

**Evil Dispositions
Are Early Shown.**

Just so evil in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by Hood's Sarsaparilla. Older people, the aftermath of irregular living shows itself in bilious conditions, a heavy head, a foul mouth, general bad feeling.

It is in the blood, the impure blood, which is the real cause. Purify with Hood's Sarsaparilla and happiness will be yours.

Blood Poison—If lived in a bed of fire you would be scorched. It broke out all over my body. I tried doctors, but they did me no good. I tried Hood's Sarsaparilla and it cured me. I could go on the horse and hunt about it. —Mrs. J. T. Wilson, Carlsbad, Pa.

Scrofula Sores—My baby at two months had scrofula sores on cheek and forehead. Local applications and physicians did him little or no good. Hood's Sarsaparilla cured him permanently. He is now four years old, with smooth, fair skin. —Mrs. W. W. Worley, Farmington, Del.

Hood's Sarsaparilla
Never Disappoints

It cures liver, liver, the non-irritating and perfectly safe to take with Hood's Sarsaparilla.

First Cook (reading)—Wanted, to go to Connecticut, a first-class cook. Good wages.
Second Cook—Niver, on your life. Sure, isn't that where they make alarm clocks?—Jewelers Weekly.

A single walnut tree recently felled in Cass county, Mich., was seven feet in diameter at the base. It is estimated that it will yield \$700 worth of lumber.

Nervous People.

Nervous people not only suffer themselves but cause more or less misery to everyone around them. They are fretful, easily worried and therefore a worry to others.

When everything annoys you, when your pulse beats incessantly, when you are startled at the least unexpected sound, your nerves are in a bad state and should be promptly attended to.

Nervousness is a question of nutrition. Food for the nerves is what you need to put you right, and the best nerve food in the world is Dr. Williams' Pink Pills for Pale People.

They give strength and tone to every nerve in the body and make dependent, easily irritated people feel that life has renewed its charms. Here is proof:

Mrs. Cora Watson, the sixteen-year-old daughter of Mr. T. C. Watson, of 614 Clinton St., Bradford, Pa., was seized with a nervous disorder which threatened to end her life. Her father consulted the best physicians, but they did her no good. Dr. Williams' Pink Pills for Pale People were highly recommended for nervous disorders, and gave her a trial. Before the first box had been taken the girl's condition improved. After using six boxes her appetite returned, the pain in her head ceased, and she was stronger than ever before. "My daughter's life was saved by Dr. Williams' Pink Pills for Pale People," said Mrs. Watson. "Her condition was almost hopeless when she commenced taking them, but now she is strong and healthy. I cannot recommend these pills too highly."—Bradford (Pa.) Era.

The full name is on each package. Sold by all druggists or sent, postpaid, by the Dr. Williams Medicine Co., Schenectady, N.Y. Price \$3 per box; 6 boxes \$2.00.

Not What She Expected.
Fangle—I saw your friend, Mrs. Jay Smith, get on the train and leave town with a married man this morning.

Mrs. Fangle (deeply interested)—Well, I've been expecting a scandal in that quarter for some time. Who was it with the shameless thing?

"Her husband."—Harlem Life.

China's Powerful Sword.
There is a broader sword in China. It gives to the holder power to cut off the head of any one he wishes without punishment. All people free from this sword as stomach illness before the approach of Hostetter's Stomach Bitters. This famous remedy cures all forms of stomach troubles.

It is expected that the Siberian railway will be completed to Irkutsk in February, 1900.

In the spring cleanse your system by using Dr. Plunder's Oregon Blood Purifier.

It is estimated that thirty or forty thousand Russians visit the Holy Land each year.

THEY WANT TO TELL

Those Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. LIZZIE BEVERLY, 258 Merrimac St., Lowell, Mass., writes:

"It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottles of Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women."

