THE MONROE DOCTRINE.

Those Jefferson unqualifiedly endorsed the policy of his successor in office, President James Monroe. In a letter to that gentleman October 24, 1823 Jefferson wrote:

"The question presented by the letters you have sent me is the most momentous which has ever been offered to my contemplation since that of Independence. That made us a nation, this sets our compass and points a course which we are to steer through the ocean of time opening on us. And never could we embark on it under circumstances more auspicious.

"Our first and fundamental maxim should be, never to entangle ourselves in the broils of Europe; our second, never to suffer Europe to intermeddle with cis-Atlantic affairs. America, North and South, has a set of interests distinct from those of Europe, and peculiarly her own. She should, therefore, have a system of her own, separate and apart from that of Europe. While the last is laboring to become the domicile of despotism, our endeavor should surely be to make our hemisphere that of Freedom."

The McMinnville Telephone Register says the nomination of Hon. Wm. M. Ramsey of McMinnville for supreme judge has been well received, without regard to party affiliations. His worth as a citizen and lawyer is known in all parts of the state, and he has received a large number of congratulatory telegrams and letters from leading lawyers, some of them being prominent in the Republican party. What is needed is non-partisanship in the supreme court, if it is to be a court of the people.

A dispatch says a triple alliance of Germany, Austria and Italy has proposed to the powers a plebiscite under which the population of Cuba shall be allowed to vote on the form of government under which they live. The United States proposes a "plebiscite" that Spain shall get out of Cuba, then the Cubans can vote as they please as to the form of government they will establish. Just at present Uncle Sam is doing a little "plebiscite" business himself.

Lane county is rated as one of the best agricultural counties in the state says the Toledo, Benton county, Leader. Her farmers are intelligent and progressive, yet the republican convention ignored them to the extent of sending only one to the state convention. The rest, as is the common practice of the g. o. p., was selected from the politicians, lawyers and merchants.

The National militia has been playing war. The Cuban complication will give it an opportunity to test the reality. The men who make light of the fighting qualities of our state militia talk without reason. It is the boys that make the ideal soldiers. "Young men for war, old men for counsel."

The Curry County Feud.

Ex: Notwithstanding the fact that the officers of the law know full well who it was that assassinated Van Pelt last February at Chasco in Curry county, yet they frankly admit that they fear to make any arrests. They allege that should they arrest the murderer they themselves would be murdered. What a tergiversation this is of justice. Can it be possible that sworn officers of the law will refuse to do their duty? Society demands it, outraged justice demands it. Talk of lawlessness in the South and elsewhere; we should look at home before we shake our hoary heads at others. What the Curry county officers should do is to resign and let the people elect men who will perform their sworn duty regardless of the consequences.

THE WHEAT TRADE.

Foreign Markets Firm—Stocks Rapidly Decreasing—Good Prices Assured For Stock on Hand.

Portland Commercial Review April 21.

During the past week the news from foreign markets was decidedly more favorable for wheat holders. The firmer tone of cables, both public and private, has had a reassuring effect at home, and prices have greatly hardened. The export inquiry shows some improvement, with perhaps a relatively better demand for valley than for club, and several round lots of valley wheat have passed into the hands of exporters at very full figures. One of the vessels now on berth will take a straight cargo of valley wheat, and to secure her wants something about the real value of the article was paid.

There has been a very heavy call from San Francisco speculators for both club and bluestem, mostly to cover up shortage on call-board speculation. Five thousand tons of wheat from the Sound, principally rejected for shipping purposes, has been purchased for one of the California mills. Bids are out higher than has yet been offered this season, and what wheat remains in the country will bring good prices. Stocks are rapidly decreasing, and to date we have shipped, both foreign and domestic, about 25,000,000 bushels from the Columbia river and Puget sound.

Exporters claim that they have plenty of wheat on hand for all vessels under charter; if this is true, sharp competition must exist between San Francisco speculators and interior millers for stock. Perhaps at this moment it is more difficult to purchase than a week ago, owing to the tendency of holders, whenever an advance occurs, to enhance their pretensions, always keeping from 2c to 3c above the market.

COMPANY MEETING.

Imperative Orders for Special Meeting of Company C.

Captain W. S. Moon, of company C today issued orders for a special meeting of officers and men as follows:

Armory Co. "C"
Second Regiment, O. N. G.
Eugene, Or., April 21st, 1898.

