TO FIGHT

Filipinos Are Preparing to Attack the Town.

AMERICAN POSITION STRENGTHENED
Manila, Aug. 30.—It is reported that Aguinaldo has ordered the rebel generals in the province of Cavite to close in on and attempt to take the town of Inaus, and it is added the troops are concentrating around the town from the lake country. The rebels, it is further said have an outpost of 700 men on the Dasmarinas road, and an equal force in the town of Anabo.

The Americans are entrenching the town, and have no fear of the result of any attack by rebels.

May Save Damp Grain.
Daily Guard, Aug. 31

John Tait, the veteran farmer of Creswell precinct, in a conversation with a GUARD representative this morning informed him that ripe grain threshed damp could be saved in first-class condition by a very simple manner of handling.

Mr. Tait says to take 10 to 20 pounds of lime, thoroughly slaked, reduce it to a powder, then mix that quantity with each one hundred bushels of wheat. The powdered lime will adhere to the damp grain for a while, but after a few weeks it can be blown off by running through a cleaner leaving the grain bright and fresh, and as free from wet or color as if it had never been wet. Mr. Tait has personal knowledge of the use of this method for not less than thirty years and never knew it to fail. The knowledge was imparted to him by an old Scotchman.

Story of a Slave.
To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run-down people. Every bottle guaranteed. Only 50 cents. Sold by Wilkins & Linn, Druggists.

A Pointed Letter.
Editor of THE GUARD:
I have often noticed articles from you in the columns of the GUARD protesting against the habit of patronizing traveling business of any and all kinds and calling the attention of the people to our business houses and advising all to support them.
This is all right, and as it should be, but if the business men of Eugene would do their duty to each other the existing conditions could be very materially improved.
You will often hear some business man growling about the people sending away for goods or buying from traveling concerns. And if asked where they bought their glasses or their watch, they will swell up with importance and tell you that they bought it in 'Frisco, Portland or of some traveling outfit. I mention these lines of goods because I am directly interested in them.
I have been to a great deal of trouble and expense to prepare myself for the optical business and have the very best outfit for the business in the state. I pay taxes to help carry on the city and county affairs. I contribute to every deserving cause and support home business. The traveling outfits do not contribute one cent in any way to city, county, charitable or other purposes, but will charge two prices for their goods and are encouraged by business men who expect me to spend my money at home.
J. O. WATTS.

Local Market.
Sept 1, 1899.
Oats—30c
Hops—10 to 11c.
Butter—35 to 50c per roll.
Eggs—16c
Wool—15 1/2c
Potatoes—75c.
Poultry—\$3 50 to \$4 50 per dozen.
Dried prunes—3 to 5c
The Portland Telegram of August 31 quotes wheat in that city at 57 1/2 cents for export, which would make it in Eugene about 44 cents. Old wheat for milling purposes is probably worth 49 to 50 cents in Eugene.
Flour—\$3.50 per barrel for Eugene, Springfield and Junction flour. One dealer is retailing it at 95c. The cheap man had a large stock on hand when the raise occurred, hence is able to cut the mill rate.
Monroe flower is retailed today in Eugene at 80c per sack.
FLOUR! FLOUR!! Menakin will sell the best flour for 80 cents a sack. Corner 9th and Oak streets.
10c will be paid at this office for a copy of the Weekly Guard of Aug. 5.
WANTED.—Three furnished rooms for light housekeeping. Address W. W. Beebe, Eugene, Oregon.
Irritating stings, bites, scratches, wounds and cuts soothed and healed by DeWitt's Witch Hazel Salve—a sure and safe application for tortured flesh. Beware of counterfeits. Vincent & Co., Corner Drug Store.

