And again, have they, the voters, any assurance that they should elect Mr. Kuykendall state senator that he would not go to Salem and vote for his friend Mitchell.

HELPED THEM OUT.

The Middle-of-the-Roaders in Lane county did not have enough strength to get on the ballot unaided. The Albany Democrat says: "The petition contains 73 names made up in five sections, of whom only fifteen or twenty are of the middle-of-the-road party. A special effort was made to get democrats and a few are on the list, the remainder being republicans. We give a list of the signers, which speaks for itself."

The "Board of Strategy" at Washington is a source of irritation to naval commanders. It does seem ridiculous that a few men at the capitol should attempt to give orders for the movement of squadrons thousands of miles away. It is no wonder that Dewey cut the cable between Hong Kong and the Philippines at the opportune moment so as to be free from the official interference that certainly would have emanated from Washington.

"Cyclone" Davis had the right kind of an audience yesterday. The farmer was largely in evidence. Many of the points made by the speaker will be discussed in country homes before the day of election; and such discussion will not be prejudicial to the Union cause.

EMERGENCY FUND BENEFIT—The benefit concert and social given Saturday night at the Armory by the ladies of the Patriotic League for the purpose of creating an emergency fund for company C of the Oregon volunteers, proved even more successful than anticipated, and the ladies netted a neat sum which will be used for the worthy purpose for which it is intended. The program rendered was a most happy surprise in every number, and the refreshments served were par excellence. Eugene is proud of her soldier boys and leaves no stone unturned in the endeavor to financially assist them or pay a tribute to their worth.

\$10,000.00 Reward. Will be paid by The Oregonian to anyone who can prove that a cheaper dollar can be substituted for one of greater value in the payment of debts and wages, without reducing the value of debts and wages in the same proportion that the value of the dollar is reduced.

TO DR. KUYKENDALL.

We understand that Dr. Kuykendall is now posing as an advocate of the single gold standard.

This seems strange when it is remembered that only a few months ago he was in Salem at the head of a self-constituted delegation attempting to whip Senator McClung into the support of one John H. Mitchell for United States Senator, who is known to have advocated free silver all his life. Mr. McClung, although labored with long and loud by Kuykendall, refused to vote for Mitchell. It now seems strange to see the republican nominee advocating a single gold standard. What does it mean? Was he honest when he went to Salem and wanted McClung to vote

SCROFULA.

One of America's most famous physicians says: "Scrofula is external consumption." Scrofulous children are often beautiful children, but they lack nerve force, strong bones, stout muscles and power to resist disease. For delicate children there is no remedy equal to

JACOB GILLESPIE.

Daily Guard May 23

Hon Jacob Gillespie, one of the best known pioneers of Oregon passed from this life on Saturday, May 21, 1898, at the advanced age of 88 years, 6 months and 6 days, after an illness of extended duration, due to the infirmities of old age.

The funeral occurred at 10 o'clock today from his family residence, one mile north of this city, to the Gillespie cemetery, and was attended by a large number of relatives and friends.

The funeral sermon was preached by Dr. W. B. Farr, of this city. He was assisted in the services by Revs. C. H. Wallace and J. C. Richardson.

The pall bearers, who are all grandsons of the deceased, were as follows: C. M. Young, M. Gillespie, Geo. Campbell, Thos. Campbell, W. W. Withers, M. Masterson.

Jacob Gillespie was born in Sumner county, Tennessee, in November, 1809. On October 18, 1831, he removed from the place of his birth to La Fayette county, Missouri. In 1852 he joined a company composed of eight wagons, of which he was chosen captain, on its way to far-off Oregon, crossing the plains without any incident worthy of note save those hardships to be looked for on so long and perilous a journey. On the ninth of September of that year this party camped on the Clackamas river in Oregon, when our subject continued his journey direct to Lane county, purchased the donation claim of Abraham Peck, on which he took up his residence, October 6, 1852. This tract is situated one mile north of Eugene City, and has for one of its boundaries the beautiful Willamette river. Here Mr. Gillespie has continuously resided since that time. In 1857 he was elected one of the board of county commissioners, and held that office until Oregon was admitted into the Union as a state; while previously, in the session of 1854-5 he represented Lane county in the Territorial assembly. Mr. Gillespie married, firstly, August 4, 1831, Almira Hannah (now deceased) and had a family of seven children: Mrs. C. W. Young, Mrs. J. G. Day, Mrs. Thos. Brattain, Mrs. J. E. P. Withers, Mrs. R. M. Masterson, Mrs. Geo. Campbell and M. M. Gillespie. Of these, Mrs. Day, Mrs. Masterson and Mrs. Campbell are now deceased.

Married secondly, Mrs. Amelia Martin in the year 1845, and thirdly to Mrs. Elizabeth Goodpasture, in July 1857. This lady is also a pioneer of Lane county, having settled within its confines with her former husband in the year 1833.

DATE CANCELLED.

Hon John M. Gearin will speak at Cottage Grove instead of Eugene.

Hon John M. Gearin, of Portland, who was announced to speak in Eugene next Saturday evening has cancelled his date here, and with Henry Denlinger, Jr., union candidate for prosecuting attorney, will speak in Cottage Grove on that evening at the City Hall.

Mr. Gearin is one of the ablest orators on the coast.

Information Wanted.

School Laws of Oregon: "Section 38. When any vacancy shall occur in the board of directors, by death, resignation or otherwise, the remaining member or members thereof, shall forthwith authorize the clerk to call a special meeting to fill such vacancy."

Since Director Gilbert resigned, about two weeks ago, and the law says an election shall forthwith be authorized, a voter would like to know why Directors Frank and McClung have not authorized an election to fill the vacancy.

Card of Thanks.

We hereby desire to return our heartfelt thanks for the kind acts of our neighbors during the illness and death of our husband and father.

Mrs. JACOB GILLESPIE AND FAMILY.

Notice.

Notice is hereby given that I have separated from my wife, Mrs. Benton Wiscarson, and I will not be responsible for any debts she may contract from the date hereof.

Profitable Placers.

Canyon City News: Placer ground near Canyon City, which miners 23 years ago passed scornfully by as being not sufficiently rich to make its working profitable, is now being mined and yielding good returns. Labor, it is true, is a little cheaper now, but the fact is plain that the people are now satisfied with a profit of \$5 for a day's clean-up when \$20 was demanded a few years ago. The same is true of quartz mining in other sections of the coast. Of this class of mining, however, grant county will soon be in a position to show up with the best districts on earth.

To Be Appealed.—Sunday's Portland Tribune: "The attorney-general has instructed United States District Attorney Hall to take an appeal in the case of Chue Chee and Chue How, Chinese boys, from Eugene, who claim to be here for the purpose of gaining an education. A commissioner decided that as students the boys were entitled to remain here but upon learning the facts of the case the attorney-general thought otherwise and the cases will be brought up before the court of appeals at San Francisco."

The California Failure.

A Los Angeles correspondent of the Albany Democrat writes of the California crop failure, under date of May 16, as follows:

"We have just been glorified in having a beautiful rain, on last Saturday night and part of Sunday morning, which will help some of the growing crops, but it comes most late to the grain much good, for the grain is past doing anything with. Hay is selling for a good price. It is bringing \$20 to \$30. It costs like everything to keep stock. Potatoes is not going to be much of a crop. Strawberries have been in the markets for a month, but they are no such strawberries as Oregon can produce. I have not seen any cherries that come up to Oregon cherries yet. They are sour tasting cherries. Oregon is ahead of California for most all kinds of small fruit so far as we have seen, except apricots, almonds, oranges, figs and all such as those, which Oregon cannot grow."
