ASKED TO IMPROVE.

Resolutions Unanimously Passed Asking Mr. Fiske to Order Work Commenced.

The Proceedings.

Daily Guard, December 1

Per previous announcement a meeting was held in the court room last evening to consider the matter of the improvement of the Willamette river between Harrisburg and Eugene.

On motion County Treasurer A S Patereson was elected chairman and I L Campbell secretary. Mr Patereson, on taking the chair, stated that he had been intimately acquainted with the river since 1854, when he piloted the first steamboat to Eugene, and that it was now in better condition than ever before known, and he thought the government should now lend its assistance.

A C Woodcock then stated the objects of the meeting in a few words.

Remarks were also made by Hon T G Hendricks, T D Linton, J H Harris, Hon L Bilyeu and L N Roney.

The following resolutions were then passed unanimously:

WHEREAS, There is more business transacted in Eugene, Oregon, than in any other town south of Portland, except Salem, and;

WHEREAS, There is a large amount of wheat and other grain raised in Lane county, Oregon, and adjacent to the Willamette river, and;

WHEREAS, There is no means of transportation other than by the Southern Pacific Railroad Company and the Willamette river, and;

WHEREAS, By a reasonable amount of work the Willamette river can be made navigable for steamboats from Harrisburg, in Linn county, to Eugene, and;

WHEREAS, Of the amount of money appropriated by the last Congress, for the improvement of the upper Willamette river, a part of said appropriation was to be expended upon that part of the Willamette river between said Harrisburg and Eugene, and;

WHEREAS, No work has been done on said portion of said river and none of said appropriation has been used for that purpose, and;

WHEREAS, The best time to improve that portion of said river is during the winter season; it is therefore

RESOLVED, By the people of Eugene and Lane county, Oregon, in mass meeting assembled:

That it is their earnest request that the proper officials of the United States government, proceed at once to have said portion of said river improved, and that the work be extended as far as the appropriations made for that purpose will permit; and that a copy of these resolutions be forwarded to Captain Fisk, U S A, at Portland, who has charge of said work by virtue of said appropriations.

On motion of A C Woodcock, it was voted to be the sense of this meeting that the business men and farmers of Lane county should build a steamboat and run the same from Eugene to down river points.

PHEASANTS FOR CALIFORNIA

David F Macy Commissioned to Secure 400 Oregon Birds.

Portland Telegram, Nov. 30.

David F Macy, of San Francisco, representing the California fish commission, and authorized to secure 400 Chinese pheasants, is in the city, having returned last evening from a purchasing trip down the valley.

Mr Macy has thus far obtained 216 birds. Not having the full number he is authorized to purchase, he will therefore make another effort to secure birds this week, his next objective point being Eugene. The birds he already has secured were purchased at Roseburg, Jefferson, Turner, Salem and Woodburn.

It is the intention of the California commission to stock that state, and with this end in view, Mr Macy was directed to secure the birds. The pheasants will be protected by law for two years, and possibly longer, before any shooting will be permitted, and as the climate of California is suitable for their propagation, it is believed they will multiply rapidly.

Free of Charge to Sufferers.

Cut this out and take it to your druggist and get a sample bottle of Dr King's New Discovery for consumption, coughs and colds. They do not ask you to buy before trying. This will show you the great merits of this truly wonderful remedy, and show you what can be accomplished by the regular size bottle. This is no experiment, and would be disastrous to the proprietors, did they not know it would invariably cure. Many of the best physicians are now using it in their practice with great results, and are relying on it in most severe cases. Trial bottle free at Henderson & Linn's drug store. Regular size, 50 cents and \$1.00.

BUYING PRUNES.—Roseburg Review:

Mr and Mrs Jos G Gray returned this afternoon from a visit at Albany with their daughter, Mrs Frank Miller.

George Marx left with George Frissell for McKenzie Bridge this afternoon, where he will spend several weeks.

Justice Fields retired from the U S supreme court yesterday, after 44 years of service. He will draw full pay until he dies.

Mrs J L May and family arrived from Grant's Pass on this morning's train to join her husband, who takes L G Adair's place temporarily.

Chas Hill, of Belknap Springs, informs us that six inches of snow fell at that place on the 18th and 20th of November. It went off early on the 21st. No snow since.

Archbishop Wm Gross arrived up from Portland today, and is the guest of Father Daly in this city. He will dedicate the new Catholic church at Cottage Grove December 6.

Miss Edythe Huffman will return from San Francisco shortly after Christmas. She had intended staying in that city most of the winter, but her physician advised her to return home.

Miss Catherine C Cogswell returned home from Portland on last night's train. She was accompanied home by Miss Beebe, of Portland, who will take a course of dramatic training.

Salem Journal, December 1: Dr Wm Kuykendall of Eugene, lectured before Willamette medical college this afternoon.....Mrs Shell, who has been visiting Mrs B B Herrick of this city, returned to Eugene today.

Chas Hill, manager of the Belknap Springs, and wife, came down yesterday evening and will stop in Eugene until Saturday, when they will go to Portland for a couple of months visit. Geo Frissell will attend to the Springs during their absence.

Grant's Pass Courier, Dec 1: Mr A G Holden, representing Horst Bros, the hop buyers of Salem, has been in the city for several days. Mr Holden talked with quite a number of hop growers, but found none of them willing to sell at present prices. He describes Josephine county hops as "averaging prime." He offered from 8 to 13 cents.

