TWO OREGON BOYS KILLED.

Incomplete List of Sunday's Casual- ties Received at London.

SEVERAL WOUNDED.

LONDON, March 20.—A dispatch from Manila says: In the fighting of Sunday the Americans lost seven killed and 39 wounded. The following are in the list of the casualties.

Killed—Private James Page, company D, Private J Smith, company E, Second Oregon.

Wounded—Corporal R Bucklin, First Washington; Privates Clark, Hough, Young and Brown, Second Oregon.

Private James Page enlisted at La Grande. He was 21 years old at the time of enlistment and unmarried. His father is John Page, who lives at La Grande.

Private Fred W Brown enlisted at Portland. He was 26 years old and married. His wife is said to reside at Vancouver, Wash.

Private Thomas J Smith lived in Portland at the time of enlistment, though he evidently enlisted as a recruit in California, or under an assumed name, as his name does not appear on the muster roll. It does appear in the city directory, however, as being a volunteer and in Manila.

FIGHTING UNDER DIFFICULTIES.

How the American Forces in the Philippines Are Handicapped.

HONG KONG, March 20.—A correspondent of the Associated Press at Manila says: "An army has seldom operated under harder conditions than have been encountered by the Americans. The nature of the country is such that the enemy cannot be seen 100 feet distant. During the charges the Americans are ignorant as to whether they are attacking a hundred or thousands of rebels.

A prisoner captured by the Americans says the leaders boast that they can keep up the war for years, depending upon the American forces being weakened daily by 20 men killed, wounded or invalided. Some high officials think 10,000 reinforcements are needed, as the troops now on the island are hardly more than enough to maintain the line around Manila and police the city.

A CINCINNATI STORY.

Location of the Keyboard by Which the Maine Was Destroyed Found at Havana.

CINCINNATI, O., March 20.—A local paper prints a story to the effect that the location of the keyboard by which the Maine was blown up in Havana harbor has been found by an American engineer officer.

The story is that Captain Huston, of the volunteer engineers, to whom had been assigned the duty of cleaning out the fortifications of Havana, had discovered in a gunroom of Cuartel de Foerst a wooden box but, in which he found a gutta serena tube containing a large copper wire and several smaller wires. He also found evidences of the keyboard having been taken away.

Require No Stamps.

Portland Telegram: Checks drawn on public funds do not have to be stamped. A gentleman in Portland who received a check from the school clerk last week, noticed before he went to deposit it that it had no revenue stamp on it. He put one on, and mentioned the fact at the bank, where he was informed that such checks were not subject to a revenue stamp.

The banker said many persons who get such checks stamp them, not knowing that they were exempt.

LATE MANILA LETTERS

Chaplain Gilbert Tells Some War Experiences.

Oregon Boys on Guard Duty

We are permitted to make some extracts from letters of Chaplain W S Gilbert of the Second Oregon regiment, under date, Manila, February 12. After mentioning the skirmishes of Feb 4 and 5 somewhat in detail, he writes:

"We now have possession of the Waterworks which they held for a couple of years, and had the city at their mercy. In places the fighting was terrific. Every native house or hut has been burned and all the district for several miles from Manila is desolation itself.

"Two battlefields especially were hotly contested; one along the beach on the Maute road, the other 10 miles inland on the Paes road. I visited both battlefields the next morning. It was a sight. Of course our dead and wounded were removed to the city at once, but the insurgents had to leave their dead on the field. On the Paes road was a fortified mound, and I saw 62 soldiers rolled into one of the trenches, about four deep, a id covered. Heads were torn off; arms, legs and bodies mangled and a mass of blood.

"The scenes at the hospital Sunday were dreadful. Men dead and others with wounds of every description were brought in covered with mud and blood.

COMPANY C IN A SKIRMISH.

"We, being the Provost guard, have been held at the city. The Third battalion was sent out to the Waterworks Sunday. They had a skirmish but came out of it unhurt. Company C had an active part in it; they shot 15 insurgents. Our boys are disappointed that they have not been in the advancing column. But that is impossible as no other regiment could now take our place for guard duty. We know where the arsenals are, all points of danger, and where stores are kept. It is important too, that the city be kept quiet. But still the boys want a change and would like to be in the "scraps."

"MANILA, Feb 12.

"About 175 of our men are wounded. We also have about 200 natives in our hospital.

COMPANY C ON FIRING LINE.

"We now have one battalion of the Oregon regiment on the firing line out about five miles at the Waterworks. I have gone out to them several times with mail, fruit, stationery, etc. Company C is there with the battalion.

"I have visited all the battlefields. There have been four distinct battles on separate fields.

"The insurgent cause is lost, but it may take several months to completely subdue them. Opinion seems settled now that we will not leave here for several months.

W S GILBERT "

TUESDAY MARCH 21

NEW STEAMER.—Today's Salem Statesman: "Captain Jim Smith went to Eugene on the overland train last evening. He will take charge of the new steamer built there, which has just received its finishing touches, and which will be run from Portland to Eugene, making the round trip in many of business men, and farmers of the Lane county metropolis. The name of the new craft is the City of Eugene. Captain Smith will first look over the route from Eugene to Harriensburg in a small boat. He will do this way in the new steamer in a few days."

ORPHAN'S HOME.—A meeting of delegates from all the Odd Fellows lodges in this county was held in this city Saturday for the purpose of con- sidering a proposition to secure the location of the Odd Fellows orphan's home at this place. The members of the fraternity in this county are assured the hearty support of others in this section of the state, and will be able to present a flattering proposition to any of business men and farmers at the proper time. There are two very slightly places for such an institution adjoining this city, on which options have already been obtained.

