

TO CORRESPONDENTS.

The business department of the WEEKLY GUARD is caused considerable trouble by correspondents addressing the proprietors personally. Address all letters referring to the news paper or business connected therewith to

THE GUARD,
Eugene, Oregon.

ADVERTISING SENSE.

Printers Ink, the New York "journal for advertisers," has this sensible remark:

"The only method of determining whether a publication's advertising rate is low or not, is to compare the rate with the amount of circulation offered for the money."

The publishers of the DAILY and WEEKLY GUARD make the standing offer of the privilege of inspection of the subscription lists by bona fide advertisers. When the groceryman sells goods he gives weight by the pound, and the dry-goods man measure by the yard. Advertisers should settle for services on the same basis—pay for what they get.

OCTOBER WEATHER.

For the benefit of those people who are in the habit of saying that they "never before saw such weather" we publish the following data, covering October weather during a period of 27 years in Portland, compiled from the weather bureau records:

TEMPERATURE.

Mean or normal temperature, 53 deg.

The warmest month was that of 1875, with an average of 58 deg.

The coldest month was that of 1893, with an average of 50 deg.

The highest temperature was 83 deg, on the 7th, 1891.

The lowest temperature was 31 deg, on the 31st, 1877 and 1895.

Average date on which first "killing" frost occurred in autumn, November 26.

Average date on which last "killing" frost occurred in spring, April 11.

PRECIPITATION.

(Rain and melted snow.)

Average for the month, 4.06 inches.

Average number of day with .01 of an inch or more 12.

The greatest monthly precipitation was 11.53 inches, in 1882.

The least monthly precipitation was a trace, in 1895.

The greatest amount of precipitation recorded in any 24 consecutive hours was 2.93 inches, on the 10th, 1882.

CLOUDS AND WEATHER.

Average number of clear days, 7; partly cloudy days, 10; cloudy days, 14.

WIND.

The prevailing winds have been from the south.

The highest velocity of the wind was 42 miles, from the southeast, on the 23d, 1897.

A PAVEMENT IN ORDER.

The city authorities are making no mistake in commencing this early the improvement of Wilamette street. Crushed rock is the next best thing to pavement but the latter is expensive. However we believe property owners between Seventh and Ninth streets would generally be willing to improve with the better material.

Perhaps it would be well for the street committee to interview property owners on this question. With the heavy travel on that portion of the street the crushed rock will soon work into dust and mud. At no time of the year will it be satisfactory. Give us something better. It will cost more at the time but will be permanent, and what is of greater importance, satisfactory. Crushed rock is neither.

Joshua C Watson, of Wyoming, has a scheme to make the negroes happy by roping them into putting up money for commercial and speculative co-operative enterprise. Joshua does not understand the negro. He should drop the commercial part of his scheme and provide watermelons, with a "crap" game thrown in for the delectation of the black element. Then they will put up their money. Otherwise Joshua will hold an empty sack.

The Song of the Cradle.

Two little eyes rise high;
Two little feet kick in the air;
A dear little life that is
Coming to pass.

Two soft chubby hands
That will not rest and cease;
A pure little soul winging
Down from above;
A darling to care for,
A baby to love.

In the days when Eve sinned
It was written that
Motherhood should hereafter
Be a curse upon our
Forefathers has been
Lightened and more
and more as mankind
have learned to rise
superior to their
many of their sins and mistakes.

One of the grandest agencies which
enlightened Science has discovered to relieve
the suffering of the world is the
"Favorite Prescription" devised by Dr.
J. C. Pierce, chief consulting physician of
the Invalids' Hotel and Surgical Institute,
of Buffalo, N. Y. This wonderful "Prescription"
imbues the entire nervous system
with natural, healthy vitality; gives
elastic vigor to the delicate organism
specially concerned in motherhood; renders
the prospective mother strong and cheerful
and makes the coming of baby entirely free
from danger and almost free from pain.