Mrs. AMOS THOMBLEY, Ellenburgh Cir., N. Y., writes:

"I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good. I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

Aunt Diana Heard From.
"Rastus," yelled Aunt Diana in a loud voice, "yo' in Miami Snowlake cum in heah dis berry innoance on stop playin' wif dem air white folks' chillun. All de wants is 't learn a lot ob cakewalk figans en den dey won't had nuttin' no' t' do wif yo'."—Ohio State Journal.

The Modern Battle.
Said the farmers general to his chief of staff: "Are the correspondents ready?"
"They are, sir!"
"Have they been informed that I have a new uniform on?"
"Yes, general."
"Have the photographers done their duty?"
"They have, sir."
"Then let the battle go on."—Boston Transcript.

The Short Line to Build.
The Short Line has awarded the contract for a number of sidetracks and the widening of its grade in a number of places to the Corey Bros., of Ogden. The contract aggregates something like \$40,000 and covers all extensions and buildings connected with the present system from Millford to Butte and from Granger to Huntington and all branch lines.

Trans-Mississippi Congress.
Governor Geer has been asked to appoint 12 delegates to the trans-Mississippi congress, which will meet at Wichita, Kan., May 31. Those who desire to attend will be appointed.

Washington Supreme Court.
In the case of the Washington Iron Works vs. King county, the supreme court of Washington, holds that the state must keep its tideland contracts cleared of a county's tax liens if it would prevent clouds from gathering over its title to the lands prior to the time of the making of the final payment on the contract. It is thought that this opinion can be modified by a proper proceeding, so that it will not apply to school land contracts.

The largest brewery in the state of Washington is to be built at Port Angeles by Chicago capitalists, who will invest \$500,000 in the plant. This place has been selected on account of the excellent water to be found there, which is an important item.

A large number of the sea lions at the Point Reyes rookeries, near San Francisco, have been killed since last Friday by subordinates of the state board of fish and game commissioners. It is hoped to reduce the herds that they will no longer be a menace to the fisheries of the coast.

NEWS OF NORTHWEST

A Budget of General News Gathered in Several Pacific Coast States.

Pacific Northwest Producers.
At Pendleton, Or., there is on foot a plan for the formation of what will be called the Pacific Northwest Producers' Association, which will bring before the legislature a strong factor in the industrial life of this section. Thus far, the membership secured consists only of farmers and grain producers, but it is hoped that the wool men and sheep-breeders will come in. The members sign the following agreement: "We, the undersigned producers of the county of — and state of —, do hereby agree to unite ourselves in a non-political body for the purpose of providing for ourselves protection against the trusts that have been formed, and which dictate to the producers the prices of the commodities which we produce; and to further provide ourselves with a place to meet and transact business and receive the telegraphic market reports of the world; and to place ourselves in direct communication with the consumers of the world; and to unite ourselves in one grand body and to promote harmony and work for the general welfare of the community at large, and for the producer."

The association will in no manner touch the mercantile portion of the business of the community, but will exist solely for the purpose of enabling the producers of wheat, wool and livestock to keep more closely in touch with the markets of the world, and to the more intelligently handle them. It will be the particular tenet of the association that there shall be no politics in the conduct of the affairs. It is less than 10 days since the effort began to form the association, and already there are on the lists of prospective members 155 farmers, wheat-growers, and among them some of the most prominent and solidest of the Northwest.

Survived the Great Flood.
There were others who survived the flood besides Noah and his family, thinks Peter Johnson, an intelligent Anaskan Indian, who is preparing to write a book in defense of his theory. Peter has been in Portland for nearly a month on business connected with the disposal of a quartz mine at Johnson's inlet, on the Alaskan coast, and he has succeeded in unloading it on a company of Americans for the neat sum of \$20,000. Part of this he intends to spend in obtaining data for his proposed work, which will treat on Alaskan tradition and contain half-tone photos of the higher mountains which the Aleuts of 4,000 years ago ascended while the waters in the Far East were gradually raising the ark. He feels confident that he can prove to the world that a godly family of his forefathers did keep high and dry, and afterwards lived to people that portion of the earth near the north pole with Eskimaux and Alaskan Indians, who have written a history of the affair on their totum poles.

