

AN OPEN LETTER TO MOTHERS.

WE ARE ASSERTING IN THE COURTS OUR RIGHT TO THE EXCLUSIVE USE OF THE WORD "CASTORIA," AND "FITCHER'S CASTORIA," AS OUR TRADE MARK.

I, DR. SAMUEL PITCHER, of Hyannis, Massachusetts, was the originator of "CASTORIA," the same that has borne and does now bear the fac-simile signature of Chas. H. Fletcher on every the fac-simile signature of Chas. H. Fletcher wrapper.

LOOK CAREFULLY at the wrapper and see that it is the kind you have always bought on the and has the signature of Chas. H. Fletcher wrapper.

Do not endanger the life of your child by accepting a cheap substitute which some druggist may offer you (because he makes a few more pennies on it), the ingredients of which even he does not know.

"The Kind You Have Always Bought" BEARS THE SIGNATURE OF

Chas. H. Fletcher

SMOKY WEATHER TO ABATE.

Grant's Pass Observer: "The people of southern Oregon will rejoice at what is being done for their comfort by the authorities at Washington. We are to have no more smoke to annoy us. Hon Nat Langell, of Jacksonville, has been appointed fire extinguisher or forester of southern Oregon, and with an able corps of fire fighters he has gone into "the forests primeval" to quench the many fires that are liable to destroy our vast forest on the backbone of the Cascade ranges.

According to the English journal the Spanish soldier is a frugal liver, his commissariat allowance being two meals a day—one at 9 a m, the other at 5 p m. In some corps coffee and soup are served out in the early morning. A pound and a half of bread a day constitute the government ration; any food beyond this must be bought by the private at the canteen. He gets a little meat, and keeps in excellent condition on a chunk of dry bread, a little oil and a clove of garlic a day. If to this he can add a pint of wine which tastes like vinegar and water he feel perfectly happy. There is one thing he cannot go without, and that is his cigarette.

TO "GUARD" THE FOREST.

Roseburg Review: "By order of the department creating and extending service in forest ranging Capt S B Ormsby appoints the following persons to serve on the forest range during the months of August and September: Newt Ferrel, F C Lewis, Salem; Ephraim Hennes, Gates; W P Venderport, Lava; T P Claypool, Sisters; F V Herbert, Hazel Dell; James Kirkwood, Hull; Z O Davis, Eugene; George P'requien, Roseburg and W A Lume, Yocalla. This means a summer vacation in the mountains at \$50 a month for these "rangers" and nothing more. Not a single public interest will be subserved in any respect by them. The creation of forest reserves on a large scale with a big army of officials to look after them is an extravagance and is wholly without benefit to the public. Times are hard and the compensation of labor is falling, but the expense of the government are increasing on every hand, and taxes are constantly becoming more burdensome. Where will it end?"

PORTRAITS ON BANK NOTES.

The heads on the National bank notes of different denominations are not very generally known, and very few persons can tell what por-

Lea & Perrins, the manufacturers

of the world-famous Worcestershire sauce sought to economize by cutting off their advertising expenditure—a matter of \$25,000 per year. One would have thought that if any one could rest upon the merit and celebrity of their product surely Lea & Perrins could. After four years of abstaining from advertising, their sales fell off so greatly that they have been forced to re-enter the advertising field and have doubled their annual outlay in this regard.

The Royal Baking Powder Co

has refused \$12,000,000 for its business. This is a tremendous testimonial to the value of advertising. The business has been built up from a modest beginning to present gigantic proportions by the judicious use of newspaper advertising columns.

The St Louis Republic thinks

people who have been apt to forget about the "Mane" should notice that the IR on war stamps may stand for "I Remember."

It now transpires that the reason

hay took such a tumble in California was because of such large shipments in from the Missouri valley until the market was glutted. That is just the way with those Missouri people. They want the world.

EMERGENCY CORPS.—Saturday night's California express carried to Presidio a large box of eatables for "our 25," now stationed there awaiting a troopship to transport them to Manila. The box was prepared by members of the Emergency Corps and it is needless to say will be more than appreciated. This is likely the last box the boys will receive before sailing.

AT DAWSON.—Florence West: A letter from Harper Workman brings information that he and W S Brewer, Jas Fairweather and M D Landis are all in Dawson City. Mr Workman writes that many are leaving that place. He did not find things as he expected but thinks he can make some money. If anyone can make a living at home he would advise him not to go to Dawson City.

CONSIDERABLY IMPROVED.—Attorney E E Benedict returned this morning on the early train from San Francisco. His son, Glen E Benedict, who has been quite ill in that city, returned with him. We are pleased to inform our readers that he is considerably improved in health. They left for the family home in Florence on this morning's stage.

LARGE SAW LOG.—Florence West: Probably the largest saw log ever hauled by a team to the Siuslaw river was hauled by V Gorney's team Tuesday. It measured 61 inches in diameter one way and 54 inches the other, was 40 feet in length, and scales 5,200 feet. It grew on J Harney's place and is to be cut into plank for the new vessel.

AT THE CANNERY.—The Eugene cannery is being made ready for the reception of the new fruit crop, which will be coming in about three weeks from now. Three Monteith dryers, having 54 trays each, have been added to the capacity of the cannery.

