem, are visiting in Eugene, having arrived on last night's train. They expect to return to Salem Saturday morning.

Bud Hyman has returned from a trip to Eastern Oregon, bringing home with him several horses. He says Harry Britlow is working at good wages at Squaw Creek.

Prineville Review: "Johan Kraus the old German, arrested here last week and taken to Eugene for running off with mortgaged property was in Prineville last Thursday. He was either turned loose or made his escape." He was released on his own recognizance.

The last issue of the Florence West says: "Misses Bertha Matlock and Addie Bangs arrived in Florence yesterday having come to Mapleton on the stage.... Joe Matlock, Harry Gray and Abe Bangs arrived at Florence by Tuesday's boat on their way to Heeds for a fortnight of camping out."

THE BEST SPRING MEDICINE

It is SIMMONS' LIVER REGULATOR—don't forget the name. It is the best medicine for the liver, and it is the best medicine for the stomach, and it is the best medicine for the bowels, and it is the best medicine for the blood, and it is the best medicine for the nerves, and it is the best medicine for the system. It is the best medicine for the whole body. It is the best medicine for the whole family. It is the best medicine for the whole world.

TWO PROFESSORS.

The Journal Writes up Prof. Condon and McElroy.—For Once It Says Some Kind Words of the Latter.

We find the following editorial correspondence in the Salem Daily Journal of yesterday from S Newport:
"Prof Thomas Condon, the pioneer geologist of Oregon, and also a teacher of history at the State University, is spending this summer at Newport as is his custom. He has a large and devoted following of students wherever he chooses to spend his time, for once a student of Condon's is to be always a student of science and an admirer of the professor. Few men have the great gift of awakening enthusiasm and arousing an ardent interest in the subject matter to which he attracts attention and few impart so freely and generously. Prof Condon has collected at Eugene geological specimens and data (notes and drawings) of all the great formations of the state, that should one day become the property of the state and the basis for publishing a geology of Oregon. Prof Condon has reared an interesting family of sons and daughters, but regrets that none of them are prepared to take up and carry on his life work.

"Prof McElroy, of the state university, surprised all at the State Teachers' Association (or what was called such) at Newport by strongly opposing capital punishment. He declared no teacher had a right to whip a child. The law of Oregon allowed no teacher to whip unless authorized to do so by the school board. As a whipper Prof McElroy was a record breaker. He is said to have whipped 29 large boys at Corvallis at one whipping. The fact that at the State Teachers' Association he made a talk against corporal punishment shows that McElroy is making progress. He has not taught much for fourteen years, as he was state superintendent for twelve years and has held a chair for several years at the state university. The chair has been shifted several times and a new label put on it. Education in Oregon heretofore has been adjusted to McElroy's faculties. It is a hopeful sign that he is adjusting himself to progress.

"McElroy as an official was a rustler. He probably framed and had passed more new laws than any man in Oregon. These laws were not always for the purpose of building up his own office and increasing its profits but included the creation of new offices, and new institutions. A man of such force was a costly luxury to the state, unless his work promoted the school system more than some other man would have done in the twelve year; he was state superintendent. There was a marked absence of McElroy's force and organizing skill in the recent Newport teachers association. McElroy used to have 400 to 600 teachers at his state associations. State Superintendent Irwin is a good circuit rider. He can preach and eat chickens with any man but is no organizer. He had about 20 males and 30 females at his Newport meeting. He got there himself a day or two late still somewhat seasick."

SIUSLAW HATCHERY.

The National Fish Commission Decides on Its Operation This Season.

Florence West: "A letter from Congressman Tongue to Postmaster Kyle, which was received this week, brings the news that the National Fish Commission has decided to allow the expenditure of \$500 to operate the hatchery at Mapleton this year. This is welcome news and the thanks of this community are due to our congressman for his efforts to bring about this decision."
