

Eugene City Guard

SAURDAY..... MARCH 31

Do not forget that before you cast a vote at the coming state and presidential elections your name must be on the register. The time is now on to have your name put there. If not registered before May 15 you cannot vote. You can register before any notary public or justice of the peace free of cost, or at the courthouse in the county clerk's office. Do not neglect to register.

A PRESIDENT'S DILEMMA.

We have about seventy thousand troops in the Philippines. They have been there a year or more, and reports of sickness or debility show that they should be taken from the unhealthy tropical climate and replaced by fresh men.

The British have learned by experience that they cannot keep white troops in the tropics with safety for any prolonged period even when not engaged in active campaigning. If so kept the efficiency of the troops rapidly deteriorates. And so, to keep up the efficiency of their troops, they have provided an elaborate system of reliefs so that no troops shall be called upon for continuous and prolonged service in the tropics. To this end they have established a permanent transport service ever engaged in transferring troops from northern to tropical parts of the empire, and vice versa.

But where are the troops that can be sent out to relieve those now there? There are none. If the Philippine army is to be relieved a new army must be raised, congress will have to authorize an increase in our army, and the president call for more troops. And such a course would react unfavorably upon our colonial policy, hurt the chances of our president in this year's campaign. Therefore are these reports from the Philippines of ominous portent to the president. For if these reports be well founded, if he tells the country the truth, if he urges congress to authorize the raising of a new army to relieve that in the Philippines, and calls for more troops, he must cause men to turn from the policy he pursues, and from him. And if he fails to do this, keeps back the truth, fails to relieve the army now in the Philippines, the lives that may be sacrificed in the Philippines because of such failure, lives that might be saved if relief were sent, the old army replaced by a new, must be charged to his hands, his sacrifice of duty upon the altar of expediency.

THE PRESIDENT'S PERSONAL HABITS.

It will no doubt surprise people that no less a body than a Methodist Episcopal church conference considered resolutions censuring President McKinley for public and private indulgence in intoxicating liquors, the resolutions being defeated by less than a two-thirds vote. The news comes in a Wilmington, Delaware, dispatch of March 27:

The Wilmington Methodist Episcopal conference, which represents Delaware and a portion of Maryland, today adopted a resolution condemning the army canteen and the use and sale of liquors in our new possessions. The temperance committee also presented another resolution, which condemned President McKinley, as a member of the Methodist Episcopal church, for public and private tipping. It precipitated a hot discussion, and was finally defeated by a vote of 67 to 43. The resolution requesting the general conference to censure President McKinley for setting aside the anti-canteen law, and to censure him for drinking liquor, was adopted after the personal reference to the president's drinking had been stricken out.

INDIAN DEVILTRY.

The editor of the Skagway, Alaska, Budget does not believe in "good Indians" except after careful interment. The issue from which the account of the brutal murder of Bert Horton and wife, published on another page, is taken said editorially:

Indians place a very small value on human life, possibly in many cases less than on the life of a good animal. So long as this estimate is applied to themselves, no one

DON'T FORGET

Don't forget to use Dr. Pierce's Favorite Prescription. Don't forget that over half a million women have been cured of women's ailments by the use of Dr. Pierce's Favorite Prescription. Don't forget that "Favorite Prescription" cures diseases of women in their advanced and chronic forms; cures often when all else has failed. Don't forget that you can consult Dr. Pierce, by letter, free. Tell your story frankly. All correspondence is private. Address Dr. R. V. Pierce, Buffalo, N. Y.

will enter a protest; but when worthless fish-stinking Siwash takes it into their heads to ruthlessly murder whites, it is time to hand the tribe their just deserts. Years of missionary work at the Mission has done but little for the Siwash except to sharpen his wits for civilized devilry. The Alaska Indian will follow a drum around all night and praise the Lord one minute, confess to cutting a throat the next, and be ready to fly to glory to the sound of hallelujah with his soul saved, but turn your back on him and he is the same "Injun" yet. If the old ones could all be sent to glory in a bunch, and the young ones brought up by themselves, the race might be improved.

