A SMELTER FOR BOHEMIA. Mine Owners May Unite Their Interests and Secure a Plant—Valuable Concentrates Ready for Reduction.

B K Worley, of Tacoma, who owns the Golden Slipper mine in the Bohemia district, came in from his mine the other day and went to Portland to meet and confer with Judge Reid as to putting the Hammerley mine, near Grant's Pass, which has been so long in litigation, in operation.

Mr Worley says Bohemia is bound to make the largest mining camp on the Pacific coast. He says he has under consideration, with other parties, the purchase of a smelter to be erected near his property at a cost of about \$6000. There are concentrates enough at the Music Mine alone to pay for a smelter, besides those at the Noonday and Champion mines.

Mr Worley has consulted with owners of other mines with a view to securing their cooperation, and has met with all the encouragement that could be desired.

DURRANT MUST HANG.

The U. S. Supreme Court Declines to Take a Hand in the Matter.

WASHINGTON, Nov 8.—The United States supreme court today affirmed the decision of the circuit court of California refusing a writ of habeas corpus to William Henry Theodore Durrant, under sentence of death for the murder of Miss Blanche Lamont at San Francisco, in April, 1895.

The case has attracted attention throughout the whole United States, and today's decision permits the law to take its course with the condemned man.

Chief Justice Fuller announced the court's decision, but made no remarks save to cite a few authorities on which the court based the decision.

The decision of the Durrant case was in response to the motion of Attorney-General Fitzgerald to dismiss the case or affirm the decision of the court below. The chief justice in rendering the opinion of the court, indulged in no comment whatever, merely remarking that the order of the circuit court was affirmed on the authority of the decision of the court in previous cases.

Attorney-General Fitzgerald was present in the court room when the opinion was rendered, and said it would insure Durrant's hanging.

SHOT A COMPANION.

Is the Man Who Did the Shooting "Hod" Harrington, Formerly of Eugene?

DAVENPORT, Wash., Nov 5.—Last night A C McKay and H Harrington who had been drinking, started in a buggy for Wilbur. On the way they fell into the company of Moss Dodd and Wesley Summerlin, and the four stopped and took a drink.

When they were ready to proceed again, it was suggested that the pairs change and Dodd and McKay got into the first buggy, Harrington and Summerlin in the rear. As the conveyances were bowling along the road, Harrington drew a revolver and began shooting.

One of the shots hit McKay back of the left ear. McKay was brought to Davenport this morning, and died at noon. Harrington is in jail, and will be held to await the action of the coroner's inquest.

LATER. DAVENPORT, Wash., Nov 6.—The coroner's jury in the case of A C McKay, shot and killed yesterday by H Harrington, while on the road to Wilbur, rendered a verdict simply that the deceased came to his death from a gunshot wound, administered by Harrington. Harrington is held in jail by the sheriff, although no information has been lodged against him.

SHOT HIS MAN TWICE. Cy Heatherly, a Former Resident of Lane County, Dies the Work.

COLFAX, Wash., Nov 6.—Cy Heatherly, a farmer, shot Dan Downs twice at close range today, one bullet going through his left ear, and the other lodging in his right arm. The men were standing on Main street at the time. Had not both bullets struck Downs, some innocent party would undoubtedly have been shot, as the street was covered with men, women and children. The men had been quarreling. Downs was beately drunk, and accused Heatherly of talking about him. Heatherly tried to avoid him and borrowed a revolver.

Heatherly was born and reared in Lane county, being a son of the old pioneer, James L. Heatherly, who lived on Spencer creek.

THE COUNTY PROFITS. By the Work of the Sheriff and Clerk in October—And has Its own Work Done Free

Under the free system Lane county was out considerable money for pay of the clerk and sheriff. Under the salary law the county is making a profit. The fees turned into the county treasury for October by those officials amounted to \$1069.27.

The county pays each of the official \$160.00 a month and their deputies \$75 each, in all \$483. A simple subtraction shows Lane county profited by the work of those officials for October in the sum of \$586.27.

And this is not all the saving made under the new law. Under the old law the clerk and sheriff would have had bills against the county for work performed for the county in criminal matters, court attendance, tax collections etc, for several hundred dollars, probably half as much as collected from private parties. This work is done for the county without charge.
