**OREGON REGIMENT**

**Will Go Out of Service at San Francisco.**

**NEED TRAVEL PAY**

**Health of the Regiment Good and No Deaths En Route.**

**MAY COME HOME ON A SPECIAL TRAIN.**

Daily Guard, July 12. Patriotic Oregon is going to a quandary as to how it is going to welcome its regiment, if they do so at all. The boys cannot be blamed for wanting their travel pay, and with the exception of Oregon getting first sight of the boys on a transport, it will be as well. It is gratifying to learn in a report from Colonel Summers that the boys are all in good health and spirits. It is also satisfactory to know that Colonel Summers is determined if possible to bring the regiment home intact. If they come overland, every one along the line will get to see them. Captain J. L. May wired this morning to his wife in this city, to come to San Francisco, as the regiment would be mustered out there. This was the first intimation Eugene people had of this change. Lieutenant Huston also wired his wife after their arrival. Company C of this city has been holding itself in readiness to go to Portland to meet the boys, but feel disappointed now. At 4 o'clock this afternoon the GUARD received the following telegram: Portland, July 13.—No change in volunteer arrangements at this hour. The Oregon boys will be mustered out in San Francisco. An effort is now being made to start a special train from this place to meet the regiment.

San Francisco, Cal, July 12.—If the Second Oregon is mustered out in Portland, every man in the regiment, from General Summers down, will be indignant alike to the point of receiving public honor which the state wishes to pay her loyal sons. Mustering out in Portland or Vancouver means a loss of about \$30, good travel allowance, for the privates of the regiment alone, and \$6000 to \$7000 for the officers. Each private if mustered out here, will receive \$32 travel allowance and subsistence. He will not receive it if mustered out at Vancouver. For this reason the regiment to a man wants to be mustered out here. If Portland within 24 hours will agree to reimburse the men for the loss, a decided majority will vote to muster out at home. This contingency is so slender it is not to be considered seriously by the reception committee from Oregon, headed by Governor Geer.

General Summers has promised the Oregon reception committee that he will keep the regiment together, and if the state will furnish a special train, he will bring the regiment home in a body. Late this evening the first steps were taken looking toward the regiment's receiving full travel pay and at the same time giving the people of Oregon the opportunity of extending a welcome to the homeward-bound volunteers, such as they deserve. The plan is the same as that adopted by the state of Pennsylvania, namely, going through the "red tape" of mustering out in San Francisco, completing all the papers, and deferring actual pay until the train starts. A conference was held at the Occidental hotel by Governor Geer, General Summers, Adjutant-General Tuttle, Judge-Advocate-General Spencer, and Commissioner-General Dunne, and at its conclusion the following telegrams were sent to General Shafter for transmission to Washington: "San Francisco Harbor, 8 S Newport, July 12, 1899.—To Adjutant-General, U. S. A., Washington, D. C.—Oregon troops just arrived unanimously object to being mustered out at Portland, and lose the right of travel allowance, and request to be mustered out at San Francisco and get travel allowance. Can they not be mustered out here and receive travel pay? Pay car to be attached to the train, and the men paid en route. Ordinance to be turned over at Vancouver, and final disembarkment to be made in Portland. "O. SUMMERS, Colonel."

"Commanding Second Oregon, U. S. V. "In deference to the unanimous wish of the Oregon regiment, I endorse Colonel Summers' request for mustering out in San Francisco. "T. T. GEER, "Governor of Oregon." An answer is expected from Adjutant-General Corbin tomorrow. An

**EUGENE RECEPTION**

**Oregonian Reporter Gives Our Town Bouquets and Compliments.**

**HOW WE TREATED THE EDITORS.**

Oregonian, July 12. "The visitors awoke Tuesday morning to find their cars at the depot in Eugene, and while the sleeping-car sheet music, sometimes styled snoring, was still vibrating from many throats, the city reception committee gathered around and soon had many carriages at the disposal of the guests, and shortly after 7 o'clock all had been carried up to the summit of Skinner's butte, where a pretty panorama of mountain and vale, forest and farm spread out and delighted the eye. Here is seen the meeting of the waters, where the Mohawk, McKenzie and Willamette rivers form a partnership and go loudly calling for some one to dam them up and use them for turning more mills.

"Here on the summit of Skinner's butte, under the great oak tree, the ladies of Eugene had set long tables, with snowy covers, and here they seated the entire trainload of people to a breakfast such as all who partook of it will never forget. All the substantial and delicacies of the season were there, and the matrons and maids who served the repast were most charming hostesses. Right on the summit 500 trout were broiled barbecue style and served hot to the delighted guests, who were more than pleased with the novelty of it all. These trout had been specially caught for the occasion, and one of the boats that had gone up the McKenzie fork after them had been swamped in the rapids and had 45 of its trout drowned. A bear that was shot during the trouting trip was exhibited to the tourists, and Eugene presented each with a souvenir book and a big bouquet from the table. Gold quartz from the near by mining district of Bohemia, yielding \$35,000 to the ton was also exhibited, and the special peaks of the Cascade range were pointed out.

