THE FINANCIAL ISSUE.

Mr. Voter! This is what the Republican state platform of Oregon says about silver:

"WE ARE UNQUALIFIEDLY OPPOSED TO THE FREE COINAGE OF SILVER."

And President McKinley, Mark Hanna, and the Republicans of congress used every effort and voted to retire the greenbacks by issuing gold bonds. The Silver Republicans and Democrats of congress united their votes and defeated this great gold scheme.

The common voters of those parties will unite their votes and elect congressmen, and a legislature that will choose a senator, to represent silver principles. The gold forces once to often have shown the cloven foot. This issue is plain. Gold straight, with all other money resting upon it, else gold, silver, and paper money enjoying equal credit, and equal recognition. That is the one issue, and the only issue that is before the people.

An exchange says: Jerusalem is unique as a city in which everything is serious and solemn and severe. It has no clubs, no nar rooms, no beer gardens, no concert halls, no theaters, no lecture rooms, no places of amusement of any kind, no street bands, no wandering minstrels, no wealthy or upper classes, no mayor, no aldermen, no newspapers, no printing presses, no bookstores—except one outside the walls for the sale of bibles—no cheerfulness, no life. No one sings, no one dances, no one laughs in Jerusalem, even the children do not play.

If any man has any doubt as to the interest the people are taking in the silver question, and other principles of the Union party, he can soon have that doubt dispelled by attending a few public speakings in country districts. The people are doing some hard thinking on the financial question.

France and England are having a little quarrel over African possessions and are liable to come to blows. The prominence of the United States—Spanish contention has kept the European imbroglio in the rear ward of public attention.

An aggressive war will be waged against the Spaniards in the Philippines. This means the Eugene boys will see service in those far away Pacific islands. They will give a good account of themselves.

SPAKING.

HON. J. J. WHITNEY, Of Albany, will address the citizens of Lane county at the following places and times:

Jasper, May 13, at 7 o'clock in the evening.

Fall Creek, Saturday, May 14, at 2 o'clock in the afternoon.

Mr Whitney is an able speaker and thoroughly understands the financial question.

Come out and hear him. Everybody invited.

UNION COMMITTEE.

THEY'RE BUILT THAT WAY—When the Chicago Tailors, M. Bern & Co., send out a man to take your measure, he'll be an expert. If he wasn't that kind he couldn't keep his name on their pay roll. There'll be one of them at our store on May 14th, with their entire line, and if you'll call at our store on that date, there will be plenty of stylishly dressed men in this community this season. Samples representing the entire monster line. May 14th at P. FRANK & SONS.

SCROFULA.

One of America's most famous physicians says: "Scrofula is external consumption." Scrofulous children are often beautiful children, but they lack nerve force, strong bones, stout muscles and power to resist disease. For delicate children there is no remedy equal to

Scott's Emulsion

of Cod-liver Oil with Hypophosphites of Lime and Soda. It fills out the skin by putting good flesh beneath it. It makes the cheeks red by making rich blood. It creates an appetite for food and gives the body power enough to digest it. Be sure you get SCOTT'S Emulsion.

SHARP'S CREEK ROAD.

The County Will be Asked to Subscribe \$1,000.

Cottage Grove Messenger: "Jos. Perkins has been circulating a petition for subscriptions to complete the Sharp's creek road to the Douglas county line, which was made a county road last season. So far he has secured subscriptions to the amount of \$1700. It is estimated it will take about \$3500 to complete it, a contractor having offered to do it for that price. In addition to this amount raised the mine owners agree to build the last mile of the road, so if the county court will appropriate \$1000 the road can be completed by July 1st. Mr J W Cook, owner and manager of the Musick mine has already expended several hundred dollars on the roads in the Bohemia district, spent several thousand dollars to develop the Bohemia mines and done much to prove them a success, as well as other mine owners in the district.

Lane county has been greatly benefited by the improvements that have been made, and will be more so in the future, and it is no more than justice to the men who have expended thousands of dollars, that the county court should lend its aid to further assist them in enterprises that will add hundreds and thousands of dollars to the wealth of Lane county. We hope the county court will be generous in this matter, as it is something which will return to the county a large interest upon the investment."

LUNG TOM ROAD.

Improvements to be Made From Taylor Bridge East.

Junction City Times, May 7.

G C Millett, road overseer of this district, is circulating a petition for the purpose of raising money to improve the road west of here, commencing at the Lingo corner, south of Harpole school house, thence west to Taylor bridge. It is the intention to ditch north to connect with the Washburne ditch and then grade and gravel the road. It is estimated that it will require about \$1,000 to do the work. It is Mr Millett's intention to raise \$400 by private subscription. The county will then appropriate a like amount, and the balance of \$200 will be used from the district tax.

This is a road that has long needed attention and if this important highway is completed as contemplated, the farmers of that section can have an outlet the whole year round. The land to be ditched will soon yield good returns and all interested should join hands in this laudable enterprise. The outlook for the producer was never better and when the farmer is prosperous, we all share in the results.

Junction Welcome to Co. C.

Co. C, O. N. G., of Eugene, received a royal welcome when they reached this place Saturday on their way to Portland, says the Junction City Times. A big crowd was at the depot and the boys were cheered to the echo. Bonquets were showered in great profusion. An avial belched forth its greeting from an adjacent lot. As a whole the welcome was royal and given with good cheer.

PIMPLES

CURED BY CUTIGURA SOAP

Before using CUTIGURA SOAP, my face and hands were just as rough as could be and my face was all covered with pimples. I was unable to look at, but after using CUTIGURA SOAP three weeks, my face was equal to velvet.