PRESIDENT F STRONG
Will at Once Begin Work Incident to Opening the University.
PROSPECTS ARE BRIGHT.
Daily Guard, Aug. 30.
Dr. Frank Strong, the newly-elected president of the University of Oregon, arrived from the East on today's 2:10 local, accompanied by his wife and little child, and were met by Regent S. H. Friendly, Acting President J. H. Straub, and members of the faculty now in the city. They went at once to the home of Prof. and Mrs. Straub, whose guests they will be until a residence can be secured.
It will be remembered, by previously published reports, Dr. Strong has spent the summer visiting universities and colleges in the East and Middle West, studying the success of various policies pursued in the executive management of governing educational institutions. He comes to his new duties, therefore, with his own personal experiences brightened by an insight into the success attained by others, ready to take up active work in the advancement and growth of Oregon's classical school.
The people of Oregon and of Eugene extend to Dr. Strong and his wife a most cordial welcome, having assurance from advance reports that his duties here will be conscientiously fulfilled with credit to himself and honor to the institution of which he will henceforth be the head.
It is more than gratifying at this time to announce again that the prospects of the University were never brighter than at present. For the first time since the dormitory was erected every room has been engaged before school opened, and the matron, Miss Lewis, has refused a number of applications in the past few weeks. There is hardly a vacant house to be found in Eugene, and requests for detailed information regarding school work continue to pour in daily from all of Oregon, Northern California, Washington and Idaho. Truly the school is on the upward trend.

MOHAWK RAILROAD
Booth-Kelly Co. Meeting with Good Success in Securing Right of Way.
LARGE LUMBER ORDER.
Daily Guard, Aug. 31.
The Booth-Kelly Milling Company are busily engaged securing the right of way for the railroad that will bring out the timber wealth of the upper Mohawk river.
C. Cole, of Isabel, was in Eugene today, and informed us that from his sawmill, one mile below the mouth of Mill Creek, to the site of the proposed Booth-Kelly mill, three miles up Mill Creek from the mouth, the right of way has practically been secured.
FOUNDATION ORDERED.
The order for the foundation timbers has been placed with Mr. Cole's mill. Our people will probably more fully realize the extent of this industry that is certain to become a very important factor in the development of Lane county for years to come, when we tell them the ground plan of the mill is 60x130 feet, and that this order all for foundation and floor, figures up 75,000 feet of lumber. The Booth-Kelly Co. are making preparations to take out millions upon millions of feet of lumber.

THE PICNIC
A Large Crowd in Attendance this Afternoon.
THE EXHIBITION EVER.
Daily Guard, Aug. 31.
Today has been cloudy but the lack of sunshine failed to check the enthusiasm of those attending the picnic being given in Bangs' park in honor of the returned volunteers of Lane county.
At 2 o'clock this afternoon Company C (the Veterans) gave an exhibition drill on Williamette street. A large crowd witnessed the drill and applauded the boys. The army life they experienced has put a polish and perfection in the marching and the execution of the manual of arms. It was one of the prettiest drills ever seen in Eugene, and the citizens generally appreciate the kindness of the boys in volunteering to appear. At 5 o'clock they will give another drill at the park.
Immediately after the drill a large crowd went to the park, where bicycle races, baseball and other amusements will occupy the afternoon.
Tonight a dance will be given in the pavilion at the park, and will be largely attended.

A LEGAL HOLIDAY.
Monday, September 4th, Made so by Statute.
Monday, September 4th is Labor Day, and under the law of the state is a legal holiday. On that date no courts of justice or other judicial business can be transacted, and the day is to be observed, in all respects as other legal holidays. The law declaring the first Monday in September a legal holiday was enacted by the legislature of 1893, and the following provisions of the law apply to this particular day:
"That the first Monday in September of each year be and the same is hereby set apart and declared to be a public holiday, under the name and title of Labor Day.
"The courts of justice may be held, and judicial business transacted, on any day, except as provided in this section. No court can be opened nor can any judicial business be transacted on a Sunday, nor on the first day of January, nor on the twenty-second day of February, nor on the thirteenth day of May, nor on the fourth day of July, nor on the first Monday in September, nor on the twenty-fifth day of December, nor on a day on which an election is held throughout the state, nor on a day appointed by the president of the United States, or by the governor of this state, as a day of fasting, thanksgiving or holiday, except for the following purposes:
"1st—To give instructions to a jury then deliberating on their verdict.
"2d—To receive the verdict of a jury.
"3d—For the exercise of the powers of a magistrate in criminal actions, or proceedings of a criminal nature. Whenever any non-judicial day created by this act, except Sundays, falls upon a Sunday, the next succeeding Monday shall be, and be observed as such non-judicial day."
Monday, September 4, will be observed as a legal holiday in thirty-seven states.
America Advancing.
American locomotives are hauling English trains, and English trains and Englishmen are rolling over American steel rails. Our machinery is sold all over the world. A great American remedy, Hostetter's Stomach Bitters, is gradually working its way to all parts of the globe where dyspepsia and indigestion thrive. Like all American products, it is honest, and does just what it claims to do. The most stubborn cases of constipation, biliousness, nervousness, liver and kidney troubles must yield to it. It is the most perfect remedy ever devised for weak stomachs. For fifty years it has been famous for its astonishing efficacy. It is a perfectly natural remedy, and there is nothing to equal it. See that a private revenue stamp covers the neck of the bottle.
Bismarck's Iron Nerve
Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25 cents at Wilkins & Linn's drug store.
2nd car Racine buggies just received 3 car loads Bain wagons, all sizes. F. L. Chambers.
If you want a really good wheel of standard make, examine the bargains we offer in
SHOPWORN BICYCLES
You can buy a Rambler for \$35, and Ideals from \$19.75 upward. Some are only slightly scratched or nicked, but they are guaranteed same as new wheels.

