

TO CORRESPONDENTS.

The business department of the WEEKLY GUARD is caused considerable trouble by correspondents addressing the proprietors personally.

To Correspondent.

The WEEKLY GUARD goes to press early Friday morning. To insure the insertion of correspondence it should reach us not later than Thursday morning.

Correspondence which reaches this office late Thursday and on Friday and Saturday, unless important, will not be published. It would be odd when the paper went to press a week afterward, and making allowance for the several days time required to reach subscribers throughout the country would be stale and of little interest when the paper was received.

Correspondents should mail their contributions to reach us Tuesday and Wednesday, and early Thursday. Later than Thursday they may not be used.

INDUCEMENT FOR HOMESEKERS

People coming west for a home cannot do better than to come to Eugene and Lane county. There are many reasons for this.

We have first class schools in Eugene and through the county. The state university is located here. It is a fact good schools are the first consideration and properly so.

We have plenty of churches with good preachers.

We have first class stores, filled with up-to-date goods.

We have all the modern comforts one needs to get along well in life.

We have as much morality as the average community anywhere.

Our people are hospitable and as cultured as in the average eastern community.

We have as good a climate as any country in the world, mild and agreeable, warm in summer with cool nights, but rarely hot; mild in winter, with rain instead of snow. Plenty of sunshine, plenty of clouds.

Our crops are probably the surest of any section of the world.

We have many advantages for the enjoyment of life.

CUBA WILL BE EDUCATED.

Uncle Sam is starting right in the matter of civilizing Cuba. Free schools, similar to those of our public school system, will be opened at once for all grades of instruction.

In all schools English must be taught. A board appointed by Gen Wood to formulate a scheme for public education makes this astounding statement: "So far as is known, there is not a single building nor a foot of land in this province owned by the people for school purposes, and not a single dollar of endowment for any educational institution."

The blotting of Spain from the map of the Western hemisphere came years too late. In this century of phenomenal achievements such a country has no right to national existence.

CAUSE FOR ALARM.

The partition of China among the European powers to be followed by the construction of railways throughout the Celestial Empire and the general introduction of our factory system with labor-saving machinery bodes no good to the white man. The five hundred million inhabitants of China, capable of working eighteen hours per day and subsisting on a wage of two dollars per month, constitutes an industrial power that when once thoroughly organized may materially change labor conditions of the world.

Yet there are other considerations that may neutralize the prospect of disastrous competition from the Orient. China has vast hoarded wealth and resources. Awaken her to modern progress may she not add vastly to the world's thrift and advancement making a market even while she supplies others?

ELECT BY THE PEOPLE.

There should be some relief from what is becoming the most gigantic scandal of our times; from a disease that is as surely devastating as any that can afflict a body politic—the use of money to corruptly obtain seats in the United States senate. There is but one way, and that is to adopt a system that would destroy the opportunity for such corruption. We must either come out frankly and acknowledge that senate seats

are officially on sale, or we must get our senators as we get our aldermen, our state legislators, our congressmen, our governors and our presidents; the people must elect them by direct vote.

JEF DAVIS' LAST SPEECH.

The Charleston News and Courier is glad the president went to Montgomery, the first capital of the confederacy, and that he was greeted with sincere demonstrations of popular and good wishes. The News and Courier has no doubt that Jefferson Davis, were he alive, would have applauded the patriotic fervor with which the president was received at Montgomery and elsewhere in other southern cities which he visited. In support of this view the News and Courier cites the fact that in the last address made by Mr Davis, which was delivered at Mississippi City, in 1888, he said:

"Men in whose hands the destinies of our southland lie, for love of her, I break my silence to speak to you a few words of respectful admonition. The past is dead—let it bury its dead, its hopes and its aspirations; before you lies the future—a future full of golden promises, a future expanding national glory, before which all the world shall stand amazed. Let me beseech you to lay aside all rancor, all bitter sectional feeling, and to take your places in the ranks of those who bring about a consummation devoutly to be desired—a re-united country."

That was a timely, wise and patriotic deliverance, worthy to stand with the best efforts of any of the leaders of men who have figured in our history.

CLASH OF FISH COMMISSIONERS

A question of states rights agitates Columbia river fishing interests. The Washington legislature failed to provide means with which to enable the state fish commissioner to perform his duty, and the patrolling of the entire river falls on the Oregon officer. Farther, the Washington man warns the Oregon official to stay on his own side of the fence which, according to his contention, is the middle of the great river. It is likely the Washington man has been fixed by would be violators of the wholesome law.

Another Cabinet Officer.

Congress will soon be called upon to pass a law creating a new cabinet portfolio. This official will probably be known as Secretary of the Colonies. It will be his duty to look after the welfare of the islands which were seized by the United States in our war with Spain. While he is attending to his duties, Hostetter's Stomach Bitters will continue to attend to its duties of curing the sick of stomach, liver and kidney disorders, just as it has been doing for fifty years. Its greatest virtues are in building up run-down systems; in quieting and toning unsteady nerves; in overcoming dyspepsia, indigestion and constipation. Try a bottle if you feel "out of sorts."

A COMMUNITY AFFAIR.

Albany Democrat: "Lee Travis last night gave a fair example of Philippine morals, that came under his notice while at Manila. In one bamboo cottage four men and four women lived together, each man was the husband of every woman and each woman was the wife of every man, and hence sixteen couples resided together."

Coburg Items.

March 15, 1899. About two inches of snow this morning.

Mr Johnson and family moved to Cottage Grove last Friday.

There is a new, big bouncing boy at Mr Masterson's, born last Saturday morning.

The Southern Pacific Railroad officials passed through Coburg on a tour of inspection last Friday.

There are one or two cases of supposed Dutch measles in town and people are wondering what malady will strike Coburg next.

