EUGENE

A Well Written Article by Geo. H. Himes.

TELLS OF PIONEER DAYS.

Hon. Geo. H. Himes, of Portland, secretary of the Oregon Historical Association, who recently visited Eugene as a delegate to the association of Congregational churches of Oregon, contributes to The Pacific, the coast organ of that church, the following very readable article about our city:

"The first man who built a house on the present site of the city of Eugene, was Eugene F. Skinner, who was a pioneer in Oregon in 1845, and his Christian name was given to the embryo city and his surname applied to the lofty butte lying immediately to the north. From the summit of Skinner's butte, an eminence 250 feet high, which is of easy access, and crowned with scattered oaks, one may get a landscape view of surpassing loveliness. Of all the points of interest in Oregon or Washington that the writer has seen in his forty-six years' residence in both states, no other surpasses this in breadth of vision and combination of all that goes to make charming scenery, save that of Council Crest, immediately west of Portland. Mr. Skinner and his wife were very hospitable, and in the early days welcomed to their humble cabin scores of people who have since become noteworthy in the annals of the state.

"Mr. Skinner's ancestors came from England to America more than two hundred years ago, and in the strain of blood is found some of the best of the middle classes of England. He died in 1864, beloved by all who knew him, leaving a considerable estate, a good deal of which in process of time has inured to the benefit of the town.

"It was well along in the fifties before Eugene was more than a mere hamlet, but in 1858 it was a candidate for the honor of being the state capital, and in that contest it occupied the second place in the suffrages of the people, Salem receiving the highest number of votes. It is 125 miles south of Portland by rail, and 140 by the river, which, with a little improvement, could be made navigable for the year around. It is within 25 miles of the head of the Willamette valley, and for that distance in all directions is surrounded by a fertile country, grain-wheat, oats, barley—grasses, hops and all kinds of fruits being the products. In this area, and a good deal that is tributary besides, it has no rival. This support has made it a city of about 4,000 population now. It is the seat of the University of Oregon, chartered by the state and located in 1872. Regular instruction of students began in 1876. Its management is entrusted to a board of regents, appointed for a term of twelve years, by the governor, and confirmed by the state senate. The endowment amounts to about \$150,000; \$100,000 from the sale of lands granted by the state for university purposes, and \$50,000 by Henry Villard. In addition an appropriation is made biennially by the state legislature. The campus lies southeast of the center of Eugene, and contains 27 acres. The faculty numbers twenty-one, besides the librarian and matron. There were 163 students present in 1898-99 in all departments.

Eugene is well supplied with churches, there being in addition to our own, the Christian, Methodist, Presbyterian, Baptist, Cumberland Presbyterian, United Brethren and Episcopal, as the principal ones. Of these, perhaps the Christian church is the strongest—probably the strongest in the state. That denomination maintains a divinity school here, and it now has twenty-two students. From the foregoing it may be seen that the moral influences of the place are reasonably well cared for.

Oregon Pioneers Attention.

The members of Martha Mulligan Cabin, No. 3 Native Daughters of Oregon, desiring to obtain the names of pioneers living in Eugene, who came to Oregon prior to or during the year 1856, request that such pioneers place their names in the box left at the postoffice for that purpose on or before Tuesday November 21st.

Daily Guard, Nov 14

MARRIAGE LICENSE.—County Clerk Lee today issued a marriage license to George W. Skeels and Miss Georgia Rogers. Also to James E. Embree and Miss Daisy Lewis, and to Charles Frisbee and Miss Eliza J. Maxwell.

The republican national committee will meet Dec. next at Washington, D. C., to call the national convention and name date and city for holding the same. Applicants: Kansas City, Chicago, St. Louis, San Francisco, Cleveland, Minneapolis, Denver, Milwaukee and Buffalo.

SUNDAY SCHOOL WORK.

Proceedings of First District Convention of Lane County.

Junction City Times, Nov. 11.

The First District Sunday School convention, met at Riverview school house, three miles southeast of Junction City, on November 8 and 9. District President O. Bennet, presiding. More than eighty delegates were present. The opening address by J. B. Schaefer, of Junction City, and the response by Mrs. David Hill, of Franklin Sunday school, were both worthy of special mention and full of beautiful thoughts, cordiality and genuine words of welcome, which made everybody feel at home and perfectly free to take part in the exercises of the convention.

The remarks of the president showing the Sunday school work, not only in our district and county, but in the state and all over the world, was quite interesting and gratifying to the convention. It showed a great interest and a wonderful increase in numbers all over the world.

Mrs. Clara J. Bond, president of Lane County Sunday School Association, was present and conducted the children's exercises to the enjoyment of all.

The convention was a success and very interesting from start to finish. The next convention will be held at Lancaster some time in May next.

