

To Weekly Subscribers.

With this week we commence sending out statements of account to subscribers who are one year or more in arrears. We hope these notices will meet with prompt responses. The GUARD furnishes a very large amount of local and general reading matter for the money—more we believe than any other newspaper in the state—and there can be no question but that the subscriber receives full value for his money. We have fully earned the money due us, and feel compelled to ask payment.

SIMPLY A FARCE.

The Roseburg Review has this just but caustic comment on some of the powers that be: Congressman Tongue has recommended Rocky Hodgkin, son of Assistant Treasurer F E Hodgkin, for a cadetship at West Point.—Salem Journal. This "recommending" is a farce. Young Hodgkin barely passed his examination in the 8th grade of the Salem public schools. He will have to pass an examination much more severe to get into West Point. The young man "recommended" from Salem for the Naval cadetship is reported to have failed. When will this farce stop? It is an injustice to the young man "recommended" through political pressure. In other states an examining board is appointed and the position is thrown open to all the young men of the district. The one who stands highest is recommended. The plan is fair, just, legal, American. There is no chance for the Salem hog to get in his work.

While Mark Twain was in Dresden he expressed a wish to meet Dr Paul Lindau. The result was a dinner given by an American resident there, which brought the two distinguished authors together. When conversation became general Dr Lindau gave his views on America. He had been there for a few weeks and knew it all. In particular he condemned the climate of Florida, Mr Clemens thereupon spoke up: "I was there some years ago and spent some time in Key West. While at Key West a schooner put in one day with several of the crew dead from yellow fever. Well, there was great excitement in the town, and elaborate preparations were made for the funeral. A minister was secured to officiate, and when all was ready he opened his prayer book and read the marriage service. There was no funeral service in the Key West prayer books. They never had occasion to use it."

The attorney general of New South Wales denounces as a shameless robbery the bill for \$28,000 expenses in the Butler extradition case at San Francisco. The attorney general says: "If we are to be saddled in the future with bills of this character, I shall deem it my duty to advise the government in all future cases to allow the foreign countries to keep our criminals, and thus avoid the risk of even being asked for the payment of such extraordinary charges as these."

A Yamhill county hop grower who had few lice to contend with attributes the absence of the pest to pasturing the yard with sheep which were turned on the ground about the first of July. They cleaned the vines of all the lower leaves and runners thereby destroying many lice.

This is not the only country that suffers from extortionate official charges. New South Wales is asked to pay \$28,000 for extraditing murderer Butler from San Francisco. The attorney general suggests that at such an excessive rate for returning criminals it would be better to allow them to remain abroad.

Hops.

Yesterday's Salem Statesman: "Dallas, the county seat of Polk, comes to the front with the first new purchase of 1897 hops and he price paid was 15 cents per pound, the Shepard and Card lot of 50 bales being taken at that sum by Crider Bros Co. The order for this purchase came direct from London yesterday. The lot is an extra choice one." The Oregonian of yesterday estimates the yield of Oregon at less than 40,000 bales of hops. The latest from the Waterville (N Y) market is as follows: "There have been offers freely made of 15 cts, and a few sales have been made at that price, more in Madison and Knobsboro than around here. Henry York sold his crop of about 30 bales this week for 15 cents. Growers are very firm, and buyers find hard work to buy at 15 cents. The former feel that the conditions all warrant good prices, and they are going to wait a little to see what they will see. There have been rumors of better than 15 offered, but they have not been verified."

REFEREE'S COURT.—Referee A C Woodcock, of this city will hold a session of his court at Salem Monday, in the Oregon Pacific matter. The amount in question and to be distributed is \$19,800, and in the proceeds of the sale of the steamship Willamette Valley in the U S court in San Francisco in 1895. The question is whether the money goes to Bonner & Hammond, the purchasers of the Oregon Pacific railroad or whether it goes to numerous creditors of the road created by receivers prior to the purchase of the road by the above firm.

Daily Guard, September 30. HOT BOXES.—Today's north bound local arrived in Eugene about 45 minutes late. They had some trouble with hot boxes on wheels, and had to stop and fix one at Eugene. To further aggravate the train crew, a telegram was handed the conductor that he would be expected to pick up at Junction a car loaded with sugar and take on through, that had been laid off there by No 15 on account of hot boxes.