"Mayor Harris, Colonel R. H. Miller and others made short addresses, and when the train pulled out there was enthusiastic cheering.

**FROM SALEM.**

Daily Statesman of July 12: "The editors and their wives spoke very highly of the reception tendered them by the Eugene people yesterday morning. The latter served breakfast to the excursionists, on Skinner's butte, overlooking the city. This place is about 250 feet above Eugene, consequently a splendid opportunity was afforded all to view the capitol of Lane county. Mountain trout, taken from the McKenzie river by a number of enterprising Eugeneites, were one of the delicacies of the morning meal; these were cooked in the presence of the astonished guests and of course, eaten with a relish by all."

**The Hundred Year Club.**

A Hundred Year Club has been organized. The object is to study the conditions which promote longevity. After much study and research its members must arrive at the conclusion that the only possible way to attain long life is to take the best care of health. With all due respect we present the study of Hostetter's Stomach Bitters for consideration. This is a tonic for one of the most vital organs of life—the stomach. For fifty years it has cured constipation, indigestion, dyspepsia, biliousness, weak liver and kidneys. It makes strong stomachs, rich red blood, and steady vigorous nerves. If you accept a substitute don't expect it to cure like Hostetter's Bitters. See that a private Revenue stamp covers the neck of the bottle.

**Fourth Fatalities.**

New York, July 12.—Seven persons already have died at and near New York from lockjaw, caused by Fourth of July pistol accidents, and others are in a precarious condition.

"What might have been"—if that little cough hadn't been neglected—is the sad reflection of thousands of consumptives. One Minute Cough Cure cures coughs and colds. Vincent & Co, Corner Drug Store. It is not too late to put on some new wall paper. \$1.50 or \$2.00 will make a nice room. See F. L. Chambers' show window.

Immediate answer is not urgent, as the transports are nearly out of coal, and will require two days for coaling up. While the vessels are waiting here, Colonel Summers may give the San Francisco people an opportunity to see the Oregon boys on parade. He says they can disembark the troops in half an hour, and get them back on the ships in the same time.

**MUSTERED OUT AT MANILA**

The following members of the Oregon regiment were, at their own request, mustered out at Manila: Company C—Private Arthur L. Gilleland. [The well known U. O. center rush—Ed.] From other companies about 100 were mustered out in Manila, including First Lieutenant F. S. Kelly, company A; First Lieutenant Ralph Platt company A; Second Lieutenant G. N. Wolfe, company E.

The object of most of these boys in mustering out at Manila is to enter business or professional life, for which a majority of them are eminently qualified.

**No Cure, No Pay.**

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills, Malaria and Biliousness. It is as pleasant to take as Lemon Syrup. 50 cents. The wagon that don't wear out is the one to buy. The Bain is the one, and F. L. Chambers has them.

**EUGENE SPREAD**

**Some State Press Comment on Our Reception.**

**ALWAYS IN THE LEAD**

The Salem Daily Journal of Tuesday has this: "The Eugene spread was administered at 8 a. m. on top of the observatory butte. In point of scenery it is unsurpassed, the climate is an appetizer, the air is a stimulant, the shade was soothing, and the visitors were happy. Ten men had been detailed to scour McKenzie river for its world famous trout and they were eaten by the dozens hot from the griddle ten feet long. Raspberries, cherries, new potatoes, honey, coffee, and more trout—Willamette river trout of unmentionable size, and quality that could only be guessed by the way they disappeared, and then more disappeared, and finally there were not many trout left in that high altitude, and it is no wonder, the way the Eugene ladies begged, solicited, hunted, wheedled and teased everybody to eat, feast and enjoy themselves. Back of the six tables under the trees was a crowd of happy joyous Oregonians enjoying the early feast as much as their visitors.

**RIVER NEWS**

**Saigboat Leaves Upper River—Quick Trip of Eugene.**

The U. S. saigboat Mathloma left down the river this morning and will probably work below Salem until next winter. During the six weeks the boat has been near this city it has succeeded in doing much substantial work. Next winter will probably find the river south of Corvallis in the best boating condition it has seen for years.

"That the river is even now in good condition is evidenced by the trips made by the steamer Eugene. While this boat now runs only to Harrisburg it carries a large amount of freight. On its last trip the Eugene left Portland Sunday morning and reached Harrisburg Monday at 2 p. m., the quickest trip on record between those points, also the latest run ever made that far up the river.

**Robbed the Grave.**

A startling incident, of which Mr John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Wilkins & Linn's drug store.