Klondike Gold Yield.
The latest estimates of the Klondike gold yield this season range from \$12,000,000 to \$20,000,000. The Klondike Nugget says: "The output has not been more than doubled, so that it is not probable that royalty will this year be paid on more than \$8,000,000. Exemptions and evasions will give about double that amount, as the production of the territory for the year ending in the summer of 1899. The primitive methods used in working the claims make it very unlikely that the washup will give more than from \$12,000,000 to \$15,000,000 on the outside." As compiled by the Midnight Sun this season's yield will be \$20,000,000, distributed among the various creeks, including branches, as follows:

Eldorado	\$5,000,000
Bonanza	3,000,000
Hunker	3,000,000
Donkey	3,750,000
Gold Run	300,000
Sulphur	600,000
Quartz	250,000
Yukon	250,000
All other creeks, including Stewart river	1,000,000

Must Keep Off Reservation.
Forest Superintendent W. T. S. May has received notice from Commissioner Hermann of the land department, that sheep must be kept off the Uinta forest reservation. Many thousands of sheep from Utah and Wyoming have been pastured upon this reservation every summer, but Superintendent May has reported that the practice is injurious to the timber, and Commissioner Hermann's order is the result. Superintendent May has notified the flock owners by telegraph.

San Francisco Market.
Wool—Spring, Nevada, 9@12c per pound; Oregon, Eastern, 10@12c; Valley, 15@17c; Northern, 8@10c.
Millstuffs—Middings, \$18@21.50; bran, \$15.50@16.50 per ton.
Onions—Silverkin, 50@90c per sack; Butter—Fancy creamery, 17@18c; do seconds, 16@17c; fancy dairy, 15c; do seconds, 14@15c; fancy ranch, 16 1/2@17c.
Hops—1898 crop, 15c.
Citrus Fruit—Oranges, Valencia, \$2 @2.50; Mexican limes, \$4.50@5; California lemons, 75c@1.25; do choice, \$2.50 per box.
Hay—Wheat, \$13@15.50; wheat and oat, \$13@15; oat, \$14@16; best barley, \$12@13; alfalfa, \$11@12 per ton; straw, 40@70c per bale.
Potatoes—Early Rose, \$1.50@1.75; Oregon Burbanks, \$1.65@1.85; river Burbanks, 75c@81; Salinas Burbanks, \$1@1.10 per sack.
Tropical fruits—Bananas, \$1.50@2.50 per bunch; pineapples, \$2.50@4.50; Persian dates, 6@6 1/2c per pound.

To Bring Congressmen to the Coast.
Senator Addison G. Foster is working hard to bring a delegation of Eastern senators and congressmen to the coast to visit Washington and Alaska. On their return East the senator would have them visit other points of interest and growing communities about which little is known in the East. The most influential men of both houses, men who are on the committees which have to deal with affairs of the West, and particularly of Puget sound, Alaska and the Pacific islands, are the ones Senator Foster desires to bring to the West.

Clontrie's Body Found.
The party that went in search of the body of A. J. Clontrie has returned to Seaside and reports having found the remains about a mile and a half in the back trail from where the bodies of Radir and Heikmann were found. Clontrie was evidently the first of the party to die, as his body had been dragged down the side of a hill for over 100 yards and placed under a log in a sheltered place. The body was well preserved.

Sheepmen Disappointed.
Yakima county sheepmen are not satisfied with the situation at the present time. The winter and spring were unusually productive of loss. The losses in some lands amounted to 5 or 10 per cent. The increase, instead of being 95 per cent and upward, as it is ordinarily, runs from 75 to 85 per cent.

Indorsed Pure Food Law.
The Spokane Retail Grocers' Association has given its indorsement to the pure food law.

To Teach Economy.
A savings bank system is to be introduced in the public schools at Everett.

BARRED FROM MAILS

Seditious Pamphlets Cannot Be Sent to Philippines.

