

ANOTHER BATTLE CERTAIN

Rumors that Another Battle Was Fought on August 4th.

SPAIN ACCEPTS OUR TERMS.

Special to the GUARD. WASHINGTON, D. C. August 9.—Secretary of War Alger in an interview this afternoon says he expects to learn of another heavy battle at Manila, in the Philippine Islands.

ANOTHER BATTLE.

St. Louis, Mo., August 9.—A Daily Republic special from Hong Kong says a second battle was fought at Manila and the Americans won.

A LONDON RUMOR.

London, England, August 9.—The evening papers all claim that another battle between the American and Spanish troops was fought at Manila August 4th.

SPAIN ACCEPTS.

WASHINGTON, D. C., August 9.—Spain's official reply has been received and peace is assured. She accepts our terms as presented.

NEW FEVER CASES.

SANTIAGO, Cuba, August 9.—Two hundred new cases of fever today. There were four deaths this morning.

SHERWOOD BURK.

Daily Guard August 9 Sherwood Burr was born in Sullivan county, New York, August 10th 1851. He came to Eugene from Pendleton Feb 1886 where he lived the remainder of his life which ended Aug 8, 1898.

Mr Burr was married to Miss Laura Warner in 1878 to whom five children have been born of whom Anthony, Sherwood and Nettie survive with their mother to mourn the loss of their departed father and husband.

WERE DROWNED.

Chas Wright and Son of Harrisburg Lose Their Lives.

Waldport, August 8. — Charles P Wright, of Harrisburg, and his son Ralph, 12 years old, were washed off the rocks near Yachats, yesterday and drowned.

HAND CRUSHED.—While feeding the thrasher at the farm eight miles below Eugene, Harley Meek caught his right sleeve in the cylinder teeth, and before he could disengage it his hand was carried in, badly lacerating it.

SUICIDE.

Geo. Butler, of Harrisburg, Died by His Own Hand Today.

DESPONDENCY THE CAUSE.

DAILY GUARD, AUGUST 9 Wm Mayer, manager of H Weinhard's ice plant in this city, received a telephone message from Harrisburg this morning that Geo Butler, of that place, had been found dead on the river bank near his ice house, about 9:30 o'clock and that he had probably suicided.

Butler is an old resident of Harrisburg, having resided there about 23 years, and is about sixty years old. For some time he has conducted a saloon, but recently the council refused to renew his license, and despondency probably caused him to end his life.

Mr Butler has for some time been acting as agent for Mr Mayer, who left by private conveyance for Harrisburg on August 11.

Dr L W Brown, who came up from Harrisburg on the 2:10 local, says that it is supposed Butler killed himself by drowning, as he was found at the edge of the river in water about 18 inches deep. It is not thought the shots fired, if aimed at himself, took effect.

SUICIDE CONFIRMED.

At 3:59 this afternoon Wm Mayer telephoned the GUARD additional particulars as follows: Deceased's name is Geo H Butler, age 72 years. He leaves a wife and two grown sons.

It is evident he suicided by drowning. Butler fired two shots at himself from a 44 Bulldog revolver, but being of a very nervous disposition both missed, each going through his hat however. He then threw himself in river and was found with his head under a stump lying in two feet of water.

The cause of his despondency is generally conceded to be the refusal of the council to renew his liquor license, having been in the business in that town for 30 years.

JOHN LINN'S ESTATE.

Administrator P H Stephenson in Lane County Looking After It.

DAILY GUARD, August 9 P H Stephenson, of Condon, Gilliam county, arrived in Eugene yesterday on business connected with the estate of John Linn, who was killed June 15 at Isham's corral on the McKenzie 76 miles above Eugene.

Mr Stephenson is of clerk of Condon camp, W of W, in which Mr Linn held a policy for \$3000 was appointed administrator of the estate of the deceased, and his trip to Lane county at this time is for the purpose of making disposition of the horses now at Will Seavy's, owned by deceased.

Mr Stephenson informs a GUARD reporter that exclusive of the Woodmen policy the estate of Mr Linn would probably not foot up over \$1000. He characterizes the deceased as a very hard-working man, quiet and unobtrusive in disposition, and a man universally respected.

DIED.—Sunday Aug 6, 1898, near Coburg, Arthur W Leach, aged 18 years, 8 months and 26 days. Cause of death measles and tonsillitis. The burial occurred Aug 7 at 2 p m, in the Coburg I.O.O.F. cemetery. Rev C H Wallace officiating.

NOVEL EXPERIMENT

Wagon Freight Train to Be Run by F M Chrisman.

30-TON ENGINE.

We take the following from Saturday's Portland Telegram, W W Chrisman being well known in Eugene: "A quaint-looking train drew large crowds of observers along Front street yesterday evening about 7:50."

