NERVE SEEDS WEAK MEN
Is there a tickling in the throat? Do you cough a great deal, especially when lying down? Do you hoarse at times? Does nearly every cold you take settle in your throat? These "throat coughs" are very deceptive. Don't neglect them. Troches, or cough syrups won't touch the spot. You must take remedies that will enrich the blood, tone up the nerves; and heal the inflamed membranes.
SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites contains such remedies. It has wonderful nourishing and healing power. The cause of the cough is removed; the whole system is given new life and vigor; and the danger from threatening lung trouble is swept away.
Book about it free. For sale by all druggists at 50c, and \$1.00.

WILL RESIST.—We understand that a number of our citizens will resist the bitter end the payment of a second road assessment in the Eugene district. They claim it is illegal and unnecessary.

FOUGHT THE INCOME TAX.
The "Tip of the Tongue" man in the New York Press gives the names, estimating fortunes and the amount for which a few of the rich men of the east are assessed. It is an interesting table:
The Gould estate is worth \$100,000,000; assessed for \$621,000.
F O Mathieson (sugar trust), \$15,000,000; assessed for \$246,000.
Louis Stern, \$5,000,000; assessed for \$310,000.
Henry Villard rated at \$10,000,000; Mrs Villard assessed at \$500,000.
Maj R E Hopkins [Standard Oil] \$5,000,000; assessed at \$148,000.
James H Bunker's estate, \$10,000,000; family assessed at \$295,000.
Estate of T C Eastman, \$25,000,000; family assessed at \$285,706.
No wonder all those paupers fought the income tax.
A Deadwood man writes to the Florence West that "great lucious apples go begging for 25 cents a bushel." Did that man, or the general community, ever consider the neat income that would be obtained by drying the splendid Oregon apples that go to waste under the trees? Hundreds of thousands of bushels of as fine apples as ever grew will rot on the ground in the Willamette valley this season. Such waste is unpardonable.
This is splendid weather for the farmer to get through his fall chores. Hardly enough rain for the plow as it is used by the majority of our farmers. Yet many of them are becoming convinced of the splendid results obtained from dry plowing, and a trip up and down the valley shows many plows at work in the dry stubble fields.

The Albany salvationists furnish novelties to attract people to their meetings. At their meeting to-night a seven months old baby will be given away. This is a step in advance of the chrome gift methods of drawing a crowd. The only difficulty the army is liable to experience in this novel line of drawing a crowd is that the supply of marketable babies is very limited. While a nuisance, generally speaking, the owners are very unwilling to part with them.
The announcement that ex-President Cleveland is about to re-enter politics comes like a voice from the tomb. But of course there is no truth in it. This arch traitor to his party has no following worthy of the name. The party that he betrayed has no use for him, and the party that profited by his treachery, now that their use for him is at an end, has nothing but contempt for its late ally.
A Salem minister condemns the State Fair management for allowing business to be conducted on the grounds on Sunday. He is opposed even to the eating house that catered to the wants of fair ground habitues. Drawing it rather fine on the question of Sunday desecration.

BOSTON BLOOMERS COMING.
The Ladies Baseball Club to Cross Bats with the Eugene Team, Friday, October 8.
Daily Guard October 7.
The "Boston Bloomers," the ladies champion baseball club from Boston, who are touring the west will play a match game on Friday, October 8th, with the Eugene club. Their advance agent, Mr F McMillan, arrived in Eugene last night, and this morning made the necessary arrangements with Manager Drew Griffin of the Eugene team.
The girls from Beantown put up a clean game and play like professionals, asking for no favors, but playing a hard snappy game on its merits. They played at Portland yesterday, and tomorrow and Wednesday play at Salem. This is a decided novelty and a good attendance from the surrounding country is predicted.
The Eugene team will go into training at once, and while the time is short, will try to interest the girls on their arrival.

OUTSIDE COMMENT.—Albany Democrat: The University of Oregon will not enter any of the intercollegiate contests this year either in general athletics or in football. This is to be regretted. The leading university of the state should be more spirited than that.
ENGINES ARRIVED.—The Eugene Electric Light Company received their mammoth engines for the new plant by today's freight. The same will be placed in position in a few days.
A marriage license was granted late Saturday to Ernest Sloan and Lulu Hull by County Clerk Jennings.
Cubans say they must have freedom or nothing. They are willing to purchase the r independence, but will not accept autonomy.
Evaporated apples in 50-pound boxes are quoted at 54 to 6 cents per pound at San Francisco, and are being bought up at interior points in that state at a basis of 61 cents in San Francisco.
A woman in Cottage Grove cured her husband of staying out late at night by going to the door when he came home and whispering through the keyhole, "Is that you, Willie?" Her husband's name is John, and he stays at home every night now, and sleeps with one eye open and a revolver under his pillow.

Henry George is after the rich tax dodgers in his campaign for the New York mayoralty. He claims that a well known insurance company with property valued at \$12,000,000 makes returns to the assessor on but \$2,000,000. And this, he says, is not an isolated case.
Boston will relish the solemn statement by a London newspaper of high standing and large circulation that John L Sullivan's candidacy for mayor "is supported by a powerful Methodist journal which declares that he is a reformed drunkard and was always kind to his mother."
A story is told of the late Baron Hirsch that conveys a valuable lesson. After writing a message announcing the gift of a fortune to a school, the great millionaire went over the telegram carefully a second time, condensing it so as to save a franc.
It will never do to base a permanent system of finance for the United States upon famines in Asia and crop failures in Europe.

STORE SOLD.—Currie & Huston yesterday sold their second-hand store to D Tilton, proprietor of the second-hand store at Seventh and Willamette streets. Mr Tilton will consolidate the two stores and is today moving his Willamette street stock to the location of the former stores, corner Ninth and Oak streets. Mr Currie will continue to run the Oak street fish market.

Our I's and... Other Eyes.
Our I's are just as strong as they were fifty years ago, when we have cause to use them. But we have less and less cause to praise ourselves, since others do the praising, and we are more than willing for you to see us through other eyes. This is how we look to S. F. Boyce, wholesale and retail druggist, Duluth, Minn., who after a quarter of a century of observation writes:
"I have sold Ayer's Sarsaparilla for more than 25 years, both at wholesale and retail, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. I believe Ayer's Sarsaparilla to be the best blood purifier that has been introduced to the general public." This, from a man who has sold thousands of dozens of Ayer's Sarsaparilla, is strong testimony. But it only echoes popular sentiment the world over, which has "Nothing but words of praise for Ayer's Sarsaparilla."
Any doubt about it send for "Certificate." It kills doubts and cures doubts. Address J. C. AYER CO., Lowell, Mass.
