# A Sure Sign of Crosp.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. #### IN MEMORIAM.

A Service in Memory of the Late Captain tieary-A Large trathering.

Corvallis Times, Nov. 1. There was an unusual gathering at

It was unusual because of the large number of people present, and because of the unity of feeling that pervaded all who sat in the audience. The occasion was a memorial service in memory of the late Woodbridge Geary, killed recently in the Philippines. It was given under the auspi-

cies of the Agricultural College, where Captain Geary served for a time as military instructor. It brought out character and the devoted services of the dead soldier, that must have done much to soften the grief of those who mourn his tragic death. There were references to his enment ancestry, references to his own exemplary lifework, and universal expressions of sorrow for his loss.

The program was as follows: Music, college band; invocation, Rev L F Stephens; anthem, choir; scripture lesson, Rev E E Memioger; prayer, Bev Mark Nobie; bymn, audience; reading, Miss Helen Crawford; song, choir; remarks, Hon W S McFadden: music, college band; remarks, Rev P S Knight; song, choir; remarks, B F Irvine; song, audience; remarks, Rev E J Thompson; solo, Prof W F Gates; America, audience; benediction, Rev. C A Hvatt.

The rendition of the program occupied nearly two hours. Among others, Judge John Burnett and President The reading by Miss Helen Crawford was the rendition of the poem, "The Boy Who Will Never Come," written by Rev P S Knight, and recently Friday and Saturday, Nov. 10tb and with much effect.

In his address Judge McFadden brought out much interesting information relative to the ancestry of the dead soldier. John W Geary, an uncle, was a colonel in the Mexican war, a general in the civil war, and governor of Pennsylvania. Rev E R Geary, the well-known father, was a prominent factor in the early development of Oregon. The splendid courage of these men was reproduced and shown resplendently in the brave deeds of the fallen hero.

# A CAKE FAIR

# the opera house, Saturday afternoon. For the Benefit of the High School Athletic Club.

FRIDAY AND SATURDAY. NOV. 10-11.

The Eugene High School Athletic Club is to have a cake sale soon. In previous years the athletic organizations have solicited help from the mermany deserved tributes to the high chants of the city, and have always received it. This year there have atready been so many calls for charity and other things more deserving than athletics, that though the old source might still be looked to, the students have decided to earn their funds. They discussed various plans, among them socials, entertainments and markets, and finally decided that a cake sale is the best method suited to their means and time. There have been markets held by churches, etc., within the past year which were successes financially, and this fact leads the organization to hope that their efforts may also be recognized.

The Cake Fair, their choice, is to be held at the store of the Bourne Mercantile Co., grocers, on Friday and Saturday, November 10 and 11, beginning at 10 o'clock a. m. The cakes are to be made by the High School, which includes some artistes of the art, and may be warranted to give satisfaction. All those who desire to assist the High School in the attempt to coin their own money, as well as all who like good cake, should remember the date: 11th, the place-Bourne's grocery store, and the object.

FREIGHT TRAIN WRECKED.

Frank Anderson, Engineer, Receives Some Injuries.

A freight train was wrecked a few miles south of Roseburg today, at or near where the robbers held up and burned the train a few years ago. Spreading of the rails was the cause we understand. The engine tripped over and Frank Anderson, well known here was the engineer. He had a wrist dislocated and a few other injuries, nothing serious however. A number of cars were badly damaged.

This caused the north bound trains to be late, the north bound overland not arriving here until 12:55 p m today and the Express at 1:55.