Your money refunded if Kings Smokeless shells don't give satisfaction. Joel McCornack is now able to be up and about his residence, but is still quite weak. All the woolen mills in Oregon are running night and day and are belined with orders. Twenty-three students registered at the University of Oregon law school in Portland last night. "King's" Smokeless kills. The art of making paper has progressed so, that a tree cut down in the morning is turned into paper within twenty-four hours. Thousands of wild geese have been passing over Eugene for several nights. This is accepted by many as a sure sign that winter is upon us. A crisis is on in Spain and a new ministry will result. It is predicted that Butcher Weyler will lose his job in Cuba as a result of the change. W O Trine the foot racer, is now being cared for at a private residence in Sacramento, Cal, by his wife. A letter received yesterday says he is a little better. The pacing filly Be-sie Rankin was expected to start in a race at Oakland, Cal, today. Her manager, Chas May-bew, will leave in charge of the animal, for Eugene in a day or two. The Salem medical college reopened yesterday. The opening lecture was delivered by Dr Wm Kuykendall, of Eugene, professor of diseases. Dr D A Payne is professor of mental diseases. It is said a young man who resides at Pleasant Hill recently contracted to teach the school at Gate Creek, but resigned the position after teaching one day, claiming it was too lonesome. At Albany yesterday, buyers were paying 68 cents per bushel for wheat, and at Eugene the same price was paid, although the freight rate is two cents per bushel less to Port and from Albany than from here. It has often been stated that the grave of Jenny Lind, the "Swedish Nightingale," has been neglected, and is not even marked by a stone. This is not true. A handsome cross marks her last resting place on Malvern hill in England. Corvallis Times: "Mrs John Long left Friday for the East to be absent several months. She is to visit relatives in Iowa, Wisconsin and New York." Mrs Long and her husband, John Long, formerly resided at Co-burg. Corvallis Times: "Asa Alexander and Telt Burnett arrived Saturday night from a hunting trip at Gate Creek, 32 miles beyond Eugene. They captured two of the sixty deer killed in the vicinity during the week they were encamped there. A buck, two does and three fawn were killed at two shots by one man during their stay. The shooter used a shot gun, and fired while the deer were drinking in the creek." The youngest lawyer in the United States, according to ex-Chief Justice C C Cole, of the Iowa supreme bench, has just been turned out of the Iowa law college, of which Judge Cole is dean. The boy who has attained this distinction is but 16 years old, and is a native of Iowa. His name is Homer Millisap, and he spent his earlier years in California.

FREE LECTURE.

At Mount's Hall Seven Nights at 8 O'clock. Commencing Friday Oct 1, Dr Del-MacClair, the eminent lecturer and examiner in chief for the Oriental Medical Syndicate of San Francisco and Calcutta, will give a series of illustrated lectures in costume on the laws of life and health, the origin, prevention and cure of diseases, and give demonstrations of human occult forces. Sunday evening the lecture is entitled the "Human Skylight" or how the light within meets the light from above. Wednesday afternoon at 3 o'clock private lecture for ladies only, and Wednesday evening at 8 o'clock men only. The San Francisco Examiner says of the speaker: "The lectures are not only replete with the grandest ideas, but the speaker illustrates his subject with artistic colored crayon. His gorgeous oriental costumes and typical scenery are pleasing to the eye. At the close of each lecture he gives an exhibition of his peculiar powers that eclipse the miracles of hypnotism or mind reading." Circuit Court Cases. The following circuit court cases have been filed in the clerk's office today: Wm P Lord, governor of the State of Oregon, et al, constituting the board of commissioners for the sale of school and university lands, and for the investment of funds arising therefrom, for the State of Oregon vs Sarah L Johnson, formerly Sarah L Lytle, executrix of the estate of Andrew Lytle, deceased; suit to foreclose mortgage. Judgment is asked for \$2,300 and interest since Nov. 2, 1894. Mary L Butler vs George M Jackson et al; suit to foreclose mortgage. Judgment is asked for \$1,691.25 and interest. New Foundry Building. Eugene's enterprising foundryman, Geo N Frazer is making arrangements for building a new foundry on the ground occupied by his present one. The new building will be 25,500 feet on the ground with 24 foot walls. The lower floor will be used for a molding room and heavy machinery, and the upper floor for pattern making and light machine work. The second floor will be firmly supported by rows of posts, making a very substantial structure. A manufacturing plant of this kind is a valuable adjunct to the business of a town, and the extension of Mr Frazer's facilities for first class work is a matter of congratulation. Horses for Sale. I have four head of good work horses, well broke, that I will sell cheap for cash, or will exchange them for hay, oats or wheat. Call on or address G W KINSLEY, Chrisman building, Eugene, Or. K OF P GRAND LODGE.—Oregonian: The grand lodge of the Knights of Pythias will meet in Portland October 12-13, and the local reception committee, John M Mann, of Castle 13, and Clarence W Avery, American 1, are busily engaged in arranging for the reception of the visitors. They have established headquarters at the Hotel Perkins during the session. It is expected that the attendance will be unusually large. The K of P grand lodge sessions are always interesting, and bring together many of the prominent men of the state. Daily Guard September 30. DELAYED TRAIN.—The north bound overland train did not reach here until 8:45 o'clock this morning, and remained here for twenty minutes awaiting orders. The delay was caused by a large fire of lumber, 2,500,000 feet, yesterday at Sisson, Cal., which was piled alongside the track. The train arrived at Sisson at 11 a m, and could not get passed the fire until 6 p m. DRIED APPLES.—The fruit dryers throughout Lane county should make a run on the apple crop. Grocersmen tell us that the demand for dried apples will be larger than for years and the prices better, on account of a partial failure of the apple crop East. GOOD GRASS.—Farmers inform us that grass is better now than ever before known at this season of the year. It is predicted that stock will fare well at least in early winter, as the rages are not crowded and the grass is sure to be excellent. A GOOD IDEA.—F L Chambers has had the mud in front of his store scraped up and carried away. It would be a good thing if the city should have the business streets cleaned in a like manner. FOR SALE.—80 acres of land; has small house and barn, fencing, slash-ing, etc., and living water. For further particulars, inquire of W Sanders Eugene, Or.

