GOVERNOR'S MESSAGE.
A synopsis of the Document Presented.
Salem, Or. Sept 27.—The following is a synopsis of the governor's message: Our country has reached a critical period in history. The next few years will mark an advance or retrograde movement in its destiny. Momentous issues have grown out of the Spanish war. The construction of the Nicaragua canal has become imperative, and the disposition of the Philippines, Cuba and Porto Rico is a question demanding the best brains and wisest statesmanship.
The Pacific coast is vitally interested, and Oregon needs a senator at Washington of experience, capacity and courage. These matters will probably be passed upon this winter, so the election of a senator should not wait until the regular session.
The failure of the legislature to organize in 1897 left the state without appropriations, and forced it to run on credit. Consequently many warrants were drawn, vouchers issued and claims filed. The business should be disposed of, and not left for the regular session, when two appropriation bills would afford a chance to raid the treasury with dicker and jobbery.
The business of the supreme court has grown so rapidly that the docket is behind two years. A commissioner's court is recommended.
Attention is called to the invitation of the French republic to participate in the world's fair in 1900.
The governor states that a contract was made in 1895 with J. Lowenberg and the Northwestern stove foundry, but Lowenberg has defaulted in payments, and immediate attention is necessary to secure the large amounts due. With these various matters out of the way, the regular session will have an opportunity to pass the remedial legislation promised in the party platforms and necessary to the welfare of the state.
OREGON GRAPE ROOT—Persons having same will do well to call on me. S. H. FRIENDLY

FROM SALEM
Thinks S S S Corbett Will Be Defeated.
THE UNIVERSITY.
Special to the Guard.
SALEM, Sept 28.—And still the wheel goes round and round. The Corbett men claim his election next Tuesday with absolute certainty, while the anti's are just as positive that his name is Dennis. The anti's are talking Hon M C George as their candidate, and he will receive a respectable vote for the position, but he will never receive a majority. The successful candidate is not named yet if Corbett is defeated, and it seems to your correspondent that he has spent thousands of dollars chasing a delusive rainbow.
Some members say they cannot vote for him because they would be accused of selling to the millionaire. His name is only pressed by a paid lobby. His adherents say that his \$ \$ \$ would give him great influence in Washington.
The Union members will probably vote for Judge Bennett, of The Dalles, first, then for a populist and later for a silver republican. After this they will vote readily for Judge Bennett, a clean man and one of great ability. It is stated by them that the gold standard crowd must settle the senatorship question; that they will keep their hands off.
THE UNIVERSITY.
Governor Lord, at all times, when questioned, is loud in his condemnation of the present management of the University of Oregon. He says it cannot succeed with such a head, and will dwindle away, if he is retained.
LEGISLATURE ADJOURNED.
Special to the Guard.
SALEM, Sept 28.—The legislature adjourned after two hours routine work this forenoon, to attend the State fair, it being Salem day.
All the business houses in the city are closed in honor of the day.
SALEM, Sept 28.—Managers of the republican opposition to the election of Senator Corbett will try to hold a conference tonight. Representative C J Curtis, of Clatsop county, claims that twenty-four republicans will refuse to go into a caucus.
The Legislature.
Senator Driver has introduced a bill in the senate conferring on the Eugene Divinity school right of a corporate character.
Senator Kuykendall has been made by Joseph Simon, president of the senate, chairman of the committee on education and a member of the committee on medicine, pharmacy and dentistry and ways and means. Senator Driver is chairman of the committee on Federal relations and member of the committees on penal institutions and public lands.
By Driver—Bill to provide for the payment and remission of fines.

