Who, do you think, knows Schilling's Best when the grocer that sells them says "I'll give you back your money if you don't like them?"

CLASSIFIED COLUMN

FOR SALE.—Corner First and Jefferson streets, one 10 room house, and two lots, 80x100 feet each. Good barn, water, fruit, fine garden ground.

UNIVERSITY FUND

\$16,000 for a New Building

PASSED BOTH HOUSES

General Appropriation Bill Carries \$1,250,000.

Railway Franchise Extended

Special to the Guard. State House, Salem, Feb 16.—Both houses have passed a resolution allowing the regents of the state university to use the money in the state treasury to the account of the University fund, for the purpose of erecting new buildings for the use of the school.

This money has accumulated as the result of the 1-20 mill University tax, and could not be used by the regents without a specific act by the legislature. It amounts at this time to \$15,919.34.

[The amount of this appropriation will be used for building purposes. The matter is left wholly to the regents, regarding the expenditure of the money, and it is very probable that a meeting will soon be held to discuss the matter.

A GUARD reporter saw Regent Friendly this afternoon. He was well pleased with the action of the legislature, having just received a telegram from Senator Kuykendall bearing the good news. Mr Friendly stated that he did not know just what kind of a building would be erected, as he had not discussed the matter in board meeting.

There is urgent need for a library building and a science hall. The amount of the fund would probably be sufficient to build the former but not the latter. At all events, the decision of the board is expected ere long and it will be awaited with interest. Every effort to build up the university is adding stability to the state.—ED.]

WILL ADJOURN SATURDAY. Both houses have consented to adjourn Saturday, the session expiring by limitation.

ROUTINE WORK. The house has been employed today in the discussion of senate bills, and the senate is busy with house bills.

GENERAL APPROPRIATION BILL. Estimates previously made regarding the general appropriation bill prove to be correct. It carries approximately \$1,250,000. Of this amount the asylum gets over one third.

ROAD SUPERVISORS BILL. The bill providing for the election of road supervisors has passed the house and goes to the senate.

Three appropriation bills passed at the session last night.

STATE FAIR. The bill for the appropriation to the state fair again passed, and Salem residents are happy. The Multnomah delegation has made a bitter fight against it but lost by being too willing to trade on other affairs.

SUSLAW RAILWAY. The time for the building of the Suslaw & Eastern railway under its franchise has been extended.

GOV GEER'S APPOINTMENT. The senate today confirmed the appointment of Chas F Beebe of Portland, as brigadier general of the Oregon National Guard, the appointment being made yesterday by the governor.

FROM OUR CORRESPONDENT. Special to the Guard. Salem, Feb 16.—Wednesday was the most exciting day of the present session. The deaf mutes came in from the school, to attend in a body, the sitting of our lawmakers, and see how laws were made. The lesson learned was not, evidently, a profitable one, since the decorum of several persons on the floor of the house during the forenoon session, was not up to the standard grade, which it is supposed lawmakers would assume.

This lack of good conduct was caused by comment and debate which was being held in regard to the merits and defects of the proposed daily school text book commission law.

sum which is \$9,611.80 greater than one third of the total sums allowed for the running expenses of the state, beside the large sums allowed for schools, for extending several wings on public buildings, and other large sums paid for claims against the state. From this, it seems that this same asylum is something of a graft itself.

Today work in both houses is being rapidly pushed through, and great efforts are being made to finish up the labors of this body by Saturday night.

Legislative Notes.

Under the Daily bill the county superintendent of Lane county will receive \$1,200 per year. Examinations will hereafter occur in April and August instead of quarterly as now.

The bill for a state barber's commission, which passed the house several days ago, was favorably reported to the senate yesterday morning and took its place on the calendar.

Joseph's bill to tax bicycles \$1.25 each per year for a fund to build or improve bicycle paths will probably pass. Lane county is not exempted from the tax.

STATE FAIR.

Selling's Bill to Cut Off the Appropriation Lost. SALEM, Feb 15.—Selling's bill to repeal the appropriation for the state fair was lost in the senate this morning by a vote of 12 to 16, two being absent, though Selling showed about \$22,000 would be required of this legislature to settle the expenses of the fair.

The vote by which the bill to repeal the state fair appropriation was defeated was as follows: Ayes—Bates, Daly of Benton, Haines, Haseltine, Joseph, Mackay, Mitchell, Morrow, Patterson, Proebstel, Selling, Mr President—12.

Nays—Brownell, Cameron, Clem, Daly of Lake, Driver, Dufur, Fulton, Harmon, Kelly, Kuykendall, Looney, Mulkey, Porter, Reed, Smith, Wade—16.

Absent—Adams, Howe—2. In explaining his vote, Mulkey said he voted aye with the understanding that there would be a complete change in the management of the state fair, as provided in another bill.

Joseph's objection was based on a statement that a continuance of the appropriation gave warrant for holding the state responsible for the accruing indebtedness and that a large appropriation would eventually have to be made to restore to the school fund the money lost on the state fair loan.

WEDNESDAY, FEB 15

ADMINISTRATRIX APPOINTED.—Louisa Diess has been appointed executrix of the estate of her late husband Ludwig Diess. Probable value of estate \$1200. Geo Hadley, Owen Davis and Chas Briggs have been appointed appraisers. Bond \$2,400; securities: Joel Ware, F E Dunn, E Schwarzschild, H G Hadley.