A. V. Peters
The Oregon Regiment in the Philippines.
Capt H. L. Wells will soon start on a tour through the state giving illustrated lectures on the work of the Oregon regiment in the Philippines. His views are all first-class being carefully selected to clearly illustrate every phase of the work done. They also give a clear idea of roads, trenches, ricefields, rivers, swamps and nipa huts, manners and customs of the natives and general characteristics of the country.
Capt Wells was for 14 years a member of the O. N. G., which, with his record as commander of Co "L" 2nd Ore U. S. Vols, gives him a military record equalled by few volunteer officers.
During the war he established a national reputation as a special correspondent for the "New York Evening Post," "Chicago Chronicle" and the "St. Louis Globe-Democrat." Those who read his fair and impartial articles on military operations and general condition of affairs in the islands, need no further assurance that his lectures will be a rare treat to all interested in the Philippines and the work of the regiment. Dates and further announcement of the Eugene lecture will be given later.
ALLOWED \$1300.—Palmer Ayres has been paid the \$1,300 loss by fire by the insurance company. The policy called for \$1,250, but the adjustment was \$1,300.
Daily Guard, Aug. 30
HOPS SHIPPED.—Stephen Smeed today shipped to Chicago forty bales of early Fuggle hops. They were of excellent quality.

BOHEMIA QUARTZ
Has a Striking Similarity to that of Cripple Creek.
Oregon may be harboring a Colorado mining boom, for she is certainly the possessor of the quartz which goes to make the boom, according to the story of F. J. Hard, a well known Colorado mining expert, who is now in the Bohemia district in the interest of Colorado capitalists.
In conversation with a GUARD representative recently, Mr. Hard said he found a decided similarity in the quartz of Cripple Creek and Bohemia. This incident of the trip impressed Mr. Hard so strongly that he ventured the assertion that one could hand a Cripple Creek miner Bohemia quartz, and he would say it came from his own diggings.
This statement may mean much or little. However, one thing is certain. Mr. Hard is impressed with Bohemia favorably enough to be quietly getting hold of considerable property.
Youth's Secret.
Ayer's Hair Vigor
restores color to gray hair.
Hop Pickers Wanted.
At the Frazer-Campbell yard, about one mile east of Thurston. Splendid clean yard, and heavy crop. 35 cents per box will be paid. Picking commences Saturday afternoon, Sept. 2d, 1899. If you can't come Saturday, come Monday.
THOMAS EATON, Manager.
"DeWitt's Little Early Risers did me more good than all blood medicines and other pills," writes Geo. H. Jacobs, of Thompson, Conn. Prompt, pleasant, never gripe—they cure constipation, arouse the torpid liver to action and give you clean blood, steady nerves, a clear brain and a healthy appetite. Vincent & Co., Corner Drug Store.
Moki Tea positive cures Sick Headache, indigestion and constipation. A delightful herb drink. Removes all eruptions from the skin, producing a perfect complexion, or money refunded. 25 cts and 50 cts. W. L. DeLano, Druggist.
