## PRIVATEERING LAW.

### The Transvaal Cannot Issue Letters of Marque.

## SAMOAN QUESTION SETTLED.

### Vice President Hobart Weaver.

## LAWS FOR PHILIPPINES.

Special to the Guard.  
WASHINGTON, Oct. 6.—Senator Morgan, of Alabama, chairman of the senate committee on foreign relations, is generally recognized as the best posted authority on international law and usage in the United States.

In an interview today Senator Morgan said it was his opinion that the first duty of congress was to provide a republican form of government for the Philippines under the authority of Article 4 of the constitution.

(Article 4 provides in part: "The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States.")

## CONSIDERS LADYSMITH SAFE.

LONDON, Nov. 6.—A British official dispatch just received reports Ladysmith safe from the Boers.

## REINFORCEMENTS IMPERATIVE.

LONDON, Nov. 6.—Invasion of Cape Colony convinces the British they underestimated the Boer forces. It is imperative that General Buller be reinforced immediately.

## LOUISVILLE, Ky, Nov. 6.—Governor Bradley, republican, has just ordered out the national guard with ammunition.

This probably means bloodshed at the election tomorrow. The excitement throughout the entire state is intense. A general fight is predicted by many.

## SAMOAN AGREEMENT.

WASHINGTON, Nov. 6.—The commissioners of the tripartite powers, England, Germany and the United States have practically settled all questions relating to the disposition of the Samoan islands.

## VICE PRESIDENT'S CONDITION.

NEW YORK, Nov. 6.—Vice-President Hobart, steadily continues to grow weaker.

## TRANSVAAL PRIVATEERING.

WASHINGTON, Nov. 6.—Washington Herald special says according to international law privateer vessels bearing the flag of the Transvaal republic would be considered privateers.

## A Faithful Officer.

Corvallis Times, Nov. 6.  
"In these days of military glorification, it is refreshing to turn to a genuine hero in civil life. The deputy sheriff of Lane county recently disappeared with \$2,110.49, of the county funds, and has not since been captured. The sheriff promptly made the shortage good out of his own pocket. Sheriff Withers is comparatively a poor man, and his faithful act in promptly paying for the defalcation of his deputy falls most heavily upon him.

## He called out one pleasant eye.

To call on the fair young miss, And when he reached her residence like this:

Like steps up  
Her papa met him at the door,  
He did not see the miss,  
He'll not go back there any more

## The Human Body.

Science is paying more attention to the mechanism of the human body than ever before. It has found that all achievement, success or failure, happiness or misery, is controlled by the body. The lesson is obvious. Improve the body. This can only be done through the stomach. If it is weak, it produces poisonous refuse, and debilitates every organ in the body. It may be made strong and kept strong by Hostetter's Stomach Bitters. This is a natural stomach remedy which acts quickly and gently. It will cleanse the system, wake up the liver, stimulate the kidneys and improve the general health. Ask your druggist for it, and see that a private revenue stamp covers the neck of the bottle.

## The Salem Journal pays respects to an unnamed official as follows:

A man holding a high political office presents an edifying spectacle to the rising generation when he stands in full view of the open street tucking a nickle in the slot machine.

## THE JENNING'S DISCHARGED.

### Judge Bellinger Holds That Collier Had No Authority.

Sunday Oregonian, October 5.  
R. J. and J. J. Jennings, operating mining property in the Bohemia district, known as the Helena group, were acquitted in the United States district court yesterday of the charge of resisting an attempt to make a survey thereon. C. M. Collier, claiming to be a United States deputy mineral surveyor, was the complaining witness. Judge Bellinger, in passing upon the case, held that it was necessary in order to make a survey of mineral claims thus being litigated, and in the peaceful, and, to all intents, lawful possession of a party, to obtain an order of the court in which the case was pending for trial of title thereto.

It appeared in the hearing that Jennings brothers have been in the peaceful possession of the Helena group for over three years, expending during that time the sum of \$25,000 in running drifts and building a stamp mill. A man named Werner raised the claim of prior location, and brought a suit in the court at Roseburg to try the title, and sent C. M. Collier to make the survey, without procuring any order from the court to have the same done. Jennings objected to his making any survey, claiming the legal title to the property. Collier left off, came before the United States grand jury in Portland, and had Jennings brothers indicted for ordering him to desist. The court's acquittal was upon the ground that the surveyor had no order from the tribunal at Roseburg, where the case of ownership was pending, to perform the work, which placed Collier in the light of a trespasser. It also appeared during the case that Werner, during the period of three years the Jennings had possession and were improving the mine, had been cognizant of the fact, but had not made adverse claims until the property began to develop valuable leads.