For terms, etc., address MILES A. PERKINS, Eugene, Oregon.

THE FRUIT

A Number of Orchardists Interviewed.

BAD ENOUGH.

A GUARD reporter has interviewed a number of our orchardists concerning the damage to the coming fruit crop and the injury to trees by the late frosts. It is the worst blow that the fruit men of Oregon ever received.

Dr Sharples writes us from Goshen under date of Feb 15th as follows: "There will be no prunes; the buds are DEAD, DEAD. The trees, the old ones, I do not think are seriously hurt—the young ones are hurt some."

Norris Humphrey was in town again yesterday. He says he will have no prunes, the buds being killed. Robt M Day says the prune and peach buds in his orchard are killed. Says he thinks his cherries uninjured. Trees uninjured.

Mr Graham, near Springfield: "I have 1250 trees, full bearers. The buds are not injured." E Terpening, lives east of Eugene: "Think that the fruit buds are considerably injured. Will have some prunes." Mr Oflutz is reported in about the same words.

Campbell Bros orchard: Buds seem to be green yet; trees not injured." The buds on the Sladden orchard near the river are reported nearly all killed, while on prairie part of the buds are alive.

W W H Miller on the old Moores place, north of Eugene, has 30 acres of 3-year old prune trees that experts have reported all dead. This is a hard loss for Mr Miller to bear.

Geo A Dorris: I do not think I will have any peaches or prunes this year. F W Osturn, who owns the Bailey orchard west of Eugene says his Italian prunes are alright but the buds of the petites are killed.

Yankee Invention in Cuba.

A syndicate of American capitalists just concluded the purchase of a large tract of land near Santiago, and will open up many new iron mines, and inside of five years Yankee enterprise will transform the slow-going country into a place of business activity and push. In much the same manner Hostetter's Stomach Bitters will transform a run-down, debilitated, thin blooded man into a type of health and strength. It will fill his veins with pure blood, drive away dyspepsia, and clear up his tired brain. It will make him eat and sleep well, and if his nerves are in bad shape, the Bitters will tone them up and restore their old-time form. Malaria is another disease that the Bitters are good for.

Washington's Birthday.

The celebration of Washington's birthday on the evening of Feb 22d, should have been stated in the GUARD last Tuesday evening; that the ladies of the G A R had taken steps to celebrate instead of the Post.

A full program will appear Friday evening the 17th. The public and especially the schools are cordially invited to take a hand with the Ladies of the G A R. All comrades and their families, also other organizations are cordially invited to come.

J W Geary Post will meet with the ladies at our hall, 9th street, at 7 o'clock sharp, and march with our colors in a body, to the M E church, on that evening. E F CHAPMAN, Post Commander.

CASTORIA For Infants and Children. The Kind You Have Always Bought

Bears the Signature of J. C. Watson. WHEAT INJURED.—James Huffman informs us that the wheat in the vicinity of Irving was injured to a considerable extent. He thinks about one-fourth of the early fall grain was frozen out.

Unclaimed Dead.

New York, Feb 14.—The city finds itself unable to bury its unclaimed dead. This is in a great measure due to the icebound condition of East river, which has made it impossible for the charities department to make their accustomed trips to the city cemetery on Hart island. No burials have taken place since last Thursday, when the coffin-laden steamer made its last trip to the potters' field. On Friday about 40 bodies were placed on board the steamer Thomas S Brannon, and Captain McArthur made an attempt to land them at Hart island. He succeeded in getting as far as Whitestone, where his further progress was stopped by pack ice, and he found it necessary to return to the pier at the foot of East Twenty-sixth street, where the bodies were unloaded and returned to the morgue.

There were in the morgue on Sunday 58 bodies awaiting burial, and this number was raised on Monday to 82, of which 46 were adults and the remainder children. Not only have burials been absolutely suspended by the city authorities, but private undertakers generally have been compelled to decline to conduct funerals. In many instances in order to comply with the regulations of the health department, undertakers have removed bodies from residences and placed them temporarily in their own establishments, to await the moderation of the weather.

For La Grippe.

Thos Whitfield & Co, 249 Wash-ab-av corner Jackson st, one of Chicago's oldest and most prominent druggists, recommend Chamberlain's Cough Remedy for la grippe as it not only gives a prompt and complete relief, but also counteracts any tendency of la grippe to result in pneumonia. For sale by Osburn & DeLano.

SPRING CLEANING.

Wheels, Like Carpets, Need a Dusting in the Spring. Those who put their wheels away during the winter months, will find it improves the riding qualities and lengthens the life of the wheel to give it a thorough going-over before using in the spring. During the summer and fall a certain quantity of dust will work its way through many of the joints of the best made wheels; the chain, sprocket wheel, pedals and other places where friction is possible, will collect more or less dust. For this reason every wheel that has been unused for the winter should be taken apart and thoroughly cleaned. It means an afternoon of hard work, but it also means easier and safer riding all summer.

If you don't want to clean up your wheel, take it to Barker Gun Works, Ninth street, Eugene, Oregon. They make a specialty of cleaning wheels of all makes; also repair them nicely.
