King of All--31 Years Old--Over 370,000 Members.

EADVERTISEMENT.

HE table below will reflect 40 years experience of the Woodmen of the World, Moslern Weedmen of America, Knights of the Maccalees, and the A. O. U. W. based upon 12 assessments per annum, upon 1000 members who entered at the age of 20 years and carry \$1000 each. As members die out others 20 years old are to be initiated to take their place. The cost of carrying these members is taken from the Mortality Table of the National Fraternal Congress, to which these orders belong:

AGE.	(for 5 years.)	W.O.W. (income 5 yrs)	M. W. A. (income 5 yrs)	K. O. T. M. (income 5 yrs)	A. O. U. W.

The total cost of carrying these men is \$320,450. The surplus on the A. O. U. W. plan would be \$168,508. All other plans show a deficit.

In order to pay these losses as they occur, the orders mentioned would have to levy the fol-

These tables will readily show the strength of the A. O. U. W. plan. The A. O. U. W. increases the rate to be paid with increasing age. And the other orders increase the number of assessments. At the end of the 40 years reflected experience, a young mas, 21 pears old desiring to join an order, would have to pay as follows: W. O. W. So assessments; M. W. A. 49 assessments; K. O. T. M. 26 assessments; A. O. U. W. So assessments. Which order do you think he will join?

A plan to live must collect from its members sufficient money to pay them way and not depend upon securing it from other sources. The A. O. U. W. does not collect 12 assessments per annum; it is not necessary, but if an epidemic or panic should come the rates are ample to cover losses, and still back of these rates stands the Supreme Lodge with its Relief Fund from which has already been paid over \$4,00,000, and it is practically inexhanistable. The A. O. U. W. the Father of all Beneficiary erders stands today without a peer; it is the Gibraltar of all orders; the oilest, the strongest, the safest and the best. The best is more to good for you. Mrs W H Vandnyn and daughter, sielle, are visiting at the home of J E Mrs Harry Jones is quite low with Material is being hauled to Thurston