Mr Baker, recently from Minnesota, is moving his household goods to Cottage Grove today. He and Mr Johnson have formed a partnership and gone into the grocery business at that place.

The public school will close on Arbor Day, and Prof Rayburn and wife expect to leave immediately thereafter for Lorane, where they have both been engaged to teach a summer term, for which the Lorane people are to be congratulated.

It takes one's imagination from the blood. When these are removed, nature takes right hold and commences the cure. There is a cure. A safe, reliable, and sure cure. If there is constipation, take Ayer's Pills. Price, 25c a box.

And where, good men, is the harm if the blases and kisses be healthy, and true love stands sponsor. It is only when ill-health has blasted the sweet cleanliness of youth that death lurks upon its lips. The deadly germs of dread consumption are as harmless as June-time butterflies to the young man or woman who is thoroughly clean, sweet and healthy in every fiber and tissue. The germs of disease are only at work when the system is already partly decayed. There is a great medicine that is a sure and certain protection against all germs and a speedy cure for all germ diseases. It is Dr. Pierce's Golden Medical Discovery. It gives youthful zest to the appetite. It corrects all faults of the digestion. It aids assimilation. It fills the blood with the vital, life-giving elements of the food. It builds sweet, clean, healthy tissues in every part of the body. It drives out all disease germs. It cures 99 per cent. of all cases of bronchial, throat and lung affections if taken in time. All good medicine dealers sell it. And have nothing "just as good."

Mr. J. W. Henderson, Division of St. Josephine Street, New Orleans, La., writes: "I was suffering for some two years, suffering from dyspepsia, a tired feeling, and loss of energy and appetite. I tried one bottle of Dr. Pierce's Golden Medical Discovery and found great relief. I took two more bottles, three in all, and one of two weeks ago, I feel like a new man. I am in good health again. I recommend Dr. Pierce's Golden Medical Discovery to do all that it is claimed to do."

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."

WEDNESDAY, MARCH 15

RESIDENCE BURNED.—C. H. Stiekler's residence, 5 miles west of Irving, was accidentally burned to the ground last Saturday at noon. The contents of the lower floor were saved but the furniture up stairs was consumed. It is supposed it caught from a defective chimney. The loss was \$550 on residence and \$50 on furniture. The house was insured for \$800 and the furniture for \$150 in the Mutual fire insurance company of McMinnville.

SALEM-WARD.—Sheriff Withers and Guard D. M. Drake on this forenoon's train took the following convicted prisoners to the penitentiary at Salem: Hay, Kidwell, Kelley and Halstead. Tomorrow Mr Withers will take to the same institution, Weber, Horner and McHargue. This will leave only the condemned murderer Branton in the jail. Seven men to the pen in one term of circuit court is doing pretty well.

SPRINGFIELD BUSINESS CHANGE.—W. W. Chessman has sold his grocery store at Springfield to A. C. Harden & Son of Spicer, Linn county, a station on the line of the Natron-Woodburn branch of the Southern Pacific railroad. The new proprietors took possession today. Mr Chessman will retain his office as postmaster.

JUNE POSTOFFICE.—Malinda Mathews postmaster of the new postoffice of June, in the Pleasant Hill country writes the GUARD that the mail will leave June for Dexter Tuesdays and Saturdays at 8 o'clock in the morning, and return at 12 o'clock noon the same day.

FUNERAL NOTICE.—Died in Eugene Thursday, March 14, Harriet Simmons Batt, wife of John Batt, aged 59 years 4 months and 20 days. Funeral from the family residence, 7th and Charlestown Thursday, March 16th, at 2 o'clock p. m.

MARRIAGE LICENSE.—A marriage license was issued late yesterday afternoon: Joseph C. Hise, 19 years and Nellie M. Bennett, 17 years. The written consents of the parents of both parties were filed with the county clerk.

SUPREME COURT.—F. Rosten respondent, vs J. R. Park appellant; ordered on stipulation that respondent have until April 17th, and appellant until June 10th to serve and file their respective briefs.

HOW IS YOUR WIFE?

Has she lost her beauty? If so, constipation, indigestion, sick headache are the principal causes. Karl's Clover Root Tea has cured these ills for half a century. Price 25c and 50c. Money refunded if results are not satisfactory. For sale at Wilkins and Linn Druggists.

ATLANTA NEWS.

Some Good Clean-ups—New Discoveries.

FRESH MEAT PRICES.

The Daily Alaskan's Atlanta correspondence says: "The Indians are still bringing in fresh meat, sheep and mutton. Yesterday they sold it at 35 cents per pound in small lots and 25 cents per pound by the quarter. So far no white man has brought any in. Some little fishing is being done in the lake with nets, and several good catches are reported, running as high as 17 pounds."

DISCOVERY REPORTED.

"I am informed by reliable men that 104 above Discovery on Spruce is being worked daily for the last two weeks. Two men are washing on it with a short sluiceway, and their clean-up for the last four days was \$100 in coarse gold, most of the fine gold being lost. Mr Pearl, the owner of the bench below, washing alone on his claims, says he took out \$12 per day. He has taken a man out to his claim with him and expects to double his output per man. On Pine creek a reliable person counted 12 stakes on one corner of a claim and nine on another."

RICH DISCOVERY REPORTED.

"A new discovery is reported in town this morning. It is located near Otter creek, and the ground is said to be rich. It is also reported that a rich discovery was made something over 60 miles to the northeast last fall and kept secret until now."

Commissioners Court

Tax certificate No 258 was transferred to C. C. Polley by order of the court he having paid the county \$4.85. W. W. Scott resigned as justice of the peace for Creswell and the same was accepted. The resignation of Granville Lundy as justice of the peace of Lake Creek precinct was accepted.