Company order No. 7.
Company "C" 2nd Regt O. N. G. will assemble at its Armory Friday, April 22nd, 1898, at 6:30 o'clock p. m. in fatigue uniform.

This order is imperative; no excuse will be accepted. By order of

W. S. Moon,
Capt. Com'd'g.

Owing to the strict orders issued during the week by the brigade commander, Chas. F. Leebe, forbidding the giving out of any information, nothing definite can be learned regarding the purpose of the meeting. It is known however that special orders were received by telegram this morning that make this call seemingly imperative. Company C will turn out with 63 men, the full limit. The boys have not been saying much but quietly making preparations to leave, and will be found ready when the call is made.

Wood Wanted.

Bids will be received at the office of the secretary of the Board of Regents of the University of Oregon until April 15, 1898, for 150 cords of grub oak wood, 4 feet long, not less than three nor more than eight inches in diameter.

Dated April 4, '98.
J. J. WALTON,
Secretary Board of Regents

SECRETARY KINCAID FIRM.

Convincing Argument Why the Middle-of-the-Road Ticket Should Not Be Placed on the Official Ballot.

Republican newspapers and middle-of-the-road men have used every means within their power to induce Secretary of State Kincaid to put the middle-of-the-road ticket on the official ballot. He answers the urgent pleas with fair and convincing arguments as follows:

"If the duties of the secretary of state are exclusively 'ministerial' and he is obliged to file and place upon the ballots all nominations presented, then he has no power to 'arrange' in the manner provided in this act for the arrangements of the names and other information concerning all the candidates contained in the certificates of nomination which have been filed with him, and accepted by the nominees, in accordance with the provisions of this act. If certificates of nomination are presented which are not 'in accordance with the provisions of this act,' he has no authority to put the names upon the ballots, and must necessarily have power to decide what certificates are 'in accordance with the provisions of this act,' in order to perform the duties imposed upon him by law. Whether this power be called 'ministerial,' 'administrative,' or 'judicial,' it exists, or the law has no effect and force and cannot be carried out.

"If a candidate receives several nominations tendered according to law in good faith when he accepts one, the law says, 'it shall be sufficient and shall be equivalent to accepting each one of said nominations to the same office.' His name should then be so placed upon the ballot as representing each party nominating him, as Mr. Spangh's name was placed as presidential elector in 1896. But it does not follow that if socialists or anarchists should offer to file nominations for the purpose of injuring the Republican party or one or more of its candidates, or any other party or one or more of its candidates, as has been suggested, they could force the name of their party upon the ticket.

"That would be a violation of the spirit and evident intent of the law which was enacted to protect electors and candidates in their rights and prevent fraud in printing and arranging the ballots. If the duties of the officer who is charged with arranging, certifying and sending out the ballots are so 'ministerial' that he has no power to decide anything and must file and put upon the ballot everything that is presented, in some instances two parties claiming the same name, in violation of the law, then the law fails and cannot be carried into effect."

OMAHA EXPOSITION.

Lane County Must Provide A Prize Exhibit.

W. Kuykendall and F. M. Wilkins have consented to canvass Eugene Monday April 25, for the purpose of securing financial assistance for the Oregon exhibit at the Omaha exposition. This is most important to Lane county's interests and liberal responses should be made.

Notice.

To the members of J. W. Geary Post No. 7, G. A. R.: You are requested to meet at Grand Army hall Friday evening, April 22, at 6:30 o'clock for work, and to get ready to march to the Christian church at 7:15 sharp. The O. N. G. W. R. C., ladies of the G. A. R. and Sons of Veterans are kindly requested to be ready at the stated hour and all march to the church together.

All above mentioned organizations will please stand in front of their seats until the sound of the gavel, when they will be seated at once. Dr. Kellogg is here and Salmon Brown will be here with his daughter, who will give a violin solo. Lecture at 8 o'clock.
E. F. CHAPMAN, Commander.

Notes From the Bohemian Mines.

Drain Press: "John Peterson, who has been working in the Bohemian mining district was in Drain last week. He reports a great deal of work going on there and prospects of considerable gold being taken out. Several quartz mills will be put in during the summer by the different mine owners, including three 5-stamp, two 10-stamp and one 20-stamp mills. There is at present about three feet of snow, as compared with ten feet at this time last year. The Hardscabble road will be built; Mr. Cook of the Music mine, paying one half of the expense and Lane county the balance."

