SAURDAY.....JUNE 18  
NEWSPAPER MENDACITY.

The Register Apologizes for a Mis-Statement—But Makes Another About the Circuit Judge Elect.

The Register seems determined to misrepresent Union men, who have been elected to office, by making harmful and unfounded claims that they are gold standard Democrats, which is another way of saying that they voted the Republican ticket at the presidential election.

It has been compelled to apologize to Mr Miller, county school superintendent elect, for unnecessarily misrepresenting him on the financial issue, thus calling his political integrity in question. The Register says:

"The Register meant no injustice to Wm Miller in accusing him of being a gold standard democrat as we could apply no more complimentary a term to him except to accuse him of being a gold standard republican. We have known Mr Miller personally many years, having attended the University of Oregon with him, and we certainly hold him in very high esteem.

"A gold democrat sometimes, by his personal ability and popularity appeared upon the union ticket this year and one of them has just been elected judge of this circuit so Mr Miller would not have been entirely odd had he been classed as such."

What can be the motive of the Register in continuously misrepresenting Mr Hamilton, circuit judge elect? Prior to his election it gave circulation to the statements that Mr Hamilton was a large holder of mortgages on real estate and a bank stockholder. Mr Hamilton promptly stamped the accusations as falsehoods, and denied owning any bank stock, whatever, or mortgages in excess of \$1800. Farther Mr Hamilton was a consistent supporter of Wm J Bryan for president, and made speeches in behalf of the great silver advocate. His record on the financial question is one with which any Bryan supporter might be content. The course pursued by the Register in attacking the honor and integrity of these gentlemen must be condemned by all fair minded people. We do not believe the editor of the Register would personally lie about a political opponent, and we cannot understand why he uses the columns of his paper to accomplish the same end.

## HERE IS JOURNALISM.

The Spanish press is equal to the situation in keeping up the courage of their people by publishing accounts of domestic troubles in our great Republic. Only three weeks ago the El Tiempo, a Madrid Journal, regaled its readers with the following bit of choice news:

"Word has just been received here that the Indians are rising against the Yankees in Illinois, Ohio and other places. The farmers are petitioning the Government to protect them from the bloodthirsty savages, who are burning houses and killing on every side. Troops are asked for at Colorado, in the State of Denver, and at St Louis (San Luis), in Missipa."

"News is brought to us that Buffalo Bill, a notorious outlaw and leader of a band of half-breeds, has risen against the American Government, and is burning towns near his birthplace in New York."

The "yellow" journalism of our beloved country should import some of those Spanish writers. The opportunities of the past are lost, but the future should give bright promises to any paper that could secure a full staff of writers like the one that furnished the Madrid journal its blood curdling news.

## STANDARD OIL TAXES.

What taxes does the Standard Oil Company pay?

The company will answer this, because it does not pay any adequate share of taxes. Its dividends are \$30,000,000 a year. The market value of the Standard Oil properties is over \$350,000,000.

Now, the Standard Oil Company is taxed in New York City on nearly \$2,000,000. It is taxed in Cleveland on \$1,000,000. For the entire United States we doubt whether it is taxed on over \$10,000,000. This leaves about \$340,000,000 which it escapes taxation. The question is, how does it escape?

An 83-pound royal Chinook salmon was delivered at Trescott's in Astoria, last week. Mr Trescott had the fish taken to three works where it was frozen in a cake of ice. It will be forwarded to Omaha, to be placed in the exhibit of Oregon.

## WICKED GAMBLING.

Young Leiter of Chicago has a feeling that few men in the world's history have experienced. He knows how it feels to lose \$6,000, 000 within a few weeks. The thought cannot but strike one, when such a loss is made, that in the ordinary course of stock and produce gambling thousands of fortunes of varying sizes are yearly absorbed in this wicked seething maelstrom. Hundreds of fortunes were required to make this one fortune, and it was all accumulated by such gambling. Laws that permit such wild and reckless gambling are radically defective.

## TOO MUCH CHAPMAN.

Dr Chapman's pet scheme of killing local interest in State University events has admirably succeeded. Incidentally he has done good work attempting to kill the University. The many strange faces and well dressed men and women to be seen on former Commencement days wending their way to this University are sadly missing this year. The reason: Too much Chapman.

If a prophet should have arisen in November, 1896, to predict that within a year and a half W J Bryan would be at the head of a regiment of Nebraska volunteers and on his way to plant the American flag on the ramparts of Morro Castle he would have found little credence.

The new tariff bill thwarts druggists hard, as every \$1 bottle will have to bear a 4-cent tax. The law requires about everything in a drug store to carry a revenue stamp, and it is estimated that Oregon will yield the government about \$200,000 a year alone from this tax.

Roseburg Review: The gold standard newspapers of the world announced that the Oregon election knelled the death of silver coinage, and at once the wheat market of the world collapsed. Verily, wheat and silver go together.

Frank T Satan has been commissioned colonel of a Tennessee regiment, says the Denver Post. This son-of-distinguished-father business is being carried entirely too far.

## COLLECTOR AT PORTLAND.

Ike Patterson of Salem Gets the Plum.

Portland, Ore, June 16; 4 p m.—Advices just received from Washington state that I L Patterson, of Salem, has been appointed by the president as collector of customs for the port of Portland.

[Mr Patterson was a member of the last state senate from Marion county, and was one of John H Mitchell's warmest supporters, assisting him in the bitter fight made in the legislature for the election of senator. Placing Ucer in the governor's chair paved the way for Patterson's appointment and relieved the "powers that be" in the republican party of a very delicate manipulation which otherwise would have been necessary.—Ed.]

## BANK WAR TAX.

Lane County Bankers Will Donate Liberty to Uncle Sam.

Under the war revenue bill all banks will be taxed on their capital stock. On \$25,000, \$50, for each \$1,000 exceeding this amount, \$2. The banks in Lane county will pay as follows under this law:

Eugene Loan & Savings Bank... \$114  
First National Bank..... 205  
Lane County Bank..... 100  
Eakin & Bristol, Cottage Grove... 54  
Farmers & Merchants, of Junction 100

## ALBANY BANK TAX.

Eugene Leads Albany by \$107.

The paying of taxes is not a matter for congratulation, especially to the parties who must yield of their lucre. But the business of cities are generally accurately reflected by bank statistics and statements. In the bank war tax just levied by congress Eugene leads Albany by \$107.

As published elsewhere the banks of Eugene will pay \$419. According to the Albany Democrat the banks of that city will pay \$312 as follows: First National \$212; J W Cusick \$100. Total \$312. The Brownsville bank will pay \$59.20 and the Seio bank \$41.10.
