The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and Substitutes are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Harmless and Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

KEEPS IS SIGHT.

Usually after a political campaign is over the manager quietly drops out of sight, not wishing to burden his party with the reproach that is sure to attach to political management with its attendant sharp practice, and manipulations of doubtful morality. Mark Hanna, though, the promoter of the greatest fund ever known to have been gathered in this country for election purposes, proposes to keep hold of the reins. Witness a recent interview with Senator Hanna regarding the reported meeting between Speaker Reed and President McKinley for conference with a view to reconciling personal differences. Hanna said:

"It is silly talking about political conferences on this trip. It is for rest and nothing else. I wish they would let up talking about politics being in it. The vice-president had the grip and is run down, and I mean to keep him here as long as I stay. Mr. McKinley's nerves were worn out with the strain. He needed to be braced up. The trip to Jekyll Island has nothing to do with politics. We would not come way down here to talk politics. Yes, I see Speaker Reed is at Jekyll Island, but it has nothing to do with our trip."

Scott's Emulsion of Cod-liver Oil with Hypophosphites is pure and palatable. For years it has been used for coughs and colds, for consumption, for those whose blood is thin or colorless, whose systems are emaciated or run down.

For children it means health and strength, stronger bones and teeth, and food for the growing mind. Baby gains in weight and thrives when Scott's Emulsion is added to its milk.

CHRONIC ECZEMA

CURED BY CUTICURA

I was troubled several years with chronic Eczema, on my head and face. I took medical treatment from two doctors and several lotions, but received little relief. At times, the dreadful itching became almost insupportable. When I was treated with CUTICURA, the Eczema rapidly disappeared, and I am well, with no trace of any return of the disease. J. J. HAYES, Feb. 22, 1895. Box 15, Thorntown, Ind.

MONDAY MARCH 20
PRUNES DEAD.—A careful inspection of the twenty acre prune orchard owned by Campbell Bros. of the GRARD, on the Blair donation place adjoining Eugene, shows the French prune trees are dead beyond question. The leaf buds are black and fall on a slight touch. The Italian prune trees, the major portion of the orchard, are not injured in the least, neither in limb or body. The loss in this case is about four hundred seven year old trees, about three acres.

A PLAIN STATEMENT OF FACTS
About Sewing Machines and Their Values.
We would like to have your attention for a few moments while we give you a few facts about Sewing Machines. In the first place, everyone is willing to concede that there are quite a number of good Sewing Machines made, such as the Singer, White, New Home, Domestic, Wheeler & Wilson, Davis and Standard; all good machines. Anyone wishing to purchase a machine would not go amiss in buying (either of the above, provided they bought it at the right price. These machines cost the dealer about the same price and are usually sold from the stores at from \$30.00 to \$35.00. Agents are, however, canvassing from house to house in town and through the country, selling these same machines to the people at from \$60.00 to \$70.00, double the price asked at the stores. We know whereof we speak because we have sold all these machines ourselves with the exception of the Singer, which has always been sold by agents in order to maintain their exorbitant prices.

Now we want to ask you, kind friend, if you are so well provided with this world's goods that you can afford to pay \$30.00 to \$35.00 for a few women's speech of an oily tongued agent? If not call at our store in Eugene, where you can get the best of the lot for \$30.00 to \$35.00, and where you can always have your guarantee made good. Further, it is a fact, that perhaps few people are aware of, that the rotary shuttle is the coming machine, running 50 per cent lighter, with less noise, and sewing much faster. The Wheeler & Wilson and Standard are the only machines of this kind, both good machines; perhaps either possessing some minor points that the other has not. The Standard, however, leading in point of material and construction, is the finest finished machine known to the art, and we will sell them from our store at from \$30.00 to \$35.00. But remember, if you want to buy a machine at less price than the Rotary, we have also the Standard Vibrator, one of the finest Vibrating machines made, with wood work, stand and attachments same as Standard Rotary or if that is still too high, we have the Paragon at \$25.00 and Norwood at \$20.00, also guaranteed for 5 years. Now do not waste your money on newspaper or other cheap machines that no factory guarantees, but buy a "Paragon," or if you want the best, do not let the agents talk you into believing that their \$70.00 machines is any better than the same machine would be at \$35.00, and call at once at our store, and be convinced that we are telling you the truth, and that we will sell you the best machine on the market for \$35.00, or less.
