

ECZEMA ON EAR

I suffered from Eczema on the right ear. I could hardly keep my hand off it, the itching was so severe. Small bubbles would open, emitting a watery-like substance, apparently poisonous. One of the leading doctors here treated me, and applied the usual physician's remedies without benefit. My brother recommended that I try CUTICURA. The first application was soothing, and before the box was half gone the itching had disappeared. H. C. BARNETT, 214 Race St., Cincinnati, O.

Clark was the first commander to sail a battleship a thousand score of miles. Gov Lord and Gov-elect Geer will be responsible for proper handling of the funds collected. S R Williams, upstairs over J W Kays Furniture Co store, will receive any donation however small. It is a popular subscription and any amount will be accepted.

SALEM'S NATIVE SONS.—Cabin No 3 of Native Sons of Oregon, has been organized at Salem with the following officers: H A Johnson, worthy president; Geo H Burnett, junior past president; Samuel L Hayden, 1st vice president; Harry C Thompson, 2nd vice president; Harry E Albert, 3rd vice president; D C Minto, marshal; E A N Ede, recording secretary; W T Slater, financial secretary; T O Baker, treasurer; Geo P Hughes, W M Kaiser, W G Westcott, trustees; B B Calhoun, inside sentinel; John O Estes, outside sentinel.

A MISTAKE.—Senator Driver informs a GARD reporter that the Statesman did his son Livy an injustice in stating that not a single bill was referred to the federal relations committee, while quite a number of important measures were referred to it. And also that his son was clerk of two other committees. He also informs us that Chief Clerk Moorehead complimented his son highly for the manner in which he did his work.

DIED.—Mrs James McCabe died at her home in Farmington, Wash Friday, Oct 21, 1898, aged 68 years. She was one of the early pioneers of Lane county being a daughter of Solomon Zumwalt, and a sister of Mrs N P Hammitt and Mr A J Zumwalt. Her daughter, Mrs M Blair, and son, Wm McCabe, of Portland attended the funeral last Sunday.

SIUHLAW STEAMER.—Florence West Oct. 21; Messrs Edwards and Fuller inspectors of hulls and boilers, respectively, were in Florence last Thursday afternoon inspecting the Marguerite. One or two slight changes were ordered but with that exception she passed inspection all right. After the paint is dry she will be ready for business.

CHILDREN ADOPTED.—Mrs Freeman, of Ft renee, arrived from Portland last evening with two children whom she procured at the Boys and Girls' Aid Society of that city for adoption. Both are boys, aged 11 years, and three months respectively. The lady is a guest of Mrs Mary Chase, Pearl street.

DEED RECORDED.—Prof Straub and wife today filed a deed in the clerk's office to E O Tobey for lots 1 and 2, block 6, Shaw and Patterson's addition and an extension of same to mill race. Consideration \$5,000.

HOP SALE.—A I Auten, agent for Faber & Nels, bought the Thornsbury and Cheshire hop crop of 23; bales today. The price paid was 15 cents a pound.

WHEAT 53 CENTS.—Wheat is raising in all the markets. It is worth 53 cents in this city today.

TUESDAY OCT 25.

JEWELRY STOLEN.—Monday's Albany Democrat: A jewelry case containing about \$150 worth of jewelry including two valuable diamond rings, belonging to the Misses Egan, was stolen from the City Restaurant sometime previous to yesterday forenoon, probably in the morning. The loss was discovered in the forenoon. J C O'Kelly who had been there for two or three days, and who had left in the morning was suspected, and a warrant was issued out of Justice Powell's court for his arrest. Marshal Lee followed him up to Monmouth, where he has an uncle and arrested him, bringing him to Albany in the evening. This morning he was examined and discharged no direct evidence being secured against him. Where is the jewelry?

SWORD FOR CLARK.—A popular subscription is being raised with which to present Capt Chas E Clark of the battleship Oregon a sword in token of the remarkable voyage made by the Oregon, and the memorable part she took in the naval battle at Santiago de Cuba.

