OREGON AHEAD.

Wayne Osburn Passes Naval Cadet Examination.
 Daily Guard Sept 5
 F. W. Osburn today received the following telegram from his son, who was recently appointed to the naval cadetship:

ANNAPOLIS, Sept. 5.
 F. W. OSBURN,
 Eugene, Oregon.
 Passed mental examination. Will telegraph result of physical examination.

WAYNE OSBURN.
 Cadet Osburn has nothing to fear from the results of the physical examination as he has a strong and rugged physique. When it is considered how large a percentage fail who try this examination the cause for congratulation becomes the stronger.

Wayne Osburn is a native Oregonian and one of her sturdy and intellectual sons from whom much can rightly be expected in his chosen vocation.

MUST STAMP WARRANTS.—Money-brokers are not pleased over the new revenue stamp law. Brokers who make a specialty of buying up city and county warrants are particularly inconvenienced. Every warrant that is assigned to the brokers by employes has to have a stamp. The warrants themselves do not require the stamp, but the order of assignment does. A 2-cent stamp is necessary. No matter how large or small the assignment may be the uniform rate is demanded by the government.

A STRONG LETTER

Mr Ferry Has Something to Say to His Friends.

GAME WARDEN INVITED.
HOME OF A FRIEND, Sept 7, 1898.
EDITOR GUARD:—As I have an opportunity I will write you a letter which you may publish in regard to steps taken against me for killing pheasants out of season.
 The snive leg crows that reported on me are guilty of the same offense for which they cry out for me to be punished and not only that but they have penetrated farther into the dark forest with the dog and Winchester in the successful pursuit of deer; they have also sneaked along the pleasant streams of Lane county and destroyed the fish with dynamite. Facts that can be proven.
 I do not expect to stand a trial although my friends have told me that they would pay my fine should there be any, in order to discover who the sneak of a politician was that made the report. I learn and from good authority too that one of the business men of Eugene has put himself to a great deal of trouble concerning this matter. I don't see how it can benefit him in the least and may do him much damage.
 As to Mr Kissenger, game warden, I do not know the gentleman—or do I care to form his acquaintance just now but as far as I know he is a perfect gentleman and I have fought against him and if he will leave that "war-rant" at home and come out to Llewellyn I will gladly furnish his dog, guns and ammunition and go with him bird hunting any day; but if he comes on any other business I'll not be present.
 Yours Etc,
W. T. FERRY.

LOOK OUT FOR HIM.

A few days since a young man named Harry Patterson skipped out from The Dalles, leaving a number of debts unpaid, says the T. M. He was a comparative stranger in the city, but during his residence of about a month in The Dalles made himself quite conspicuous. He pretended to be quite religious, and took an active interest in the Baptist church. He was of pleasing address and secured a situation as stenographer with a business firm, but never got quite ready to go to work. He had a happy faculty of being seized with a severe fit whenever occasion required. Patterson is said to have worked a sort of confidence game wherever he has been, borrowing a few dollars here and there and getting a few weeks' board at different boarding houses. He is supposed to have gone either to Pendleton or Walla Walla and people there had as well move him along.

THURSTON ITEMS.

Arm Broken—Hop Picking in Progress.
 A 12-year old son of Dr B. F. Russell fell from a chair in the postoffice the other day and broke one of his arms just above the wrist. Dr Russell set the broken bones and the boy is getting well fast.
 Mr Southerland was paralyzed Saturday.
 Billy Yale, who was so badly shot in the hip some time ago near the McKenzie Bridge is now able to hobble about with the aid of a couple of canes. He thinks Dr Russell is a great surgeon.
 Hop picking has commenced here. All unsprayed yards are mouldy.

Eastern Oregon Farming.

Pendleton East Oregonian: W. M. Pierce said today that he was in the midst of the harvesting season in the Grande Ronde valley where he has, in association with Henry F. Pierce and Charles Pierce, about 60,000 bushels of grain this year, besides having their large sugar beet forests. The PIERCES this year have raised a total of 150,000 bushels of grain, the respective interests of the three being in this proportion: H. F. Pierce, 70,000 bushels; W. M. Pierce, 60,000; C. M. Pierce 20,000. Mr Pierce asserts that the sugar beets are an unqualified success and will turn out a big crop.

PUBLIC SCHOOLS.—Supt Ressler, of the Eugene public schools, has established his office in the Central building and can be found there from 10 to 12 o'clock each day until school commences, which is September 19. He is at present busily engaged in making a schedule of study, which will include the higher grade to be added this year. As soon as this is completed it will be published.

Hop Picking.

Hop pickers are hereby notified that I will commence picking hops on my place, across the river from Eugene, Thursday Sept 8.
 My former notice for Sept 6th is hereby changed to the 8th.
 John Brown

WAS IT ANDREE

A Strange Visitor on Hudson Bay Shores.