Feb. 6, 1898. PAUL DUPRE, Chatter, La.

I suffered with blackheads and pimples for two or three years until it became chronic. I tried everything imaginable, but it did me no good. CUTIGURA SOAP cured me.

Feb. 20, '98. L. V. GILLIAM, Oak P. O., Va.

I was troubled for eight years with pimples on the face. I commenced using CUTIGURA SOAP. In a very short time the pimples all disappeared and my skin is now in a healthy condition. JAMES FOSTER, Feb. 17, 1898. DIXON, Allegheny Co., Pa.

The incorrigible Gypsy Girl up for Correction.

Daily Guard May 9

The gypsy girl who caused Salem police officials considerable trouble last fall, and who "did time" in the city jail at that place, now bows up as a source of annoyance to Eugene officers.

The entire family has come before the police in an unenviable light. When they were camped near Eugene last winter, the mother asked for protection, claiming that efforts were being made to make way with her, and on this visit the girl came to Marshall Stiles and said her brother had insulted her and threatened her life. He thereupon secured lodging for her at the Hotel Eugene. After she left, a shirt waist and pair of gloves from the hotel were missed, and on being brought before the officers the girl confessed to hiding the garments under a sidewalk, where they were found. She was then placed in jail, and on being brought before Justice Wheeler this morning, through her attorney, N E Marley, took the day to plead.

The girl goes by the name of Rose Butler here, but to the Salem officials last fall said that her name was Pearl Smith. She is a hardened girl, with whom it is hard to deal.

A PERSONAL STATEMENT DIRECT TO THE PRESS.

By the Hon Harrison R Kincaid, Secretary of State of Oregon.

"I have not countenanced, approved or inspired any attack in any newspaper or otherwise on the personal character, ability, competency or official integrity of any candidate on the republican ticket for any office, state, judicial, congressional, district, legislative or county.

"During a long connection with the press I have always refused to indulge in personalities and have treated all candidates with courtesy and respect—those of the opposing party as well as the party whose candidates I supported—advocating principles and policies and conceding that men of ability, honesty and character are found in all parties. The only paper in the state over which I have any control is printed at Eugene, and, in this campaign, as in all others for more than a quarter of a century, it has not contained a word against any candidate, but treats all fairly and prints the names of all the candidates, so the people can vote intelligently.

"I realize that those holding responsible positions, or who are candidates for office, are too often criticized unjustly, and I have not done or said anything to injure the character or weaken the popularity of any candidate. I have not directly or indirectly published or inspired one word against any candidate but have used my best endeavors to keep everything of that character out of this campaign, as it does nobody any good, and only confuses the people and demoralizes public sentiment. The attempt to blame me for anything that appears in the newspapers is unjust, and no doubt arises from a misapprehension of the facts, which this statement is intended to correct."

HE KNOWS HIM.

The President of Philomath College has a Word for Mr Lyman.

Editor Times:—In reply to inquiries regarding the qualifications of Prof H S Lyman, Union candidate for state school superintendent, I am personally acquainted with him, having been associated with him in literary and educational work for a number of years. He is an Oregon boy—born at Dallas 1855. He is a graduate of Pacific University, Oregon, and Oberlin College, Ohio.

Since 1892 he has devoted his entire time to the educational interests of our state. He has an excellent record as a teacher and for the past six years has been the popular school superintendent of Clatsop county.

As a historical and editorial writer he has no superior in the state. His sterling integrity combined with energy and determination has given him complete success in all his literary and educational enterprises. He is modest

and retiring in his disposition, but untiring in his zeal for the up-building of our state.

His thorough classical training, combined with his extensive practical experience in educational lines will enable him to give our department of public instruction a dignity and efficiency that will command the respect of all educators.

J M C MILLER.

JOHN O BOOTH.

Union Nominee for State Treasurer of Oregon.

The following letter from Yamhill county appeared in a recent number of the Grants Pass Mining Journal:

Whatever may be the merits or qualifications of other candidates in one or all of the parties for the respective offices to which they aspire, no one can be more worthy or better fitted than is John O Booth for that of state treasurer. Like several others who have become honored and distinguished in the public affairs of Oregon he can, and we hope with pride, call Yamhill county his home. It was here his parents raised a large and honored family of sons and daughters. Here is where John has been well known from childhood, and whether as a boy with his school-mates, or as a man dealing with other men in either the private or public affairs of life, his word and conduct have always merited and won the confidence of the people. Manliness has characterized all his acts and veracity all his utterances.

No one ever knew him to do a little or mean thing, and he has always proved himself to be a man with a clear head and good judgment by the way he has managed business affairs whether public or private that may have come into his hands. He has ever been true to his convictions, but broad in his views and charitable in his spirit, and as a result many opposed to him in political belief and affiliations have not only been among his warmest friends, but have trusted him in preference to others with important business because they knew him to be a tried and true man in every way. No better qualified or more worthy man ever came before the people, and none has ever been more deserving of the vote of any and all persons who want a good and efficient state treasurer, and a man that can be trusted in every place.

On election day Yamhill county will show her appreciation of John O Booth by giving him the largest vote ever polled within its limits for any state officer for he is the man we all want for state treasurer. He has endured all the hardships of early pioneer life, and should and will be rewarded with a victorious election.

M E ALLEN.

FOR THE CAMPAIGN.—A stand and seats are being erected in the park and will be used by speakers during the campaign. It will be used by both parties.