CONTRACT LET.—The University of Oregon has let to G W Breeding, of Fall Creek the contract for 275 cords of body fir wood at \$2.14 per cord. The contract for oak wood has not been let yet. Mr Breeding also has contracted to deliver 300 cords to the Water Co and 200 cords to Lane county. The wood will be cut at Fall Creek and floated down to Eugene in the river.

AT ASHLAND.—Town Talk: A young man in a nearby town took his girl out buggy riding. She fell out of the buggy and the young man drove a mile or two before he discovered she was missing. You can bet such a thing never happens around Ashland. The horse might fall out of the shafts and not be missed, but the girl, never.

ELEVEN NEW M D'S

Will Be Turned Out by the Medical Department of the University of Oregon.

EXAMINATIONS THIS WEEK.

The final examinations for the year in the medical department of the state university will commence at Portland Monday and continue until March 31, says the Portland Telegram of March 18th. On the evening of March 31 a meeting of the faculty of the school will be held for the purpose of passing upon the papers and on the evening of Monday, April 3 the commencement exercises will be held in the assembly hall of the high school.

The graduating class consists of 11 students, six of whom are women and five men. This is the largest number of women that have appeared in any class since the inception of the school. There have been 64 students in attendance the past year and the class to graduate is the first to come under the rule requiring a four year's course of study.

While the programme for the graduating exercises has not been completed, Rev Dr Kellogg, pastor of the Tylor street M E church, has been selected to deliver the annual address and Dr Cauthorn, of the faculty, the charge to the graduates. Appropriate musical numbers will also be arranged for.

SCHOOL SAVINGS BANK

14 Meeting With Flattering Success at the Start.

Daily Guard, March 21

The public school savings bank system recently started is being patronized quite liberally. Following is the list of business transacted to date:

DEPOSITS.	
March 6.....	\$39 84
March 13.....	25 08
March 20.....	28 50
Total.....	\$93 40
Drawn on.....	3 00
Total now on deposit.....	\$87 40

On March 6 and 20 three \$5 deposits were made. There are 89 depositors, the greatest number in any grade being 15 from the Sixth Central. There are no depositors from the Mount school or Eighth grade Geary.

Municipal Election.

Notice is hereby given that the annual election of officers, in and for the City of Eugene, will be held on Monday, April 24, 1899. At which time there is to be elected one mayor and one councilman for each ward, all for the term of two years, one recorder and one treasurer, each for the term of one year.

JUDGES AND CLERKS FOR SAID ELECTION.

First Ward—J T Rowland, P J McPherson and J W Christian. McPherson and Christian designated as clerks. Polling place, Cyclone truck house on East 11th street.

Second Ward—E Walling, David Cherry and A L Peter. Cherry and Peters designated as clerks. Polling place engine room in City Hall building.

Third Ward—George Roberts, M S Wallis and Geo A Barger. Wallis and Barger designated as clerks. Polling place, Cherry's building on West 8th street between Olive and Charnelton streets.

Polls to be opened at 8 o'clock a.m. and closed at 6 o'clock p.m. on said 24 day of April 1899.

By order of the Common Council of Eugene, March 16th, 1899.
B F DORRIS,
Recorder.

THE NICARAGUA CANAL

Speaker Thomas B. Reed, before adjournment of congress for the session, was considerable enough to allow a bill to pass appropriating \$1,000,000 for the purpose of surveying the route of the proposed Nicaragua canal. The commission to whom this money was intrusted will shortly begin work, and will be ready to report in detail by the time congress again assembles. Below are sketches of the bird's-eye-view, ocean routes, profile of country, and other matters of interest connected with the scheme. The Pacific coast awaits with extreme interest definite results of the work and assurance that the canal will be built.

Woman Counterfeiter Arrested.

Portland Telegram March 20: Deputy United States Marshal Roberts last night returned from Prineville, having in custody Lou Dodson, accused of making spurious United States coins. The accused is a brother of Thomas Dodson, who a week ago, in company with his wife, and Ed Hinman, were arrested on a similar charge in a lodging-house on Front and Columbia streets. These people had a large amount of the "queer" in their possession.

At first the authorities believed that this gang was merely acting in the capacity of agents to place the exceedingly well counterfeited coins on the market. But now they have reached the conclusion that the accused make it. As yet there is no material evidence to substantiate that impression but there will be no pains spared to find it.

Junction City Notes.

Junction, City, Or, March 20.—Presiding Elder Rev Mr Shangle, of Corvallis, held a quarterly meeting in the M E church, South, yesterday, in this city.

The city fire engine, after being in Portland for repairs several weeks, arrived here this morning in good condition.

Dexter Items.

March 21.
Spring begins today does it? Try again Dr Ayer.

Mrs Cain is growing gradually worse. She cannot recover.

Some of the boys are making a back trail across the mountains to Kelly's mill.

R C Edwards was here Sunday looking for a logging team to bank his logs at Egypt.

Ferd Parker is building him a new wagon and you will see him driving out one of these days.

R E Ringo will teach the Dexter school this spring while Miss Carrie Bridges will teach at June.

The Trent mill will commence sawing in about a week, when they finish sawing their logs they will hunt a new location.

As a result of the hounds being killed the coyotes are becoming very bold. Mrs Harper lost several sheep a few nights since.

A new postoffice has been established at Zion Oregon, which Thomas Husacker as postmaster; this makes three offices where there was formerly but one.

REG.

And Still They Come The Big Store

Leads the procession in the latest styles and largest assortment of Fashions and newest Fancies. Our Waist Silks are proving irresistible. They are certainly beautiful. They are in waist patterns, no two alike, and the prices easy.