SO DECIDED BY THE CABINET

Washington, May 4.—The cabinet meeting of today's cabinet meeting were Secretaries Gage, Long, Alger and Wilson. One of the subjects of discussion was the circulars which were mailed to the troops at Manila criticizing the Philippine policy of the government and advising volunteers whose term of service is about to expire not to re-enlist.

A member of the cabinet, in speaking of the matter, said that Edward Atkinson, of Boston, who is believed to have been largely instrumental in the preparation and sending out of these circulars, was unquestionably guilty of assisting an insurrection against the authority of the United States, and was subject to a term of imprisonment or heavy fine, or both. What action, if any, will be taken in the matter, has not been determined, but it is said that the government is disposed to regard the acts of Mr. Atkinson as those of a person without any proper conception of the gravity of the offense committed. The government may not at this time take action against Mr. Atkinson and his assistants. The postmaster-general stated at the meeting that he had ordered the circulars stopped at San Francisco. Members of the administration regard Mr. Atkinson's alleged action as seditious and disgraceful, and it is not probable that, if repeated, prompt and energetic action will be taken.

The Objectionable Matter.
Washington, May 4.—The three pamphlets, copies of which have been prohibited in the mails for the Philippines, are those which have the titles: "Criminal Aggression—By Whom," "The Hell of War and Its Penalties," "These, unless something should develop to necessitate further action, may be circulated through the mails within this country. According to Mr. Atkinson's own statement, as reported, a large number of the pamphlets have been sent out.

The matter was brought to the attention of the postal officials by the war department. It is thought there is little possibility of any of these publications getting past the San Francisco office, but if a few should, the military authorities in the Philippines will promptly suppress them.

Statement by Atkinson.
Boston, May 4.—Hon. Edward Atkinson, vice-president of the Anti-Imperialist League, of this city, said he had received no direct communication from Washington about the action of the postmaster-general. He explained that the documents were compilations of facts and figures taken from debates in the national house and senate, and calling attention to perils overlooked in debate.

AWAITING MARTIAL LAW.
Dynamiters Leaving the District on Every Train.

Wardner, Idaho, May 4.—Nothing of importance has occurred since the arrival of the colored troops at 1 o'clock. This is company M, Twenty-fourth infantry, Captain Batchelor commanding. This evening 60 non-commissioned men armed with rifles rushed down the road from Wardner to the station, one and a half miles, in response that the dynamiters had started down from Canyon Creek with the intention of cleaning out the colored troops. This was caused by the suspension of telegraphic communication between Wardner and Wallace. A tree fell across the telegraph wire.

Quite a number of union men left today, going in both directions. Many of theingleaders are gone, but at least 95 per cent of the membership of Coeur d'Alene were present at the outbreak last Saturday, they cannot all get away without depopulating Millan and the towns on Canyon creek.

James Cheyne, shot in the hip by the dynamiters on Saturday, died today in Spokane, whether he had been taken for treatment. He was a Knight of Pythias, and the members of that order will make every effort to capture his murderers. His body will be returned to this place tomorrow for judicial investigation and interment.

Siam and France Settle.
Paris, May 4.—Siam, according to a dispatch from Singapore, has ceded to France the province of Luang Prabang, in the northeastern part of the kingdom. France, in return, undertakes to evacuate the town of Chantaboon, about 175 miles west of Bangkok, near the Gulf of Siam, and to withdraw from the so-called neutral zone.

Cure for Consumption.
Rome, May 4.—There is much comment here on an alleged cure for consumption, discovered by Professor Vincent Carvello, of Palermo university. He feeds consumptives on prepared air, which has permeating it a medicated soothing vapor. In the middle of last January it was given to 26 consumptives. Now 10 are entirely cured, nine almost well, five much improved, and two dead. He is receiving much popular support from wealthy persons in experiments.

