

H R KINCAID'S RECORD.

The Corvallis Gazette and the Eugene Register are howling about Secretary of State Kincaid employing lawyers to beat off the Oregon Railway commission from the public treasury.

Those papers say he has cost the state thousands of dollars for attorney fees. Ask your republican candidate for Circuit Judge. He was one of Kincaid's attorneys against republican boot-lickers.

No. These republican editors make a mistake in attacking Kincaid. They simply call the people's attention to his many fights against the republican boot-lickers and attempted raids on the State Treasury.

THE QUESTION FOR THE VOTER

Diverse Financial Policies of Republican and Union Parties.

It is no wonder that the money loaners, the bankers, and the holders of the world's obligations stand for the gold standard. Those classes practically control the money supply and would be greatly enriched by the final enthronement of gold as the only money of redemption.

Money is a commodity as much as wheat or any other product of labor and the soil. The metallic money of the world is divided about equally between silver and gold. One half that money has, in effect, been cheapened and discredited by legislation enacted through the influence of the men who control the credits, the money loaners and bankers.

The Republican party of Oregon plainly and unequivocally places itself on the gold standard. The Union party for gold and silver, the money of the constitution. If we elect Republican congressmen, and a legislature of that faith to select a senator, those men will vote in congress to further discredit silver, retire the greenbacks with interest bearing gold bonds, and to fix the country more firmly on the gold standard.

The Republican party and its standard bearers and representatives do not seek to evade the issue. The Union party stands for gold, silver, and paper money without discrimination. Its representatives in congress, Silver Republicans, Populists, and Democrats stand shoulder to shoulder in resisting machinations of the gold standard party.

The people of Oregon are soon to say if two congressmen and a senator shall represent them or the gold standard beneficiaries. We cannot believe the verdict at the polls on the 7th day of June will be in favor of the gold standard financial contraction policy.

TIT FOR TAT.

Here is a sentiment from Plutarch which is commended to the Americans who are fearful of what the Spaniards will do to the United States ships and soldiers; "A soldier told Pelopidas: 'We are fallen among the enemy.' 'How are we fallen among them more than they among us?' answered Pelopidas."

The Register has not yet learned that Cyclone Davis visited Eugene. However the republican leaders have.

FACTS AND FIGURES.

The Property in the State has increased Nearly Half in Value Under gold standard Legislation.

"We are in favor of maintaining the present gold standard." Republican Platform, 1898.

"Recognizing that both gold and silver were equally the money of the constitution—we declare ourselves in favor of the free and unlimited coinage of silver." Republican Platform, 1890.

An examination of the report of the State Board of Equalization for six years beginning in 1892 shows that the total value of all real and personal property within the State of Oregon as returned by the Assessors from the several counties, afterward being equalized by the State Board of Equalization, was as follows:

Table with 2 columns: Year, Value. 1892, value \$228,398,677, under Cleveland gold standard. 1893, value \$177,249,086, under Cleveland gold standard. 1894, value \$159,540,406, under Cleveland gold standard. 1895, value \$153,067,177, under Cleveland gold standard. 1896, value \$151,864,670, under Cleveland gold standard. 1897, value \$143,539,696, under McKinley gold standard. 1898, value ? ? ? ? ? under "Present gold standard."

The above platform and statistics show two things. First, the republican party has completely abandoned the money of the constitution and the principles advocated by them for many years and has boldly adopted the Hanna single gold standard.

Second that the taxable property of Oregon has decreased nearly one half in value since 1892 under the Cleveland and McKinley gold standard or "present gold standard" as the Republicans are pleased to call it.

FOR STATE PRINTER.

Chas A Fitch of Clackamas county is up for state printer and will likely be elected. Editor Fitch is a practical printer of long experience, he is a man of excellent ability, and has made his record as a reformer. He has been accustomed all his life to live by the "sweat of his brow", and when he gets in office, he will work to simplify the duties, to lessen the expense and to make the office a credit to the state, and an instrument for the peoples good and not personal gain.

Something has been said about Admiral Dewey's politics. His son, George Dewey, who lives in New York, says: "I have often heard my father say that he never voted in his life; that an army or navy officer should not dabble in politics, but serve his country, no matter who is in power. If my father has any politics, which I do not believe, I do not know it."