GOLCONDA MINING COMPANY.

Another Bohemia Organization Getting Ready for Business.

The Golconda Mining Company, of Bohemia, is the latest incorporation from that progressive camp, the articles stipulating the usual purposes of such an organization. L. F. Wooley, C. A. Wooley, C. W. Wallace, J. C. L. Wooley, J. W. Gowdy, J. B. Wooley and Mrs. Minnie Peeler are named as incorporators. The company has a capital stock of \$15,000, 300,000 shares at a par value of 5 cents each. Situated one half mile east of the Noonday mill the company has a group of claims, The Bell, Manila, Leland, Cumberland, Merrimac and others.

CITY COUNCIL.

Arc Lights Contracted for at \$9 Each for Ten Years.

City council met in regular session Monday evening, November 13. Present—Mayor Harris and Councilmen Osburn, Abrams, Luckey, White and Haines.

Minutes of October 9 and 21 read and approved.

Finance committee reported favorably on a number of bills and they were ordered approved.

STOWELL DAMAGE CASE.

Councilman Abrams, from the judiciary committee, on the compromise offered by Mrs N J Stowell, asked an expression of opinion of the councilmen. Personally he was willing to accept the offer. After some discussion, the offer to compromise on payment of \$50 was accepted, and a warrant was ordered drawn for the amount, on motion of Councilman Haines.

OTHER MATTERS.

Daily Guard, Nov 14

City council met in regular session Monday evening, November 13. Present—Mayor Harris and Councilmen Osburn, Abrams, Luckey, White and Haines.

Minutes of October 9 and 21 read and approved.

Finance committee reported favorably on a number of bills and they were ordered approved.

STOWELL DAMAGE CASE.

Councilman Abrams, from the judiciary committee, on the compromise offered by Mrs N J Stowell, asked an expression of opinion of the councilmen. Personally he was willing to accept the offer. After some discussion, the offer to compromise on payment of \$50 was accepted, and a warrant was ordered drawn for the amount, on motion of Councilman Haines.

ELECTRIC LIGHTS.

Councilman Abrams, from the judiciary committee, presented a proposition from the Eugene Electric Light Co, to furnish 2000 candle power arc lights, each light per month, for 3 years.....\$11 5 years.....10 10 years.....9

After some discussion, Councilman White, moved to defer action to next meeting; lost—

Councilman Abrams moved to accept the offer for 10 years. Contract carried and city attorney directed to draw up contract.

[The contract under which lights are now furnished expired October 12, 1899, and was originally made for three years, at \$9 per month. The total amount to be paid under the new contract for ten years is \$26,880.]

SUMMARY OF COMMUNICATION.

The Electric Light Co filed a communication stating that on account of prices advancing, that they were compelled to charge more for arc lights than formerly. The prices here advance as follows:

COPPER WIRE.

In 1896 it was 11 cents per pound.
In 1897 it was 15 cents per pound.
In 1899 it is 23 cents per pound.

CARBONS.

In 1896 and '7 was \$6 25 per 1000.
In July, 1899, \$11.50 per 1000.
In November, 1899, \$13 per 1000.

WOOD.

From 25 to 50 cents per cord dearer and will probably never be less.

They also say: We are assured by our correspondents that the price of copper wire and carbons will not decline before 1902 owing to the fact that a syndicate controls the entire output of all the principal copper mines and the fine carbon factories for four years from January 1, 1899.

Incandescent lamps will be continued at present terms.

The lights in Fireman's Hall is presented to the fireman for their use. They have never cost the city anything.

STREET COMMISSIONERS' REPORT.

Councilman Luckey, from the street committee, read monthly report of work performed; ordered filed. The report shows that 25,224 feet of new lumber was used during the month for street crossings, repairs, curbing and drain boxes.

MARSHAL'S REPORT.

Monthly report of marshal read and ordered filed. It shows the following number of arrests and character of offenses:

Trespassing.....	20
Beating.....	7
Drunk and disorderly.....	6
Bicycle-riding.....	2
Larceny.....	1
Vagrant.....	1

Total arrests..... 38
Locked up for safe keeping..... 63

Total number handle by police..... 101
No of stock in pound..... 4

PEITITIONS, ETC.

Petition of H. J. Gasman and ten other property holders for sidewalk on north side of Eleventh street from Charleston to west end of Eleventh street; read and referred to street committee.

Petition of Mrs. M. A. Hunsaker and others, for a crossing at alley on Olive street between Eighth and Ninth streets, read and referred to the street committee.

A communication was read from Chief Engineer Griffin recommending that Rescue Hose Company be allowed to use the running hose cart in place of the one now used by them. Read and referred to the committee on fire

and water with power to act.

