BOHEMIA GOLD.
Some of That \$30,000 Ore Exhibited in Eugene Today.

Created considerable excitement among the people of Eugene today, when the firm of Jennings Bros & Brunau, of Bohemia, who made such an unprecedented find in their claims, some of the ore going over \$30,000 to the ton, arrived in Eugene on today's 10:50 local from Cottage Grove, accompanied by Alf Walker, bringing down some specimens of the ore, which were placed on exhibition in the windows of Luckey's jewelry store. Crowds swarmed in front of the window constantly to see the sight. The face of the rock fairly glittered with gold and it makes a pretty sight.

The gentlemen returned to Cottage Grove on the 2:34 local, taking the ore with them. After a short trip to Portland, where the ore will probably be exhibited, samples of the same will be returned to this city, where it will remain for some time.

Lincoln's Birthday.
The Woman's Relief Corps and Ex-Union soldiers celebrated Lincoln's birthday at the G. A. R. Hall, Ninth street, Saturday evening.

The hall was crowded with the members of the two organizations. Miss Jennie Higgins presided in an admirable manner. The opening song was America; then a violin solo, accompanied by an organ; Prof McElroy then delivered the address of the evening, on Abraham Lincoln. It was an able effort and was highly commended.

Creditors Surprised.
Albany Herald, Feb 14: The report of the assignee of the Bank of Oregon was filed yesterday in the circuit court. The report shows that contrary to expectation the amount of the dividend to be declared will not be 12 per cent, but 19 per cent. This together with the former dividend of 6 per cent will make a total payment of 25 per cent, considerably more than was expected by the creditors.

A JUNCTION BOY.—W J Gilstrap, of Junction City, will represent the Oregon Agricultural College in the intercollegiate oratorical contest, to be held in Albany next month. He won the first prize for oratory in the college at the last commencement. He won the oratorical contest for the college in the college chapel Saturday afternoon. Six other students competed for the honor.

EUGENE, Feb 14, 1898.
TO THE CITY COUNCIL OF EUGENE:

At a meeting of the Board of Delegates of the Eugene Fire Department, held on February 5th, the following recommendation to the city council was adopted, to-wit:

"That the Chief Engineer and assistant be elected at a mass meeting of the fire department held at the usual time of election and with the usual notice, each active fireman being entitled to a vote and the election subject to the confirmation of the city council as at present."

Since the above plan would be without expense to the city and would satisfy the firemen better than any other plan which could be proposed to replace the present one, the board asks that it be adopted, if the present system is discarded.

THE WOMEN WIN.

They Can Now Vote at School Elections.

No Says the Supreme Court.
Special to the GUARD.

SALEM, Feb. 14.—The Supreme Court decides in favor of Mrs Laura Harris in the case of Mrs Laura Harris vs Sherwood Barr, M S Wallis and R B Henderson, who were judges of the school election for District No 4, Lane county, Oregon, in the school election last year, who refused to permit women to vote for school director.

The decision covers twelve pages of type written matter, citing many decisions, and it says, Section two, Article two, of the constitution only applies to general elections.

The decision creates consternation among male inhabitants, and corresponding joy among females here.

[A Valentine for the fair sex of Oregon.]

YAQUINA BAY PROJECT.
Approved by Acting Secretary Melklejohn.

WASHINGTON, Feb 12.—Acting Secretary Melklejohn today approved the project for the improvement of Yaquina bay, Oregon, and instructions have been telegraphed to Lieutenant Potter of the engineer office at Portland, in charge of the district, to immediately begin preparations for the detailed plans and specifications which will be advertised as soon as possible.

The appropriation of \$25,000 already made is entirely inadequate for the work, which will cost about \$1,000,000 altogether, and further estimates will be submitted, but meantime the contracts will be entered into.

Christian Temperance Union.
The Christian Temperance Union of Eugene, held the regular meeting at Mount's hall, Wednesday Feb. 9th.

Mrs Condon read a very excellent paper on "Safety for School Children," which was freely discussed by the ladies present. There should have been more teachers and parents present, as it was a subject of great importance.

At our next regular meeting, Feb. 23, Mr Farr will read a paper on "The duty of the State to the citizen and the duty of the citizen to the State."

Members and friends, come out and hear this. It will be of interest to you all. The meetings are growing in interest and you miss much by remaining away.

RUNAWAY ACCIDENT.

Mrs Geo T Hall, Sr, Had Her Right Arm Broken.

Mr and Mrs Geo T Hall, Sr, who have been spending a few days at their place near the McKenzie Bridge, started home last Friday morning, and when they arrived at the Frank Mason place, about 40 miles east of Eugene, they met with a runaway accident.

It happened thusly about 1:30 o'clock Friday afternoon: They were driving along the smooth level sandy road in their buggy, having the top up and well bundled in, it being rainy, when all at once one of the horses stepped on a stick and it flew up and struck him on his leg when he commenced kicking and running. The buggy was drawn over a log about two feet high and turned upside down, and was dragged about two rods in this position before the horses broke away.

Mrs Hall had one bone in her right arm at the wrist broken and was otherwise bruised, but not seriously. She was taken to Mr Mason's cabin and made as comfortable as possible under the circumstances. A team was procured and Wades was made that evening and the next day the stage was caught at Leburg and they arrived in Eugene Saturday evening about 6 o'clock.

Drs Kuykendall and Prentice were immediately called and set the broken bone and dressed the hand, which was necessarily quite painful on account of its swollen condition. The buggy and harness were badly broken up and was left with the horses at Mason's to be brought down in the future.

A Double Accident.
Daily Guard, February 14

This afternoon while Clint D Withrow was cutting wood on the Davies place, across the river from Eugene, he made a mis-stroke and the ax cut quite a gash on the instep of his left foot.

Mr Withrow at once started for home and when near the Eugene bridge met a team. The accommodating driver gave him a seat behind him, but when he got a good sight of the blood—Mr Withrow had pulled off his boot—he fainted and fell off the seat, taking the lines with him. The horses started to run away.

Mr Withrow jumped out. The man recovered from his fainting spell and came on to town, where he found his horses had been stopped without damage to themselves or wagon.

ALBANY WON.—The match shoot at Portland Monday afternoon between Albany's two crack shots, George Froman and Sky Meeks, and Portland's two best shots, Hughes and Beall, was won by the Albany men. The shooting of Meeks and Beall was excellent, but Froman failed to get upon the combination, the birds being very slow, whereas he is remarkably quick, and Hughes, who has been considered the best shot in the Northwest, shot miserably. The score out of a possible 50 was as follows: Meeks 22, Froman 17, total 39; Beall 21, Hughes 13, total 34.

DIED.—A telegram from Columbia, Tenn, this morning announced the death of Mrs L G Adair's oldest brother, aged 77 years. No particulars as to cause of death, as Mrs Adair had not even been informed of his illness. Mrs Adair's many friends in Eugene will sympathize with her in her sad bereavement.
