Spain Sues for Peace Through France.

SCHLEY TO SUBMIT REPORT.

Special to the GUARD.

PORTLAND, Ore., July 26.—A Telegram special from Washington says that Spain has sued for peace, making her overtures through the French ambassador.

[M Jules Cambon, the French ambassador to Washington, is one of the leading diplomats of the world. Through his appointment to Washington the American embassy was raised to first place among the diplomatic posts that France has to give. Prior to his accession to the place that had been occupied by M. Patenotre, M. Cambon was the governor of Algeria, then the loftiest diplomatic position of the republic. When M. Patenotre was removed, France desiring to send a great man to Washington, selected M. Cambon. The Washington embassy was positively inferior to the governorship of Algeria. But to make things right, the French government appointed him honorary governor of that colony, an honor never before conferred on any man by the republic. Hence, by this act, the American embassy was placed even above Algeria. Sir Henry Drummond Wolff, English ambassador to Madrid, is also said to be an advance agent of peace to work with M. Cambon.]

WASHINGTON, July 26 7 p m.—Commodore Schley will submit a special report of the sinking of Cervera's fleet. This is President McKinley's special request. Admiral Sampson's report is now in the president's possession.

SAN FRANCISCO, July 26.—Sickness is increasing at Camp Merritt among the volunteers, owing to bad sanitation. When all are moved to Presidio a change is expected for the better.

SANTIAGO, July 26.—Commodore Watson's departure for the Spanish coast is delayed. It is said he will bombard no Spanish towns, his one purpose being to find Camara's fleet and destroy it.

PORT GUNICO, Porto Rico, July, 26.—General Miles and his army effected a successful landing today at this point. [Port Gunico is on the south coast of the island near Ponce.]

WASHINGTON, July 26; 7 p m.—The official report of the battle of Santiago shows the total loss in killed and wounded is fifteen hundred and ninety-five.

THE LAW AND TRACTION ENGINES

Planks Must be Laid on all Bridges Before Being Traveled Over By the Machines.

It is nearly time for the frequent appearance of the heavy traction engines upon the highways of the country districts, consequently there will be more or less anxiety for the safety of the bridges and culverts.

The law governing the use of such machinery on the highways is as follows:

"Section 4136. It shall be the duty of any person or persons in charge of any steam, portable or traction engine, propelled wholly or in part by steam, over the public highways or streets in this state to bring said portable or traction engine to a stop when within 100 yards of any person or persons going in the opposite direction with a team or teams, and remain stationary until said team or teams shall have passed by."

"Section 4137. It shall be unlawful to blow the steam whistle of such portable or traction engines while upon the public highways, or while passing over the streets of any city, town or village in this state."

"Section 4138. The penalty for the violation of any of the provisions of this act shall be a fine of not less than \$10 nor more than \$50 for each offense, or imprisonment in the county jail not less than five nor more than ten days; and in addition to said fine, any person causing damage to any said bridge or culvert shall be liable to the county to which the said bridge or culvert shall belong for all damages which may result from the crossing of such steam traction or portable engine."

THE NEW STEAMBOAT.—Work continues on Eugene's new steamboat, and it is fast assuming substantial proportions.

BACK FROM DAWSON.

Edward Darby Reports a Bad Condition of Affairs There.

Baker City Democrat: "An east-bound passenger yesterday over the O R & N, to his home in Huntington was Edward Darby, who is on his return direct from Dawson City, N W T."

"About one year ago Mr Darby, accompanied by Messrs Jack Williams and Scott Meyers, left Huntington and went to the Klondike via Skagway."

"Mr Darby reports the death of Meyers from scurvy and his burial on May 20 last. Williams is still at Dawson but will come out shortly."

"There are upwards of 60,000 people at Dawson and vicinity according to Mr Darby's statement, and two-thirds of them would leave if they had money enough to get away. He says a few men have made money, but a big majority have put up with every hardship imaginable and are now in distress. He is glad to be back home and if he is forgiven for going he promises never to be so foolish again."

"Mr Darby brought a letter out from James Callaghan to his wife. He is alive and has no hope of inheriting a fortune in Alaska's desolate waste."

"He reports Frank Small in good health and spirits."

"Jack Rogers has made a little money by having capital to operate with. He came up to Dawson from Circle City a few months ago with a supply of coal oil which he sold at big profit."

BATTLE RAGING

A Spanish Dispatch Brings This Information.

