MRS. LUCY GOODWIN Suffered four years with female troubles. She now writes to Mrs. Pinkham of her complete recovery. Read her letter: DEAR MRS. PINKHAM—I wish you to publish what Lydia E. Pinkham's Vegetable Compound, Sanative Wash and Liver Pills have done for me.

I suffered for four years with womb trouble. My doctor said I had falling of the womb. I also suffered with nervous prostration, faint, all-gone feelings, palpitation of the heart, bearing-down sensation and painful menstruation. I could not stand but a few minutes at a time. When I commenced taking your medicine I could not sit up half a day, but before I had used half a bottle I was up and helped about my work. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and used one package of Sanative Wash, and am cured of all my troubles. I feel like a new woman. I can do all kinds of housework and feel stronger than ever did in my life. I now weigh 131 1/2 pounds. Before using your medicine I weighed only 108 pounds. Surely it is the greatest medicine for weak woman that ever was, and my advice to all who are suffering from any female trouble is to try it at once and be well. Your medicine has proven a blessing to me, and I cannot praise it enough.—Mrs. Lucy Goodwin, Holly, W. Va.

New Granite Discovery. A large quantity of granite excellent for monumental purposes was located recently in the Niles & Vinson marble mines near Joseph, Or. Some three acres are exposed to view, containing fine salt and pepper gray color granite, clear from rust and blemishes, and susceptible of a high polish. For a long time it has been claimed that no redwood could be found in Oregon. Mr. Johnson's discovery puts an end to all doubt along this line.

Dangerous Substitute for a Knife. Recently a daughter of Thomas Payne, residing across the Willamette from Albany, Or., went up in the garret of the house with a lamp after a rope that she wanted. A neighbor discovered the fire, and it was extinguished after some work, but not until it had burned quite a hole in the roof.

Price of Hay. Washington hay now brings from \$5 to \$6 per ton, the low price being due to the large amount of hay on hand. Last year many commission men speculated, believing there would be an immense demand for hay in Alaska during the construction of the Stickeen river railroad, purchased all of this product they could find. The road was not built, and consequently no demand for the hay occurred.
