Bad management keeps more people in poor circumstances than any other one cause. To be successful one must look ahead and plan ahead, so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house. The stiffest fellow will wait until necessity compels it and then ruin his best horse going for a doctor and have a big doctor bill to pay, besides; one pays out 25 cents, the other is out a hundred dollars, and then wonders why his neighbor is getting richer while he is getting poorer. For sale by DeLano.

FOURTH OF JULY

Eugene Will Have a Grand Celebration.

A CONDENSED PROGRAM.

The committee on celebration now assures the people of Eugene, and of Lane county, of a splendid entertainment, a great day on the coming Fourth. The people generally have made generous response to all demands of the committee, and the various patriotic and civic organizations of the city have seconded the efforts of the committee to make the Fourth in 1899 eminently successful.

The parade will be a monster—the women have taken hold of it—and will contain more attractive features and striking and suggestive similes than any former July parade in Eugene. A number of organized societies dressed in uniform will join the procession, merchants will make large and attractive displays. Little girls on bicycles representing the states and the battle ship, little boys dressed in uniform constituting the boys brigades, the Woman's Patriotic League, citizens in carriages and on horseback, all will be in the parade. This feature of the celebration alone will be worth coming for miles to see. Races, games, fireworks and dancing will all have a conspicuous place in the celebration.

It must not be overlooked, however, that the exercises at the grand stand will be patriotic and inspiring. Patriotic music in abundance will be furnished, the Declaration of Independence read in loud clear notes, and the oration will be delivered by a great citizen, a great lawyer, and a great orator, Hon. L. B. Cox, of Portland. Let every body get ready and come to the celebration on the Fourth.

TRUE WORDS.—Jacksonville Times:

"Dr. A. I. Nicklin, a prominent citizen of Lane county, who has been a resident of Oregon for many years, and did so much toward rescuing it from the dominion of the treacherous redskins, says that if the government could pay \$20,000,000 for the Philippines, it surely ought to be able to pay the Indian war veterans a small pension during the remainder of their lives. It was principally through them that Oregon, Washington, Idaho and Montana, in fact the great Northwest, became a part of our domain. Truer words than those could not be spoken."

HOUSE BURNED.—The residence of P. F. Davis, about one mile east of Lorane caught fire yesterday forenoon, presumably from a defective flue, and burned to the ground. Most of the household goods were removed. The building was insured.

Peter Godman Found in a Bad Condition.

The GUARD of Tuesday stated that Peter Godman, a naturalized Swiss, who had been residing on the Green Gay farm three miles west of Creswell, had disappeared June 14, and no trace of him could be found by neighbors.

Today Godman was found by J. L. Toll in the hills west of Spencer Butte, near the Thurston Goodpasture place, and brought to Eugene today by J. E. Crosby. Godman is in a demented condition, and has a bad bruise on his head, probably caused by a fall, although he is unable to tell. His first call was for something to eat. Godman has been considered to be demented for some time and an examination will probably be made soon.

CITY COUNCIL

Our City Fathers Take Action on the "Public Square" Matter.

OTHER BUSINESS

Daily Guard, June 22

A call meeting of the city council was held last evening.

Present—Mayor Harris and Councilmen Osburn, White, Luckey, Roney and Abrams.

The Mayor stated the object of the call was to consider the report of the judiciary committee on communication from county court in regard to streets around the public square.

Councilman Abrams, from judiciary committee offered an ordinance suggested by the city attorney for the consideration of the council, to locate and establish a street over and upon the road bed of the highway around the public square.

The ordinance was read.

City Attorney Stevens and Attorney E R Skipworth gave the council their views of the legal status of the highway around the public square, both holding that by the passage of the ordinance just read, the city would thereby confer upon the 100 feet highway mentioned in the ordinance, all the attributes of a street.

After some further discussion moved the rule be suspended and the ordinance be read by title. Motion carried and the ordinance was read second time by title.

It was then moved that the rule be suspended and the ordinance put upon its passage. Carried.

The ordinance was then read third time and passed unanimously.

The mayor informed the council that he had leased the vacant lot west of the Minnesota hotel at \$15 per year, for a city lumber yard. Action approved by council.

Rule suspended and bills of Hubble for \$2 and Kissinger for \$2 and Clem Stiles \$8 were allowed and ordered paid.

The mayor informed the council he had signed ordinances No 306 (bicycles), 307 (dog), 308 and 309.

MARRIED.—At 9:30 last night, at the residence of the bride's parents, Mr and Mrs O Q Cartwright, Mr George L Heselton and Miss Katie L Cartwright. Rev J T Abbott, pastor of the M E church, performed the ceremony.

I was seriously afflicted with a cough for several years, and last fall had a more severe cough than ever before. I have used many remedies without receiving much relief, and being recommended to try a bottle of Chamberlain's Cough Remedy, by a friend, who, knowing me to be a poor widow, gave it to me, I tried it, and with the most gratifying results. The first bottle relieved me very much and the second bottle has absolutely cured me. I have not had a good health for twenty years. Respectfully, MRS MARY A BEARD, Claremore, Ark. Sold by DeLano.

A PLAIN TALK

A Few Lines to Our Many Mohawk Friends.

COLD FACTS.

The GUARD learns with surprise that the people of the beautiful Mohawk valley are opposed to the building of a railroad through the same and the establishment of large mills in that section that will employ 300 to 400 men and thereby distribute thousands of dollars, which will make the Mohawk valley the most prosperous section of Lane county.

A few of our friends in that section have been liberal and have given the right of way to the Booth-Kelly Company railway, but the major portion of the people have acted otherwise, wanting from \$30 to \$500 per acre for land that is not worth today more than \$2 to \$10 per acre. Under the present conditions it is estimated that the right of way up the Mohawk valley from the crossing of the McKenzie to Isabel would cost the city of Eugene \$2,700.

We think and believe this to be simply outrageous. It should be given freely without charge or cost, except in extreme cases.

The building of the road and establishment of the mills would double the value of every acre of land in the Mohawk valley and the very men who are now attempting to force outrageous sums for right-of-way are aware of the fact.

Gentlemen, stop and consider! Do you want the mills and railroad in your section?

It is our opinion, if you insist on the demands you are now making, that you will prevent the enterprise being established.

A few days may for years delay the building of a road to the Mohawk valley.

If you want the enterprise act liberally. If not, just persist in your present policy.

This is plain talk but is the truth and the subject matter should be considered carefully.

What is your land worth now?

What would it be worth with the enterprises?

The Dewey Book.

Do you want to know more about Dewey, the great admiral and his gift to the Nation? If so read our up-to-date "Dewey Book," written by Jas L Stieckney, aid-de-camp to Admiral Dewey at the battle of Manila Bay.

This book is not a history of Cuban insurrections or operations—it is a Philippine book. It begins with the daring of Dewey and continues through the operations between Spanish and American forces at Manila. The battle of Manila Bay is described as only Stieckney can describe it from the vantage ground of the Olympia's bridge, by the side of Dewey, where he witnessed every maneuver, transmitted every command and observed every phase of the battle and exulted in the glory of the American Navy. Complete biography of Admiral Dewey is given, also biography of the eminent American commanders, fully illustrated. The accurate and valuable maps found in this book are a valuable feature of the book. Price only \$1.75. Sold by subscription only. Occidental Publishing Co, Station B, Oakland, Cal. M. W. Wristen, general agent for the Pacific Coast.