A communication from Bert Whipple was read asking \$100 compensation for breaking his arm by falling through a sidewalk on Seventh street, between High and Pearl streets, Oct. 19, 1899. Read and indefinitely postponed.

BICYCLE ORDINANCE.

Ordinance amending Sec. 1 of Ordinance 305, read three times, and under suspension of rule, passed. This is an amendment to the bicycle ordinance. Those voting yea were: Abrams, White, Luckey and Osburn; nay, Haines.

MISCELLANEOUS.

A number of bills were read and referred.

On motion of Councilman Osburn, the city attorney was directed to proceed to collect street assessments on roadway on Eighth street.

Councilman Osburn, on charges by board of Fire Delegates against the Hook and Ladder Co., moved to indefinitely postpone the further consideration of the matter.

Adjourned.

TO CALIFORNIA.

Daily Guard Nov 14

The U. of O. football team leave on the 2:14 overland tomorrow afternoon for Berkeley, California, and Saturday will play the University of California team, said to be the best aggregation of pigskin kickers on the coast. They will arrive at their destination Thursday night, practice in the Berkeley field Friday, play ball Saturday, see San Francisco Sunday, play at Ashland Tuesday and arrive home Wednesday morning, the trip occupying one week.

The team will be accompanied by Coach Simpson, Manager Goodrich, Assistant Manager McArthur and Professor Lachman.

During the week the team is practicing faithfully and will go to the Bay city in the best of condition. While the U. of O. does not have as many men to choose from as the U. of C., yet it is safe to say the California boys will realize that the Webfoot boys can play ball, and if the opportunity offers will score against them.

Herman McIntire is suing the city of Binghamton, N. Y., for damages. Some time ago, under city authority, the number 13 was tacked on the door of his residence. Since then, on January 13 his wife died, and on May 13 his house burned down. He is sure that the unlucky number which the city tacked on his door has hoodooed him. Players of America will take warning.

CORRECT.—Albany Democrat: "At Portland the Multnomahs defeated the U. of O. on a muddy field 5 to 0. The game showed the Eugene men to be the equals to the Portland men. On Eugene field the U. of O. would win."

John C. Leasure, well known in Eugene, has moved to Baker City from Portland and formed a law partnership with Chas. F. Hyde and Wm. O'Donnell.

STRUCK A REEF.

Cruiser Charleston Wrecked Off North Luzon.

ALL ON BOARD SAVED.

MANILA, Nov 14, 12:30 p. m.—The United States cruiser Charleston, which has been patrolling the northern coast of Luzon, was wrecked on a reef off the northwest coast Tuesday, November 7.

All on board were saved.

MANILA, Nov 14, 1:25 p. m.—The United States cruiser Charleston ran aground near Vigan, on a hidden reef, with 35 fathoms of water on both sides. She worked her machinery for two days and nights in trying to get afloat, but a typhoon arising, the crew was compelled to take to the boats and seek refuge on a small island five miles away. The natives are friendly.

Lieutenant McDonald and a number of sailors put off in a small boat and reached the Callao, which brought them to Manila.

The gunboat Helena has been dispatched to bring away the crew.

Lieutenant McDonald describes the Charleston, when he last saw her, as hard and fast aground, with her bottom badly stove, and well out of water.

(The cruiser Charleston, which was built in San Francisco in 1888, had a displacement of 3700 tons, was 312 feet seven inches in length, 46 feet two inches in beam, and 21 feet eight inches in draught. She was of steel, having two propellers, one funnel and two masts with military tops. She had the following armament: Two eight-inch guns, six six-inch guns, four six-pounders, two three-pounders, six one-pounders, two machine guns, and one light gun, with four torpedo tubes. She had a complement of 306 men.)

LIAMONUS DISCOVERED IN WISCONSIN.

The report that diamonds have been found in Wisconsin will draw thousands to that state. How madly we rush after riches, and how little we treasure the only true wealth—Health. All of the diamonds and money in the world cannot bring happiness without health. Because of its mad rush for wealth, America has become a nation of dyspeptics. No other people abuses its stomachs as we do, and therefore no nation is so subject to nervousness, insomnia, indigestion, biliousness and torpid liver. Hostetter's Stomach Bitters has restored more weak stomachs to health than can be counted. Its results have been phenomenal. To avoid imitations, be sure that a private revenue stamp covers the neck of the bottle.

Notice.

Notice is hereby given that the Lane county board of equalization will meet on Monday, November 27, 1899, at the court house in Eugene, Oregon, for the purpose of equalizing the assessment rolls. All persons having grievances or other matters to bring before the board are notified to appear at the aforesaid time.

Dated, Eugene, Oregon, Nov. 7, 1899.
D. P. BURTON, Assessor.