Junction City : Milling Company

THE PRECIOUS METALS.

Statistics of the Production of Gold and Silver.

The Secretary of the Treasury has just issued a report showing the production of gold and silver of the principal producing states and territories of the United States for the calendar year.

State.	Gold value.	Silver (coinage value.)
Alaska...	1,778,000	150,490
Arizona...	2,895,900	2,898,032
California...	14,618,300	613,366
Idaho...	11,710,700	6,336,905
Montana...	4,374,400	20,257,487
Nevada...	2,976,400	1,588,881
Oregon...	1,353,100	89,822
S Dakota...	5,964,900	190,836
Utah...	1,726,100	8,171,588
Washington...	419,900	138,214

The total gold production of the United States was \$57,368,000; silver, \$69,637,172.

While many of the most productive silver mines of the past are closed down, the increased production from lead and copper ores has offset this loss. The total world's production for the calendar year 1897, was gold, \$237,504,800; silver, \$236,730,300. The world's production of silver is thus shown to be largely in excess of any previous year.

The South African republic holds the first place, producing gold to the value of \$57,633,861; Australia put out \$55,684,182; Russia, \$23,245,763.

The Junction Times says the license of the only saloon in Lebanon having expired and the council refusing to grant a new one, the proprietors disposed of their liquors and will now sell only temperance drinks. The only saloon in Harbursburg will undergo the same change in November. The two villages above mentioned will be watched with some interest as to whether their morals will be improved and new churches built, or whether the towns will decay and become burdened with moss, according to contentions of those who are for and against saloons.

The law providing for a reduced rate of interest on county warrants will have the effect of rendering those securities less popular. Still it is first class paper when issued by counties like Lane, that are financially strong and will pay the warrants and interest within a year or thereabouts. Such paper requires no guarantee by mortgage or otherwise, is absolutely safe from loss, is not taxable, and can be disposed of at face value at any time before falling due. It is thus an ideal investment even though the interest rate is lower than that ordinarily secured by money loaners.

The amenities of San Francisco journalism are well illustrated by a bitter attack on Spreckels of the Call in the columns of the Examiner ending with this rather personal mention: "C D SPRECKELS DAMN FOOL."

Governor Lord came very near being on the torpedo boat Davis that was blown up. He was waiting to get on at Kalama, but the boat was blown up just before it reached there.

TERRITORIAL GRABBERS.

England and France may come to blows over overt acts of the latter in occupying territory that the former lays claim to.

Fashoda, about which interest now centers, is situated on the Nile, in Egyptian Soudan, about 1400 miles from the mouth of the river on a direct line, in that section of Africa known as the Egyptian Soudan. Neither country has any just claim to the territory but land grabbing is popular with European governments at present, and they are almost willing to fight over the spoils.

Dewey has already a powerful fleet, but when the Oregon and Iowa arrive at Manila he will have the strongest squadron in the Pacific except England's and Japan's. Of course there is no menace to any foreign nation in this circumstance. It simply means that the United States will hold the Philippines if deemed advisable. The war was begun as a war of mercy, to avenge the wrongs of Cuba, but we have started out on a tour of expansion, and it would be no surprise if some enthusiast should begin advocating the annexation of Spain.

The Illinois manufacturers have petitioned President McKinley for open ports in Cuba and Porto Rico. Score one more step for free trade. Cuba and Porto Rico are now territory of the United States, subject to any laws and regulations that the American congress may see fit to make. Undoubtedly the ports of these countries will be thrown open to the free entry of American products.

The public debt of the United States is something appalling to any one who has some regard for the welfare of future generations. The entire debt aggregates about \$1,000,000,000, or nearly \$75 for each voter. The interest on this equals \$3.85 per voter and must be paid annually, and the principal will have to be paid some time.

It is estimated that school, city, and county warrants of Oregon absorb \$700,000 of capital in handling them.

Many Rejected Recruits.

