

# CASTOR

The Kind You Have Always Bought in use for over 30 years, has been found to be the most reliable and best of all counterfeits, imitations and substitutions that trifle with the health of infants and children—Experience.

### What is CAS

Castoria is a substitute for Castor and Soothing Syrup. It is Harmless, contains neither Opium, Morphine or any other substance. Its age is its guarantee, and allays Feverishness. It cures Colic. It relieves Teething Troubles and Flatulency. It assimilates the Stomach and Bowels, giving health. The Children's Panacea—The Mother's Friend.

### GENUINE CASTOR

Be careful of the wrongful act. No quibble about liability, or attempt to evade the loss that had happened in his office through no fault of his, nor by lack of reasonable diligence or caution on his part.

### WILLAMETTE VALLEY WIND.

The meteorological observatory of the State Agricultural College has commenced the publication of a monthly summary of weather conditions. The record of wind movements is somewhat interesting, and would probably apply to other points in the Willamette valley. Eugene would likely show a slightly smaller per cent on account of sheltering hills on the south and south west. The October report is as follows:

#### WIND SUMMARY.

South.....	52 per cent
South-west.....	20 per cent
West.....	12 per cent
North.....	18 per cent
Total movement.....	8187 miles

### FIGHTING FOR GOLD.

Olive Schremer, the leading literary light of South Africa, and one of the brightest women of the present age, is pleading eloquently the cause of the brave little Transvaal republic. Following is one of her recent dispatches to the press: Cape Town, October 31.—This is no war between Dutch and English. Five years ago when the capitalists who were interested in making money out of Matabeleland found a paucity of gold in those countries, they perceived that they must obtain possession of the Transvaal Republic and its gold fields to make their speculations pay, and the Jameson raid was plotted and arranged. It failed, and its brave instruments were punished, but the men who planned it were shielded by that mantle of immense wealth which renders invisible the crime of the man who wears it and who was not touched. Then the plan was laid which works out today.

"We must have the Transvaal," wrote the Chartered Company officials, "or we cannot make Mashonaland pay."

To attain this end, for five years the press has been purchased, and a ceaseless stream of malignant lies has misled the people of the world with regard to the people and government of the republic. Our gallant English soldiers, and heroic farmers, lawyers and citizens of South Africa are drenching our soil with their blood that this end may be attained. Let the world watch.

### EX-GOVERNOR PENNOYER'S SWALLOW-TAIL.

Not long ago ex-Governor Pennoyer related to a reporter of the Telegram some of his reminiscences of early days in Portland, and in speaking of the changes therein particularly incident to himself said:

"Yes, sir, there have been big changes in Portland since I came here. At that time I owned the only swallow-tail coat in the town. I brought it from the East with me. The first Sunday I put on my swallow-tail and went to church. Everyone stared at me, but I returned their looks with interest. Had I been the wildest kind of savage and appeared before a select crowd in the effete East I would not have created more of a sensation. I was so dismayed at the excitement that I had stirred up that

## Look at the Facts.

Mrs. T. Dolan, of Madrid, Perkins Co., Neb., writes: "I was cured of painful periods by the use of Dr. Pierce's Favorite Prescription, and his Compound Extract of Smart-Weed. I think Dr. Pierce's medicines the best in the world."

Mrs. Carrie B. Donner, of Dayton, Green Co., Wis., writes: "I can highly recommend Dr. Pierce's Favorite Prescription—having taken it for nine months previous to confinement. I suffered scarcely any compared with what I had at other times."

"I suffered fifteen years with female weakness and nervousness," writes Mrs. Vincent Bohall, of Franklin, Johnson Co., Indiana. "One year ago I began taking your Favorite Prescription and 'Golden Medical Discovery.' I took six bottles of each and now I am well. I owe my life to Dr. Pierce."

I resolved never to wear the suit again. I never did. I gave that fine suit away to a farmer. It nearly broke my heart to hear later that he wore it while feeding the pigs and following the plow, but I could not risk another such experience as I had had in that church."

The administration can derive little consolation from the recent elections. Ohio, the home of the president, went Republican by a minority vote which lacks many thousands of reaching the majority line. The voters who supported the third ticket are a menace to McKinley presidential hopes next year. They are not for him, and must be counted in the opposing column. Kentucky which cast its electoral vote for McKinley, is claimed by both parties. Apart from those two states the election results have little significance.

The political enemies who are so ready to criticize Sheriff Withers lay special stress on the claim that the funds wrongfully appropriated by ex-Deputy Sheriff Day were county money. While this is technically true the only sufferer from the theft is Sheriff Withers. Considering this fact and the prompt manner in which Sheriff Withers meets the defalcation of his deputy, it would seem that even political enemies should exercise some charity for the man whose confidence was betrayed by one who did not lack the good opinion of our people, regardless of politics.

One million feet of Pacific Coast fir is being loaded on a sailing vessel at Vancouver, B C, for shipment to Cramp's Philadelphia shipyard for use in the building of United States revenue vessels and warships. The Douglas fir excels all other timber for ship building purposes.

The Baker City Democrat takes up considerable space, with big headlines to tell about wood thieves. Loading the wood with powder has failed to discourage the industry, although several stoves were reported wrecked. Wood in Baker sells at \$4.50 per cord.