It consisted of a large 30-ton traction engine hitched locomotive style to a tender and train of heavy freight wagons, the whole procession moved down Front street towards the depot at the rate of four miles an hour.

"The outfit is being placed on board of flat cars today at the terminal grounds, and will be shipped to F M Chrisman at The Dalles, from which point it is to take the dusty Eastern Oregon wagon roads to Silver Lake, Lake county, nearly 200 miles to the south.

"Mr Chrisman is a prominent merchant at Silver Lake, and has hundreds of tons of general merchandise hauled by freight wagons from the railway every year, but these wagons have heretofore been drawn by horses. He has decided to invest some \$5,000 in the experiment of hauling by steam, up hill and down, over soft swamp and sinking sand between The Dalles and his thriving town, far away in the midst of lynchgrass prairies, where the coyotes never before heard the screech of the steam engine.

"The tires of the traction engine are 20 inches wide and the distance between the outer edges of the drive wheels is nine feet. Mr Chrisman has a force of men at work widening the grades, filling chukholes and strengthening bridges along the entire route south of The Dalles, and in doing this he benefits everybody along the road, as at best Eastern Oregon highways are apt to need considerable repairing at this time of year.

"He expects to run six wagons capable of carrying seven tons each, and these, with the tender loaded with wood and water for a 25-mile run, will constitute the train."

We learn that C L Williams, well known here, is to be the engineer.

HUNGRY FOR OFFICE.

Portlanders Are Looking for Places as Forest Rangers.

PORTLAND, Aug. 8.—Over 500 applications for positions as forest rangers have been filed in the interior department from this city alone. The wave of prosperity in Oregon is so great that everybody, it seems, is willing to accept a position as watchman for Uncle Sam's forest reserve, at a salary of \$50 a month. The commissioner of the general land office, Binger Hermann, has the appointing of the rangers, and therefore the political friends of the ex congressman are generally the ones who secure the plum, and in keeping with the open-hearted generosity of the republican party the commissioner is making appointments by the score through different parts of the state.

Grand Woolen Exhibit.

Grand Woolen Exhibit in the piece. Friday and Saturday, August 19 and 20, 1898, Strauss Bros, America's Leading Tailors, of New York, Chicago, Cincinnati, at the store of Ed Hanson, Eugene, Oregon. Fine tailoring, suits to order, \$11.75 and up; pants to order \$3.00 and up. Perfect fit guaranteed. Call and have yourself scientifically measured even if not ready to order now.

BLOODY BATTLE.

War Breaks Out Anew at Manila.

Eleven Americans Killed. SAN FRANCISCO, Aug. 9.—A special to the Examiner dated Manila, July 31 via Hong Kong, August 8 says:

A heavy engagement took place tonight between the American and Spanish forces at Malate. The Spanish made an attack, attempting to turn our right. After an hour's fighting they were repulsed. The troops engaged were:

First Battalion, California volunteers Tenth Pennsylvania; first battalion, Third artillery, regulars, and battery A Utah.

Our loss was nine killed and 44 wounded. Our volunteers made a glorious defense against upward of 3000 of an attacking force. The battle raged for three hours.

ELEVEN DEATHS.

Special to the Guard. New York, Aug 8.—The Daily Journals special from Havana says General Blanco has issued a proclamation pardoning all political prisoners. The dispatch says the city will be given over to the Americans and Cubans at once.

General Blanco wanted to fight to the end but Spain decided otherwise.

Santiago, Aug 8.—Cubans are having an immense celebration here today over the terms of peace.

Washington, D C, Aug 8.—Yesterday's deaths at Santiago were eleven.

WASHINGTON, August 8.—The acceptance of the terms of peace by Spain has been received and everything is satisfactory.

Hostilities have already ceased. [The terms of peace will be found in another place.]

TERMS OF PEACE.

As Near As Can Be Ascertained, These Are the Terms Stated As a Basis for a Treaty of Peace.

The President requires the relinquishment of all claim of sovereignty over or title to the island of Cuba, as well as the immediate evacuation by Spain of the island; the cessation to the United States and immediate evacuation of Porto Rico and other islands under Spanish sovereignty in the West Indies; and the like concession of an island in the Ladrone.

The United States will occupy and hold the city, bay and harbor of Manila pending the conclusion of a treaty of peace which shall determine the control, disposition and government of the Philippines. If these terms are accepted by Spain in their entirety, it is stated that commissioners will be named by the United States to meet commissioners on the part of Spain for the purpose of concluding a treaty of peace on the basis above indicated.

LEG BROKEN.

Special to the Guard. Junction City, August 9. This morning an accident happened to Frank Wilkinson, while coming to town with a load of oats. In coming down the hill at the I.O.O.F. cemetery the brake on his wagon broke and he fell breaking his right leg above the knee. It was very unfortunate as Mr Wilkinson was going to Union county Wednesday to take charge of his large threshing machine which he shipped there last week.
