

## AN OPEN LETTER TO MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "PITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "PITCHER'S CASTORIA," the same that has borne and does now bear the fac-simile signature of *Chas. H. Fletcher* on every bear the fac-simile signature of *Chas. H. Fletcher* wrapper. This is the original "PITCHER'S CASTORIA," which has been used in the homes of the Mothers of America for over thirty years. LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought and has the signature of *Chas. H. Fletcher* wrapper. No one has authority from me to use my name except The Centaur Company of which Chas. H. Fletcher is President.

March 8, 1897.

### Do Not Be Deceived.

Do not endanger the life of your child by accepting a cheap substitute which some druggist may offer you (because he makes a few more pennies on it), the ingredients of which even he does not know.

"The Kind You Have Always Bought" BEARS THE FAC-SIMILE SIGNATURE OF

*Chas. H. Fletcher*

Insist on Having The Kind That Never Failed You.

### OHIO ELECTION.

Ohio will hold her state election Tuesday, November 2. The money question is the issue. We give extracts from the Democratic platform:

"We declare that the act of 1873 demonetizing silver without the knowledge or approval of the American people has resulted in the appreciation of gold and a corresponding fall in the prices of commodities produced by the people, a heavy increase in the burden of taxation and of all debts, public and private, the enrichment of the money-lending classes at home and abroad, the prostration of industry and impoverishment of the people."

"We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract."

"We are unalterably opposed to monometallism, which has locked fast the prosperity of an industrial people in the paralysis of hard times. Gold monometallism is a British policy, and its adoption has brought other nations into financial servitude to London."

### SHE FELL AND HE FELL.

Opening the door in response to an insistent knock, the lady beheld the figure of one she faintly remembered.

"Oh, it is you is it?" she said idly.

"It is me," was the answer. "Your long-lost husband; who came back to tell you that he is sorry that he ran away two years ago."

"Maby you are sorry you went," retorted the lady, "but I ain't. What did you come back for?"

"My dearest, I have been to the Klondike, and last summer I accumulated fifty thousand—"

"Fifty thousand dollars?" shrieked the loving wife as she fell on his neck.

"No. Mosquito bites."

It was a moment later only that he fell on his neck himself.

### TRAGEDY IN TWO ACTS.

If one would read a moving tragedy in two acts, the perusal of which will occupy but a minute of time, it is here before them:

London, Eng., Oct. 16.—The feature of the racing week was the social triumph of Mrs. Lillie Langtry, the actress, died last night in the asylum for the insane, at Chester, to which he was recently committed by a magistrate after having been found wandering in a helpless condition in that vicinity.

London, Eng., Oct. 16.—Edward Langtry, the husband of Lillie Langtry, the actress, died last night in the asylum for the insane, at Chester, to which he was recently committed by a magistrate after having been found wandering in a helpless condition in that vicinity.

### A MODERN ALCHEMIST.

Gold from silver is not an impossibility, according to Edmund O'Neill, Associate Professor of Chemistry at the University of California.

In a lecture delivered to the chemists of the University Science Association on "The Transmutation of Metals," he declared the possibility of making gold from silver and declared that there was an excellent basis to support the claim for the union of metals and that the ultimate solution of the problem was an achievement science expects.

No very great importance is attracted to the elections of old Massachusetts because of the want of union and harmony in the political parties. It is a source of great satisfaction to the party outside of Massachusetts to know that the regular old-fashioned Democracy are always ready "to stand up and be counted." At the recent state convention of the Democracy a large majority of the delegates were outspoken in favor of the platform constructed by the party at their last national convention at Chicago. Their defeat under the leadership of the gallant Bryan has not diminished their number nor slackened their zeal.

The telegraph brings the welcome intelligence from London that Bass Croker, of New York, who had a string of running horses on the English turf the past season, "never progressed further in intimacy with the Prince of Wales than on one occasion to offer him a light for a cigar." The Prince had just cause for being offended at the new world magnate. A tip on one of the races should have been his least offering to royalty. Then a good substantial loan probably would not have been refused. His Highness is not above accepting the good things of the world.

A writer in the New York Evening Post in speaking of the development of advertising, says even as late as the sixties a column advertisement was a rarity, and ordinary retailers seldom went beyond a quarter of a column. In other words, the display advertisement as we know it to day is only a generation or so old; yet in that time it has revolutionized business ways and set a new pace for every form of enterprise.

Eastern Oregon is sending money abroad to pay up mortgages. An exchange says the money sent out of Eastern Oregon to pay off mortgages, will come back quickly enough for legitimate investment, and the farmer, who learned his lesson of economy during the period of depression, may find that, with no burden-bearing dot, he may put the knowledge thus learned to some profitable use.

The Marion county sheriff will return a \$20,000 delinquent tax roll to the commissioners court. In 1895 it was about double that amount. A good indication of the better times which the country is experiencing on account of better prices for farm products.

### CIRCUIT COURT.

FOUR HOURS' SPORT.—Salem Statesman: W. R. Anderson, C. M. Charlton, James Riggs, Frank Star and Bert and Tyne Rhodes went up the river about five miles yesterday afternoon for a few hours sport in the stream with a seine. They had any amount of fun and returned to the city with a big load of fish—so big a load as to demonstrate beyond question that they are adepts with the net. The "net" result of the trip is approximated at about 1,500 pounds. It included carp, grayling and catfish, besides one terrapin, claimed by Bert Rhodes personally as a fit subject for his skill in taxidermy. Some of the carp were splendid specimens, ranging from ten to thirteen pounds. The boys were very generous with their "catch" giving right and left in almost any quantity, to those whom they met after arriving home. It goes on record as one of the best catches ever made in the upper Willamette.

YOUNG BAPTISTS.—In the Baptist Young People's Union convention at McMinnville Saturday, the nominating committee reported the following: For president, G. W. Swope; recording secretary, D. C. Williams; corresponding secretary, O. P. Coshaw; statistical secretary, A. W. Foshy; members of the executive committee, F. E. Donaldson, H. E. Guild, Mrs. C. C. East, J. C. Clark; editor of Pacific Baptist correspondence, Ralph L. Knapp. They were elected.

BOULDOVER.—Wm. Simmons was today bound over in the Coburg justice court to appear before the grand jury on the charge of larceny of a pistol from the residence of L. Vaughan.

108 POUNDS.—A cattle squab is on exhibition in the window of Long's hardware store that weighs 108 pounds. Who can beat it?

### CANNED FRUIT.

S. P. Sladden receives Two Car-Load Orders.

It is noted around the Smith warehouse, leased by S. P. Sladden, that there is considerable activity today.

This is due to orders received by Mr. Sladden for fruit. He has received one order from Des Moines, Iowa, for a car load of assorted lots, and another order for the same amount from Portland. One car will be sent out on tonight's freight if loaded in time.

The fruit is keeping well and the prospects are very good that a new method of packing fruit in the market has been inaugurated.

NOW A CAPTAIN.—J. F. Frick, coach of the University of Oregon football team last season, is now captain of the Reliance California football team. The Examiner criticises his rough playing saying he is a regular prize fighter.
