Passing of Yellowstone Park.

It is stated upon good authority that the geysers which have made Yellowstone Park famous are gradually declining. Spots one the scene of extraordinary phenomena are now covered by buildings, showing that Nature's work has become exhausted. Tourists who have never visited the park are advised to do so soon, before they have passed forever. This information brings to mind, rather pointedly, the fact that decline in the law of the world, both geographical and physical. Health is the most precious possession in the world and too great care cannot be given to it. In the spring you should renew your strength and revitalize your blood and nerves with the best of all medicines—Hostetter's Stomach Bitters. It also cures stomach disorders. Try it.

Cannot Mine in Siberia.

Some time ago the Chamber of Commerce, of Skagway, endeavored to get some information in regard to privileges believed to have been extended by the Czar to Americans desiring to mine in Siberia, but no definite information seemed obtainable. The Juneau Truth has a letter from the United States Consulate, St Petersberg, dated February 13, which states:

The order prohibiting foreigners to mine on the east coast of Siberia is still in force, and a special permit can only be had by some one with a strong personal influence with the Emperor, on whose special order they are issued.

Prevented a Tragedy.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and $1 00. Every bottle guaranteed. Trial bottles at Linn's Drug Store.

SUGAR BEET FACTORY

Eugene Should and Must Secure It.

AN ENTERPRISE OF MAGNITUDE.

"A beet sugar factory would be the largest developing factor for Lane county that could be secured," said a prominent merchant to a GUARD reporter this morning. "It will bring in larger and better returns than anything else which could be secured. The proposed plant will require an expenditure of $700,000 to start in with, and fully $500,000 of this amount would be spent in this immediate vicinity for material and labor."

The matter is colossal in its importance commercially to Lane county. Think of an industry which will spend $700,000 on a plant and $300,000 on operating expenses before they receive any income; think of 5,000 acres of land in this immediate vicinity devoted to the raising of sugar beets, for which a larger return is assured than can be had on wheat; think of the added trade to Eugene merchants as a result of this factory; think of the large number of people to come to this country as a result of the enterprise; think of an augmented producing class which is the foundation of community prosperity, the "tin bucket brigade."

To secure this factory will require earnest and active effort, but this can only be secured by organization. That the company means business, goes with out question, when it is stated that not one cent of the $100,000 subsidy will be asked for until the company has spent many times that amount in erecting the factory. This is an evidence of good faith. The farmers should unite in the matter, assist in the subsidy and guarantee to plant the beets, thus making it possible to act on the matter intelligently.

Let the old Board of Trade revive, or a new one arise phoenix-like, from its ashes, and push this matter in a business-like way. This is the greatest opportunity Eugene has ever had to secure what it has always talked about—an industry on a stupendous scale, which will give the city and county rapid and substantial growth.

This company announces that it fully intends to erect a factory in the Willamette valley, and Eugene's failure to accept this offer will not deter it from making the proposal to some other city. But Eugene cannot afford to let it go by. Too much is at stake. It would be business suicide to refuse to take up the proposition, and allow it to go to Salem, Albany, Corvallis or some other point which would thus secure what we need and must have if we expand within the limit of our possibilities.

CHIEF EXECUTIVE

President McKinley Acknowledges Eugene Appreciation.

CALL FOR RED CROSS AID.

The following correspondence between the Lane County Emergency Corps and Red Cross society and the executive office of the United States is of interest:

EUGENE, Or., March 1, 1900.

MR. WILLIAM MCKINLEY,
President of the United States,

Most Honored Sir: In justice to the power governing, and in behalf of the sorrowing ones in our midst, we, as a society assembled, desire to express our heartfelt gratitude for the blessed privilege of receiving our soldier dead and see them laid to rest in the home soil.

An act, the counterpart of which is unchronicled in the annals of history, one, most worthy our humane and beneficient government, and most comforting to the sorrowing relatives bereft of the pride of their homes and made desolate by their loss.

Yours sincerely in the spirit of humanity.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by G. D. Linn, Druggist

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadelphia, was the subject, is narrated of him as follows: 'I was in a most dreadful condition My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50c, guaranteed, at Linn's drug store.

PLAYED OUT.

Dull headache, pains in various parts of the body, sinking fat the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidence of impure blood. No matter how it became so, it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons, or any other blood diseases. It is certainly a wonderful remedy and we sell every bottle on positives guarantee. For sale by W L DeLano.

THE HORTON MURDERS.

Two More Indians Held for Complicity in the Affair.

SKAGWAY, April 5.—Two more Indians were put behind the bars in Skagway yesterday for being implicated in the recent murder of Mr and Mrs Bert Horton, of Eugene, Oregon. One Indian was arrested at Sitka and one at Haines.

The Indian chief at Kluckwan has made all the men of his tribe whom the authorities want in this case come out and give themselves up. They have responded, and even made part of the trip to jail alone. Twelve Indians are in jail here in connection with the Horton case. They comprise the entire number present at the murder. The trial may be held here this month.

Remarkable Cure of Rheumatism.

KENNA, Jackson Co., W. Va,

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. PARSONS. For sale by W. L. DeLano.

Some women are not contented on being the "better half," they want to be the whole thing.