The delighted gratitude of Mrs. Pearl
Walton, of Alvo, Cass Co., Neb., will find
an echo in the heart of every expectant
mother:

"Previous to the birth of my child," writes
Mrs. Walton, "I had no appetite, was sick at my
stomach, had headache, could not rest at night,
was completely worn out in every way. I com-
menced to use Dr. Pierce's Favorite Prescription
and began to improve right away. I used two
bottles of this great medicine and felt like a new
person. At the time of confinement I was in
labor but a little while and I owe it all to that
great remedy—Dr. Pierce's Favorite Prescription."

Dr. Pierce's Pellets cure constipation.

A FILIPINO FABLE.

Judge Charles G. Garrison, of
New Jersey, as quoted in the Philadel-
phia Record:

"A boy who had a brindle dog on
a string was so tired that the dog
was on the point of achieving inde-
pendence, when a member of the
Society for the Prevention of Cruelty
to Animals accosted the boy and
chided him for not giving the dog
his freedom, and finally bought the
string for the sum of 25 cents. The
last the boy saw of the kind-hearted
stranger he was kicking the
stuffed out of the dog because it
hung back when he pulled on the
string."

The San Francisco Examiner
caricatures Bryan. The Examiner
claims to represent the principles of
the Democratic party, but the public
need not be misled as to its true
standing in the newspaper world.
The Examiner represents no party,
nor the people. The Hearst mil-
lions, left to a weakling, are respon-
sible for its existence. It seeks
and lives on sensation, and takes
any position that will add to the
coveted notoriety.

A new national temperance party
has been organized at Chicago to
save the country. It promises one
million votes, and might be taken
for earnest if the promoters did not
announce that they expect \$1,000,-
000 to be raised to "save the tem-
plar." The "templar" may need sav-
ing, but it will strike the ordinary
citizen that it is a high price to
pay for his salvation. It might be
done cheaper.

The Oregonian says President
Diaz, of Mexico, is a statesman of
the first water. The editor did not
happen to remember that Diaz is at
the head of the only free silver
country in the world else the visit-
ing president might have been ex-
coriated for the awful financial
heresy which is responsible for the
prosperity of Mexico.

The United States engineers are
of the opinion that the owners of
the Oregon City locks have named
a big price for the property. Did
those engineers approach the deal
with the expectation that the owners
would give the government a bar-
gain counter price?

Curfew rang last night for the
first time at Portland. The clock
that warns the coming men and
women from the streets strikes the
curfew hour in the winter at 8
o'clock, and in summer at 9.

Modest Women

Modesty in women is no
less a charm than beauty and
wit. It is any wonder that women
afflicted with physical disorders
peculiar to their sex shrink from per-
sonal examinations by male
physicians? The weaknesses and irregularities of women
may be recognized by certain unfailing
symptoms. Backache, headache, bearing-
down pains, irritability and extreme nerv-
ousness indicate derangement of the
delicate female organism. Bradfield's
Female Regulator is the standard remedy for
characteristic diseases of women.
Sold by druggists at \$1.00 per bottle.

Martha Mulligan Cabin No 3 Or-
ganized Last Night.

OFFICERS ELECTED AND CHARTER LIST

In the Masonic temple last evening
Martha Mulligan Cabin No 3, Native
Daughters of Oregon was organized by
Mrs Robert A Miller of Oregon City,
grand president, assisted by Mrs Edith
B. Linton of this city, one of the grand
trustees.

This organization is growing very
rapidly, and in a short time will be
one of the leading orders in the state,
the personnel of its membership in-
cluding many women prominent in all
walks of life.

The officers of the local cabin were
selected as follows:

Past president, Edith B. Linton.

President, Ida Patterson.

First vice president, Emma Thomp-
son.

Second vice president, Mrs T W
Harris.

Third vice president, Bessie Day.

Recording secretary, Grace Baown.

Financial secretary, A Odle Walton.

Treasurer, Mrs I L Campbell.

Marshal, Augusta Patterson.

Trustees, Mrs W K Scarborough,
Mrs Louis Belshaw, Mrs G R Chris-
man.