AT THE CANNERY.

An Experiment With Evaporated Potatoes—Will Can Tomatoes Tomorrow. The Eugene Canning Co., has been figuring some on evaporating quite an amount of potatoes for San Francisco parties. One day this week they experimented with 100 pounds of first-class potatoes. After steaming, piling and slicing 100 pounds they found they had left 75 pounds. Then they evaporated them, and when thoroughly dried there remained 18 pounds. They were of an excellent quality. If a contract can be had at remunerative figures the evaporator could run for a number of weeks on this product. It will be known shortly whether such a contract can be obtained. TOMATOES. The cannery will make a short run tomorrow canning tomatoes. It seems that the quantity of ripe tomatoes in this section is quite small, and therefore the amount canned will probably not be large. Goshen Items. Sept 20, '97. Miss Ella Matteson of Fall Creek opened school in our district on the 20th with a fair attendance. J H Raines and wife have moved to their ranch on Fall Creek. P R Wallace and daughter Miss Alice are at Kitson springs. Mrs Edmanson and two sons Lawrence and John are sojourning at Kitson springs. A Matteson and family moved to Eugene Monday. A H Boyd and family leave today for California where Mr Boyd has secured employment. Mrs J B Keeney is somewhat indisposed. Mr Cos, of Napa, California, is here now looking after his "Eden Farm." C H Mathews and family have returned from a two week's stay at Kitson springs. Lane Matlock and B F Keeney are each building new residences. Mr M have purchased some land of Mr Cahow. Mr and Mrs Wm Welbourn of Pleasant Hill were here yesterday doing business before Notary B F Keeney. Chas Smith and wife of Star are moving to Goshen. The wife and children of Rev H F Neff of Irving are visiting with Grandpa and Grandma Lockard. Alf Stewart has rented a portion of the A J Keeney farm and is preparing to move thereon. Frank Skinner has rented the Swag-gard place for two years more. Sam Wright and family left last Saturday for LaGrande or vicinity. They were renters on the Keeney place during the past year and it is the unanimous opinion of those who saw the inside of the house in which they lived immediately after their departure, which was by wagon, that the outdoor living which they must experience on their journey will be conducive to their good health. We commend the ladies of this household to the good housewives of LaGrande as model (?) housekeepers. Our postmaster and merchant, A L Roney, has made a thorough renovation of his store room. With the aid of a neat design of wall paper, some paint and re-arrangement of shelves, etc, his store presents quite an inviting appearance. Wm Lockard and family returned the first of the week from a several days visit with relatives and friends at Irving. T E Morse of Creswell spent Tuesday night with relatives here. J W Kitchen has returned from a several days, visit with relatives at Harrisburg. Springfield Items. Sept 30. Ira Younger's father and mother, of Illinois, will make this their home in the future. Mr H Wheeler visited at Stewart's this week. Born, to the wife of A W Dugan, Monday evening, a son. Mr Gilkie and family have returned to their home here from Camp Creek where they have been spending the summer. B and E Foote went to Eugene Thursday. Mr Ira Young is quite ill at his home. Prof Satten is moving in the Hunt residence. Mr Klutzley started for Eastern Oregon Thursday. The Free Methodists are holding services every Sunday across the river. Photographer W D McGee who is stopping here will next go to Waller-ville. EVIDENCE ALL IN.—The evidence in the locally celebrated Livermore divorce case has all been taken and the case will now go before the circuit judge. One of the attorneys informed us that it would probably take six days to read the testimony before Circuit Judge Fullerton at the October term of the circuit court. COLLEGE MUSIC.—Corvallis Times: The O A C will support a good band of about 20 members this year. No leader has as yet been determined on, but there is plenty of good material from which to make a selection. A good ready made tuba player and a clarinetist are about all the additions now needed.