The memorial exercises commemorating the 50th anniversary of the Whitman massacre were brought to a close at Waila Walls Tuesday. The programme was carried out without any delay, with the exception of the unveiling of the monument. Because of a delay in transportation, the monument did not arrive, which proved a great disappointment. This necessitated a change in the programme.

Amasa Hurd arrived here from Florence on last night's stage, and will spend several days in Eugene. He says that the body of young Sweest, who was drowned in the Siuslaw, has not been recovered yet. He also states the Klondike vessel is moving right along. His wife came up from Portland last night and joined him here, and they will leave for their Florence home on Monday's stage.

Blue River Assay.

A return has been received from a San Francisco assayer giving the results of an assay of a Gold Hill ledge owned by Chauncey Dale in the Blue River mining district. It shows \$51.72 to the ton.

To make certain of a correct assay 500 pounds of the rock were sent to the assayer in San Francisco and three other places. The San Francisco man is the first to report.

BOARD OF TRADE.

Held an Enthusiastic Meeting Last Night.

Displayed The Old-Time Vigor.

Daily Guard December 2.

Unusual interest was taken in the Board of Trade meeting held last night at the Board of Trade rooms.

Our people seem to be waking up to the importance of doing something for themselves as well as seeing that money appropriated for the improvement of the Willamette river from Harrisburg to Eugene is used as was intended. The following resolutions were adopted:

"WHEREAS, The appropriation has been made for the improvement; the surveys, plats, maps, etc, showing every place on the river where work is to be done, with cost of same are on file; therefore, be it

"RESOLVED, by the Eugene board of trade that this matter of river improvement is of more importance to the business interests of Eugene, and the producers of Lane county than any matter before us today and we earnestly hope for the speedy and permanent improvement of our river and that a copy of this resolution be forwarded to Captain Fisk U S A at Portland, Oregon."

The question of building a boat by the citizens of Eugene, was thoroughly discussed and the prevailing sentiment was in favor of taking hold of the matter at once, to build and equip a boat to ply on the Willamette between Eugene and Portland.

RESIGNED HIS POSITION.

L H Johnson Resigns and S S Spencer Will Fill the Vacancy in the Bank.

Louis H Johnson, who has been with the First National Bank of this city for the past seven years, and who has filled the position very acceptably to the bank and the public, has resigned his position, to take effect about the first of the year.

Mr Johnson will go to Pendleton about February 1st to associate himself with the Cleaver Bros, intending to open up a large general merchandise business, but entirely disconnected from the boot and shoe business, which Cleaver Bros will still own separately. Mr Johnson is truly a Lane county boy, having been born and reared in her boundaries. He is a first-class business man, and we predict will make a success in his new home. He is a man of honor and integrity. He has been quite prominent in social circles and will be missed therefrom.

The bank has secured the services of S S Spencer to take the place made vacant by Mr Johnson's resignation. Mr Spencer is another worthy son of Lane county, has had considerable experience in this line of business, and will be able to take the position at once and fill it acceptably.

Albany Herald, Dec. 1.

Mr J B Tiltonson has been at Gates at work upon the bridge, to put it in repair, and had the false work nearly completed for raising the bridge, when the river rose about eight feet in one night and bore down with such irresistible force as to take out five of the nine bents in the false work, rendering it impossible to do anything until the water had receded. Mr Tiltonson returned to Albany last night.

Deputy Game Warden Explains.

EUGENE, Or., Dec. 1, 1897.

EDITOR GUARD:—Will you allow me to answer an item that appeared in the Eugene Register of Nov 30th, in which it made mention of a case wherein J B Hopkins, president of the Eugene Lumber Co, was arrested for violating the state game law, and in which, said article has a tendency to leave the impression on the public that said charge was malicious, for the reason that this case was parallel with one heard some time ago before Justice Wheeler against the same party, and was acquitted by a jury, and also for this reason Mr Wheeler refused to entertain the charge. I do not doubt Mr Hopkins being held in high esteem as a citizen of Eugene. Mr Hopkins is as liable to err as any man, and the old passage of Scripture should never be lost sight of: That is, when the woman was brought before Christ to be stoned for violating one of the Divine laws—"Neither do I condemn you, but go and sin no more."

The article seems to have a tendency to convey the idea to the public, that the reason Justice Wheeler would not entertain the case, was because it was parallel with the other case. I will say this for the benefit of the public and in justice to Mr Wheeler: It was on account of his confidential relations with said company, being their attorney in some respects and also that Mr Wheeler would have brought the case if the state had had the right to call a jury, which is not the law.

I expect to deal with Mr Hopkins, John Doe, Will Elkchaser and all others, who violate any of the provisions pertaining to the game laws of the state, be he father or brother. I believe in courts and juries deciding cases and not newspapers before they are tried.

Respectfully,

CHAS. M. KISENGER,

Deputy Game Warden for Lane county, Oregon.

To COTTAGE GROVE.—Yesterday's Salem Journal: "Archbishop Gross of Portland went to Albany today. He was en route from Baker City, where he dedicated a hospital. He goes to Cottage Grove to consecrate a new church on December 5. His Grace, the Archbishop, is enjoying the best health he has had for years.

CLOSE REASON HERE.—Hunters should remember that the close season for pheasants, grouse, etc, is now in force. Chinese pheasants are reported quite plentiful in most sections, even if they have been hunted so thoroughly this season. It is likely Lane county will have more birds than ever next season.

Building Secured.—Hon J H McClung has kindly donated the frame building on the corner of Willamette and Seventh streets, formerly occupied as a second hand and feed store, to the Lane county poultry association for their show on Dec 30, 31 and January 1. We learn that a large number of birds will be exhibited.
