GARRETT A. HOBART.

The Vice-President Passed Away This Morning.

BIOGRAPHICAL SKETCH.

Special to the Guard. PATERSON, N. J., Nov. 21.—Garret A. Hobart, vice-president of the United States, died this morning at his home in this city. The funeral will be held Saturday.

[Mr. Hobart was born in Long Branch, N. J., 55 years ago, and is therefore one year younger than Mr. McKinley. He is a graduate of Rutgers college, and studied law in the town of Paterson. For 30 years—that is, since he was 22 years old—he practiced law as a member of the Paterson bar. He rendered his state much service in both branches of the legislature, and had been at different times speaker of the house and president of the state senate.

MEMBERSHIP GROWING.

Increase in Number of Native Sons of Oregon.

Eighteen cabins of Native Sons of Oregon, with a membership of 1300, and six cabins of Native Daughters, with a membership of 400, have been instituted within the past year, and the orders are constantly growing.

At Albany, Saturday evening, President Blumauer was enthusiastically received by the members of the Delazon Smith's cabin, No. 9. Addresses were made by Cyrus Walker, the oldest Native Son of Oregon, and by Secretary L. M. Curl.

To Republican Clubs.

The following call has been issued to the republican clubs of Oregon:

In pursuance to the provisions of the constitution of the Republican League of Oregon, there will be held the regular biennial meeting on the first Tuesday of February next, and a certain amount of preparatory work must be done by each club in order to entitle it to be represented at the meeting.

Your attention is invited to Article 10 of the constitution, which is an amendment thereto adopted February 1, 1898, and provides that no club shall be entitled to representation unless it has been organized at least four months prior to the meeting, and shall have filed a list of its members with the league secretary at least thirty days prior thereto.

The importance of the double campaign next year, one in the spring and one in the fall, renders it especially desirable that every genuine republican club in the state be put into condition to participate in the league meeting, and thus enter with enthusiasm into the work of the campaign.

CLAUDE GATCH, Secretary.

FROM ALPHA.—Florence West: "While hunting cattle last week Messrs. McVey and Foster met some road viewers from Five Rivers, looking out a road by which residents from that country could get to Eugene by a nearer route. There has been a road for a number of years and although only two and one half miles apart did not know anything of each other. The viewers report that an easy grade can be had which would give us a good road to the beach in about 20 miles."

BOOM TURNED OVER.—For some unaccountable reason the boom in the McKenzie river belonging to the Booth Kelly Lumber Co, and in use to drive the Woodcock & Forest large run of logs into the Coburg sawmill race, Sunday night turned completely over. Some five or six men were on the boom with lanterns when the boom acted so queerly, and they were given a good drenching, besides a scare that they will remember for many a day. A rumor came to Eugene that 500 logs passed under the boom, but Attorney Woodcock informs us that no logs, excepting four or five, got away. The boom was again placed in condition yesterday. About one-third of the late drive is now in the Coburg millpond.

Eight cents a pound was offered for a lot of hops here Tuesday, and refused.