INDIANS SAW HIM
 Chicago, Sept 4.—A special to the Times-Herald from Winnipeg, Manitoba, says:
 Indians reaching Dauphin from the far north report meeting an Eskimo who told of the appearance among them of a strange man, who descended from the clouds on the shores of Hudson bay. The opinion among the whites is that the man is Andree, the Arctic explorer.

John L. Hunt.
 Johnny L. Hunt, who accidentally shot himself last Thursday while hunting pheasants near the old Babin place, three miles west of Eugene, died Saturday night about 9:30 o'clock after making a most game and determined fight against the inevitable. That he even survived that length of time is due only to his indomitable will, and his attending physicians expressed surprise that he was able to make so brave a fight for life. His entire left side was almost gone, the lung being entirely exposed, the ribs broken and shattered and even the heart sac torn, yet with a high, though weak pulsation he made a brilliant though hopeless struggle.

John L. Hunt was born at Fresno, Calif., where he leaves a father, mother and 6 other. He was aged 35 years, 11 months and 15 days. He has been a resident of Eugene about five years, pursuing his vocation of jockey most of this time, but for the past year has assisted in the management of the paint store belonging to the Lane heirs to whom he bears the relationship of cousin.

The funeral was held this afternoon at 2:30 o'clock from the Lane residence to the I. O. O. F. cemetery, Dr D. E. Lovelidge, rector of St. Mary's Episcopal church officiating. A goodly number were in attendance.

ASSAULT AND BATTERY.

Case on Trial Before Justice Wintermeier Today.
 Daily Guard, Sept 6
 A cause for action wherein Charles Iwan is charged with assault and battery upon the person of Helen Quast, is being heard before Justice Wintermeier this afternoon in chambers at the court house, before a jury consisting of D. Cherry, A. G. Holden, H. D. Wiley, H. L. Martin, W. F. Martin and E. M. Warren. The state is represented by Deputy Attorney Harris and J. M. Williams, and the defense by Attorneys Kinsey and Bilyeu. A demurrer to complaint was argued and overruled.

The parties to the suit are German and live west of Eugene. Owing to the inability of Helena Quast to understand English a recess is being held as we go to press, to enable the court to procure an interpreter.

The contractors are placing the heating apparatus in the new court house building.
 Our old friend, Henry Stewart, is going to put in a stock of goods at Comstock and become a full fledged merchant. His wife will be business manager.

Roseburg Plaindealer Sept 3: Mrs S. W. Miser who for several weeks was in attendance at the bedside of her aged mother, the late Mrs Harrison Pinkston, spent last Friday at Glendale enroute to her home at Starvecot.

Fred Bailey, of Hood River, had picked and shipped 302 crates of blackberries up to Monday last, from one-quarter of an acre of 2-year-old vines, this being his first crop. He thinks there are 25 crates yet on the vines, and that he will have blackberries till next week.

Fifty cords of wood wanted at this office on subscription but this don't mean next winter after the wood has been water-soaked with two or three months of wet weather. Dry wood goes at this shop and those who want to furnish wood must apply early.

The remains of the late C. F. Wright, of Harrisburg, who was drowned at Yaquina, were conveyed to his home at Harrisburg and were interred Sunday afternoon at the Masonic cemetery near Harrisburg. The body of his son whom he was trying to rescue when drowned, has not been recovered.

PUBLIC SCHOOL

City Sept Ressler Outlines the Coming Year.

ITS POINTS THOROUGHLY CONSIDERED.
 The following letter from E. D. Ressler, city superintendent of schools, is full of interest at this time and betokens a successful season just approaching:
 To the patrons of the public schools.
 The school year of 1898-'99 will begin Monday Sept 19 at 9 a. m. The date of opening has been set one week later than usual in order to accommodate hop pickers, campers and others. It is hoped that all parents will have their children enter on the first day if possible, and then keep them regular and punctual in attendance throughout the entire year.
 The superintendent will be in his office in the Central building every day from ten to twelve on and after Sept 5, ready to consult parents, pupils, teachers, or others concerning school matters.
 A new manual and course of study is in preparation, in which complete arrangements will be made for high school work. It is the intention to provide two courses, English and college preparatory; the former will be adapted to the needs of teachers and those not contemplating a college course.
 Pupils who failed at the spring examination, and who have studied during the summer, may be re-examined if they wish on Thursday and Friday, Sept 15th and 16th, at the Central building.
 Pupils of last year's Ninth grade who were conditioned should also present themselves for examination in the conditioned subjects.
 A large class was enrolled in this grade last year and a number dropped out for one reason and another before the end of the term. All these students are invited to call at the office and investigate the new course of study.
 Other young persons in the city who have not completed a high school course should avail themselves of this opportunity, and are likewise invited to call on the superintendent.
 We hope the citizens of Eugene will encourage the adoption of a full four years high school course from which our pupils may graduate on an equal standing with the best schools of the public, east or west.
 The war with Spain has quickened our national pulse and we are no longer but dimly conscious of our greatness. That the source and support of our national greatness is in the education of the people needs no argument.
 Let us set as if we believed that the education of our children should be our first consideration as good citizens.
 Very respectfully,
E. D. RESSLER,
 Supt. Public Schools.