## CLOVER FERTILIZING.

A Practical Farmer From the East Gives Some Useful Information.

W. H. Gosler brings to the GUARD office samples of clover, with roots attached, grown on land that has been almost constantly farmed since the first settlement of the country forty years ago. The clover is a part of the donation land claim of Wm Stevens, four miles northerly from Eugene. Mr Gosler has greatly increased the wheat yield by the use of clover, plowing it under for fertilizer.

The best authorities claim that an ordinary clover crop plowed under is equal to 42 tons of barn-yard manure to the acre, and that it extracts the nitrogen, two-thirds of the essential qualities of fertilizer, from the air. The long fine roots of the clover act not only as drainage tubes for the surface, but permit the rich gases of the subsoil to reach and fertilize the upper soil, thus restoring the substances that have been taken from the soil by the growing crop.

Mr Gosler has had large experience as a farmer on what are considered the best farm lands of the western states, and says if these lands were treated like these of the Willamette valley they would soon become too poor to produce white beans. That they continue to produce even ordinary crops is abundant proof of the extraordinary fertility of the soil.

## The Eugene Stage.

Commencing November 1st, the Eugene and Florence stage will make but three round-trips per week during the winter. The stage will leave Eugene Monday, Wednesday and Friday of each week, and arrive at Mapleton in the evening of the same day. Returning, the stage will leave Mapleton Tuesday, Thursday and Saturday, arriving at Eugene in the evening. The mail will leave every day, the same as in summer, being carried on pack horses on days that the stage does not start.

## Glorious News.

Comes from Dr D B Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cents. Sold Linn. Guaranteed.

## DISEASED EYES.—G W Guley, an old resident of Trent, this county, is in Eugene in search of medical assistance, being afflicted with cataracts on both eyes. Mr Guley is 70 years of age.

## THE ELECTION

### The Latest From the Different States.

## DISTURBANCE IN KENTUCKY.

Special to the Guard.  
SAN FRANCISCO, Nov. 7.—The role in this city is light. It is hard to determine who will win.

## OMAHA, Nov. 7.—A big vote is being polled in the cities and towns, and a light one in the country. Republicans say this is in their favor.

## CINCINNATI, Nov. 7.—Weather spindled. Both sides claim the day, as also does Golden Rule Jones.

## SALT LAKE CITY, Nov. 7.—The woman's vote is outting an important figure.

## KENTUCKY.

LOUISVILLE, Ky, Nov. 7.—Disturbances are numerous in this state and the feeling is very bitter. Both parties are confident.

## Election at Junction City.

Junction City, Nov. 6.—The city election today passed off quietly, and resulted in the election of the following officers: J H Miller, mayor; J W Kirk W C Washburne, S O Starr, H C Bushnell, J T Clow, E Van Vrankin, councilmen; Lee W Clark, recorder; F Moorhead, treasurer; F Curtis, marshal.

## Funeral of Dr. H. A. Davis.

HARRISBURG, Nov. 3.—At the funeral of Dr H A Davis, which took place today in this city, there was displayed a keen sense of the high estimation in which this distinguished pioneer was held.

The M E church was filled to its utmost capacity by people from the town and adjacent country, who assembled to pay their last tribute of respect to an identity. The solemnity of the occasion was very marked. Every one present seemed to realize the great loss sustained in the demise of Dr. Davis. His mature judgment as to science, medicine, farm life and state and national subjects, secured him a place in the confidence and esteem of a very wide circle of friends.

His place in the community will probably long remain vacant, at least it will be hard to fill, and the prostrating grief of his loved ones can only be assuaged by the lapse of time.

## Cheap Excursion Rate.

The Southern Pacific railroad has agreed to make a very low rate to Oregon people who desire to witness the football game between the State University of California and the State University of Oregon at San Francisco November 18.

Round trip tickets, good for several days at San Francisco, will be sold for \$15. For further particulars see E. J. McCLANAHAN, Southern Pacific Railroad Overland Agent, or L. L. GOODRICH, manager University of Oregon Football Team.