This is to certify that on May 11th, I was led to Melick's drug store on a pair of crutches and bought a bottle of Chamberlain's Pain Balm for infirmity rheumatism which had crippled me up. THE HOP SITUATION
Over 2,000 Bales of the 1898 Crop Sold.
OUR PRODUCTION 5,000 BALES.
Daily Guard Sept 27
A GUARD representative today interviewed one of our leading growers and buyers as to the hop conditions.
He stated that Lane county has produced this year 5,000 bales of mostly good hops. Thus far about 2,000 bales have been disposed of by the growers at prices from \$1 to 13 cents, and a small percentage consigned.
All the hops are now under cover and safe from the elements. Lane county never produced better hops than this year.
As to prices he could not predict.
EUGENE MARKET.
Several growers in Eugene were offered 15 cents per pound for their hops today. No sales, however, were effected up to the time of going to press.
AT SALEM.
Today's Salem Statesman: "The hop market was yesterday said to be strong, and several dealers were anxious to buy choice hops at 15 cents. They stated their belief was that an early advance of the market could be looked for. In one or two cases choice lots of hops have already been purchased at 15 cents."
THREE WERE KILLED
Fatal Powder Explosion Near New Watcom.
New Whatcom, Sept 28.—Half a ton of powder exploded at Lind's road-building camp, 17 miles north of here, and killed three people, Gus Swanson, Mike Gee and a 6-year old son of John McCulloch. McCulloch was fatally injured, and Dan Sandstrom seriously hurt. Three horses were killed. The cookhouse, stable and shops were blown to splinters. The report was heard 20 miles away.
The Coming Woman
Who goes to the club while her husband tends the baby, as well as the good old fashioned woman who looks after her home, will both at times get run down in health. They will be troubled with loss of appetite, headaches, sleeplessness, fainting or dizzy spells. The most wonderful remedy for these women is Electric Bitters. Thousands of sufferers from lame back and weak kidneys rise up and call it blessed. It is the medicine for women. Female complaints and nervous troubles of all kinds are soon relieved by the use of Electric Bitters. Delicate women should keep this remedy on hand to build up the system. Only 50c per bottle. For sale by Wilkins & Linn.

SENATORIAL SITUATION
Caucus and Anti-Caucus Men Hard at Work.
ALL AT SEA.
Special to the Guard.
SALEM, Sept 28.—And the fight for the senatorial plum is still on. The Mitchell men claim that Corbett will be unable to reach the juicy plum. Among those working the fight against the millionaire are Collector Ikey Patterson, U S District Attorney Hall, Appraiser Hendricks, Senator McBride, Ex-Speaker Keady and several others. The members of the legislature fighting him the hottest are C J Curtis, of Clatsop county and E H Flagg, ex-gold democrat of Salem; and then there are Dr Driver and Senator Al Reed. They talk about the boodle of the Portland aspirant, and how absurd it would be to send an old "has been" nearly eighty years of age and shaking with the palsy to the national senate to represent the great state of Oregon. They tell it of Corbett that he has said that as he had "neither kith nor kin" to bequeath his vast wealth to, he preferred to spend it getting into the senate to leaving it for strangers to fight over after his death.
The Corbett push is composed of Graham Glass, Geo A Steel, Gus Taylor, Ex-District Attorney Yates and others.
The Corbett men are all in favor of a caucus being held the last of this week or next Monday evening. Many members are down on a caucus, and all the Mitchell men are, but Corbett wants it. He spent money two years ago to knock out King Caucus, but today it is different. The caucus will not be called unless 46 names, a majority, can be obtained, we are informed. Yesterday, it is claimed the Corbett men got two doubtful members to sign the call last night.
THE CONFERENCE.
Special to the Guard.
SALEM, Sept 29.—It is said that 22 Republicans entered the anti-Corbett conference last night and more are in sympathy with the movement.
The Legislature.
By Kuykendall, resolution providing that the senate sessions be opened with prayer.
By Driver, to provide for the display of the American flag on the school houses of the state.
The house resolution to examine management of the penitentiary was adopted by a vote of 17 ayes and 12 nays.
Driver, Haines and Fulton spoke against, while Taylor, Kuykendall and Kelly spoke for the resolution.
Fulton spoke ably against perfunctory examination of institutions and appointment of "junketing committees." Driver showed that the committee on ways and means could easily ascertain the amount of warrants outstanding, which show amount required to date.
S B, No 44, by Kuykendall. To define qualifications of voters at school elections.
A bill introduced by Senator Kuykendall of Lane is calculated to rectify the ambiguity of the present statute defining the qualifications of voters at school meetings in districts having a population of more than 2000. It provides that "any citizen of this state, male or female, married or unmarried, shall be entitled to vote at any school meeting or school election who is 2 years of age and has resided in the district 30 days immediately preceding the meeting or election, and who has property in the district of the value of at least \$200, as shown by the last preceding county assessment, upon which he or she is required to pay a tax." Provision is also made for dividing the district into wards and for polling places, election judges, etc.
Selling's bill introduced in the senate proposes the following as the only salary or compensation for state officers:
Governor..... \$5,000
Justices of supreme court (each).... 4,000
Secretary of state..... 4,000
Treasurer..... 4,000
State printer..... 3,000
Attorney general..... 3,000
Superintendent public instruction 1800
Reporter, supreme court..... 1,000
Clerk of supreme court..... 3000
The bill provides that no other compensation or fee of any kind whatever shall be paid.

