## COBURG ACCIDENT.

**Nelson Hulm Mistaken for a Quail  
and Shot by Dr. Taylor.**

Wounds Will Not Prove Serious.

Particulars reaching Eugene regard-  
ing the shooting accident at Coburg  
mentioned in yesterday's GUARD  
show it to have been a gross case of  
carelessness, and one that came very  
nearly resulting in loss of life.

The accident occurred about 9 o'clock  
yesterday morning on the James Bar-  
ger place three miles below Coburg,  
the "man with the gun" being an old  
game warden named Dr. Taylor, and the  
one receiving the contents thereof be-  
ing Nelson, the 18-year-old son of C. S.  
Hulm, who resides on the Barger  
place. Young Hulm was working in the  
corn field husking popcorn when Dr.  
Taylor came along looking for quail.  
Several had flew up in the corn and  
the aged farmer was all alert for more  
game, when he espied one, as he sup-  
posed, about 40 yards distant with  
about 8 rows of corn between. He  
fired away and his aim proved good,  
but his judgment of quail worse, for  
the bird proved to be the hat of young  
Hulm, who was stooping over at the  
time. The load of fine bird shot  
scattered all about the boy's head,  
three entering his forehead, and some  
about his breast but not penetrating  
the flesh.

Dr. Mackey, of Harrisburg, was sum-  
moned but did not extract the shot as  
the forehead was swollen, but will  
do so later on. He said that had the  
shell been loaded with heavier shot,  
the boy would have suffered serious, if  
not fatal injuries.

LATER.

About 2 o'clock this afternoon Lester  
Hulm returned from Coburg, and re-  
ports that his nephew was much more  
seriously injured than at first anti-  
cipated. After making a careful ex-  
amination it is found that about 70 shot  
entered the boy's flesh, about 10 in the  
scalp, three in the forehead, a number  
in the face and breast and about 35 in  
the muscles of the left arm. Few  
have been taken out yet, but will be  
later on when the wounds heal. The  
boy is resting easily, though unable to  
move much, and no fear of his recov-  
ery is anticipated. This proves to be a  
case of flagrant criminal carelessness.

## A LATE DISCOVERY.

Mrs Kinney, President W. C. T. U.  
Responsible for Important  
News.

The following is from Mrs President  
Kinney's annual address delivered be-  
fore the State W. C. T. U. at Albany in  
a week, as reported in the Daily Demo-  
crat:

"In order not to be misunderstood  
I should like to state in reference to the  
State University of Oregon, about sev-  
eral students being dismissed for  
drunkenness, and two returned diplo-  
mas, also that two or three of the pro-  
fessors had been accused of drunken-  
ness. On account of Dr Chapman try-  
ing to convict the drunken boys an at-  
tempt had been made to get him out  
of the college. Professors in colleges  
should be like Caesar's wife, above sus-  
picion."

Mrs Kinney has made an important  
discovery, and one of which no one  
was aware until that estimable lady  
brought it to light. It is but another  
illustration of the old adage "Go away  
from home to get the news."

## Funeral Services.

Daily Guard October 8.

The funeral of Lillian A. Nack,  
daughter of Mr and Mrs Julius Nack,  
took place today. Lillian was born in  
Pratt county, Kansas, November 20th  
1888, and died October 23, 1897.

The funeral services were con-  
ducted by Rev Robert Leslie, and were at-  
tended by a large number of the neigh-  
bors, whose kindly sympathy, in the  
absence of the father and husband,  
must have been a great comfort to the  
afflicted family. The body was laid to  
rest in Oak Hill cemetery.

"THE OLD BOARD"—Is the old State  
Agricultural society, that has existed  
for 40 years, says Friday's Salem Daily  
Journal. It meets Tuesday evening to  
elect a successor to M. Wilkins, the pi-  
oneer member from Lane county, who is  
also a member of the board of agricul-  
ture. Membership in the old State  
Agricultural society costs \$30, and  
when it turned the State Fair property  
over to the state board of agriculture  
it reserved the right, under the law to  
nominate one member of the new state  
board annually, who is then appointed  
by the governor. Pioneer Wilkins can  
probably have the place as long as he  
wants it. He was one of the bulwarks  
of the fair in its infancy, and was sent  
of the fair in its infancy, and was sent  
to several World's Fairs for Oregon. If  
Mr Wilkins is not chosen it is hoped  
the old society members will choose a  
new man who will put life and energy  
into the fair. John G. Wright is presi-  
dent, and A. E. Miller is secretary  
of the old State Fair society.

## IN THE WILLAMETTE.

Charlie Horseman Writes to the East  
Oregonian From Lane County.

Pendleton E O "C H H" seaman,  
who has been at Elmira, Lane county,  
since July, writes the East Oregonian  
that he will start for his home in this  
county on the 7th of October. He  
states that times are quite good in the  
valley, having much improved since  
his arrival. Harvesting is over and so  
is hop picking. The good prices for  
both wheat and hops have cheered  
the people up greatly. The valley is  
full of cattle buyers and calves have  
advanced \$4 per head within the  
past three weeks. Many in the valley  
are contemplating going to Alaska in  
the spring and owing to this exodus  
ranches are being offered at very low  
prices and some are even willing to  
take horses in exchange for their  
farms."

Table plums and pones, grown in  
the East, were selling in New York  
City September 15 at 10 to 20 cents per  
ten-pound basket. This gives some-  
thing of a hint as to why our Italian  
prunes have sold at 40 to 50 cents per  
crate of 20 pounds.

While hunting near Tugent a few  
days ago the son of J H Scott found a  
meadow lark that was a freak of na-  
ture. It was wingless and could not fly.  
It was taken to the O A C at Corvallis  
and may be seen in the collection of  
curiosities of that college.

Corvallis Times: These arrived at  
the college the other day a curious  
bird. It was a hybrid, being a cross  
between the native Oregon grouse and  
the China pheasant. It was sent to  
the O A C by a man at Junction, and  
was intended for the museum. On  
examination it was found to be so badly  
mangled by the shot that killed it,  
that to mount it will be almost im-  
possible.

of securing the lowest score. A dainty