Circuit Court Case.

His Opinion—Hon. L. B. Cox, a gold democrat, yesterday in a speech in Portland, said: "If I were forced to choose, if I were forced, I say, to choose between Bryan democrats and Mark Hanna republicans," said he, "I should not vote the republican ticket." We understand that quite a number of gold democrats have like opinions.

EX-SENATOR MATLOCK.

He Will Return North on the Steamer Elder.

Tuesday's Portland Telegram: "Ex-Senator W. F. Matlock, of Umatilla county, is in town on his way back to Skagway, where he has spent four months since last November. He started a brewery up there, and would have made some money out of it, but was notified by Collector of Customs Ivey that he had better quit making beer in Alaska. He now has a trading post at Lake Bennett, 40 miles from Skagway, over the White pass, which he claims is the lowest pass that taps the Yukon. At its highest point it is only 2600 feet.

"He says Skagway is prosperous and healthy, and that the men who were dead broke there have managed to get on somehow. He will leave on the next trip of the Elder."

Notice to Contractors.

Sealed bids will be received at the office of Deles D. Neer, architect, 153 1/2 First street, Portland, Or., and at the office of the county clerk of Lane county, by the board of county commissioners, until 12 o'clock noon, April 23, 1898, upon the steam-heating of the court house, now in course of construction for said Lane county. Plans and specifications can be seen at the office of said architect and said clerk.

A certified check in the sum of 15 percent of bid made payable to the order of E. O. Potter, county judge, must accompany each tender, properly endorsed by any reputable bank, as a guarantee that the successful bidder will enter into contract forthwith, with good and sufficient bonds in the sum of \$3000. No bid will be considered unless accompanied by such check, and the same will be forfeited to said Lane county in case of failure on the part of any bidder to whom the contract is awarded, to enter into such contract. The said board of commissioners reserve the right to reject any or all bids as they may deem best for the interest of said Lane county.

Attest:
A. C. JENNINGS,
Clerk of Said Board.

SPENCER CREEK

A Wedding That Did Not Occur—The Crowd Disgusted.

April 20.

EDITO: Having seen any news from this part of Uncle Sam's vineyard for some time, I venture to send a few items.

Seeding is about all done. Fall and winter sown grain is looking very fine and promise a big yield, and with the prospect of good prices before us, we are unusually happy.

The frost of the 17th and 18th inst did no perceptible damage to fruit in this section and a heavy crop of fruit is among the certainties.

Road work has commenced in the different districts hereabouts, and it is to be hoped that getting to Eugene next winter will be less disastrous, especially to morals, than it was last November next.

Henry Hickathier left last Monday for Pine Openings with a herd of cattle for Walker Young, to be gone until November next.

Old Uncle Jarnagan shook the Spencer creek dory from his feet last Saturday and left for Yuba Dam, Cal.

Miss Lorena Doane is visiting friends at Pleasant Hill.

State politics and war with Spain are the principle topics of conversation nowadays. In the former we are about solid for union, while in the latter a change of sentiment exists as to whether Spain ought to be exterminated entirely, or merely driven out of Cuba.

A rumor got into circulation in this vicinity a few days ago that a certain young couple were to be married on the 17th inst, and on the evening of that day a dozen or more serenaders loaded with old shotguns, tin cans cow bells, etc, hied themselves to the house of the supposed bride's father for the purpose of serenading the happy pair. The dog being inclined to dispute their right to enter the yard, they opened the charivari by shooting him, following it up with a roar of musketry and rattling of crotchetes, accompanied by vocal demonstrations that shook the hills to their foundations, giving the inmates of the house the impression that war had begun in earnest. At this stage of affairs the man of the house appeared at the door and demanded to know what in the name of all the inmates of the toplel all this racket was about. The crowd demanded to know if he was married. He replied that he certainly was and had been for a good many years. Explanations followed and the crowd of serenaders began to realize that they were the victims of a false rumor, and to make their chagrin more complete, the supposed bridegroom, being present, appeared at the door, verifying the denials of his marriage and hurling jokes at the crowd as they turned their faces homeward, sadder (for the night was cold) and wiser, vowing never to be caught on that hook again, his being the second time that same trumor had similarly victimized them.
