JUNCTION CITY CATTLE SHIPMENT. Junction City, Or, June 20.—Barnett & Ferguson shipped 100 1-year-old steers from this place tonight for Chicago. They are the finest lot of cattle that ever left the valley, and brought the best prices paid this year.

EUGENE BAND.—The Eugene band, which will furnish music on the 4th of July has commenced rehearsals on the special music for that occasion. The band is under the direction of Geo H Yerrington, which is assurance that good music will be provided by the organization.

RECORDER'S COURT.—In Recorder Dorris' court Monday the Sunday altercation between Duncan Scott and Thos Ingram was aired, resulting in the former paying \$8 as a fine and costs, while J Davis employer of the latter put up \$10 to secure his release.

MAJORITY OF BOTH.—Monday's Salem Journal: "Is it the churches of Eugene or the saloons that are fighting President Chapman?"

A Portland man, who has returned from Alaska after a stay of three months there, surprised his friends by stating that during that time he had bettered his condition \$1500. He was told that he had done very well, and asked how he had made so much in so short a time. He said what he had seen was worth \$500 to him and his experience would prevent him from going again, which was worth \$1000 more.

JACKSONVILLE TIMES: Hon H L Benson, circuit judge elect, has gone to Klamath county. He expects to become a resident of that section after July 1st, as he will hold court in the eastern portion of the judicial district, Judge Hanna attending to the business in Jackson and Josephine counties as before.

A V R Snyder of McMinnville, has been appointed state statistical agent of the department of agriculture at a salary of \$500 per year.

SPAIN DEFIANT

Refuses to Exchange Hobson.

WASHINGTON, June 20.—The Spaniards still refuse to include Hobson and his seven companions in the proposed exchange of prisoners.

The government has been notified of their determination and interesting things are expected to occur.

The Correct View.

Roseburg Philadelser: "While the people of Oregon expect the legislature at its coming session will revise and overhaul the laws which provide for the expenditure of public moneys and abolish every useless office and commission to the end that every dollar possible shall be saved to the taxpayers, we do not believe that the people of Oregon ask that a single dollar be withheld from any educational or charitable institution in the state, which is necessary to maintain its usefulness or efficiency. There has been, and is yet, a class of demagogues in this state, and they are not confined to any political party, who have declared against the expenditure of public money for the support of the higher educational institutions of the state. To take the course advocated by them would stamp the great and progressive state of Oregon as one which had determined to take a long step backwards. We do not mean that the money appropriated for these institutions should not be expended with the greatest possible economy, but that they should not be crippled by the withholding of the necessary funds."

Flag Raising and Basket Picnic.

On Friday, July 1st, a flag raising will take place at Bethel school house, two miles west of Eugene. The occasion will be the closing of the school in that district of which James Moore is teacher. The flag will be presented by J W Geary Post G A R, J W Geary W R C, Rich Mountain Circle G A R, and sons of veterans. The flag will be raised at the school house at 10:30 a m, on a new pole some 80 feet in length and after the presentation and acceptance, the meeting will adjourn to Merlau's Park a few yards distance where appropriate exercises by the school children, speaking and singing will be had. The program will be brief and highly entertaining. Every body invited to be present. Bring a well-filled basket and enjoy a day in the park.

Eugene Raised

The postoffices at Baker City and Pendleton, Or, have been advanced from third to second-class offices, and the salaries of the postmasters were raised respectively from \$1900 to \$2100, and from \$1800 to \$2000 a year, commencing July 1, 1898. At the following Oregon offices the salaries of the postmasters have been increased as shown, commencing July 1, 1898.

J Huntly Defeated.

The official vote of Curry county, shows that J Huntly, republican, was defeated for joint representative from Coos and Curry counties by E S Platts, the fusion nominee. Mr Platts received 259 votes in Curry, and 1072 in Coos, a total of 1331. Mr Huntly received 311 in Curry and 912 in Coos; total 1223. The political complexion of the 99 members will be: Republicans, senate 24, house 42; total 66. Fusionists, senate 3; house 17; total 20. Democrats, senate 2, house 1; total 3. Populists, senate 1.

As Seen Abroad.

Albany Democrat: "Mrs Chapman, wife of the president of the state university, has had the very serious charge made against her, that during the very entertaining address of Brother Irvine of the Corvallis Times, on Cuba, made before the students of the university of Oregon, she sat reading a book, paying no attention to the address and setting a poor example for the rising generation."

THE WHEAT SLUMP.—Valley wheat is now worth in Portland for export 63 cents per bushel and is quiet. This means that wheat would bring 52 to 53 cents per bushel in Eugene.

BOHEMIA CAMP.

A Larger Working Force at Present Than Ever Before.

Each Day Sees a New Vein Opened.

The Bohemia Mining Camp is fast coming into prominence as one of the best camps on the coast. Being only one day's drive from Eugene, it is easy to reach at any time during the year. A good wagon road will be finished right into the center of the camp within the next few weeks. It only lacks about 2 1/2 miles of being completed at the present time. The mines are all strictly quartz mines and rich strikes are being made every few days. The latest being made last week by B E Hawley & Co in the Wall Street mine. At a depth of 4 feet they struck a vein 8 inches wide of high grade galena ore and by the side of this a 10 inch vein of very free milling ore. The samples showing the free gold very conspicuously. Some pieces being literally covered with it and easily perceptible to the naked eye at a distance of twenty feet. They have sent a sack of the ore to be assayed. In sending the ore to be assayed they do not pick out special specimens, but take a general average of it all.

Sounds of blasting are heard in all directions. Messrs Gover & Knapp have commenced opening up a tunnel on the White Swan mine and the ore is proving richer than at first supposed. Two road crews are at work—three or four wood camps, are in full blast—one party is burning 2000 bushels of charcoal. A saw mill will be running about July 1st on City creek just below the Music mine. Ground is being cleared for more new mills and the whole camp has a business air that shows permanency and confidence.

What is the use of taking any risks going to Klondike when you have as good a thing as Bohemia right at home.

The Transplanted Oysters.

The Lincoln County Leader, of the 10th Inst, says: "Word received from Geo King, of Oyster City, who has temporary supervision over the Eastern oysters planted in Yaquina bay two years ago, is to the effect that the bivalves are in excellent condition, and have already made considerable growth this season. In another year it will be known whether the Eastern oyster will develop from egg to maturity in Oregon waters. There has been no mortality among them whatever from the day they were planted to the present time."