Sampson's Fleet.
New York, May 4.—Rear-Admiral Sampson's squadron of three battleships and two armored cruisers dropped anchor off Tompkinsville this afternoon after a 10 weeks' cruise in the West Indies. They will remain there for some time, and visitors to the ships will be welcomed. One by one they will be placed in drydock at the Brooklyn navy-yard, to have their bottoms scraped, preparatory to the summer evolutions off the New England coast. The start on this cruise will be made early in June.

FRANCES WILLARD HOSPITAL

USES PE-RU-NA FOR CATARRH OF THE STOMACH

Miss Georgiana Dean was for three years missionary in Liberia under the M. E. church from the training school in Chicago. After her return she studied nursing, graduating from the present Frances E. Willard National Temperance Hospital of Chicago. She is an enthusiastic friend of Pe-ru-na, as is evident from the following letter:

Chicago, Ill., Jan. 20, 1899.

Pe-ru-na Drug Manufacturing Co., Columbus, O.

Gentlemen—You will be glad to know of the happy results obtained from the use of Pe-ru-na among the patients under my care whenever pro-

scribed by the physician. I have seen some very remarkable cures of cases of very obstinate catarrh of the stomach, where Pe-ru-na was the only medicine used. I consider it a reliable medicine.

Georgiana Dean.

The symptoms of catarrh of the stomach are: Coated tongue, pain or heavy feeling in the stomach, belching of gas, dizzy head, sometimes headache, dependent feelings, loss of appetite, palpitation of the heart and irregularity of the bowels.

Send for a free book written by Dr. Hartman, entitled "Health and Beauty." Address Dr. Hartman, Columbus, O.

"What Do You Want?"

An old Irishman was on the stand in one of the circuit courtrooms one day, and the attorney cross examining him had a hard time to elicit any information. He worked around one particular point, and plied the witness with about a dozen questions. At last, growing tired of his fruitless examination, he asked, rather impatiently: "Well, can't you tell me something?" "Well, would you like me to tell you?" asked the witness, blandly, and that floored the attorney.—Detroit Free Press.

Gold has been found by some Minnesota soldiers in the streams of the San Juan and Monte Blanc mountains near Manila. Our volunteers are anxious for peace, so that they can turn miners.

BAD BLOOD

"CASCARETS do all claimed for them and are a truly wonderful medicine. I have often used for a medicine pleasant to take and at last have found it in Cascarets. Since taking them, my blood has been purified and my complexion improved wonderfully and I feel much better in every way."—Miss SALLIE R. DELANEY, Luttrell, Tenn.

ALABASTINE

ALABASTINE is the original and only durable wall coating entirely different from all other white or two-colored wall coatings by adding cold water.

ADIES naturally prefer ALABASTINE for walls and ceilings, because it is pure, clean, durable. Put up in dry powdered form, in five-pound packages, with full directions.

ALL kalsomines are cheap, temporary preparations made from whitening, chalk, clay, etc., and stuck on walls with dirty, greasy animal glue. ALABASTINE is not a kalsomine.

EWARE of the dealer who says he can sell you the "same thing" as ALABASTINE or "something just as good." He is either not posted or is trying to deceive you.

BE IN OFFERING something he has bought cheap and tries to sell on ALABASTINE's demands, he may not realize the damage you will suffer by a kalsomine on your walls.

ENRILE dealers will not buy a lawsuit. Dealers risk one by selling and consumers by using infringe. Alabastine Co. own right to make wall coating to mix with cold water.

HE INTERIOR WALLS of every schoolhouse should be coated only with pure, durable ALABASTINE. It safeguards health. Hundreds of tons are used annually for this work.

BE BUYING ALABASTINE, see that packages are properly labeled. Beware of large four-pound packages light kalsomine offered to customers as a five-pound package.

URANCE of wall paper is obviated by ALABASTINE. It can be used on plastered walls, wood ceilings, brick walls. A child can brush it on. It does not rub or scale off.

ESTABLISHED IN favor. Shun all imitations. Ask paint dealer for directions for tint cards. Write for "Alabastine Era" free, to ALABASTINE CO., Grand Rapids, Michigan.