Wm W Withers, Union candidate for sheriff, is making hundreds of friends on the canvass by his dignified and courteous manner. He will make Lane county a first class official, of whom her voters will be proud. His majority will be counted with at least three figures.

A S Patterson will be re-elected treasurer of Lane county by 1,000 majority. Mark our prediction.

UNION STATE COMMITTEE.

W L CHESHIRE.

Union Nominee For Coroner of Lane Lane County.

W L Cheshire, the democratic and union nominee for coroner, has spent almost his entire life in Lane county. He was born near Walla W river, Oregon, July 11, 1864, and when only two years of age went with his parents to San Francisco, and after one winter there returned to Oregon and took up his abode in Lane county where he has since retained citizenship.

Through his own efforts he obtained a good education, in the public schools of the state, the State University and Cooper Medical college, of San Francisco, Cal.

Mr Cheshire is well known over the county, having taught several terms of school in different sections, and is able to look over past records without any regret.

Since 1897, after having practiced a short time in California, he has been located in Eugene where his profession has been giving every satisfaction.

He is a prominent member as well as examiner of the W of W, P C W of W, K of P and Endowment Rank K of Paed has recently been appointed examiner of the Massachusetts Mutual Life Insurance Co.

He has never taken any active part in politics, but has always adhered to union principles. Is a close student, ambitious, and enjoys the respect of the community.

THREE TRAINLOADS OF TROOPS.

From Montana and North Dakota to Pass Through Eugene Friday.

Eugene people will again be afforded an opportunity to display their patriotism, in connection with the Spanish-American war now being waged. Friday and Saturday of this week three trainloads of troops, consisting of one battalion from Montana and two from North Dakota, a total of about 1200, will pass through this city, enroute for the Philippines, via San Francisco.

It cannot yet be ascertained at what hour the troops will pass through this city, but two trains, one carrying a battalion from Montana and the other transporting a battalion of North Dakota troops, will pass through Eugene some time Friday. A third train carrying a second battalion from North Dakota will pass through this place Saturday. The troops will occupy about 23 cars. Part of the Montana troops went to San Francisco via, Ogden, but the facilities of sending all that way, hence the battalion goes via Portland.

The Oregon Emergency Corps of Portland is making preparations to furnish the boys a lunch at the metropolis as they pass through. This will be highly relished by the boys after their long and tiresome journey.

Flag Raising and Social

There will be a flag raising at the Mt Vernon school house conducted by the G A R Post of Eugene on Friday afternoon June 3d at 6 o'clock.

This will be followed by an ice cream social in the evening to raise funds to defray the expense of flag etc. A program has been prepared for the evening and a pleasant time is anticipated. All are invited to attend.

OREGON POULTRY

Commission Men Say Turkeys Will Command a Neat Price

Indications are now very favorable that Oregon poultry, especially Turkeys, will command a fancy price this winter. Max Wolf & Co, wholesale commission merchants of San Francisco, are sending out letters to Oregon shippers on this subject. One received by J O Rhinehart of this city being as follows:

DEAR SIR—From the present outlook for the turkey season for the coming year we think that turkey raisers in Oregon will have a good market for their stock the coming holiday. The turkey raisers in California are raising but very little stock on account of the high feed, and from present appearances it looks as though California will be entirely dependent upon Oregon to supply this market and should the Eastern shipments be light on this market in all probabilities turkeys will bring high prices.

We would advise you to notify turkey raisers as we think it would be of much interest to them. Trusting that the same will be of benefit to you, we are, Yours respectfully MAX WOLF & CO.

WRIT OF ERROR ALLOWED

Case of Chu Chee and Chu Hew to Be Appealed.

Yesterday's Portland Telegram: Judge Bellinger, in the United States district court this morning, allowed the application of the United States District Attorney Hall for a writ of error in the case of Chu Chee and Chu Hew, the Chinese boys residing at Eugene, recently discharged upon a hearing in which the accusation against them was that they were in the United States in the capacity of laborers without having registration certificates. The court held that inasmuch as they were attending school they should be classed as students and permitted evidence to the adduced to establish such claim.

The United States district attorney contended that only documentary evidence was permissible, and being non-suited gave notice of appeal. The case will now go to the United States circuit court of appeals in San Francisco.