The petition for a charter contained
the names of following:

Irene Williams, Angeline Holt

Emma G Wilkins, Ida Patterson

Augusta Patterson, M A Keykendall

A. Odle Walton, Nannie Belshaw

Hattie Walton, Florence C. Adair

Bessie Day, Mary L. Miller

Bessie Rankin, Amelia R. Combs

Margaret J. Hilkey, Laura A. Harris

Alberta McMurry, Margaret W. Weider

Mary Kinney, Emma Thompson

Dora H. Peters, Idaho F. Campbell

Julia C. Day, Lucy Scarborough

Grace Brown, Ada Hendricks

Edith B. Linton, Mary J. Christian

Susanna Bowers, Katherine Peterson

Kestilla Starr.

A large number of other native
daughters have signified their in-
tention of joining the order, and at
the next meeting many other names will
be handed in.

At the close of the organization and
installation a banquet was served,
which was enjoyed by all. Mrs. Mil-
ler left for points south on today's 2:10
local.

FRANCIS CLEVELAND FRUIT.

A Splendid Variety of Apple Origin-
ated in Lane County.

D P Sheridan, of Creswell precinct,
brings the GUARD a sample of a splen-
did new variety of apple which origi-
nated on his place several years ago.
It was just after the first Cleveland cam-
paign when two apple seedlings came
up under Mr Sheridan's kitchen win-
dow. They thrived and promised so
well that the careful farmer concluded
to transplant them into his orchard.
This accomplished he named one after
the newly elected president, Grover
Cleveland, and the other after the pres-
ident's young wife, Francis Folsom
Cleveland.

The Grover Cleveland tree did not
do good. The name appeared to be too
much for it. The hogs rooted it up;
Mr Sheridan replanted it. Then a bull
broke it down, and finally when it
managed to bear a few apples they
were worthless. Mr Sheridan could
bear the sight of that Grover Cleve-
land tree no longer, and it went into
the fire, root and branch.

It was entirely different with the
Francis Cleveland tree. It has been
nothing but a source of enjoyment to
Mr Sheridan since the day he trans-
planted it into his orchard. It grew
into a finely shaped tree with remark-
ably tough limbs and branches which
seldom break even under a large load
of fruit. When ripe the apple is of a
large globular form, slightly creased at
stem and blossom ends. The core is
very small. In color the apple is yellow,
spotted with bright red which
increases in quantity and brilliancy as
the stem is neared. The apple brought
the GUARD office is splendid for eating,
and the originator says it cannot be
excelled for cooking. It has an agree-
able tart taste in both the natural and
cooked apple, and makes a splendid
sauce. The tree has matured five
bushels of apples in one season.

A peculiarity about the Francis
Cleveland is the time it holds the fruit.
This season ripe apples were plucked
from the tree on the first day of Aug-
ust and fruit is still ripening and fall-
ing. A remarkable apple, in-
deed, to hold from August 1st until the
latter part of September! During all
that time green and ripe fruit has been
borne by the Francis Cleveland tree.

From the specimen brought us, and
the account given by Mr Sheridan, we
are fully convinced that accident has
given another very valuable apple to
the horticultural world.

Killed By Mold.

The hop harvest about the vicinity
of Albany was brought to an abrupt
standstill the latter part of last week,
on account of mold in the hops. The
quick destruction experienced in this
case was never known before. Hops
in perfect condition, within 24 hours
were found to be partially rotten. As
near as can be ascertained fully one-
third of the crop is ruined and left on
the vines. The hops harvested before
the mold commenced are of excellent
quality and to the credit of the grow-
ers.

ZION ITEMS.

William Preston at Work on His
Farm Clearing Out Brush
Patches.

September 28.

At Mayo finished picking hops on
the 24 inst.

D S Hunsaker is visiting friends and
relatives here.

Wm Preston and hired hand are
clearing off brush patches and fence
rows on his farm at Zion.

Willis and Beulah McGuire visited a
short time here Sunday. Carrie Hun-
saker accompanied them home.

This office has been routed: mail
leaves Zion at 6:30 a m and arrives a
7 p m.