Broad-Axe: The papers generally commend Sheriff Withers, for his promptness in meeting Day's defalcation. It is so rare nowadays for public officials to be honest that when one does his duty, as Mr Withers has done, everybody sounds his praise.

## Children

in school? Then you have often heard them complain of headache; have frequently noticed how they go about in a listless, indifferent way, haven't you?

### Scott's Emulsion

does grand things for such children. It brings a healthy color to their cheeks, strengthens their nerves, and gives them the vigor that belongs to youth. All delicate children should take it.

SCOTT & BOWNE, Chemists, New York.

### Coburg Items.

Nov. 4, 1899.

The first regular examination of the term occurred at the public school last week.

Frank Skinner is having some painting done on his new house on Main street.

Mr Hanson, of Bay City, Michigan, visited J C Goodale's the latter part of last week.

Mrs McLeod, having sold her interest in the Coburg hotel expects to leave to-morrow.

Mr and Mrs Goodale having gone out of town, their residence is closed for the present.

Postmaster Skinner reports a fine hunting trip, and counts three deer as his share of the spoils.

Wm Bogart, who has been scaling logs for the lumber company returned from up the river last week.

A sister of Miss Ella Philippi has come out from Iowa, hoping that a change of climate will benefit her health.

We have a new station agent at the Southern Pacific depot, a Mr Pearson, who has moved his family into the See property.

The school board has adopted a new set of rules and regulations for the public school, and will have a number of copies published so as to be able to place a copy in each family belonging to the district.

R L Cary, our former station agent, has obtained a short vacation and is spending it with his friends at Seilo. We do not know just where the railroad company will locate Mr Cary, but he is a most trustworthy employe and will make friends anywhere.

The S P Co. sent a gang of men to remove logs which had lodged against the piers of the railroad bridge across the McKenzie river, about two miles above Coburg, but on the loggers promising to remove them as soon as they could repair the boom, the railroad hands returned.

### CLOVERDALE LETTER.

The Freeze Children—T G Hendricks, H H Giffey and Others Went to School There.

Cloverdale, Nov 6, 1899.

Mr John Cruzon has purchased of Mr. T. G. Hyland 140 acres of land joining his farm.

Mr Scribner of Dexter has rented the Jim Sanford place and will move onto it in a few days.

Mr Wm Giffey has a crew of men employed in building an addition onto the rear of his house.

The Halloween party given at the home of Mr. W. P. Lawer was a grand success, and all report a very enjoyable time.

Mr Jim Sanford of Big Prairie was at Cloverdale Monday looking after the interests of his seven hundred acre farm.

Mr Albert Winzenreid has been hauling hay to Creswell which will be shipped to Cottage Grove and carried to the Bohemia mines.

Mr Robert Schmutz has several men employed in digging potatoes. He has near one thousand bushels dug and many more to dig.

Sheriff Withers passed through Cloverdale today on his way to Bear Creek where he goes to get the children of Mr Wm Freece. The Freeces have lived in this neighborhood for several years. They are very uncomfortable situated in an old hut on Bear Creek and their only means of support is begging as the father, and mother are unable to work on account of mental disability. The people of this neighborhood are very glad that the county has taken this matter in hand, and it is hoped that a comfortable home may be found for the children.

### Science is paying more attention to the mechanism of the human body than ever before. It has found that all achievement, success or failure, happiness or misery, is controlled by the body. The lesson is obvious. Improve the body. This can only be done through the stomach. If it is weak, it produces poisonous refuse, and debilitates every organ in the body. It may be made strong and kept strong by Hostetter's Stomach Bitters. This is a natural stomach remedy which acts quickly and gently. It will cleanse the system, wake up the liver, stimulate the kidneys and improve the general health. Ask your druggist for it, and see that a private revenue stamp covers the neck of the bottle.

### Lost in the Mountains.

The Lebanon Express says: "C W Matthews and W J Royce had a very unpleasant experience recently, being lost in the mountains two days and nights. They left here last Thursday morning and went to Wiley creek, above Sweet Home, intending to locate timber claims in that section. The next morning they left their team and started out to look up claims but after going some distance they got lost and wandered in the mountains until Sunday morning, when they came out at Holley. They were without food for 36 hours, at the end of which time they came across a potato patch and ate some raw "spuds." It was a rough experience for them, and they were enjoyed to get back to civilization. On reaching Holley, Mr Royce hired a horse and came home, while Mr Matthews went back after the team, arriving here about noon Monday."

Mr Royce is the leading spirit in the excelsior mill being erected in Eugene.

### "Want of Watchfulness Makes the Thief."

Many cases of poor health come from want of watchfulness. But if you keep your blood pure no thief can steal your health. The one effective, natural blood purifier is Hood's Sarsaparilla.

Disordered Blood—"My father has long been troubled with disordered blood and weak back. Hood's Sarsaparilla made him strong and healthy he works every day." A. S. Wykes, S. Easton, Pa.

Humor—"When I need a blood purifier I take Hood's Sarsaparilla. It cures my humor and is excellent as a nerve tonic." Josie Eaton, Stafford Springs, Ct.