MURDERER FOUND.
Who got Away With a Man in Missouri Last March.
JOPLIN, Sept 28.—The arrest in La Grande, Ore, of a man named Weed, who confessed to the murder of a man named Smith apparently clears up the mysterious murder of Wm Smith on March 1. Smith mysteriously disappeared and his body was found in the bottom of a deserted mining pit. It was supposed that he accidentally fell into the pit, and the widow filed a suit for damages against the city.
Letter From Chaplain Gilbert.
Mrs R E Bryan, of the Hillsboro Emergency Corps, has received the following letter, bearing date of August 20, from Rev William S Gilbert, chaplain of the Secong Oregon volunteers, now at Manila:
"I received yesterday a letter from Ladd & Tilton, bankers, with draft for \$30 enclosed, from the Emergency Corps of Hillsboro. The letter also contained your letter giving directions as to use of the money. I wish to thank the kind people of Hillsboro for this thoughtful gift to the regiment. We appreciate your kind remembrance and the money will be expended as you direct, and I am sure it will help in many ways those who now lie sick in our hospitals. We are getting along nicely as a regiment. Thus far we have had five deaths, one from appendicitis, on the sea; the others all of typhoid fever. This is our worst loss. It assumes very malignant form. We today buried Private Perry, of company A. He was sick only five days. We now have five sick of fever at Cavite hospital, and in the Manila hospital we have one case of measles and six typhoids from our regiment.
"Please in some way bear our thanks to the Emergency Corps.
"The dear old homeland is doubly dear when one is 8,000 miles away."

A CRITICAL TIME
During the Battle of Santiago.
SICK OR WELL, A RUSH NIGHT AND DAY.
The Packers at the Battle of Santiago de Cuba were all Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.
P E BUTLER, of pack-train No 3, writing from Santiago, De Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."
The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co, Des Moines, Iowa. For sale by Osburn & DeLano.

BURGLARIZED
Springfield Store and Postoffice This Time.
EVIDENCE OF LOCAL TALENT.
Daily Guard Sept 28
This morning Merchant and Postmaster W W Chessman of Springfield, found on opening his place of business that the light fingered gentry had laid heavy hands on the premises during the night.
One window broken, two doors opened, and the store till looted were evidences that the stranger was not simply absent-minded when he neglected to leave his card. The till in the postoffice department was not molested by the culprit who evidently had no inclination toward running against Uncle Sam's sleuths. One till in this department contained about \$11 belonging to the money order department, and the other contained about \$12 belonging to the Oregonian, Portland, for which Mr Chessman is agent. The till in the store was torn out and looted, about \$6 being thus secured besides a good watch. Mr Chessman states that some cutlery was taken, but that he was unable to determine whether other things were missing or not, on taking a hurried inventory this morning.
Entrance was effected through an aperture in the woodshed in the rear of the store, and breaking a window in the building just over the safe in the postoffice department. On leaving the thief went out by unlocking doors which were fastened on the inside.
Sheriff Withers and Deputy Day went over this morning, on being notified of the robbery, and made a careful examination of the premises. Various matters incident to the crime indicate that it was the work of some person acquainted with the building, and location of affairs inside. Evidence was gained by their trip that may prove valuable in making a direct trace from crime to criminal.
The Microbe of Baldness.
No medical subject has caused more discussion than the statement by a famous physician that he has discovered the microbe which causes baldness. There are other scientists who claim that there is no such thing as a microbe of this kind. Time alone must settle the question. It was long ago settled the Hostetter's Stomach Bitters is a standard remedy for the common ailments of mankind. It is a true cure for dyspepsia and indigestion, a true medicine for the weak and nervous, a true strengthener and appetizer, people who take it feel happier, sleep sounder and look better than those who don't. Nearly every disease that afflicts the human family can be overcome with Hostetter's Stomach Bitters.