MCKINLEY IN A NEW ROLE.

Secretary of State Hay has submitted to congress the letters addressed to Great Britain, France, Germany, Russia, Italy and Japan regarding the rights of the United States to an "open door" in Chinese treaty ports. It must be humiliating for an administration that seeks to exclude the trade of the world from our shores, else taxes it with a tariff that in many instances means exclusion, to be compelled to go abroad and assert our claims to fair free trade with another country. McKinley, apostle of high protection, says "you SHALL NOT trade with us, but we WILL trade with you." But decrepit China is about the only country that can thus be taken by the throat and compelled to accede to foreign demands regarding the administration of her domestic affairs.

UNION AND REPUBLICAN.

The Albany Democrat makes this comparison of Union and Republican county administrations: It costs \$79,000 a year to run Marion county, and \$35,000 to run Linn county. Under the present economical administration the affairs of the county have been kept in splendid condition, the roads and bridges being kept up and general improvements having been made with a special effort in progress for giving the county the best roads in the state. Linn county has a Union party administration. Marion county is solidly Republican.

Pneumonia

always leaves the lungs weak. Weak lungs are breeding grounds for the germs that cause consumption. Chronic bronchitis also often follows pneumonia. If you have had pneumonia, the germs of consumption are at work. Don't let them get a foothold. Begin at once and take SCOTT'S EMULSION; it will drive out the germs by making the lungs stronger than they are.

BRYAN TODAY.

He Spoke at Pendleton and Walla Walla.

Special to the GUARD. PENDLETON, Or., March 29.—Wm. J. Bryan addressed a very large audience here this afternoon at Walla Walla, Wash.

Goshen Items.

March 27. Are you going to hear Bryan speak? is the question of the day. B F Keeney returned from Creswell Sunday, accompanied by his children, Hugh and Hobart. Miss Ollie Tilton returns to her home at Dexter the last of this month. Mrs Horace Hampton is confined to her room with inflammatory rheumatism.

Miss Rena Condon, of Cottage Grove, is staying with her sister, Mrs J M Berkshire, and attending school at this place.

Mrs W R Dillard is the recipient of a brand new Buckeye bantam incubator, the first of that kind in this neighborhood.

The attendance of Miss Millican's school continues to increase, there now being near 30 scholars enrolled.

Mrs Geo M Dillard and daughter, Miss Daisy, of Eugene, visited friends and relatives at this place the first of the week.

Quite an interest was manifested by the republicans here last Monday afternoon at their primary. W B Emmons, A L Boney, B F Keeney and Walter B Dillard were elected delegates to the county convention. W L Wheeler was nominated for justice of the peace, P Berkshire for constable and W B Emmons for road supervisor.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated of him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Linn's drug store.

Pasture for Rent.

I have good spring and summer pasture for stock. Inquires or address, J. T. RICHARDSON, Lewiston.

BRYAN IN SALEM.—Balem Statesman, rep: "Col. William Jennings Bryan, the distinguished democratic leader, was tendered a grand reception in Oregon's Capital City yesterday. Estimates regarding the crowd vary, but 7500 is considered a reasonable estimate of visitors from outside points. N. J. Judah, chairman of the general committee, estimated the crowd at 8500, while John Payne, another member of the same committee, placed the number at 10,000. Major D. C. Sherman, member of the reception committee, thinks there were 14,000 visitors in the city. The crowd began to assemble early in the forenoon and by noon the streets were thronged. People came from all sections of Polk and Marion counties, and the attendance would have been larger but for the threatening weather." 10,000 people heard his address.

MONEY ORDERS.—The postoffice department has made some very sensible changes in its mode of paying money orders. Postmaster McCormack has received instructions to cash all money orders irrespective of place of payment named in order, the only restriction being that he must be satisfied as to the identity of the payee. Another very sensible change is to authorize payment of orders on his own office, even though no letter of advice has been received.