**STRUCK GILDED QUARTZ.**

Rich Discovery in Bohemia District. Cottage Grove, Or, July 11.—News was received this evening from Bohemia of another rich strike of free gold in the Music mine. This strike was made in the west end of No 2 level, which has 800 feet of tunnel. The vein is four feet wide and the gold is visible to the eye. This find is richer than the Helena, as the gold is heavier and solder than the quartz. This property was recently sold to Montreal and New York parties for \$150,000. I. H. Bligham, of Spokane, has charge. The property has about 3000 feet of tunnels, and one five and one 10-stamp mill, which are in operation day and night.

Persons troubled with diarrhoea will be interested in the experiences of Mr W. M. Bush, clerk of Hotel Dorrance, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a traveling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by DeLano.

**WANTED AN ELEVATOR.**

When the Editorial visitors were here yesterday morning, one of them asked where breakfast was to be found. A GUARD reporter pointed to the top of the butte. "What?" said the enquirer with amazement, "Up there? Have you an elevator?"

Gun-shot wounds and powder burns, cuts, bruises, sprains, wounds from rusty nails, insect stings and ivy poisoning, quickly healed by DeWitt's Witch Hazel Salve. Positively prevents blood poisoning. Beware of counterfeits. "DeWitt's" is safe and sure. Vincent & Co, Corner Drug Store.

**Couldn't Quit "Receiving."**

The Salem Journal quotes an item from the GUARD stating that someone registered Hal D. Patton of the Salem editorial reception committee while in Eugene, as mayor of Salem and give this aftermath of what may be a serious affair for the "mayor": "When last seen 'Mayor' Patton was headed for Portland as special escort for a fair-haired, blue-eyed, mellow-voiced Louisiana maiden, with no burrs on her r's or tines on her personal charms. How far 'Hal' went the world will never know, but that the inhabitant of the Sunny South got a favorable impression of Oregon, no one who knows Hal will ever doubt for a moment."

Notice is hereby given that bids will be received at Thurston, Oregon, by the undersigned until August 1st, 1899, for the building of a two story Woodmen hall, 24x40 feet. Plans and specifications may be seen at the residence of Chas Gray, Thurston. Right reserved to reject any or all bids. Dated, July 1, 1899. CHAS GRAY, FRANK WHITE, Building Committee.

**HOW IS YOUR WIFE?**

Has she lost her beauty? If so, constipation, indigestion, sick headache are the principal causes. Karl's Clover Root Tea has cured these ills for half a century. Price 25 cts and 50 cts. Money refunded if results are not satisfactory. For sale at Wilkins and Linn Druggists.

**Bids Wanted.**

Notice is hereby given that bids will be received at Thurston, Oregon, by the undersigned until August 1st, 1899, for the building of a two story Woodmen hall, 24x40 feet. Hay carriers, forks and outfits bought before the advance. See them at F. L. Chambers'.

**TEACHERS AT WORK**

**Prominent Educators Discuss Practicability of a National University.**

**SESSIONS HAD PATRIOTIC TINGE.**

LOS ANGELES, July 12.—Today the National Educational convention has settled down to steady, hard work, there being 11 departments holding sessions in the afternoon, in addition to the general sessions both morning and evening. Mrs Helen Greenfell, state superintendent of public instruction, of Colorado, read a paper on the general session bearing the suggestive title of "Quo Vadimus" which bore upon the relations existing and which ought to exist between school and home.

Hon L. D. Harvey, superintendent of public instruction of Wisconsin, in dealing with "Fundamentals in Teaching" struck a responsive note in outlining how far the individual freedom of the teacher is bounded by the organization of the school curriculum.

In the several departments sessions almost the entire gamut of education was discussed, from child study through the kindergarten and grammar grades, polytechnic and art branches, to the ultimate points of the business college curriculum on the one hand and the university on the other. The initial stage of what in its entirety was a prolonged discussion of existing methods of child study was taken up as a missing link between the home and schools, and at the other end of the continuous line, President David Starr Jordan, of Stanford university, and Dr Nicholas M. Butler, of Columbia university, engaged in a discussion on the practicability of the national university, a question of the greatest interest and importance to educators.

Physical education has not been neglected, and a patriotic tinge has been given to the entire proceedings by the discussion before the Herbert Society of "The Significance of the Frontier in American History."

**A Thousand Tongues**

Could not express the rapture of Annie E. Springer, of 1125 Howard st, Philadelphia, Pa, when she found that Dr King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made it a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will everyone who tries Dr King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and \$1.00. Free bottles free at Wilkins & Linn's drug store; every bottle guaranteed.

INCORPORATED.—The Griffin & Veatch Company, of Cottage Grove has filed articles of incorporation through R. M. Veatch, H. H. Veatch and G. W. Griffin.
