

The business department of the WEEKLY GUARD is caused considerable trouble by correspondents addressing the proprietors personally. Address all letters referring to the news or per or business connected there with to THE GUARD, Eugene, Oregon.

CAPE NOME COUNTRY

Barren, Cold, and Devoid of Timber— Whence Comes the Gold?

Portland Mines and Minerals.

Let no man go to Cape Nome thinking it a holiday excursion. True there are no Chilcats pass to climb, and in summer no ice and snow to encounter. But the best of the weather, except for a few exceptional days in July and August is trying in the extreme. It rains, blows and storms almost continuously. The sun shines only at intervals while the north wind has "let go" to give the south wind a chance or vice versa, and neither is very long "getting hold" again. There are but four or five months in the year during which any work can be done. The days are long with 18 to 24 hours of daylight and a man can work as many hours as he can stand up to it. The country is a barren waste so far as vegetable life is concerned. A species of moss grows on the tundra or level places into which the foot sinks from an inch or two to a foot or eighteen inches according to the amount of moisture present. A kind of grass grows on the lower slopes of the mountains and above that all is desolation. No trees grow in that latitude, of even the most stunted character—nothing that would suffice to build a fire. All fuel has to be carried there save such as has drifted in from warmer latitudes from the sea. The supply of this, though sufficient for last summer, will be totally exhausted by the return of spring. Whoever goes there next summer should be as sure to carry a supply of fuel as of food.

ANCIENT RIVER CHANNELS.

When does this vast supply of gold? What is its source? Von Humboldt declared long before there had been an actual discovery of gold in the northern fields that the source of the gold on this continent would yet be found in Alaska. Discoveries are certainly approaching an unknown source of supply. As the farther north they lead the greater the quantity of it found. All up and down the Pacific (golden) Coast, wherever placers have been found, there have been uncovered the bed and channels of ancient rivers running from north to south with well worn water marks on bed rock and salient points, showing that water flowed for ages from north to south in these channels. In places they have been broken; sections of them buried deep under vast mountains of rock. In other places lifted high upon their tops and shoulders.

BAKER COUNTY DEPOSITS.

Running across the central part of the country in the Baker county mining district is one of these ancient channels lifted to an average elevation of 5,000 feet above the sea. It is 300 to 400 feet wide and can be as plainly traced now in some of its course as it could have been while the ancient river flowed in its bed. The great expense of getting water to it has prevented its being washed, though its richness has been known since the days of '49 to '55. The rich placers along the modern streams which drain these modern mountains most certainly had their origin in this ancient channel, and the gold has been brought down from places where these streams have broken it. The higher up these streams toward this course the coarser the gold, and the larger nuggets have been found. Probably more than fifty millions of dollars worth of gold has been found and carried away from this single territory in the last forty years. A million dollars or more continues to be mined and carried away now every year, and single solid pieces of gold have been found there that were worth \$5,000 to \$10,000 each and more.

THE COURTHOUSE AND POLITICAL MEETINGS.

The motion made by Hon S B Eakin at the meeting of the McKinley Club last night regarding

It's Worse For a Woman

To suffer with skin disease that it is for a man, for a smooth skin and a clear complexion are essential elements of female beauty. When the taint of scrofula is in the blood it will be sure to show itself soon or late. Often its manifestations are as repulsive as they are painful. Many people have been cured of scrofula in its most malignant forms by the use of Dr. Pierce's Golden Medical Discovery. This remedy is remarkable for its power to purify the blood. It absolutely eliminates the corrupting elements. It makes the blood clean and rich. It increases the action of the blood-making glands, and so increases the quantity of pure blood supplied to the body.

"I will forever thank you for advising me to take Dr. Pierce's Golden Medical Discovery," writes Mrs. Jas. Murphy, of Florida, Poochonia Co. Iowa. "It has cured me of chronic scrofula of twelve years' standing. I had doctored for the trouble until I was completely discouraged. I also had chronic diarrhea for twelve years. I am in good health now—better than I ever was in my life, owing to Dr. Pierce's Golden Medical Discovery. I took several bottles of the 'Discovery' before I stopped."

Dr. Pierce's Common Sense Medical Adviser, a work for every woman, is sent free, on receipt of 21 one-cent stamps (to pay cost of mailing only), for paper edition. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

the use of the courthouse for political meetings will meet with the approval of reasonable men. There is not another available room in town that is suitable for public meetings of any size. Besides political meetings fully represent the people of the county whose money built the structure. The county has a janitor who can see that the room is decently used by such gatherings.

Mr Eakin's motion, which we heartily commend, is as follows: "It is the sentiment of the members of this meeting that the courthouse be used for all political meetings."

BYNUM REWARDED.

Wm D Bynum, former Democratic congressman from Indiana, supported the McKinley Palmer and Buckner side show in 1896, and now gets his reward by being appointed to a lucrative office in the New York custom house. No one would blame President McKinley for taking care of his own if he did it in a straightforward manner. But the Bynum appointment provokes Democratic ire as it is one of a commission of three which the law provides shall be divided politically. Bynum is not recognized as a Democrat, and the so-called National Democratic ticket which he supported in opposition to Bryan received only 133,424 votes in the entire United States, and not a single electoral vote. President McKinley has done himself no credit by using such a subterfuge in making an important appointment. The president should hold himself above pothouse political methods.

Bolds on the Chest

When your cold has settled down deep in your chest, cough syrups will not relieve you. The system must be given strength and force to throw off the disease.

Scott's Emulsion does just this. It enables you to conquer the inflammation. The lungs soon heal, and all danger is passed. Do not let the disease become chronic because of neglect.

Sell, and dispense all druggists. Price 50¢ a bottle. Solely in New York.

Farm for Sale.

I will sell my fine farm of 200 acres nearly all in cultivation, for \$5000, lying about 25 miles north of Coburg, a village on the Oregonian branch of the S. P. R. R., on the installment plan. \$1000 down and the rest in annual payments. Apply to F. W. Osburn, Eugene Loan & Savings Bank, for further particulars.

J. E. HOLT, San Jose, Calif.

PLAYED OUT.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidence of impure blood. No matter how it became so, it must be purified in order to obtain good health. Akker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons, or any other blood diseases. It is certainly a wonderful remedy and we sell every bottle on a positive guarantee. For sale by W L DeLano.

SHERIFF'S SALE.

Notice is hereby given that by virtue of a warrant issued out of the County Court for the County of Lane, State of Oregon, to me directed, November 15th, 1899, commanding me to levy on the goods and chattels of the delinquent tax payers named on the delinquent tax roll for the said County, for the year of 1898, and if to be found, then upon the real property, as set forth and described in the said delinquent tax roll, or so much thereof as shall satisfy the amount of taxes charged therein, together with the costs and expenses, I have duly levied, being unable to find any goods or chattels belonging to the respective delinquents, heretofore named, upon the following pieces or parcels of land as set forth in said delinquent tax roll, lying and being in said Lane County, State of Oregon, described and assessed as follows:

Victims to stomach, liver and kidney troubles as well as women, and all feel the result in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, of Idaho, Ind. He says: "Electric Bitters are just the thing for a man who has all this run down, and don't care to give up new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Linn's Drug Store. Every bottle guaranteed.

Dyspepsia can be cured by Ackert's Dyspepsia Tablets. One tablet will give immediate relief. In boxes at 25 cts. For sale by DeLano.

It takes but a minute to tickle in the throat and cough by the use of the Cough Cure. This remedy cures all forms of throat troubles. Harmless and pleasant. It prevents constipation. Specific for Grippe and the Vincent & Co., Corner Drug