GOOD THRESHING.—Armitage & Stevens, who are running a threshing outfit in the forks of the Willamette, have been running ten days and averaged 2250 bushels per day. They have a 20 days run yet ahead of them.

BEE TREE.—D M Drake yesterday cut a bee tree in the bottom just north of Eugene. He got about eight gallons of honey out of it. Mr Drake informs us that the bottoms and hills of Lane county abound with bee trees.

TO NEWPORT.—Mrs Mary Eddy and daughters, Mazy and Birdie, Mrs John Eddy, S M Elliott and wife, and Dr Evans, wife and children formed a party that left for Newport today for a month's outing.

A GOOD APPOINTMENT.—Lawrence T Harris has been appointed referee in bankruptcy for Lane county by Judge Bellinger. An excellent appointment. Judge Burnett was appointed for Benton county.

JAW REMOVED.—Dr L W Brown this morning removed a portion of the left jaw of Geo Spores of Mohawk, which had become diseased. The young man is now resting easily and will soon be all right again.

TUESDAY AUGUST 9.

A BEAR STORY.—Florence West: The latest bear story comes from Acme. One day this week on his way to Acme Amos Haring saw a bear with two cubs and shot the old bear. On hearing of it some of the Acemites became anxious to kill a bear. One man and two boys started out with a shot gun but after quite a hunt gave up the chase. Another man started out with two young ladies who were anxious to secure a bear for a pet. They took no dangerous weapons, but only a rope with which to lasso the bear. After a long tramp all gave it up and the bear still roam the hills and may yet live to grow and frighten the inhabitants of Acme.

BODY BURIED.—Roseburg Review:

"Mrs Alice Price and her daughter, mother and sister of James Price, the young man who was drowned Friday afternoon, arrived here on last night's overland from San Francisco. Mrs Price's father, Mr Joseph Garrouette, of Cottage Grove, came last night, also. They took charge of the body of the young man and took it to Cottage Grove on today's train, where it will be buried. Mr Garrouette, the grandfather of the unfortunate young man, formerly resided in the northern part of this county."

ARRESTED.—Albany Democrat,

"Upon complaint of Clemens & Bradley, cattle buyers, H R and W J Snodgrass were arrested at Harrisburg Saturday by Constable Stralney on the charge of obtaining money under false pretenses. Clemens & Bradley allege that they bought some cattle of the defendants paying for the same, and that the defendants had then refused to deliver them. The case will be tried before Justice Powell Wednesday at 1 p m."

FISH STORY.—Mayor Kuykendall

who returned this morning from Winchester bay tells of catching 50 mackerel one night by hand. The fish made a run up the river and became so thick that they were easily captured in this unique manner. En route on the stage the Mayor experienced the excitement of a runaway, losing a little life off his "right hind leg" and forehead. The remainder of the family will return home within a week.

DIED.—At Springfield, Oregon, Aug

8, 1898, of cancer, Mrs Charnel Mulligan, aged about 70 years. Deceased was an early pioneer, a daughter of Uncle Jacob Spores, and wife of one of the founders of Eugene. The funeral occurred today to the IOOF cemetery at Springfield.

NORMAL INSTITUTE.

A Very Profitable Session Closes Tomorrow.

Daily Guard August 9: Tomorrow will end the Normal Institute being held for one county teachers and it has been one of the most successful ever held. Supt Miller displays considerable executive ability and the routine work of the institute progresses in a manner conducive of good results.

Tonight Prof C W Durrutte, lectures at the first Christian church on "Home, School and State." While the lecture is primarily intended for the institute, the general public is invited. The excellent work as an instructor by Prof Durrutte is assurance that the lecture will be of more than usual interest.

Tomorrow afternoon Prof McAlister will lecture on some astronomical topics. He is a lecturer of ability and it is fitting that this lecture should be given as a closing treat of the many the institute has afforded.

The following have enrolled since our last report: NEW ENROLLMENTS.

- Ethel Brewster, Ralph T Taylor, Anna Brueker, Clare E Taylor, Ennis Stewart, Belle Keeney, Mertie Stuart, Katie Runk, Aggie Baucker, L W McKeel, E E Orton, Bertha Sergeant, Myrtle Renshaw, Blanche Warblinton, Chas L Scott, Geo Jordan.

Daily Guard, August 9.

The lecture on "Home, School and State" at the First Christian church last night by Prof C W Durrutte, of the Woodstock schools, Portland, was received with enthusiasm by those in attendance. Prof Durrutte is not only one of the best instructors in Oregon but in an address such as given last night carried to it the power to instruct and entertain as found in the institute, his clear presentation of the topic in an original manner meeting with most hearty approbation. Supt Miller deserves congratulations in having secured him, and his services at the next annual institute would be more than appreciated by the teachers.

DEATHS FROM DIPHTHERIA.

Two Young People Die From This Dread Disease.

Last Saturday Arthur Leach, son of Monroe Leach, aged about 18 years, died at Coburg from diphtheria. The remains were buried Sunday.

Yesterday Ruby Ward, daughter of Lucian Ward aged 15 years died from the same disease and the remains were interred in the IOOF cemetery at Coburg this afternoon.

No others are sick with the dread complaint but quite a number of children have been exposed.