OTHER NEWS.

Special to the GUARD.

MADRID Spain, July 26.—The government learns that a battle is raging near Bahiahonda, Cuba.

WASHINGTON, D C, July 26.—Troops are disembarking near Ponce, Puerto Rico. Very little resistance was offered.

KEY WEST, Fla July 25.—Forty more deaths are reported among the Cancey, Cuba refugees. Starvation was the cause. They are in a terrible plight.

WASHINGTON, D C, July 26.—Admiral Sampson's official report of the recent naval battles will be ready for the press tonight.

SEATTLE, Wash, July 26.—The transports Nelson and Samoa leave for San Francisco tomorrow.

PORTLAND, Or, July 26.—Thirty recruits for Battery B arrived from Salem this forenoon.

EVENTS AT MANILA.

A London Cable Says That the Americans are About to Attack That Place.

LONDON, July 25.—A special dispatch from Manila says that General Augustine, captain-general of the Philippines, has telegraphed to the government as follows: "The Americans are about to attack Manila. Grave events are impending."

NORMAL INSTITUTE.

Circular Letter Just Sent Out by Superintendent Miller.

The following letter sent out today is self explanatory: Office of School Supt. Lane County. Eugene, Or, July 23, 1898.

DEAR TEACHERS:—The annual County Normal Institute will convene Aug. 3, at Villard Hall, Eugene, Oregon. We have selected this date so that the August examination will follow at the close of the institute.

We are desirous of making this an interesting and profitable session, and have spared no pains to secure able instructors and lecturers.

Prof W C Durette, of Portland, will have charge of Grammar, Geography, History, Physiology and Composition.

Prof E H McAllister, University of Oregon, will give the work in Algebra, Mental Arithmetic, Book-keeping and Physical Geography.

Prof J P Holland will have Orthography, Arithmetic, Reading and Penmanship. Prof Holland is a successful teacher and accomplished penman.

Arrangements are being made to have interesting talks and evening lectures by prominent educators and leading citizens.

Teachers, it rests with you whether you are profited by this institute or not. The law contemplates that every teacher shall attend and assist in the work of these institutes.

We hope the teachers of Lane county will come cheerfully and regularly and assist in making the work interesting and profitable. If you are a beginner, come and get the instruction necessary for your future work.

Come and bring your Text Books. Be on hand at 9 o'clock, Tuesday, August 2nd.

All teachers attending three days or more will be given certificate of attendance.

WM M MILLER, County Superintendent.

FOR A NEW COMPANY.

Fifty-Four Men Examined and Accepted.

Daily Guard, July 26

Lieut Henry Jeffers examined all the men presenting themselves before him for membership in the new military company. Out of 57 he accepted 54, a remarkably good showing.

Colonel James Jackson, U S A, arrived up this afternoon to muster the company in. The reorganization of companies calls for a minimum of 50 and a maximum of 75. Of the 54 accepted by Lieut Jeffers only 51, five short of the minimum, will be in the city tonight.

Eugene, besides sending out as volunteers the largest quota, according to population, of any town in the state, is also the first to actively make arrangements to reorganize the Oregon National Guard.

Owing to the increase in membership of companies considerable trouble is being experienced in reorganizing, and it is not impossible that the former minimum and maximum of 40 and 60 will have to be adopted. This would, of course, give more companies, but it would also enable their organization to be quickly completed.

THE LIST PASSING.

Lieut Jeffers examined 57 applicants out of this number accepted 54, the remaining three being troubled with defective vision. Those successful are as follows:

THE MUSTER.

Col Jackson will muster the new company in at 8 o'clock tonight. Several new applicants will be examined, and before the muster is made over the 56 required will have been enrolled.

THE STATE FAIR.

Secretary Gabrielson Out on a "Booming" Trip.

Daily Guard, July 25

C D Gabrielson of Salem, secretary of the Oregon State Agricultural Association, arrived up on today's 2:10 local with the avowed purpose of booming the "circulation" of the next state fair.

"Every indication," Mr Gabrielson says, "points to a most successful fair this year, and in many respects it will exceed both in interest and attendance any former year in the history of the association."

Special days will be arranged for the various valley towns. "Eugene day" will be September 25, and a round trip rate of \$2.00 will be made our townspeople for that date. At this low rate Mr Gabrielson confidently expects the entire city to attend.