STILL DEMOCRATIC

Only Question in Doubt in Arkansas Is Size of the Plurality.

Little Rock, Ark, Sept 5.—Arkansas today elected a full corps of state officers, 100 members of the lower house of the legislature, 16 state senators, local officers in each of the 75 counties, and voted on the adoption of two important constitutional amendments as well as the question of liquor license in the different counties. The democratic state ticket, headed by Dan W. Jones, is undoubtedly elected, the only question of doubt being the size of the democratic plurality. The vote on the two constitutional amendments is in doubt. One of these provides for the creation by the legislature of a railroad commission, and the other for the levying of a tax of \$3,000,000 for road purposes.

But few figures are at hand at midnight. The republicans have carried Newton and Searcy counties, and the populists have probably carried Clarke, Cleveland, White and Nevada. A few other counties are in doubt, but the democrats have nearly all of them secured. The indications are that Jones will have a majority over the combined opposition of from 20,000 to 30,000. The railroad commission constitutional amendment is undoubtedly adopted. So far as is known at this hour, no serious trouble has occurred.

The railroad commission constitutional amendment is undoubtedly adopted. So far as is known at this hour, no serious trouble has occurred.

STRUCK BY A POLE.

Farmer Seriously Injured While Bucking Straw.

JUNCTION CITY, Sept 5.—A farmer named Samuels, residing four miles west of here, was bucking straw from a thresher into a shed yesterday morning, when one of the trace ropes broke and the end of a pole struck him on the head, rendering him unconscious for 10 hours, and probably producing concussion of the brain. At last reports he had not fully regained consciousness, but was some better.

Mrs M. G. Odell will instruct a limited number of children from the age of six and upwards, in the common school branches at her residence, corner 8th and Pearl streets. Day sessions from 9 and 9:30 to 12 and 12:30 o'clock. Tuition, fifty cents a week, school opens Sept 19, 1898.

RESOLUTIONS.

EUGENE, Or, Sept. 5, 1898.
 WHEREAS, The Rev W. B. Farr, D. D., our efficient secretary and late pastor of the Cumberland Presbyterian church in this city, has resigned his pastorate, to labor in other fields; therefore be it
 RESOLVED, That we have been delighted and blessed by our association with Dr Farr during his stay among us. That we will cherish pleasant memories of this courteous scholarly Christian gentleman, and pray God's blessing upon him and his faithful wife, and upon their work wherever their lot may be cast.

The price that will be paid on the Columbia for fall salmon has not yet been made public, but several fishermen who are unattached to any cannery have been offered a contract at not less than 25 cents and 3 cents, if that much is paid by other canneries. Nearly all the salines that were in operation during the spring will be at work, and if the amount of salmon are in the river that are reported, Astoria will see a busy winter.

The Inman Paulsen lumber raft at Astoria, is about two-thirds completed and draws about ten feet. About 50 men are kept busy hauling timber and laying it in position, and it is thought the raft will be ready for sea in about three weeks. Cables will be secured forward aft to this raft, so that if she breaks in two upon the ocean the portions will still hang together.

EUGENE CANNERY

Will Be Running in Full Blast Tomorrow.

FRUIT SLOWLY COMING IN.
 The Eugene cannery plant is just on the eve of a big run on fruit, handling the same by its evaporator and every indication points to a successful season. Owing to the lateness of the reports sent out to growers enough fruit did not come in this morning to fill the trays of the big evaporator which holds 25,000 pounds, so that the force of hands will not be employed until tomorrow or next day.
 The building, and machinery have been thoroughly cleaned and overhauled and in condition for the reception of fruit when it comes.
 The machinery has been running today and the three Monteth dryers were filled this morning.

STILL DEMOCRATIC

The railroad commission constitutional amendment is undoubtedly adopted. So far as is known at this hour, no serious trouble has occurred.

CONDEMN LORD.

The taxpayers in Eugene, this afternoon, nearly unanimously expressed themselves as being opposed to a special session of the Legislature and condemn Gov Lord for calling one.

NEWLY ELECTED MEMBERS.

The extra session of the legislature will be composed of the hold-over senators and the newly elected senators and representatives.
 Senator Kuykendall expressed great surprise when informed of the call. He said it was unjustifiable and inexcusable; that the people did not want it.

OREGON VOLUNTEER DEAD.

Private A C McCune, of Company I, a Victim of Typhoid.
 San Francisco, Sept 6.—Private A C McCune, company I, Second Oregon volunteers, has died of typhoid fever.
 Three new cases of typhoid have been admitted to the division hospital. The patients were: Private William Bacon, company K, Twenty-third United States Infantry; Sergeant Alfred B Gray, and Private Elisha Doran, company H, Fifty-first Iowa.