Portland Telegram: Many of the men who have been applying for admission to the United States army recently have not been able to pass the physical examination. Out of a total of 23 examined the early part of last week only three were found who could stand the test. During the latter part of the week, however, a number of men recently mustered out of service have made application, and no doubt will be able to pass, as the rigid examination they had to undergo before being mustered out showed them to be sound.

Gov. Lord came very near being on the torpedo boat Davis that was blown up. He was waiting to get on at Kalama, but the boat was blown up just before it reached there.

U B CONFERENCE.—Rev P O Bonebrake and Mr D A Zeigler went to Philomath this forenoon to attend the annual conference of the United Brethren church to be held at that place. Bishop J S Mills, formerly a resident of Eugene, will preside. It is hoped that Bishop Mills can be prevailed upon to stop at Eugene and preach a sermon.

FROM COLORADO.—Mrs Beeler and children arrived here yesterday from Colorado to visit relatives. She says that snow has covered the ground in that state for over a month, and she is surprised to see the ground green with grass here.

16 1/2 CENTS.—J J Graham, of Albany, one of the largest hop growers of Linn county, Monday reported the sale of his entire crop of hops, consisting of 106 bales, to Faber & Nels for 16 1/2 cents per pound. This is the highest price that has been paid thus far this year.

CONDITION UNCHANGED.—Hon J M Stafford's condition during the past five days shows no appreciable change. Hopes are entertained of his recovery.

SUITS ARRIVED.—The U of O football team received yesterday the new suits ordered for the 'Varsity eleven, and practice will now go forward more steadily. A game with Chemawa is talked of soon.

ROOM RENTED.—E Schwarzschild has leased of George W Pickett the south room in his brick block for a term of two years. Mr Schwarzschild will move his store to the room about the 15 of November.

HOPS SOLD.—Mrs I L Campbell sold 19 bales of 1897 hops today to Al Holden for five cents per pound.

Some Pertinent Questions.

MR EDITOR:—What is the matter with the State University?

Forest Grove has 504 students. How many has the State University?

The consolidated Portland University has nearly 200 students. Has the Oregon State University that many?

Albany College, President Lee says, never but once, had so many students as it has this year. Will President Chapman tell us, whether ever in its history, the State University has had so few as it now has?

The Oregonian of Sunday says: "Every Eastern college shows decided gains this year over last." Is that the case with the State University under the Chapman regime?

The reports from Corvallis, Monmouth, Forest Grove and every other college but the State University, are most encouraging. What might has fallen upon our noble institution?

Laid to Rest.

Oregon October 24: Five funerals of the victims of the unfortunate accident on the torpedo boat Davis, took place yesterday on the East Side, nearly the entire day being consumed with the services. Funeral honors were bestowed on the men by their comrades from the Wolf & Zwickler iron works, the benevolent associations to which some of them belonged, and by their many friends.

Clay Casting.

A new process of clay casting, or porcelain products, termed "Thonguss," has been introduced in Germany, says The Neueste Erfindungen. It seems that in this case the mass is not, as heretofore, worked cold upon the potter's lathe or pressed into a mold, but is finely ground after careful drying, then melted at a prescribed heat in an electric furnace and poured into a heated, fireproof casting mold. Glazing becomes necessary in most cases if the walls of the mold are sufficiently smooth, otherwise it is allowed to cool off after the solidification of the cast to a certain temperature, and finely powdered glass is thrown on in a uniform, thin layer.

The advantage of the new process, as set forth, consists—aside from a considerably reduced cost—in an almost complete prevention of the unforeseen shrinking of the mass on cooling, and thus it follows that henceforth instruments of precision and accurately divided measuring vessels of every description can also be made from porcelain. By means of a still undeveloped process—viz, the admixture of a suitable substance to the melted clay—it is expected to render the cooled mass pliable—malleable—and also to make the operation of a remelting considerably more difficult.

The Gulf Stream.