## POULTRY SHOW

### The Willamette Valley Association Partial to Eugene.

Pleasant Hill, Nov. 6, 1899.  
The Willamette Poultry Association have decided to hold their next third annual poultry show in Eugene, Oregon, Dec 14, 15 and 16, 1899. The show opens at 7 o'clock a. m., Dec 14th, at which time all exhibits may be in the show room.

An entry fee of ten cents per bird will be charged. All birds are to be scored by a competent judge. Full particulars and entry blanks may be obtained by addressing H C WHEELER, Secretary W P Association, Pleasant Hill, Oregon.

## STATE TO FOSTER CHILDREN.

Wm. Freese and Wife Unable to Provide for Their Family.

Judge Potter today ordered that the four children of Mr and Mrs Wm Freese, of Cloverdale precinct, be committed to the custody of the Boys and Girls Aid Society of Oregon, and J M Williams will take them down. The children are Grace, aged 16, Angeline, aged 13, Olive, aged 10, and Warren, aged 8.

The complaint upon which the commitment was issued recites that Mr and Mrs Freese abused their parental authority, and that they are unable to provide the necessary fund and clothing for their offspring.

## NATIVE DAUGHTERS.

The Eugene Cabin Highly Praised By a Writer.

Portland Oregonian.  
From Eugene comes the news that a large application list is being received at each meeting of the Native Daughters, composed of some of the representative women of the town.

The finest hall in the city has been rented—the Dr Elks' hall, which is said to be the finest between Portland and San Francisco.

Among the members are many talented women, and Eugene being an educational town, this cabin is fortunate in having bright and cultured women, who are best on intellectual advancement. Therefore they look forward to an interesting and successful winter for Martha Mulligan cabin, No. 3.

## Notice.

Notice is hereby given that the Lane county board of equalization will meet on Monday, November 27, 1899, at the court house in Eugene, Oregon, for the purpose of equalizing the assessment rolls. All persons having grievances or other matters to bring before the board are notified to appear at the aforesaid time.

## Dated, Eugene, Oregon, Nov. 7, 1899.

D. P. BURTON, Assessor.

## He Fooled the Surgeons.

All doctors told Renick Hamilton, of West Jefferson, O, after suffering 18 months from renal fistula, he would die unless a costly operation was performed, but he cured himself with five boxes of Bucklen's Arnica Salve, the surest cure on earth, and the best sold in the world. 25 cents a box. Sold by Linn, druggist.

## EXPENSIVE TARDINESS.

Steamer Which Was to Have Entered Transport Service Arrived Too Late.

San Francisco, Nov. 6.—The Italian steamer "Dolny Vastok" has arrived from Honolulu in tow of the tug "Reliance," her machinery having broken down just outside the harbor. The steamer took a shipload of Japanese to Honolulu, and she was to proceed here with all dispatch to be chartered as a transport.

Her failure to arrive on time will probably cost her charter, the British steamer "Pintado" having been taken in her place.

ning in this line Small lots of ends very low

## HAMBERS

The State judge had certain rights that it claims will be competition and hold our word to hold rebellious natives in check.

(Cebu is a city of 35,000 inhabitants, situated on the island of the same name about 400 miles southeast of Manila.—ED GUARD.)

## SLEPPERY AGUINALDO.

WASHINGTON, Nov. 7.—General Wheaton's expedition failed to reach Llagayan gulf. It is feared that the failure of the expedition to make connections has allowed Aguinaldo to escape.

## TORPEDO BOAT TESTED.

NEW YORK, Nov. 7.—A test of the newly built torpedo boat Holland was made today. The Holland met board requirements.

## FOUR HELPLESS CHINA.

NEW YORK, Nov. 7.—A special to the New York World, from London says that an agreement or understanding exists between Japan, England and the United States for the partition of China.

NEW YORK, Nov. 7.—The British claim that the Boers lost heavily at Ladysmith during the past few days. They also claim to have taken two thousand prisoners.

## MINE EXPLODED.

LONDON, Nov. 7.—The Boers have exploded a dynamite magazine in the Premier mine.

## Notice.

Notice is hereby given that the Lane county board of equalization will meet on Monday, November 27, 1899, at the court house in Eugene, Oregon, for the purpose of equalizing the assessment rolls.