Hiram Vincent, Dr McKinney & Co
have returned from their outing on
Deesches. Say they had a very pleas-
ant trip.

Elden Templeman and sister
Magge, Lewis Addington and several
other young people expect to start
in the morning for an outing up about
the Pine Openings.

Martha Duntson and sons are moving
onto their farm west of here which
they purchased a short time ago of Mr
James Scrivner.

Coburg Items.

Sept 25, '09.

The hoppickers are nearly all home
again.

School began today with A N Ful-
kerson principal, and Herbert Murch
and Miss Patterson as assistants. There
is some talk of adding a ninth grade.

Coburg is booming since the new
company took charge of the mill.
They are putting in an electric light
plant and expect to soon be able to run
day and night. Every house in town
is good.

J C Goodale made a business trip to
Salem last week, returning Thursday
night.

Mr and Mrs A N Fulkerson have re-
turned from an extended visit in the
vicinity of Salem.

James Goodale, Jr, came up from
Salem Saturday to visit his parents re-
turning yesterday evening.

There was preaching service at the
church yesterday and there will be
services next Sunday at 3 p m.

Unity Items.

Sept. 26.

Mr Sinclair and family, of California,
passed here last week on their way to
the valley, where they will locate.

Mr Hales and party, who have been
prospecting and visiting the Fall Creek
mines, passed here Saturday en route
to Eugene.

Mr Beebe and another gentleman, of
Springfield, were in this section last
week looking for shingle timber, in-
tending to erect a mill at Springfield.

Rev Edward Nelson, of Seattle, is
expected here soon to take charge of
the United Brethren Lane county cir-
cuit.

Labor is very high at present on ac-
count of the scarcity of hands. It is
almost impossible to employ a man.

R C Edwards visited Eugene last
week.

M Y Warner went to Eugene Mon-
day.

R L Edwards visited Trent Sunday?
What is the attraction?

Telegraphing to Mars.

The idea that we may possibly be
able sometime to communicate with
the planet Mars is a perfectly sound
one. Those who laugh at it merely
emphasize their lack of knowledge of
the march of progress. Years ago a
man with his family could not cross a
stream a hundred yards wide. He
could communicate with his fellow
men only so far as his voice would
reach. Medical science knew no pos-
sible cure for dyspepsia. But we have
progressed. Steam crosses the ocean,
electricity crosses the continent, and
Hostetter's Stomach Bitters has proved
a boon to humanity. It strikes at the
root of almost all sickness—the stom-
ach, and cures indigestion, constipa-
tion, biliousness and dyspepsia. A
private revenue stamp should cover
the neck of the bottle.

A Life and Death Fight.

Mr W Hines of Manchester, Ia.,
writing of his almost miraculous es-
cape from death, says: "Exposure after
measles induced serious lung trouble
which ended in consumption. I had
frequent hemorrhages and coughed
all day. All my doctors said I
must soon die. Then I began to use
Dr King's New Discovery for Con-
sumption, which completely cured
me. I would not be without it even
if it cost \$5.00 a bottle. Hundreds
have used it on my recommendation
and all say it never fails to cure throat,
chest and lung troubles." Regular
size 50 cents and \$1.00. Trial bottles
free at Linn's Drug Store.

No Cure, No Pay.

That is the way all druggists sell Grove's
Tasteless Chili Tonic for Chills, Malaria and
Biliousness. It is as pleasant to take as
Lemon Syrup. 50 cents.

Chester H Brown, Kalamazoo, Mich,
says: "Kodol Dyspepsia Cure cured
me of a severe case of indigestion; can
strongly recommend it to all dyspep-
tics." Digest what you eat without
aid from the stomach, and cure dys-
pepsia. Vincent & Co, Corner Drug
Store.

DeWitt's Little Early Risers per-
manently cures chronic constipation, bil-
iousness, nervousness and worn-out
feeling; cleans and regulates the entire
system. Small, pleasant, never gripe
or sicken—"famous little pills." Vin-
cent & Co, Corner Drug Store.