While here Mr Gabrielson will distribute to the business men envelopes to be used in their regular correspondence, that carry on their back an advertisement of the fair, and Eugene day in particular, while he will take up posters of flaming colors. He leaves for Albany tomorrow morning.

Mr Gabrielson especially desires Lane county to arrange an exhibit of its own at the fair, and is interviewing prominent men on the subject. It should succeed, as Lane is an old-time prize-winner, and is still able to enter the ring as a champion.

OREGON BOYS RECOGNIZED.—A San Francisco dispatch says that there is every indication that the Oregon, Nebraska and Colorado recruits will sail for the Philippines with the expedition now scheduled to leave Aug 3rd, under command of General Marcus P Miller. The acting officers, chosen from among the recruits, are as follows: Sergeant major, H L Holgate, of Corvallis, company H; first sergeant, B F Burnett, of Corvallis; second sergeant, F E Edwards, third sergeant, Don W Holgate, of Corvallis, quartermaster sergeant, George W Jones, of Salem, Co J, first sergeant, L Hollano, Co K, first sergeant, S F Fouts, Co L, first sergeant, L R Willoughby, of Eugene.

STILL TALK PEACE

The Spaniards Are Tired of Fighting.

INTERNAL TROUBLES INCREASE

General Charles King Will Command Next Manila Expedition.

TROOPS AGAIN AT PRESIDIO.

Special to the Guard.

Madrid, July 25.—Internal troubles continue and in spite of the strong edict issued one week since curbing personal liberty, dissatisfaction with the present war management increases.

The government has prepared a message to present to the cortes stating that preparatory negotiations for peace are under way. Its probable effect on the populace is not yet determined.

SAN FRANCISCO, July 25.—It has been unofficially announced today that General Charles King would be the commander of the next Manila expedition scheduled to sail August 2. This will include the last quota of Oregon troops sent forward.

The troops at Camp Merritt are being transferred today to Presidio. This was made necessary owing to the bad situation of Camp Merritt. It was officially condemned by the city board of health.

SAN FRANCISCO, July 25.—The Oregon recruits at Camp Merritt were furnished with Springfield rifles today.

MORE ABOUT TROOPS.

Special to the Guard.

TAMPA, Florida, July 25.—The transport ship Morgan, called today for Porto Rico.

NEWPORT NEWS, July 25.—The Fourth Ohio and Fourth Pennsylvania arrived here today. Yesterday's arrivals are embarking now.

The Peach Plum Crop.

Capital Journal: John G Wright has about forty hands at work on the Candelaria fruit ranch picking the mammoth crop of peach plums for the eastern market. A J Wagner, of the Green & Dried Fruit Co., has purchased the entire crop of plums on the A B Frost place in Polk county. They will be shipped to Chicago. Scores of new prune dryers are being built, and the output of fruit this year will out rank anything of the kind ever known.

Like a Bicycle

Carriage Monthly: Men old in business, but young in advertising often regarded the latter as one's grandfather does a bicycle—a treacherous thing at best. Yet, like the bicycle, advertising is a great pace promoter, when the "hang of the thing is once gotten."

The hen is a producer of more wealth than any other single contingent of the farm. She produced last year \$31,000,000 more than the cotton plantations, \$52,000,000 more than the wheat fields and \$252,000,000 more than the sheep.

IN THE BOHEMIA DISTRICT.

Dr Oglesby's Glowing Report of the Helena Mine.

JUNCTION CITY, Or, July 24.—Dr W W Oglesby returned this evening from a trip to the Bohemia gold mines, and reports everything in a very prosperous condition in the camp. The doctor discovered a mine that he believes will prove to be very rich, but the greatest mine he ever saw was the Helena, owned by Bruno & Jennings Bros. They have a great door locked at the entrance of the tunnel, which they kindly unlocked and admitted the doctor. He said when he entered he felt as though he had passed through the pearly gates, for the walls, arch and very floor of the tunnel glittered with gold. The doctor has had extensive experience in mines, but believes the Helena is the best mine in Oregon. Old Bohemia is taking a boom, and the time is not far distant when the iron horse will be heard through those mountains.

A Rimeless Poem.

"She mounted her chainless wheel; Did the beautiful skirlless maid. And she traveled the pavless streets At the rear of a horseless cab. She rode to a creedless church— And there heard a churchless priest. Deliver an endless talk. Regarding an endless life. Then I, with my brainless head, D-d think of this funny joke; It's the 9s model ode. The wonderful rhymeless poem." —Exchange.