Recent investigations have shown that the principal source of the gulf stream is not the Florida channel, but the region between and beside the islands of the West Indies. At Bantini the volume of this warm water is 60 times as great as the combined volume of all the rivers in the world at their mouths.

The Retort Courteous.

Farmer (to young thief)—What are you doing under the tree with that apple? Bright Boy—I was just going to climb up the tree to put back this apple, which, I see, has fallen down.—Pittsburg Bulletin.

FIFTY DOLLARS.—The Red Cross society of this city has sent to Chaplain Gilbert of the Second Oregon regiment, the sum of \$50 to be used among the sick of company C.

DAILY GUARD Oct 25. MARRIAGE LICENSE.—A marriage license was granted this afternoon to J Robert Johnson, 36 years and Effie Jane Moore, 18 years.

Circuit court will probably be in session a couple of weeks.

The Peace Commission. In considering terms of Peace, it is of vital importance to remember that the largest piece and the best piece—of really good chewing tobacco in the world is the 10-cent piece of

Battle Ax PLUG

Any discussion of pieces or comparison of brands can only result in the award of every claim to America—and to Battle Ax. Try it to-day.

Remember the name when you buy again.

Answer a few questions and you will know the treatment you need. The questions are asked, no no questions are asked, and the treatment must be prepared specially. A special treatment will be prepared for you free. If you suffer from Nervous Debility, Night Sweats, Lost Blood, Emission, Nervousness, Dizziness, Spots before the Eyes, Stagnation, you ought to get special treatment. No patient needs a trial treatment free. The sands have been sown and they will in time and white seeds. Answer questions and get the free.

Are you weak? Where? How long? Do you have pains? Where? How long? Night sweats? How often? Do your eyes blur? When? Do you sleep at night? How long? Are you constipated?

Answer these questions and a special trial treatment will be prepared and sent to you by mail free. You take no chances.

Address DR. J. H. HUDSON, 7 STOCKTON STREET, SAN FRANCISCO, CAL.

NERVE STRENGTHENER. For sale in Eugene, Ore., by HENDERSON & DAY, 101 Market Street, San Francisco, Cal.

At The Dalles Friday, Del Norte, the Linn county horse, the greatest guideless pacer in the world, paced a mile in 1:02 1/5, a remarkable performance. The eastern tracks are said to be faster than the tracks of the north west, hence when Del Norte goes east he may be expected to do even better than this.

Mr A B Weddle writes from Prineville to J J Davis of Linn county that there had been no rain there and no prospect of rain. Stock is very poor and some is dying on the range. Some people have to haul water from the Ochoco, which makes the outlook very poor.

Miss Maggie Knox, a daughter of Roscoe Knox formerly of Creswell, was married at Post, Crook county, October 18th to H B Beck, a resident of Camp Creek, Crook county.

Look Here Farmers! Bring your Hides and Skins to our tannery. For all No. 1 green hides will pay you 4 to 4 1/2 cents a pound; for No 1 dry hides 10 cents a pound; for No 2 according to quality, 8 to 8 cents.

Now don't forget these prices are paid in CASH at The Willamette Tannery. Haines & Co.

Mott's Nerveine Pills. The great remedy for nervous prostration and all nervous diseases of the generative or game of either sex, such as Nervous Prostration, Failing or Lost Manhood, Impotency, Nightly Emissions, Youthful Errors, Mental Worry, excessive use of Tobacco or Opium, which leads to Consumption and Insanity. \$1.00 per box by mail, 6 boxes for \$5.00. MOTT'S CHEMICAL CO., Props., Cleveland, Ohio.

For sale by Wilkins & Linn.

5c Cigarettes. JACKSON SQUARE. Julius Goldsmith's. All Popular Brands of Cigarettes for sale.

MOTT'S PENNYROYAL PILLS. For sale by Wilkins & Linn.

PILES. For sale by Wilkins & Linn.

MEN! You can't be cured. For sale by Wilkins & Linn.
